PROSECUTIVE SUMMARY:

I. NARRATIVE OF OFFENSE

At about 6:00 p.m. on April 4, 1968, while standing on the second floor balcony outside Room 306 of the Lorraine Motel, 406 Mulberry Street, Memphis, Tennessee, Dr. MARTIN LUTHER KING, JR., was struck in the right side of the face by a single bullet believed to have been fired from a 30-06 rifle. While no witnesses actually observed the killer fire the shot that killed Dr. KING, it is believed that this shot came from the bathroom window of a rooming house located at 422½ South Main Street, Memphis, Tennessee. (See Crime Scene Sketch, page 4.) It is a distance of 207 feet from the bathroom to the spot where Dr. KING fell. Persons inside the rooming house report hearing a shot, and one of the rooming house tenants feels certain this shot was fired from the bathroom of the rooming house. Persons in the rooming house then report seeing a white male run down the hall of the rooming house in the direction of the South Main Street entrance. They report that he was carrying a long package wrapped in either cloth or newspaper.

Persons in a store at 424 South Main Street report that minutes after Dr. KING was shot, a white male running south on South Main Street dropped a bundle on the sidewalk in front of 424 South Main Street as he ran past that store. While no one observed this man enter an

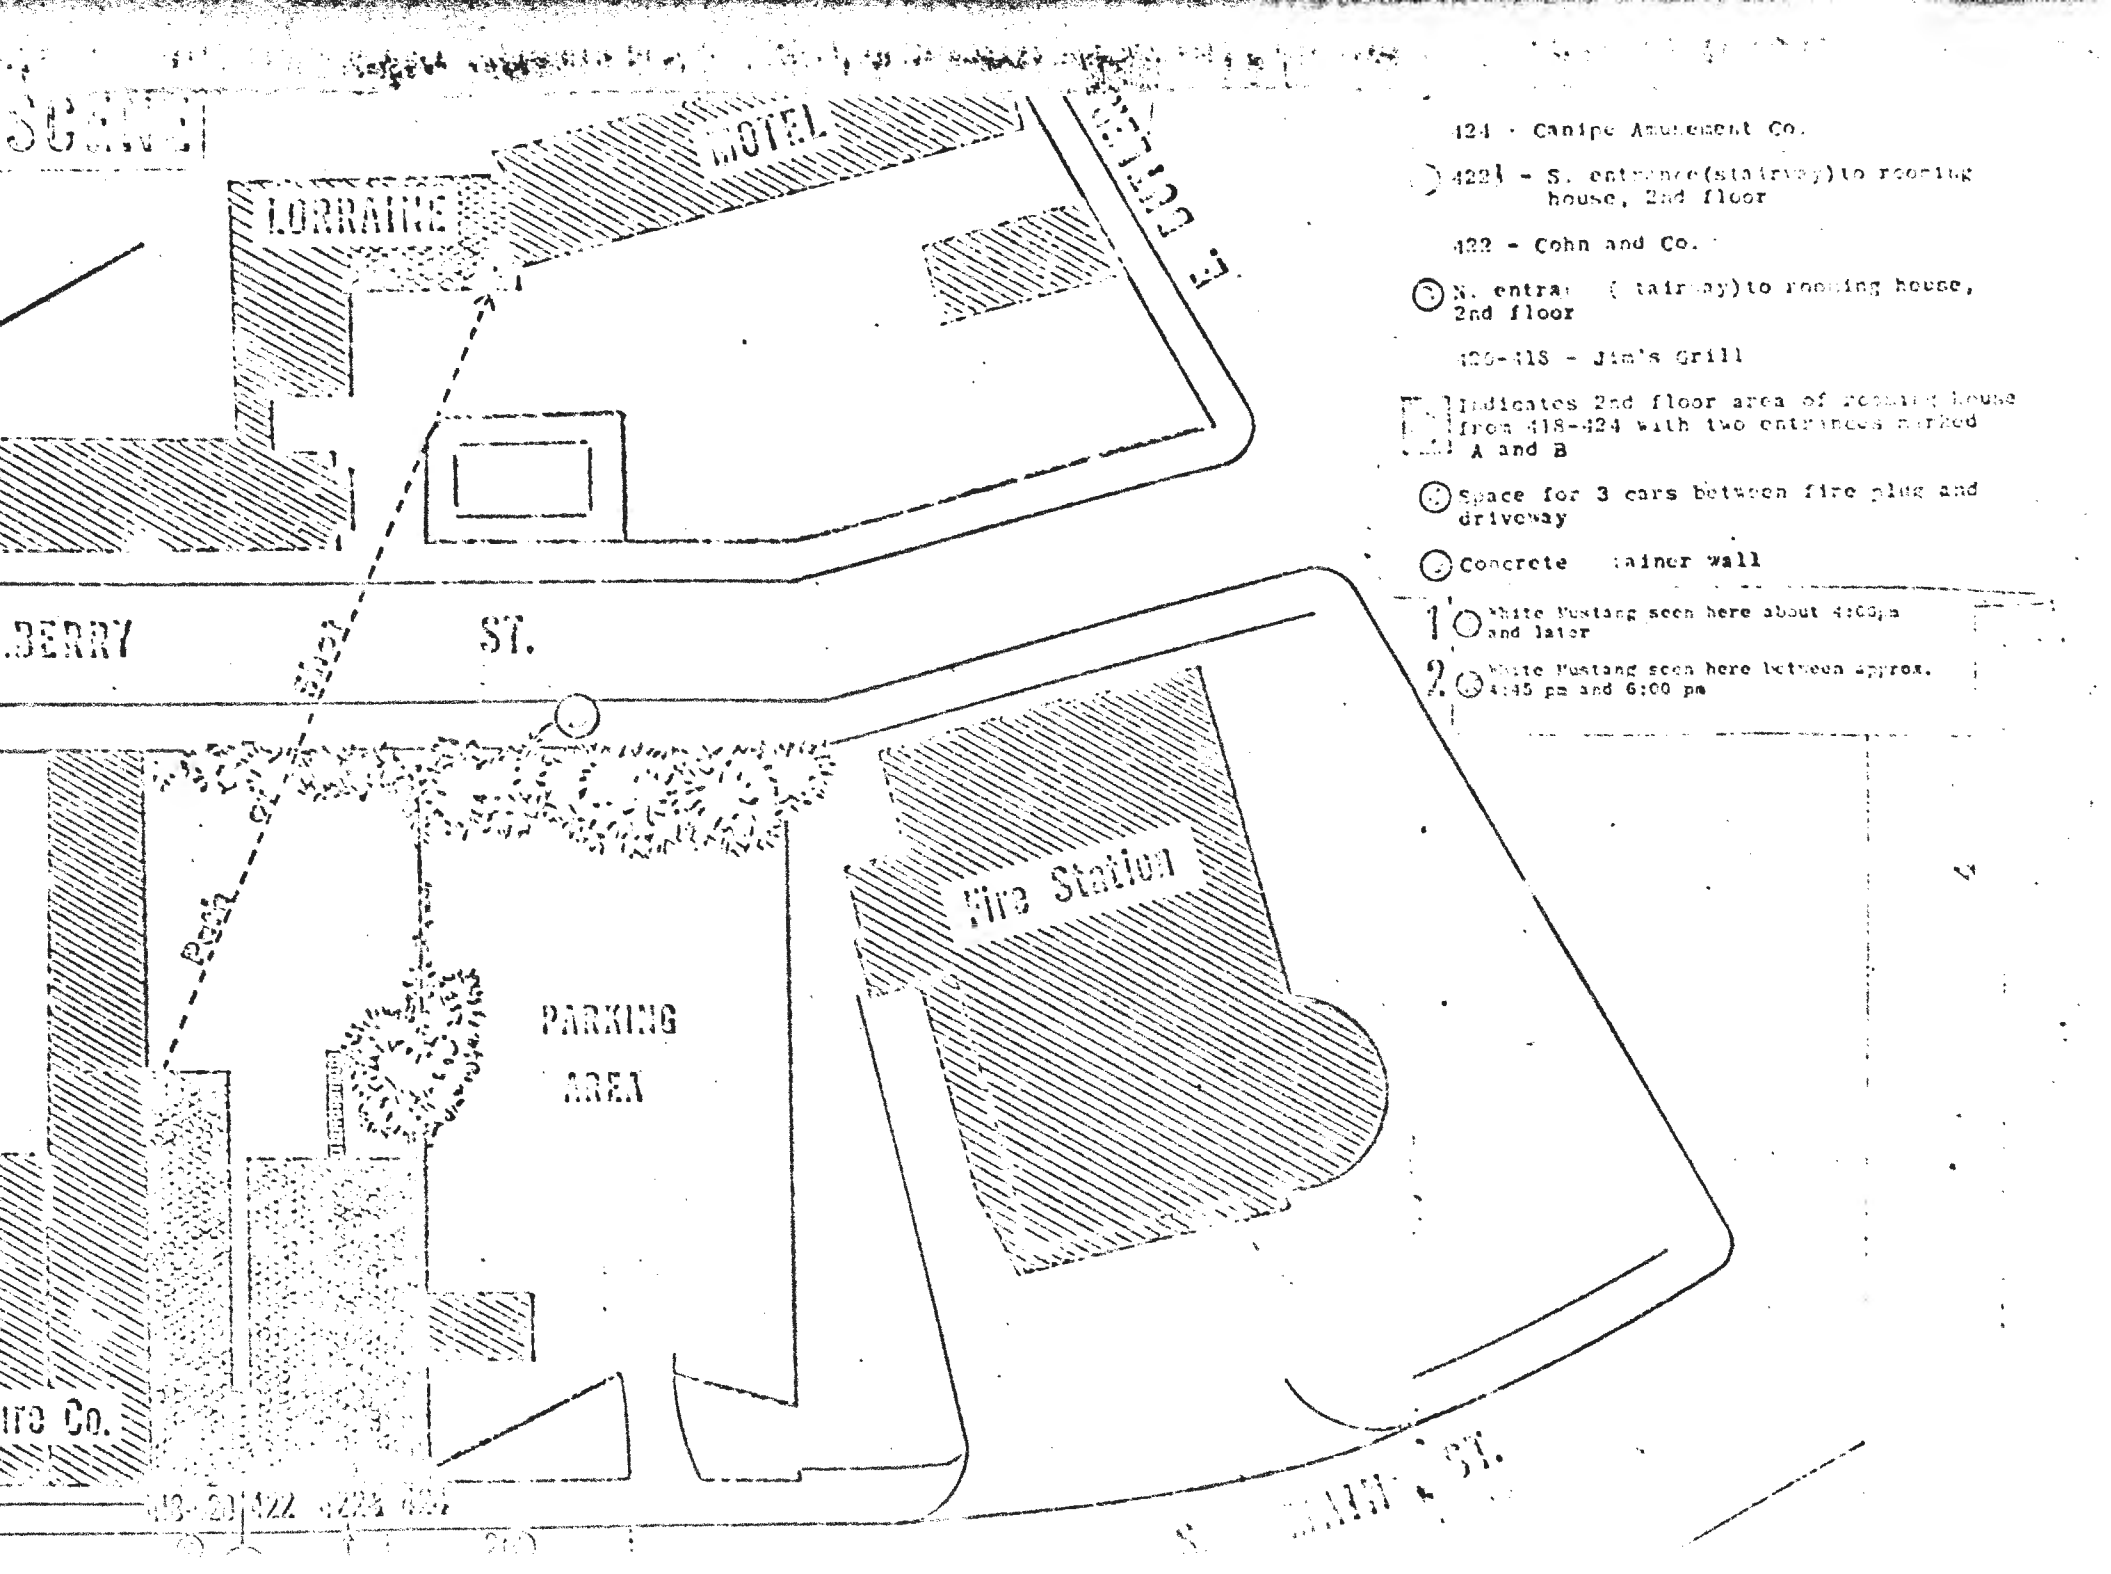
automobile, they reported seeing almost immediately a white Mustang leaving the area at a high rate of speed, going north on South Main Street.



No one in the rooming house has been able to positively identify the individual who fired the shot and fled from the rooming house; however, evidence indicates that the person firing the shot was a man who had that same day at about 3:00 to 3:30 p.m. rented Room 5-B in the name JOHN WILLARD.

Among those articles found abandoned in front of 424 South Main Street was a 30-06 rifle with a telescopic sight, which was determined to have been purchased March 29-30, 1968, at Aeromarine Supply Company, Birmingham, Alabama, by a man claiming to be HARVEY LOWMYER, 1907 South 11th Street, Birmingham, Alabama. Subsequent investigation disclosed that there was no such person as LOWMYER at that address. Also found abandoned with the rifle were undershorts, a T-shirt, binoculars, a newspaper, an after-shave lotion bottle, two unopened beer cans, a six-transistor radio, and a brown and green bedspread in which this bundle was wrapped.

A canvass of motels in the Memphis area for persons driving a white Mustang disclosed that on April 3, 1968, one ERIC S. GALT, 2608 Highland Avenue, Birmingham, Alabama, had registered at the Rebel Motor Hotel, Memphis, Tennessee, and had left prior to 1:00 p.m. on April 4, 1968. GALT was driving a white Mustang with an Alabama license. Investigation to further identify GALT disclosed that he had not resided at that address since about October 1967 and his whereabouts was unknown.

Latent fingerprints found on the rifle and other articles abandoned in front of 424 South Main Street were subsequently found to be identical with those of JAMES EARL RAY, FBI No. 405942G, who had escaped on April 23, 1967, from the Missouri State Penitentiary, Jefferson City, Missouri, where he was serving a 20-year sentence for Armed Robbery. By means of photographic identification and by handwriting comparison, it was determined that JAMES EARL RAY was identical with the man who had used the name ERIC S. GALT. The white Mustang belonging to GALT was abandoned at Atlanta, Georgia, on the morning of April 5, 1968.

JAMES EARL RAY was arrested June 8, 1968, at London, England, by officers of New Scotland Yard, at which time he was found to be in possession of a Canadian passport in the name of RAMON GEORGE SNEYD.

II. NAMES OF DEFENDANTS

JAMES EARL RAY

III. DATE AND PLACE OF CRIME

April 4, 1968, at Memphis, Tennessee

IV. STATUTE OF LIMITATIONS

There will be no bar to prosecution as process has been outstanding since April 17, 1968, for the Civil Rights violation and on May 7, 1968, RAY was indicted by a Shelby County, Tennessee, Grand Jury for First Degree Murder.

V. OTHER DATA HELPFUL TO UNITED STATES ATTORNEY

In addition to process outstanding for this offense, it is noted that on July 20, 1967, a complaint was filed before United States Commissioner W. C. SHELEY, Jefferson City, Missouri, charging JAMES EARL RAY with Unlawful Flight to Avoid Confinement in violation of Title 18, U. S. Code, Section 1073. A warrant was issued that same date. This complaint was in connection with RAY's escape from the Missouri State Penitentiary on April 23, 1967.

VI. PRELIMINARY PROSECUTIVE ACTION

On April 17, 1968, a complaint was filed by SAC JOSEPH H. GAMBLE before United States Commissioner MILDRED F. SPRAGUE, Birmingham, Alabama, charging that ERIC STARVO GALT in violation of Title 18, U. S. Code, Section 241, did conspire to injure, oppress, threaten, or intimidate MARTIN LUTHER KING, JR., in the free exercise and enjoyment of his rights secured by the Constitution of the United States, namely the right to freely travel from state to state. A warrant was issued April 17, 1968, and bond was recommended in the amount of $50,000.

On May 7, 1968 a Shelby County, Tennessee, Grand Jury at Memphis, Tennessee, returned an indictment charging that JAMES EARL RAY did unlawfully, feloniously,

willfully, deliberately, premeditatedly, and of his malice aforethought, kill and murder MARTIN LUTHER KING, JR. A capias for his arrest was issued May 7, 1968.

JAMES EARL RAY was arrested June 8, 1968, at London, England, by officers of New Scotland Yard, and is presently in their custody on local charges. He was arrested in possession of a Canadian passport in the name of RAMON GEORGE SNEYD. He was armed at the time of his arrest.

VII. NAMES AND ADDRESSES OF WITNESSES AND WHAT THEY CAN TESTIFY TO

A. The following persons are tenants of the rooming house at 422½ South Main Street, Memphis, Tennessee, from where it is believed the fatal shot was fired. These witnesses can testify as follows:

1. Mrs. BESSIE BREWER
422½ South Main Street
Memphis, Tennessee

Between 3:00 p.m. and 3:30 p.m. on April 4, 1968, she rented Room 5-B at 422½ South Main Street for a period of one week to a white male using the name JOHN WILLARD. She did not require that he sign a register, and she did not see him again after renting the room. She is unable to identify RAY from photographs. At about 6:00 p.m. on April 4, 1968, she heard what she thought to be a gunshot coming from the rear of the rooming house; however, she did not see or hear anyone running from the rooming house.

2. Mr. WILLIAM CHARLES ANSCHUTZ
422½ South Main Street
Memphis, Tennessee

Mr. ANSCHUTZ resides in Room 4-B of this rooming house, where on the afternoon of April 4, 1968, he heard what he believed was a gunshot. Immediately after hearing the gunshot, he opened his door onto the hallway and saw a white male running down the hall toward the South Main Street entrance and holding his hand and arm over his face in such a way as to prevent ANSCHUTZ's getting a good look at him. ANSCHUTZ commented to this running man that he thought he had heard a shot. This man answered, "Yeah, it was a shot." ANSCHUTZ observed that this man was

carrying a long package which appeared to be wrapped in a blanket. He can testify that the gunshot which he heard was fired nearby but he is unable to say from exactly where. He is unable to identify photographs of JAMES EARL RAY as being the running man.

3. Mr. CHARLES QUITMAN STEPHENS
422½ South Main Street
Memphis, Tennessee

Mr. STEPHENS occupies Apartment 6-B, consisting of two rooms, one of which has a common wall with the bathroom that is located at the rear of the rooming house. Sometime between 5:00 p.m. and 6:00 p.m. on April 4, 1968, STEPHENS heard a gunshot which he believes was fired from the bathroom. At the time he heard the shot, STEPHENS was in the room of his apartment which has the common wall with the bathroom. When STEPHENS opened his door from his apartment into the hallway, he observed a man running along the hallway toward the South Main Street entrance. This man was carrying a bundle described by STEPHENS as being three or four feet long and as being wrapped in something, possibly a newspaper. STEPHENS had earlier observed the new tenant in Room 5-B but had seen only the left side of his face. STEPHENS now states that the profile photograph of JAMES EARL RAY made in 1960, appearing on FBI Wanted Flyer 442-A, "looks like" the man who rented Room 5-B on April 4, 1968.

STEPHENS recalls that on the afternoon of April 4, 1968, he heard the occupant of Room 5-B on several occasions visit the bathroom at the end of the hall. He recalls that each time this person remained in the bathroom for a considerable period of time and that this individual had been in the bathroom some 20 to 30 minutes prior to the time STEPHENS heard the gunshot.

4. Mrs. GRACE HAYES STEPHENS
422½ South Main Street
Memphis, Tennessee

Mrs. STEPHENS was ill on April 4, 1968, and spent the day in bed in Apartment 6-B at this address. At about 6:00 p.m. on April 4, 1968, she heard a noise that sounded like a firecracker, and she then heard footsteps as someone

left the bathroom and moved rapidly along the hallway toward the South Main Street entrance. She did not leave her room after hearing this loud noise and was not in a position to observe anyone in the hallway.

B. The following individuals were standing near Dr. MARTIN LUTHER KING, JR., at the time he was struck by the fatal bullet. Dr. KING was standing on the balcony outside Room 306 of the Lorraine Motel and was talking to a number of persons standing in the motel parking lot just beneath the balcony. These persons observed Dr. KING at the instant he was struck or seconds later, but none of them observed the killer or are in a position to say exactly where the shot was fired from:

2. Mr. SOLOMON JONES, Jr.

3. Rev. SAMUEL B. KYLES

4. Mr. CHAUNCEY ESKRIDGE

5. Rev. BERNARD SCOTT LEE

6. Rev. ANDREW J. YOUNG
[redacted]

C. The following three individuals were inside Canipe Amusement Company, a store located at 424 South Main Street, Memphis, Tennessee, in front of which was dropped a large bundle which was subsequently determined to be a rifle, binoculars, a transistor radio, and numerous other items, all of which were partially wrapped in a brown and green bedspread. These witnesses can testify as follows:

1. Mr. GUY WARREN CANIPE, JR.
[redacted]
Memphis, Tennessee

Mr. CANIPE is the owner of Canipe Amusement Company located at 424 South Main Street. On the late afternoon of April 4, 1968, at about 6:00 p.m., he heard a "thud" near the front door of his store and looking up he saw a white male walking past his store going south on South Main Street. Mr. CANIPE walked to his front door, observed a bundle lying in front of the door, looked to see what had happened to the man who had dropped the bundle, and at almost that same moment observed a small white car pulling away from the curb on the east side of South Main Street at a point just south of Canipe's store. He was unable to furnish the make of the small white car which he observed. Turning his attention to the bundle left in front of his store, he observed that this consisted of a rifle in a long cardboard box, a suitcase, and a green cloth which he thought might be a curtain. This bundle was not touched by him and was subsequently removed by a police officer. Mr. CANIPE got only a fleeting glimpse of the man he had seen walking past his store.

2. Mr. [redacted] FINLEY
[redacted]
Memphis, Tennessee

Mr. FINLEY arrived at Canipe Amusement Company, 424 South Main Street, Memphis, Tennessee, at about 5:30 p.m., April 4, 1968, in the company of a friend, Mr. JULIUS GRAHAM. At about 6:00 p.m., FINLEY heard a noise like a gunshot, and a minute or two later heard a second noise near the front door of Canipe's store. FINLEY, GRAHAM, and CANIPE all went to the front door of the store, where they observed a bundle lying immediately in

front of the door. Mr. FINLEY observed at this time a white male walking rapidly along the sidewalk in a southerly direction on South Main Street. Mr. FINLEY then heard the squeal of automobile tires and observed a white Mustang going north on Main Street. He did not at first associate the man he had seen on foot with the man he subsequently saw in the Mustang, but after considering what happened, he decided they were probably the same person. He can testify that the bundle dropped in front of Canipe's store consisted of a rifle with a telescopic sight, a suitcase, and a cloth folded over both items.

3. Mr. JULIUS GRAHAM
[redacted]
Memphis, Tennessee

Mr. GRAHAM, together with a friend, Mr. BERNELL FINLEY, arrived at Canipe Amusement Company, 424 South Main Street, Memphis, Tennessee, at about 5:30 p.m. on April 4, 1968. When he arrived at 424 South Main Street, GRAHAM observed that a white Mustang was parked at the curb just south of Canipe Amusement Company. While inside Canipe Amusement Company, GRAHAM heard no unusual noise except the sound of a package being dropped on the sidewalk in front of Canipe's store. Prior to hearing this noise, he observed a man running along the sidewalk going south on South Main Street, and he observed him drop this bundle in front of Canipe's store. He subsequently heard the squeal of automobile tires and observed a white Mustang speeding north on South Main Street. GRAHAM can testify that the bundle dropped in front of Canipe's store consisted in part of a gun barrel in a large cardboard box which was wrapped with a green cloth.

D. Physical evidence found in front of 424 South Main Street

(The FBI Laboratory and the FBI Identification Division, both at Washington, D. C., will provide expert testimony regarding the examination of physical evidence as set forth below and as set forth elsewhere in this report.)

1. Inspector N. E. ZACHARY
Memphis Police Department
Memphis, Tennessee

Inspector ZACHARY can testify that he took possession of the bundle found on the sidewalk in front of Canipe Amusement Company and that the following items were among the items recovered:

a. A Remington Game Master rifle, Model 760, Serial No. 461476, on which was mounted a Redfield telescopic sight, Serial No. A17350;

b. Binoculars, manufactured by Bushnell, Serial No. DQ408664;

c. First section of the April 4, 1968, issue of the "Commercial Appeal," a daily newspaper published at Memphis, Tennessee;

d. Plastic bottle of Mennen Afta shaving lotion;

e. An unopened can of Schlitz beer;

f. A six-transistor portable radio with the number 00416 scratched on the side of the radio;

g. One pair of undershorts and one T-shirt;

h. A green and brown bedspread.

2. The Latent Fingerprint Section of the FBI Identification Division advised that one latent fingerprint on this rifle, one latent fingerprint on the telescopic sight, one latent fingerprint on the binoculars, one latent fingerprint on the newspaper, one latent fingerprint on the plastic bottle of Afta, and one latent fingerprint on the Schlitz beer can have been identified with the fingerprints of JAMES EARL RAY, FBI No. 405942C.

3. The number 00416 scratched into the side of the portable radio is the inmate number at the Missouri State Penitentiary for JAMES EARL RAY. [redacted] Manager, Inmate Canteen, Missouri State Penitentiary, Jefferson City, Missouri, can testify that when an inmate at the Missouri State Penitentiary purchases a radio, his inmate number is etched into the radio and that the prison treasurer is notified of the inmate's purchase.

4. Mr. M. J. STEWART, Treasurer, Missouri State Penitentiary, Jefferson City, Missouri, can testify that JAMES EARL RAY's Missouri State Penitentiary Inmate Number was 00416, and he can produce a ledger reflecting that on April 21, 1967, JAMES EARL RAY purchased a radio for $9.75.

5. The FBI Laboratory examination revealed that the undershorts and T-shirt each bears a laundry tag on which appears the printed characters "02B-6." Only a portion of the first character is present on each tag.

6. JEROME WALLIS VERNON [redacted] Los Angeles, California, operated the Home Service Laundry and Dry Cleaning Company, 5280 Hollywood Boulevard, Los Angeles, California, from about January 16, 1968, to March 23, 1968, and during this period he had a regular customer named ERIC GALT who came in each Saturday afternoon with a bundle of laundry, which usually consisted of undershorts, T-shirts, and dress shirts. [redacted] was VERNON shown the T-shirt and undershorts found in front of 424 South Main Street, Memphis, and he identified the laundry markings on them as being similar to the mark used at his laundry.

7. Mr. LOUIS PUTERMAN [redacted] Los Angeles, California, has in his possession Home Service Laundry and Dry Cleaning laundry list number 3065 with Thermo Seal sticker 02D-6 with the name E. GALT.

8. Samples of the Thermo Seal marking machine Model RH-5K1, Serial Number 31454, in possession of the Home Service Laundry and Dry Cleaning Company, 5280 Hollywood Boulevard, Los Angeles, California, using the numbers and letters 02D-6 on red colored tape were forwarded to the FBI Laboratory. The FBI Laboratory advised that the specimens from this machine are similar in color, construction, and composition to the laundry tapes appearing on the T-shirt and undershorts recovered at Memphis. The tapes submitted by Los Angeles are of varying lengths; however, no significant differences were noted between the T-shirt and undershorts laundry tapes when compared with some of the specimens submitted by Los Angeles, indicating that they may have originated from the same machine.

9. Mr. RALPH MEREDITH CARPENTER, [redacted] Memphis, Tennessee, a salesman at York Arms Company, 162 South Main Street, Memphis, Tennessee, can testify that at about 4:00 p.m. on the afternoon of April 4, 1968, he sold a pair of Bushnell binoculars to an individual whom he later identified from photographs as being identical with JAMES EARL RAY. He sold these binoculars for $39.95 and wrote on the side of the cardboard box in which the binoculars came the price $39.95 and the amount of the tax, which was $1.60, and added the two figures for a total of $41.55. He stated the store does not record the serial number of these binoculars but that he could identify the binoculars from his writing on the box. It is noted that found with the binoculars was a cardboard box in which the binoculars had been originally shipped and on which appeared the figures as described by Mr. CARPENTER. Also found with the binoculars were a sales slip and a paper bag, on the side of which was printed York Arms Company.

E. Investigation disclosed that one ERIC S. GALT, 2608 Highland Avenue, Birmingham, Alabama, registered at the Rebel Motor Hotel, Memphis, Tennessee, on April 3, 1968, and departed April 4, 1968. He was driving a Mustang bearing an Alabama License. Subsequent investigation to identify GALT disclosed that he had not resided at 2608 Highland Avenue, Birmingham, since October 1967. Witnesses at the Rebel Motor Hotel can testify as follows:

1. Mrs. HENRIETTA HAGEMASTER
Desk Clerk, Rebel Motor Hotel
3466 Lamar Avenue, Memphis, Tennessee

Mrs. HAGEMASTER was on duty April 3, 1968, from 3:00 p.m. until 10:00 p.m. At 7:15 p.m. on April 3, 1968, she registered ERIC S. GALT into Room 34. He indicated on his registration card that he was driving a Mustang automobile with Alabama License 1-38993. Mrs. HAGEMASTER is unable to identify photographs of JAMES EARL RAY as being identical with ERIC GALT.

2. Miss ANNA CHRISTINE KELLY
Manager, Rebel Motor Hotel
3466 Lamar Avenue, Memphis, Tennessee

Miss KELLY advised that the records of that motel indicate ERIC S. GALT must have checked out of Room 34 sometime prior to 1:00 p.m., April 4, 1968, otherwise the records would indicate he was charged with two days lodging instead of one day. Miss KELLY is unable to identify photographs of JAMES EARL RAY as being identical with ERIC S. GALT.

The FBI Laboratory concluded that the signature of ERIC S. GALT appearing on the Rebel Motor Hotel registration card was prepared by the same individual who prepared other specimens submitted under the name ERIC S. GALT. The FBI Laboratory has also concluded that the handwriting specimens submitted under the name ERIC S. GALT are identical with the handwriting and printed material known to be the handwriting of JAMES EARL RAY.

F. Investigation determined that ERIC S. GALT resided at the Economy Rooming House, Birmingham, Alabama, from August 26, 1967, through October 7, 1967.

1. PETER CHERPES,
Owner, Economy Rooming House
2608 Highland Avenue,
Birmingham, Alabama

Mr. CHERPES can testify to the fact that ERIC S. GALT resided at the Economy Rooming House from August 26, 1967, through approximately October 7, 1967. CHERPES can testify to the fact that the photograph of JAMES EARL RAY taken at the graduation of the bartenders school in Los Angeles, California, on March 2, 1968, reflecting RAY's eyes open was the best likeness of the man known to him as ERIC S. GALT.

2. HERBERT KELLY
2608 Highland Avenue
Birmingham, Alabama

Mr. KELLY, who is employed as a cook at the Economy Rooming House, can testify that an individual occupying Room 14 of the Economy Rooming House under the name of ERIC GALT resided at that rooming house from approximately the latter part of August 1967 to early October 1967. KELLY can testify that the photograph of JAMES EARL RAY taken at the graduation of the bartenders school on March 2, 1968, in Los Angeles, California, showing the eyes in an open position was definitely identical with the individual known to him as ERIC S. GALT who resided at the Economy Rooming House in Birmingham in 1967.

G. Purchase of 1966 Mustang by ERIC S. GALT at Birmingham, Alabama.

1. WILLIAM D. PAISLEY, SR.
[redacted]
Birmingham, Alabama

Mr. PAISLEY can testify to the fact that an individual known to him by the name of ERIC GALT answered PAISLEY's ad appearing in a local newspaper in Birmingham

regarding PAISLEY's offer to sell a 1966 white Mustang. He can testify that on August 30, 1967, GALT met PAISLEY at the First National Bank building, Birmingham, where GALT paid PAISLEY $1995 cash. PAISLEY prepared a bill of sale indicating that the car was sold to ERIC GALT, 2608 Highland Avenue, Birmingham, Alabama.

This vehicle is described as a 1966 Mustang, Vehicle Identification Number 6T07C190647. PAISLEY advised that the photograph of ERIC STARVO GALT depicting his eyes closed which was taken in the bartenders school graduation in Los Angeles, California, on March 2, 1968, resembles the man known to him as ERIC GALT; however, he could not make a positive identification and added that the man in the photograph has a fatter face than the ERIC GALT who bought the Mustang.

2. WILLIAM DAVID PAISLEY, JR.
[redacted]
Birmingham, Alabama

PAISLEY, JR., can testify to the fact that an individual by the name of ERIC GALT purchased a 1966 Mustang, Vehicle Identification Number 6T07C190647, from WILLIAM D. PAISLEY, SR., in the latter part of August 1967, and paid the sum of $1995 in cash. PAISLEY, JR., advised that the photograph of ERIC STARVO GALT showing his eyes closed which was taken at the bartending school graduation in Los Angeles, California, on March 2, 1968, resembles the person known to him by the name of ERIC GALT who purchased the 1966 white Mustang from PAISLEY's father in August 1967. PAISLEY commented that it appeared GALT had put on some weight since PAISLEY had last seen him in August 1967, as GALT's face in the photograph appears fatter than what PAISLEY recalls. PAISLEY can testify to the fact that the more he studied the photograph of GALT the more he believed that the photograph was identical with ERIC GALT.

An appropriate witness from the Jefferson County Department of Revenue, Birmingham, Alabama, can testify to the fact that 1968 Alabama License 1-38993 was issued on October 2, 1967, to ERIC S. GALT, 2608 Highland Avenue, Birmingham, Alabama, for a 1966 Mustang two-door, Vehicle Identification Number 6T07C190647.

An appropriate witness at the Drivers License Division, Department of Public Safety, State of Alabama, Montgomery, Alabama, can testify to the fact that Alabama Drivers License 2848947 was issued to ERIC STARVO GALT, 2608 Highland Avenue South, Birmingham, Alabama, on September 6, 1967.

The FBI Laboratory concluded that the signature of ERIC STARVO GALT appearing on his application for Alabama Drivers License and the signature of ERIC S. GALT appearing on the application for the Alabama automobile license were prepared by the same individual who prepared other items under the same name attributed to ERIC S. GALT.

II. Investigation revealed that ERIC S. GALT, 2608 Highland, Birmingham, Alabama, rented a safe deposit box, number 5517, at the Main office of Birmingham Trust National Bank, Birmingham, Alabama, on August 28, 1967. GALT terminated use of this safe deposit box by an undated letter advising bank officials that he was moving to Louisiana and would have no further need for the box.

The following described documents were forwarded to the FBI Laboratory:

Record of access to safe deposit Box #5517 for ERIC S. GALT;

Contract for safe deposit box with ERIC S. GALT;

Ledger card (rental record) for safe deposit box #5517 in name ERIC S. GALT;

Undated letter from ERIC S. GALT to the Birmingham Trust National Bank.

In the event the above described documents are needed as evidence they may be obtained by execution of a subpoena duces tecum to Mr. C. E. KIRKPATRICK, Vice President, Birmingham Trust National Bank.

The FBI Laboratory concluded that the signatures of ERIC S. GALT appearing on the above described documents were prepared by the same individual who prepared the writing in the same name appearing on other items attributed to ERIC S. GALT.

I. Purchase of a Remington Model 760, caliber 30-06 rifle and Redfield telescopic sight at Birmingham, Alabama.

On March 29, 1968, an individual who gave his name as HARVEY LOWMEYER, 1907 South 11th Street, Birmingham, Alabama, went to the Aeromarine Supply Company, 5701 Airport Highway, Birmingham, Alabama, where he purchased a Remington Model 700, caliber .243 rifle with a 2X - 7X Redfield telescopic sight mounted thereon. He also bought a box of 20 rounds of .243 Norma ammunition. He left the store carrying this rifle in a cardboard box which had originally been a box for a rifle from the Browning Manufacturing Company. He was given the Browning box because the rifle with the mounted sight would not fit in the Remington box in which the rifle had originally been shipped. LOWMEYER paid for this weapon in cash.

On March 30, 1968, the individual calling himself LOWMEYER telephoned first and then later that day returned with the newly purchased .243 rifle to Aeromarine Supply Company and explained that following a conversation with his brother he decided to exchange this rifle for a Remington Model 760, 30-06 caliber. This exchange was accomplished on the afternoon of March 30, 1968, with LOWMEYER leaving the store with a Remington Game Master rifle, Model 760, Serial Number 461476, on which was mounted the Redfield telescopic sight, Serial Number A17350.

Birmingham, Alabama

WOOD can testify to the fact that on March 30, 1968, HARVEY LOWMEYER, furnishing an address of 1907 South 11th Street, Birmingham, Alabama, purchased a Remington Model 760, caliber 30-06 rifle, Serial Number 461476, with a 2X - 7X Redfield telescopic sight, Serial

Number A17350 mounted thereon and a box of 20 rounds of 30-06 ammunition from the Aeromarine Supply Company, 5701 Airport Highway, Birmingham, Alabama.

WOOD can also testify to the fact that the individual known by the name of HARVEY LOWMEYER was at the Aeromarine Supply Company, 5701 Airport Highway, Birmingham, on March 29, 1968, at which time he purchased a Remington Model 700, caliber .243 rifle with a 2X - 7X Redfield telescopic sight mounted thereon.

WOOD can testify to the fact that the photograph of ERIC STARVO GALT taken at the bartenders school graduation in Los Angeles, California, on March 2, 1968, which shows the eyes of GALT closed is a photograph of the man to whom he sold the Remington Model 700, caliber 30-06, rifle, Serial Number 461476, on March 30, 1968, and is identical to the man that he observed at the Aeromarine supply Company on March 29, 1968, at which time he purchased a Remington Model 700, caliber .243 rifle with a 2X - 7X Redfield telescopic sight mounted thereon. WOOD stated "I can't say exactly at this time, but I think that this is the man. To the best of my memory I believe that this is the man that bought the gun."

2. JOHN WEBSTER DESHAZO
[redacted]
Mountain Brook, Alabama

DESHAZO can testify that he is a regular and frequent customer at Aeromarine Supply Company, Airport Highway, Birmingham, and was in the Supply Company approximately 3:00 p.m., March 29, 1968, at which time he observed an individual purchasing a Remington Model 700, .243 rifle from a salesman known to DESHAZO by the last name of BAKER. DESHAZO can testify that he had conversation with this individual. DESHAZO can testify to the fact that he believes that the photograph of ERIC STARVO GALT with his eyes closed taken at the bartenders school graduation on March 2, 1968, is a photograph of the man that he observed on March 29, 1968, purchasing a Remington Model 700, .243 rifle from the Aeromarine Supply Company, Airport Highway, Birmingham, Alabama.

The bullet removed from the body of Dr. MARTIN LUTHER KING was examined by the FBI Laboratory. It was determined that the bullet is a .30 caliber metal jacketed "soft point" sporting type bullet of Remington-Peters manufacture which could have been fired from the recovered Remington 30-06 rifle. The bullet was distorted due to mutilation and insufficient marks of value for identification remain on this bullet. Therefore, it was not possible to determine whether or not the bullet removed from the body of KING had been fired from the recovered Remington rifle bearing the fingerprint of JAMES EARL RAY, FBI Number 405 942 G.

J. Recovery of 1966 white Mustang in Atlanta, Georgia, registered to ERIC STARVO GALT, Birmingham, Alabama.

On April 11, 1968, the Atlanta, Georgia, Police Department received a complaint that a white Mustang automobile, bearing an Alabama license, was parked in a parking area of Capitol Homes, and in view of the publicity concerning the killing of Dr. MARTIN LUTHER KING, JR., the complainant wanted this vehicle investigated.

The following individuals can provide the indicated testimony:

1. Detective R. L. DAVIS
Auto Theft Squad
Atlanta, Georgia, Police Department

Detective DAVIS can testify that he and Detective P. S. MC CRAVY proceeded to the parking area of the Capitol Homes where they located a 1966 Ford Mustang. The car was a two-door model, white in color, bearing 1968 Alabama license 1-38993. The vehicle was locked, and in order to further determine ownership they unlocked the left front door and from the serial plate determined it bore VIN 6T07C190647. By sending the information concerning the license plate and the vehicle identification number to the National Crime Information Center through the Alabama State Police he determined that this vehicle was registered to one ERIC STARVO GALT, Birmingham, Alabama.

2. Mrs. MARY L. BRIDGES
[redacted]
Capitol Homes
Atlanta, Georgia

Mrs. BRIDGES can testify that at about 8:30 A.M. on Friday, April 5, 1968, she had just gotten her children off to school and observed through the window a white automobile pulling up in the parking lot directly across from the door to her apartment. She recalled the

car had an Alabama license plate. The lone male occupant got out of the vehicle and began to walk across the parking lot away from her apartment and toward Memorial Drive. She never saw this individual's face but could describe him as a white male, 5'10" to 6' tall, 165 pounds, medium build, wearing a navy blue suit and a white shirt. He had dark hair, and she estimated him to be about 30 to 35 years of age.

She is unable to identify him but is able to affix the time of arrival of the vehicle at the Capitol Homes parking area.

3. Mrs. LUCY CAYTON
[redacted]
Capitol Homes
Atlanta, Georgia

Mrs. CAYTON can testify that on April 5, 1968, sometime after 8:15 A.M. when her children had left for school and while she was sweeping her front stoop, she noticed a white male approaching her apartment from the parking lot to the left of her front door. He came to the back yard area of the apartment buildings to her left and after stopping at the beginning of the lane as if to gain his bearings, he proceeded toward Memorial Drive through the back yard area after which time she lost sight of him. This would have occurred prior to 9:30 A.M.

She viewed 7 photographs including 2 of JAMES EARL RAY and selected a photograph of JAMES EARL RAY as appearing identical to the individual whom she had observed.

4. [redacted]
Atlanta Division

On April 11, 1968, the above Agents examined the 1966 Ford Mustang at the FBI Garage,

Atlanta, Georgia. This vehicle is a two-door 289, 8 cylinder, 2 barrel carburetor, white hardtop, bearing 1968 Alabama license 1-38093. The mileage was noted to be 39,100.8 and the SN 6T07C190647. The right rear window bore a sticker "Direccion General de Registro Federal de Automoviles, 1967 Octbre Turista, Aduana de Nuevo, Laredo, Tamps."

K. FBI Laboratory examination of items removed from the 1966 Mustang.

FBI Laboratory examination of items removed from the 1966 Mustang which were submitted by the Atlanta Office determined that brown cotton fibers, green cotton fibers, and green rayon fibers which could have come from the bedspread recovered near the scene of the assassination of Dr. MARTIN LUTHER KING, JR., were found on a dark blue, short sleeve sweat shirt, a white fitted sheet, a black and white shirt jacket, a pillow case, a fitted sheet with yellow thread, a black sports shirt, a pair of size 34 walking shorts, a rug, and a pillow as well as a pair of men's brown socks and were also contained in the vacuum sweepings from the trunk of the vehicle.

The Laboratory also determined through examination that Caucasian head hairs like the hairs previously found on the bedspread described above, in the zipper bag, on the yellow and white towel, on the pair of black socks, and the hair brush recovered in the vicinity of the scene of the assassination of Dr. MARTIN LUTHER KING, JR., were found on the dark blue, short sleeve sweat shirt, a white fitted sheet, a pillow case, a fitted sheet with yellow thread, and a rug all recovered from the Mustang. These hairs could have come from the same person and the Laboratory points out that hairs do not possess enough individual microscopic characteristics to be positively identified as originating from a particular person.

Some Caucasian head hairs found in the vacuum sweepings from the Mustang were like the hairs found on the bedspread, in the zipper bag, on the yellow and white towel, on the pair of black socks, and on the hair brush.

L. ERIC S. GALT's residence at Atlanta, Georgia

The operator of the residence located at 107 14th Street, N. E., Atlanta, Georgia, also operates the rooming house at 113 14th Street, N. E., Atlanta, and is identified as JAMES D. GARNER.

1. JAMES D. GARNER
107 14th Street, N. E.
Atlanta, Georgia

GARNER can testify that on March 24, 1968, an individual identifying himself as ERIC GALT introduced himself to GARNER at his rooming house, 107 14th Street, N.E., Atlanta, and requested a single room. He was placed in room #2, 113 14th Street, N.E., Atlanta, and was offered an adjoining storage room in which to place his surplus belongings in view of the small size of the room. On March 31, 1968, ERIC GALT paid him another week's rent, and on April 5, 1968, when GARNER entered room #2 to change the linens found a note on the bed stating in effect, "I've had to go to Birmingham. I've left my TV set here and will try to return for it in about a week."

GARNER selected from a group of 9 photographs displayed, the photograph of JAMES EARL RAY as being identical to the individual whom he knew as the resident of room #2 under the name of ERIC GALT.

M. Examination of items recovered from the rooming house located at 113 14th Street, N.E., Atlanta, Georgia.

Among items located in the rooms utilized by ERIC GALT at 113 14th Street, N.E., was a map of Mexico. Of the 6 latent fingerprints and one latent impression, which may be a fingerprint, impression of lower joint of a finger, or a partial palm print developed on the map of Mexico, one of the latent fingerprints is identical with the latent fingerprint previously

located on the Remington .30-06 "Game Master," slide action, rifle, Model 760, SN 461476.

N. Identification of JAMES EARL RAY at Piedmont Laundry, Atlanta, Georgia

1. Mrs. ESTELLE PETERS
Manager
Piedmont Laundry
1168 Peachtree, N.E.
Atlanta, Georgia

Mrs. PETERS, home address [redacted], Clarkston, Georgia, can testify that a white male came into the laundry on April 1, 1968, and placed laundry as well as dry cleaning for treatment using the name ERIC GALT. The dry cleaning consisted of a black checked coat with small check marks and gray trousers. The laundry and dry cleaning were subsequently picked up between 9:00 and 10:00 A.M. on April 5, 1968, by the same individual.

She identified the customer as being JAMES EARL RAY through a review of photographs.

O. At about 6:15 p.m. on April 4, 1968, the wounded Dr. MARTIN LUTHER KING, JR., was taken to St. Joseph Hospital, Memphis, Tennessee, where he was pronounced dead at 7:05 p.m. Records concerning the emergency room treatment of the victim will be made available only upon the issuance of a subpoena duces tecum directed to Mr. J. LUTON, Assistant Administrator, St. Joseph Hospital, Memphis, Tennessee.

Dr. J. T. FRANCISCO, Shelby County Medical Examiner, 858 Madison Avenue, Memphis, Tennessee, can testify to the findings contained in his autopsy report dated April 11, 1968, which reports the cause of death as gunshot wound to spinal column, lower cervical, upper thoracic.

Superb Police Work

Only the trial can confirm whether the suspect in the murder of Dr. Martin Luther King Jr. is the right man.

But the international police diligence, patience and skill which led to the capture of James Earl Ray, alias Eric Starvo Galt, alias Ramon George Sneyd, has to go into the books as one of the most remarkable crime searches in many years.

The FBI had been looking for Ray since Apr. 20, after a spate of intensive detective work pin-pointed the identity of the man they wanted. Police all across the United States had been involved in the hunt, and when it seemed possible Ray might have slipped out of the United States, police forces in other countries were informed.

There are no passport requirements for Americans visiting Canada and it was fairly easy for Ray to go north.

But the Royal Canadian Mounted Police lived up to their reputations for relentless pursuit. They combed 200,000 applications and turned up Ray's picture on request for a Canadian passport under the name of Sneyd. The FBI and the British were alerted, among others.

Britain's famed Scotland Yard made the capture as the result of typical perseverance. Ray was caught at an airport trying to leave the country.

This fellow obviously is no ordinary suspect. Whether or not he had confederates, his trail marks him as a cunning character.

In any case, the FBI, the Mounties and Scotland Yard deserve special commendation. When many people had begun to think that the elusive Ray would never be tracked down, Scotland Yard has got our man.

"RUSH"

GEORGE BEN EDMONDSON [redacted] a former top ten fugitive who was captured in Canada after escaping from Missouri State Penitentiary, is currently incarcerated at the Missouri State Penitentiary, and during re-interview on June 14, 1968, he advised as follows:

It is very easy to obtain a passport in Canada [illegible] drivers license. He said he is not familiar with conditions in Toronto, but is familiar with the procedure in Montreal. He advised that there is no difficulty in passing over to Canada from the United States. One method of securing a passport is to obtain it from a group of persons in Montreal for a fee. He stated he obtained his blanks from [redacted] reportedly has numerous baptismal blanks printed up which are prepared by several printers, the identities of which he does not know. [redacted] EDMONDSON stated that [redacted] is also engaged in the "dirty picture business", and perhaps [illegible] as a sideline. [redacted] EDMONDSON stated that [redacted] has access to an official seal with which to stamp-validate the record. [redacted] EDMONDSON understands this is furnished through a sexton of the Saint Justine Church. [redacted] EDMONDSON stated he was also told this sexton makes no entry in the church records to validate the record should any question arise. He said he [illegible] as a "courtesy".

[redacted] EDMONDSON said that [redacted] fills out the baptismal [illegible] and affixes a seal on it. [redacted] does not issue a "guarantee", but will provide the use of car and chauffeur very cheap. The cost of a baptismal [illegible] runs from $25 to $50 depending on the amount of work [redacted] has to do. [redacted] EDMONDSON [illegible] was applied for on Friday and it was furnished to him [redacted] on the following Monday or Tuesday ready to be [illegible] for the passport.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

MURKIN

EDMONDSON [redacted] advised that the best method, and the one he would have used had he had a chance to study the matter, is as follows: Read an obituary in the newspaper of the death of a person about the same age as the one seeking a passport. He said it is better to get one with few relatives. He said the names of relatives, date and place of birth, are all set out in the death notices. One then writes to the equivalent of the "Bureau of Vital Statistics" in the name of the deceased person stating the birth certificate was lost and request a new one. When the new birth certificate for the deceased person is received, one sends $5 to the passport office with a photograph and the passport is issued.

EDMONDSON [redacted] said that although he obtained a baptismal record from [redacted] he did not actually use it because he studied the system in the meantime, and then sent his wife's expired passport with their marriage license to the passport office and requested the issuance of passports for both. He sent the name of an employee of his as a guarantor. The passports were readily issued.

He said it is also possible to obtain a passport with a birth certificate or baptismal record by making an affidavit. A person does not actually have to have a guarantor as this requirement will be waived.

EDMONDSON [redacted] said this presents no problem. He said the first time he crossed it was at Plattsburg, New York, about nine or ten days after he escaped from Missouri State Penitentiary. He had hitchhiked a ride from New York City. He showed a drivers license he had as identification. He believed it was in the name of Gasdori. This time he was asked why he was going to Canada and for how long. He said he replied he was going for two weeks if his money held out. [redacted] stated he went back and forth six or eight times while he was an escapee, and except this once, he was never questioned or required to show any identification. He said the best plan is to pick one of the busiest places to cross. This could be the International Bridge at Detroit, Michigan, and at Plattsburg, New York.

MURKIN

EDMONDSON [redacted] also advised persons entering Canada in a fugitive status like to leave the United States from a busy airport such as New York City, and go to Montreal. He said customs are so busy they merely spot check certain passengers and do not ask for identification.

EDMONDSON [redacted] advised that the information he has was picked up by him by reading regulations and other sources and the system is not hard to understand.

EDMONDSON [redacted] advised that [redacted] had several associates. He said he met some of these but did not know their names. He said he recalled one "hustler" who works with [redacted] by the name of [redacted] also known as [redacted], who lives in Pierre Fondas. He said this person is a fence operating an alleged appliance business and he is "real well connected" in Montreal, and can get about anything one would want in the way of electric appliances which are stolen. He stated [redacted] also traffics in prostitution and may handle a little "pot".

Another associate of [redacted] is [redacted] who is a photographer described as about 50 to 55 years, 5'7"-8", 180 pounds, gray hair - balding, and who wears very thick glasses. He deals in "dirty pictures, pot, and generally hustles" for [redacted] He said this man is a "blatant homosexual".

Another associate of [redacted] is a used car dealer who is an East Indian. He has been "rapped" in Montreal for "hot" cars.

EDMONDSON [redacted] said he was arrested and put in jail at Ottawa, Canada. [redacted] came to see him and offered him a lot of services for a price. He wanted $350 and took care of some things for [redacted] EDMONDSON He said for another $1000 he could get EDMONDSON EDMONDSON [redacted] released, but he sent this message through [redacted] wife, as the prison authorities would not let him re-visit EDMONDSON [redacted] EDMONDSON advised he turned down the offer of [redacted] and stated he was deported on August 9, 1967. Therefore, [redacted] would have had a visit with him between July 1 and August 9, 1967. EDMONDSON [redacted] further advised he was using the name of [redacted] while living in Canada.

June 14, 1968

Dear Mr. Hoover,

Mr. McCarthy says you are no good and you have to go. It is obvious that he would replace you with a Roman Catholic to increase the effective power of the Roman Catholic propaganda machine in this nation and the world.

I want to see the defeat of McCarthy and his whole Roman machine and I want to see you remain as head of the F.B.I.

I am convinced that the Knights of Columbus paid James Earl Ray to kill King. King was standing in the way of the Roman Catholics domination and he had to go.

Dan Gilbert was standing in the way of Gov. Pat Brown and the Roman Catholics and I am convinced that the Knights of Columbus did that job too.

The enclosed clipping reveals (to me) that James Earl Ray was under Catholic protection in Toronto. Martin Luther to a Catholic is like a red flag to a bull.

God bless you and your good work.

PUTTING PIECES TOGETHER

Doubt Cast on Theory That Ray Acted Alone

BY RICHARD T. COOPER
Times Staff Writer

TORONTO—Information accumulated about James Earl Ray's activities here makes it increasingly hard to believe the accused assassin of Dr. Martin Luther King acted alone.

The Royal Canadian Mounted Police, hesitant to discuss their investigation of Ray here, have confirmed only that he arrived in Toronto on or about April 8, applied for a Canadian passport and ordered a round-trip plane ticket to London through a travel agency April 16, and left Canada on a flight May 6.

But information from other government sources and from area residents who are touched by the affair suggests patterns which the laws of probability seem inadequate to explain. In particular, his choices of assumed identities seem more than coincidental.

On April 8 Ray rented a room in a boarding house at 102 Ossington Ave., using the name Paul Bridgman. Three days later, a birth certificate application bearing the same name and address was received here by the office of the Ontario registrar-general.

The vital statistics on the application, which was processed routinely, match those of a Paul Bridgman who lives in the Scarboro section of Toronto. The real Bridgman is a language consultant in the public school system.

On April 16, Ray visited a travel agency and ordered the air ticket to London. At the same time he applied through the agency for a passport under the name of Ramon George Sneyd, a constable on the Toronto Metropolitan Police Force. The real Sneyd also lives in the Scarboro section.

During a visit to Montreal during July or August of 1967, it has been confirmed, Ray used the name Eric S. Galt—just as he used the name Eric Starvo Galt several times in the United States before the April 4 assassination in Memphis.

A Canadian citizen named Eric St. Vincent Galt, whose physical characteristics are remarkably similar to Ray's, also lives in the Scarboro area.

Doubt Cast on Theory That Ray Acted Alone

Continued from First Page

From the real Galt's house to the real Sneyd's is about a mile and a half; from Sneyd's house to Bridgman's is just over a mile; and from Bridgman's to Galt's is about two miles. And the suburban area in which they live is all of 12 miles across the heart of the city from the deteriorating, impoverished neighborhoods in which Ray hid.

The RCMP has asserted that neither Bridgman, nor Sneyd, nor Galt was involved with Ray, but speculation continues that they were in some way linked to him indirectly—perhaps by a Scarboro resident who knew all three and supplied Ray with data about them.

In an interview with The Times, Galt said he did not know Bridgman directly but revealed that the name was "familiar." He said an acquaintance at the Union Carbide plant where Galt works is a close friend of Bridgman's. Galt refused to reveal the mutual friend's name.

Galt also said he did not recall ever meeting Sneyd. But he said many metropolitan policemen are active in the target shooting club and competitions which occupy a great deal of Galt's time. He has been secretary of the Viking Gun Club since 1946, and as such processes all members' annual applications for pistol permits—permits that are handled by the metropolitan police.

Familiar Figure

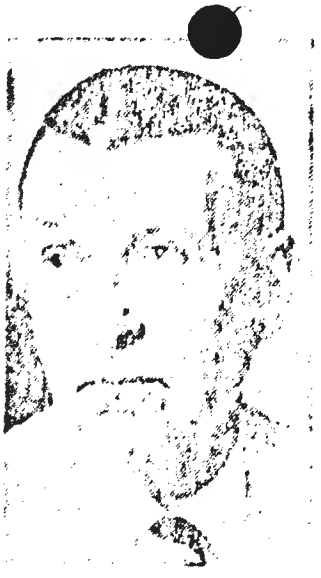
It is not known whether Sneyd is connected either with the permit section or with a shooting club. He and the department have declined to release any magazine devoted to the sport.

Galt and his wife have traveled regularly to the United States—primarily to Florida, jumping off place for his diving trips in the Bahamas. Sometimes they fly to Miami, Galt said, but often they drive, and on the motor trips they frequenty make side excursions to points of interest for their other hobbies.

Visited Memphis

One of these was an overnight visit to Memphis, in July or August of 1966, Galt said. They were "hitting the rock shops" and stayed overnight in a Memphis motel.

One curious point that suggests the origin of the name "Starvo" concerns the signature of the real Galt.



Until about two years ago, Galt signed his name "Eric St. V. Galt." Instead of dots after the "St" and the "V" he drew small horizontal ovals. The result resembles the middle name "Starvo" used by Ray.

This suggests that Ray or an accomplice, in deciding on the name "Eric Starvo Galt," might have seen a copy of the real Galt's signature.

The physical similarities between Galt and Ray also are striking. They are about the same height and weight. Galt, at 53, is 13 years older, but he is trim, vigorous, and looks about the same age as Ray does in his photographs.

More startling: both have inconspicuous scars on their foreheads and on the palms oof their right hands.

Galt said the only place these details have ever [illegible]

Eric St. Vincent Galt

Toronto said it is characteristic of the RCMP to question everyone close to an individual in whom they are interested, but seldom the individual himself.

Galt said he applied for a passport for the first time last November, when his mother made a trip to Scotland and he feared her ill health might require him to follow her there.

This fact is interesting because neither Bridgman nor Sneyd has ever sought a passport. If Ray had tried to use the name of a person already holding a passport, his deception might have been detected immediately, leading some observers to believe he knew the Sneyd name was safe to use in this respect.

Also, since Ray established the Galt alias before the assassination and was being sought under that name, it is to be expected that he would assume a new alias for a passport and a getaway.

When Ray asked the travel agency employe, Lillian Spencer, to secure a passport for him in Sneyd's name, she says he was aware that presentation of a birth certificate was not required. Under Canadian regulations, a person may submit a notarized statement that he is a citizen in lieu of a birth certificate.

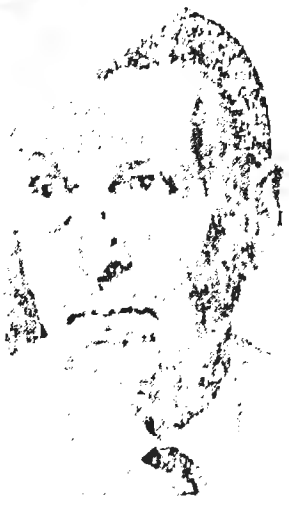
Some police officials believe Ray may not have known about this alternative when he applied for the Bridgman birth certificate. This certificate was mailed to him at 102 Ossington but was not delivered, apparently because he had already moved to another rooming house at 962 Dundas St.

Yet on May 18, a birth certificate application bearing the Sneyd name and Dundas St. address was received by the registrar-general. This certificate was issued and received by Ray, it has been reported.

There has been speculation that Ray fled the Ossington Ave. room about April 21 because his photograph had been printed in Toronto newspapers April 19.

Mrs. Yee San Loo, landlady at the Dundas St. house, said Wednesday, however, that Ray had first come to her front door on the morning of April 16. He rented the room that day, but did not move in until April 19—also in the morning—she said.

Mrs. Loo, who speaks English with some difficulty, was interviewed at length by The Times through Thomas Wu, an interpreter who works in the Toronto courts.



She noted that she had had a room for rent card in the front window of her house when Ray arrived. He was carrying only a newspaper and was wearing eyeglasses, she said.

Mrs. Loo said she never saw Ray make or receive telephone calls and there were no unexplained long distance tolls on her April bill.

Ray told Mrs. Loo he worked at night, explaining why he was often in his room during the day. Since the other roomers at 962 Dundas leave for work early in the morning and return home late, they apparently had little contact with Ray. One noted that the only time he encountered Ray, Ray made an effort to avoid him.

The fugitive did receive one visitor, however. A "large" or "fat" man of medium height came to the door one day and asked for Mr. Sneyd. Mrs. Loo said she told him

Toronto said it is characteristic of the RCMP to question everyone close to an individual in whom they are interested, but seldom the individual himself.

Galt said he applied for a passport for the first time last November, when his mother made a trip to Scotland and he feared her ill health might require him to follow her there.

This fact is interesting because neither Bridgman nor Sneyd has ever sought a passport. If Ray had tried to use the name of a person already holding a passport, his deception might have been detected immediately, leading some observers to believe he knew the Sneyd name was safe to use in this respect.

Also, since Ray established the Galt alias before the assassination and was being sought under that name, it is to be expected that he would assume a new alias for a passport and a getaway.

When Ray asked the travel agency employe, Lillian Spencer, to secure a passport for him in Sneyd's name, she says he was aware that presentation of a birth certificate was not required. Under Canadian regulations, a person may submit a notarized statement that he is a citizen in lieu of a birth certificate.

Some police officials believe Ray may not have known about this alternative when he applied for the Bridgman birth certificate almost a week earlier. This certificate was mailed to him at 102 Ossington but was not delivered, apparently because he had already moved to another rooming house at 962 Dundas St.

Yet on May 18, a birth certificate application bearing the Sneyd name and Dundas St. address was received by the registrar-general. This certificate was issued and received by Ray, it has been reported.

There has been speculation that Ray fled the Ossington Ave. room about April 21 because his photograph had been printed in Toronto newspapers April 19.

Mrs. Yee Sun Loo, landlady at the Dundas St. house, said Wednesday, however, that Ray had first come to her front door on the morning of April 16. He rented the room that day, but did not move in until April 19—also in the morning—she said.

Mrs. Loo, who speaks English with some difficulty, was interviewed at length by The Times through Thomas Wu, an interpreter who works in the Toronto courts.

She noted that she had had a room for rent card in the front window of her house when Ray arrived. He was carrying only a newspaper and was wearing eyeglasses, she said.

Mrs. Loo said she never saw Ray make or receive telephone calls and there were no unexplained long-distance tolls on her April bill.

Ray told Mrs. Loo he worked at night, explaining why he was often in his room during the day. Since the other roomers at 962 Dundas leave for work early in the morning and return home late, they apparently had little contact with Ray. One noted that the only time he encountered Ray, Ray made an effort to avoid him.

The fugitive did receive one visitor, however. A "large" or "fat" man of medium height came to the door one day and asked for Mr. Sneyd. Mrs. Loo said she called him downstairs and saw the man give Ray an envelope.

She said Ray was standing in the door taking the letter when she returned to the family apartment at the back of the house. She did not see whether the two men exchanged words and does not remember what Ray's reaction to the caller seemed to be.

Indeed, Mrs. Loo appears to have paid little attention to her solitary lodger. Using Canadian bills, he paid the $9 weekly rent in advance three times and it was not until payment for the fourth week was past due a couple of days that she visited his room and found he had gone.

Ray left behind a small, dark-blue travel bag of the type which often bears the name of an airline, but Mrs. Loo recalls no printing on it. Ray also left a map, she said, and several rolls of camera film which reportedly had not been used.

All of these articles, and perhaps others she does not remember, were taken away by detectives.

mar[illegible]f some of the evidence against Ray in Dr. King's death and information about his escape from a Missouri penitentiary while serving a sentence for armed robbery. The United States seeks extradition on both counts and must satisfy a British judge that both would be crimes under British as well as U.S. law.

Shortly after receiving the petition, the Foreign Office certified that the request falls within the terms of the extradition treaty between the two countries. It then was sent to the Home Office, which is roughly comparable to the U.S. Department of Justice, where lawyers started a preliminary screening to insure it establishes a case against Ray.

To Go to Court

It will go from there, presumably this morning, to Bow Street Magistrate's Court.

A preliminary hearing is expected in that court either today or Friday, at which time a formal hearing will be scheduled. This will probably be seven to 10 days later in order to give defense counsel an opportunity to examine the documents.

UNITED STATES GOVERNMENT

Memorandum

TO Mr. Bishop

DATE 6/19/68

FROM D. C. Morrell

SUBJECT [redacted]
COVINA, CALIFORNIA

By letter dated 6/14/68 captioned individual enclosed an article from the Los Angeles Times concerning James Earl Ray and comments that Ray was paid by the Knights of Columbus to kill Martin Luther King. He alleges Senator McCarthy wants to replace the Director with a Roman Catholic to increase the Catholic power in the United States. His entire letter is extremely critical of Catholicism.

INFORMATION IN BUFILES:

[redacted] was the victim in a civil rights investigation by the Los Angeles Office in 1956 at which time he signed a statement alleging that the city officials of the city of Pomona, California, had been acting in a manner which made it impossible for him to do business in that city; that undue delay had been caused in the construction of certain buildings on his property; he was refused a zoning variance and that certain property rights were denied him. He further alleged that when he was taken into custody by law enforcement officials following his removal of a curb with a sledgehammer he was maltreated and subsequently alleged that he did not receive a fair trial. Investigation determined that [redacted] had difficulty with the officials of the city of Pomona and seems to feel that every restrictive ordinance was passed for the primary purpose of harassing him. At the time of his arrest for destroying city property, he offered resistance and was handcuffed to be taken to the police station. No further investigation was desired by the U. S. Attorney of Los Angeles and the case was closed.

OBSERVATIONS:

Correspondent's letter indicates an extreme bias against Catholicism and the information obtained by the Los Angeles Office during their investigation would indicate an obsession with personal harassment by any governmental officials. It would serve no useful purpose to respond to his diatribe.

RECOMMENDATION:

That his letter be filed without acknowledgment.

O MURKIN

SUBJECT: The Congressional Record

Pages 87420-87423. Senator Murphy, (R) California, spoke concerning the negative faultfinding with America by certain persons and stated

"I am distressed to find that it is becoming fashionable in some circles, in fact in far too many circles, to speak of America as a 'sick society.' Certain political leaders and highly publicized opinionmakers seem to enjoy promoting the idea of a 'mass guilt' for recent tragic events." Mr. Murphy commented on the assassination of Senator Kennedy and Martin Luther King. He went on to state "it is high time that the practitioners of political hatred abroad and the prophets of gloom in the United States be put in their proper place. We are most fortunate that two alleged assassins, James Earl Ray and Sirhan Sirhan, will be brought to trial. - - - - I feel that we owe a tremendous debt of gratitude to the often maligned and frequently impeded law enforcement agencies---local, State, Federal, and even international--which have done such a masterful job in apprehending these suspects. - - - - I hope my colleagues in the Senate will join me in paying tribute to my long-time friends, Chief Thomas Redding of the Los Angeles Police Department, Sheriff Peter Pitchess of Los Angeles County, and District Attorney Evelle Younger, for the careful, proficient, and yet swift manner in which they and their men have handled the Sirhan case. I further would ask my colleagues to join me in expressing our appreciation for the magnificent work done by the men of the Federal Bureau of Investigation, directed by that great American, Mr. J. Edgar Hoover." Mr. Murphy also commended the Royal Canadian Mounted Police and Scotland Yard for their part in the capture of James Earl Ray.

Chicago files and references relating to [redacted] were carefully reviewed. In addition, on May 23, 1968, [redacted] telephonically called FBI, Chicago, Illinois, and advised he did not want to join the UKA, but would do so only upon instruction from FBI. Mr. J. Edgar Hoover

Washington, D.C.

Dear Sir:

I want to put in my five cents worth in regards to sending Ray back to Memphis for trial. I think it would be a bad mistake, for the following reasons.

Memphis is a community seething with Klan sympathisers and I feel sure a considerable number of Klansmen. Without being able to prove anything, I think it highly probable that there are klansmen on the Memphis police force. On the basis of probability alone, I think it is at least possible that the phoney police report, during the getaway, did come from a police car that was aiding in the getaway. If this possibility has not been investigated, I believe it should be. How could we have so many negro-hating white policemen and not one klansman- in Memphis?

When the Klan was organizing here, and their organization efforts publicized by the local papers, I called leading clergymen and officials, including the Chief of Police, and I wish I had their responses on tape. You would have thought the CIA were seeking a chapter. One leading clergyman, a Doctor of Divinity, told me that some of his most influential constituents were klan sympathisers.

I am a white man, have lived here 35 years, and I am still horrified by the machinations of white Protestant fascism here, the indifference to murder and all violence, when it is done for white supremacy. It has been suggested that Ray may have been hired by international conspirators. If so, you see, they could have solicited and gotten the aid of people who practice and preach violence, on the Klan plan.

Ray's Capture Stills the Sinister Rumor Mills

Another phase of the sickness of our society, of which petty, petulant cynicism and a wish to believe the worst are symptoms, was revealed by the capture of the man suspected of killing Dr. Martin Luther King. The arrest of James Earl Ray came after a really brief span of time, all things considered.

A Bible text may be helpful. Three paragraphs of it begin with Matthew 11:12:

"From the days of John the Baptist until now, the Kingdom of Heaven suffereth violence and the violent carry it away . . .

"The men who has ears to hear, he must use them.

"But how can I show what the people of this generation are like? They are like children sitting in the market place calling out to their friends, 'We played weddings for you but you would not dance, and we played funerals and you would not cry.' For John came neither eating nor drinking, and they said, 'He is a hypocrite and crazy.' Then the Son of Man came, enjoying life, and people say, 'Look, a drunkard and a glutton—the close friend of the tax collector and the sinners. . . ."

Always the doubters—the cynics, the nay-sayers, the makers of false rumors, the arousers of suspicion—refuse to accept reality.

King was murdered on April 4. The one suspect was arrested in London on June 8.

Yet, in those few weeks the most amazing, corrupting rumors, half-whispered claims of "inside information," doubts and evil reports were circulated about the Department of Justice and, more especially, the Federal Bureau of Investigation.

Some of these false accusations and wholly spurious claims of "inside reports" and manufactured rumors were set in motion by the gaggles of geese that are in all our community ponds. Others were initiated by persons of malice or by enemies of the American system. Some were set in motion seeking to make the Negro have doubt in the integrity of the Department of Justice.

The more commonly circulated false rumors and lies were these:

1. The FBI doesn't want to catch the man because the FBI didn't like King.

2. The FBI (or "the government") doesn't want to capture Ray because if he is caught there will be released something so monstrous it can't be allowed to become public.

3. The suspect is already dead. The persons who hired him to murder have already killed him to keep him from talking and the FBI knows it and wants it left that way.

4. There were other lesser, but equally silly, claims that "they" told to the gullible. These included claims that the FBI hired only Catholics. "They" also said the FBI was made up of Southerners who didn't like colored people—and so on and on, ad nauseum.

J. Edgar Hoover's rebuke to King grew out of King's repeating the charge told him by someone who claimed to "know" it was true, that the FBI was composed of red-neck Southerners who didn't try to protect civil rights workers. (When King was killed "they" spread stories he had made "millions," he had vast

amounts of insurance, and so on.

It is surprising how many persons do not understand the legalisms that restrict the FBI to investigative work connected with violations of federal law. The Bureau is not a police force. The FBI was, for example, largely impotent in the civil rights area until Congress enacted federal laws.

It is a tribute to J. Edgar Hoover and the almost incredible expertise of his bureau that they have done so tremendous a job in the area of federal law enforcement and detection. The FBI very likely is the most expert research and investigative bureau in the world. Maybe it has a peer—but no superior.

While the geese-flock known as "they" were whispering that they "knew" the FBI was not trying to find James Earl Ray, a massive force of men and research detection was at work in 50 states, in Mexico and Canada.

The gossipy geese will be quiet for a brief time—but they soon will be at it again. Nothing ever stops them—not even the truth.

Efforts to locate an FNU [redacted] Hamilton, Ohio, on 6/22/68, were unproductive.

On 6/24/68, [redacted] was located and interviewed at this address. He furnished the following information:

He is a chronic alcoholic, who receives a $79 per month pension check from the U. S. Government for a non-service connected injury, and has received this money since approximately 1956 after being discharged from the service due to extreme nervousness. He has not been employed on any regular basis since approximately 1956 and also receives a 100 % disability payment under Social Security since he is unable to work because of this nervousness. He has been in the VA Hospital at Cincinnati, Ohio, on two occasions for nervousness and his alcoholic problem, and has been confined at the VA Hospital at Chillicothe, approximately 30 times for the same reasons. He has also been committed on one occasion to the Longview Mental Hospital at Cincinnati, Ohio.

Around 12/25/67, he began to drink heavily, and around 1/2/68, after being drunk for approximately 6 days, he went to Cincinnati, Ohio, and obtained a room at the Fort Washington Hotel. He had received his $79 check from the government on 1/2/68, and after arriving at Cincinnati, he continued to drink heavily at the Bayhorse Tavern. On approximately 1/3/68, he was still drunk and had spent all of his money and spent that night in the Newport, Kentucky Jail in protective custody. He was released on 1/4/68, and again returned to the Bayhorse Tavern where he "bumed"more drinks. He met an FNU MURPHY, whom he had known at the VA Hospital at Chillicothe, and MURPHY invited him to go to Richmond, Virginia, where he knew a woman that would reportedly take care of them.

They left Cincinnati, Ohio, on 1/4/68, in an old white Ford which belonged to MURPHY. It was cold and snowing heavily, and the car's heater was inoperative. When they reached the vicinity of Winchester, Virginia, [redacted] got out of the vehicle because he was cold. MURPHY continued on towards Richmond in the automobile.

[redacted] attempted to "bum" whiskey at Winchester, Virginia, but was unsuccessful, and began to hitchhike at the outskirts of town. He was picked up by a white male driving a semi tractor and trailer, which was freshly painted a dark green. This truck had lettering on the cab's doors, but he could recall no further details about the vehicle.

On 1/5/68, he was riding in this vehicle toward Richmond, Virginia, and was asleep. He felt the driver shaking him, and when he was fully awake, he realized that the driver was very upset and was saying "hand me the gun" as he pointed toward a small green overnight bag on the seat of the cab. [redacted] handed him a nickle plated .45 automatic with black handles,and the driver, who was very upset,stated that he had just seen a car load of Negroes pass the truck and he was going to "get him some nigger bait". The driver calmed down shortly thereafter, and they stopped at a truck stop where [redacted] attempted to call, on a collect basis, his sister at Hamilton, Ohio, to obtain funds. His sister would not

accept the call. The driver of the vehicle stated that he was from California and was going to Jacksonville, Florida.

[redacted] got out of the truck at the outskirts of Richmond, Virginia, and took a bus to his brother's residence at Highland Springs, Virginia, and there obtained his Social Security check, which was being mailed to him in care of his brother. The following night he was jailed on drunk charges at Richmond, Virginia, and on approximately 1/7/68, returned to the Cincinnati, Ohio, area by train.

In April, 1968, he was confined to the VA Hospital at Chillicothe, Ohio, and while there observed photographs of JAMES EARL RAY, which appeared in the Newsweek Magazine. He immediately recognized [redacted] RAY as the driver of the green truck, with whom he had ridden on approximately 1/5/68.

He obtained his release from the hospital without mentioning this to any officials.

On 6/21 or 22/68, exact date not recalled by [redacted] he placed a telephone call to CBS in New York, New York, and told them that he had seen RAY at Winchester, Virginia. He received a telephone call later in the day from CBS, but can recall no further details concerning either of these telephone calls.

On 6/24/68, the files of the Hamilton PD were reviewed, which shows that [redacted] has had numerous drunk arrests. The files also indicate that he was charged and convicted of resisting arrest in September, 1954, and that he attempted suicide in November, 1954, by cutting his wrists. On the same date, the files of the Hamilton Credit Bureau and the Butler County SO at Hamilton, Ohio, were reviewed, but no record identifiable with [redacted] was located.

A review of Cincinnati indices show that [redacted] has contacted this office on three occasions.

In June, 1964, he appeared in a drunken condition at the office in possession of an application, and stated that he wanted to apply for "FBI work." He was immediately rejected as a very undesirable applicant.

On 7/25/66, he again appeared at the Cincinnati Office in a drunken condition, and stated that unless he was locked up for a thirty-day period, he would commit suicide. The Cincinnati PD was advised, and he was arrested by them and removed from the office.

On 5/13/68, [redacted] appeared at the office and again had been drinking prior to his arrival. He talked to the Complaint Clerk, after demanding a sound-proof room for interview purposes, about non-specific information which made little if any sense. When questioned further in an effort to make some sense out of his rambling conversation, he became very belligerent and left the office. He has been recommended for inclusion in the Chronic Complainant Index.

UACB, no further action being taken by Cincinnati.

The following description of [redacted] was obtained from observation and interview:

SUBJECT: MURKIN

This is the matter involving the murder of Martin Luther King, Jr., with particular reference to transporting subject Ray to the United States upon the issuance of the extradition order.

Fred Vinson, Assistant Attorney General, Criminal Division, asked that I see him as he planned to go to London tonight. He was interested in the problems incident to the transportation of the prisoner and wanted to raise certain questions.

He inquired about the type of aircraft and indicated that commercial aircraft could not be considered. He said it became a question of chartering a plane or using of military aircraft. I pointed out to him that under no circumstances would a charter plane seem acceptable. The problems attendant to any commercial aircraft, including a charter plane would certainly exist. The only logical way would, therefore, seem to be a military aircraft where departure conditions and arrival conditions would be subject to much more control.

In this connection he said that he had understood a Naval field was available at Memphis. He advised me representatives of the Bureau of Prisons had been in Memphis and had checked on the facilities of the sheriff's office. It was also ascertained that the Naval facilities would accommodate military aircra... I pointed out to him that we had checked on this and that the field could handle any size aircraft. I also advised him that there was an alternate landing point at Memphis operated by the National Guard which, of course, could be used in case of an emergency. It can handle any type aircraft.

REC- 71 4711

We discussed medical assistance on the plane en route to the United States. He asked whether Public Health Service doctors familiar with prison routine would not be desirable. I advised him that I thought a military doctor familiar with military jargon and military routine would seem preferable.

He mentioned that he had a note concerning the search of the prisoner and travel from the prison to the air field in London. He said this would have to be worked out in London. I advised him that Minich has already checked into available facilities there.

I pointed out to him that exit controls from England as well as clearance once the prisoner arrived in the United States would also have to be prearranged. He said he felt this would be no problem in England that he would work this out. Insofar as arrival in the United States, he said that he would work this out with Ray Farrell, Commissioner, Immigration and Naturalization Service.

Insofar as food, restraining devices, he assumed that we would handle this. I advised him this has already been considered and Minich is aware of this.

Vinson wanted to know how many men we plan to have in London to handle the prisoner. I advised him that Special Agent George Zeiss and Harold Light, our Assistant Special Agent in Charge at Quantico, would be available to assist John Minich in the transportation. I reiterated that I assumed this would be on a military aircraft and consequently the three Agents could devote their entire time to the handling of the prisoner during the flight.

Vinson mentioned that he was considering the manner in which he would obtain a military aircraft and he felt that the most desirable way would be to talk to the General Counsel of the Air Force whom he referred to as General Doolittle [redacted] Vinson pointed out that in this connection he had not been discussing any of the transportation with anybody in the Department and closely held his facts as to the manner in which the prisoner was going to be transported. He said he was keeping the Attorney General informed and consequently felt that it would not be desirable to contact anybody else at this point in the Air Force unless it was necessary. He said the General Counsel was responsible to the Secretary of the Air Force and would have no difficulty in getting aircraft.

I asked Vinson what steps would be taken to insure that the prisoner would be turned over to us without delay. He said this was a

CONTINUED - OVER

matter which he would handle personally and felt there would be no difficulty in getting the necessary documents, whatever they might be for such transportation.

He said it was his best judgment that the extradition would be held on 6/27/68 which would mean that the mandatory waiting period would end on 7/12/68, this is fifteen days after the hearing. The prisoner would have a right to file a request for habeas corpus during that period. If he filed it on the last day of the fifteen day period it would be 7/12/68. It would then go into the Divisional court where it would generally be disposed of within five days. There is a possibility, however, that it can still be taken further according to Vinson. The prisoner would have a right to seek an appeal to the House of Lords. This would be a rare instance and such an appeal would be similar to an appeal from our lower courts to the Supreme Court which is in the nature of a writ of certiorari.

Vinson's best guess is that the prisoner will be ordered extradited between July 15 and August 1.

Vinson indicated that he had had a question put to him about having one of Chief Holloman's men accompany the prisoner back to the United States. He wanted to know our feelings concerning this. I told him that I saw no need for extra passengers and that it would be highly undesirable to take anyone along who was not actually responsible for the transportation of the prisoner. It was also pointed out to him that by making one exception this could very well set a bad precedent and throw the doors open for other requests. It was our experience that only those persons responsible for the transportation should be part of the mission. He did not pursue this further.

He said that he had not reached a decision as to when the Sheriff's Office of Shelby County, Tennessee, would take custody of the prisoner. He said he recognized the plane could touch down at the Naval Air Station and then it would be necessary to transport the prisoner from the Naval Air Station to the jail. He said a decision would have to be made concerning this.

He said that he planned to be back in the United States in about five or six days and would then be in touch with the Bureau.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Attached is a letterhead memorandum stating that officials of New Scotland Yard have advised that subject has become more uncooperative, even with his defense counsel, and the British Attorney General has ruled that no request would be made to interview Ray to the Governor of Prisons until extradition of Ray is ordered.

REC 36 4713

The attached memorandum also sets forth results of investigation conducted by the Royal Canadian Mounted Police in Canada regarding a suit of clothing purchased by the subject at Montreal, Canada, on July 21, 1967, and investigation conducted at a dance studio. An individual at the dance studio identified a photograph of James Earl Ray as being at the dance studio in Montreal, Canada, on May 25, 1968. It is to be noted that preliminary investigation indicates that subject was in London, England, on May 25, 1968.

12 JUN 28 1968

Included in this memorandum is the statement that inquiry at the South African Embassy in Lisbon, Portugal, reveals the subject made telephone inquiry there regarding conditions for entering South Africa. The banks of Lisbon have not furnished any additional information concerning subject opening an account in a bank.

ACTION:

The attached letterhead memorandum should be forwarded to the Attorney General, Deputy Attorney General, and Assistant Attorneys General Pollak and Vinson.

ASSASSINATION OF MARTIN LUTHER KING, JR.

The following additional pertinent information is being furnished relative to the captioned case. The material set forth herein is based on preliminary information and complete details will be incorporated in reports of results of investigation.

The British Attorney General has ruled that no request would be made to the Governor of Prisons to interview subject James Earl Ray until he is ordered extradited by the British courts. The New Scotland Yard officials have advised that subject James Earl Ray has become more uncooperative, even with his defense counsel.

Investigation at the South African Embassy in Lisbon, Portugal, reveals that James Earl Ray made a telephone inquiry there regarding conditions for entering South Africa. Additional inquiry at banks in Lisbon, Portugal, regarding accounts opened by the subject have not resulted in any positive information.

The Royal Canadian Mounted Police previously advised that they had a telephone call from a dance studio, Montreal, Canada, to the effect that James Earl Ray was seen at a dance studio in Montreal on May 25, 1968. The Royal Canadian Mounted Police has advised that a person who visited the Zeda Zare Dance Studio on May 25, 1968, was definitely identified as James Earl Ray by [redacted] who is the piano player at the studio. It is noted that on May 25, 1968, the subject was allegedly in London, England.

When the subject was arrested in London, England, on June 8, 1968, among his personal effects was a suit of clothing and the name contained in the suit was Eric S. Galt. According

Galt, giving a return address of 2603 Highland Avenue, Birmingham, Alabama, and the letter states he was enclosing his address so the company could mail the suit to him at Birmingham, Alabama, as he had to leave Montreal before the suit was finished. No identification could be made of any of the photographs of James Earl Ray by the employees of this firm. Investigation is continuing by the Royal Canadian Mounted Police of all aspects of matters concerning the subject's reported activities in Canada.

The original of this pamphlet is an application with the Palmer Writers School, Minneapolis, Minnesota, which is being furnished the Bureau, and Xerox copies thereof are being furnished New Orleans and Memphis.

together with background information furnished by [redacted] the possibility exists that same may have been written by subject RAY, based upon photographic specimens of his handprinting furnished the Birmingham office by the Bureau, by Routing Slip dated June 17, 1968. This, together with the fact it is known that RAY was visiting in New Orleans on March 22, 1968, which was the date indicated the Palmer Writers School pamphlet was executed, plus RAY's known propensity for correspondence courses, makes it desirable that investigation be conducted at New Orleans, as set forth below.

TO : Mr. Conrad

DATE: 6/26/68

FROM : W. D. Griffith

SUBJECT: MURKIN

Legat London by airtel 6/24/68 and personally delivered by SA W. Martindale, General Investigative Division, submitted the following items of property taken from personal effects of James Earl Ray for Laboratory examination.

1. A scratch pad of blank paper. This pad was examined for indented writing and watermarks with negative results. The hand printed word "CETERFICATE" appears on the cover of this pad. Although a number of hand printing similarities were noted in this word when compared with Ray's hand printing indicating that it was possibly prepared by the subject, the limited nature of this hand printing precludes a definite identification of Ray as the author of this hand printing.

2. One clean and four soiled handkerchiefs. These items were examined for visible and invisible laundry marks but none were found.

3. A Wittnauer wrist watch. The back of this watch was removed, no serial number was found on the movement, no foreign material was found and there was no evidence the watch had been subjected to repair.

4. Four test bullets and four cartridge cases from a .38 Special "Liberty Chief" revolver (subject's revolver). These items were searched in the National Unidentified Ammunition File without effecting an identification.

Re: MURKIN

In addition, a TWA message slip was submitted for latent fingerprint examination. The Identification Division has advised that two latent fingerprints of value were developed on the slip but are not identical with fingerprints of James Earl Ray. This slip bears handwritten message addressed to [redacted] as follows: "Mr. Ray to meet you at T.W.A. ticket desk." It has been determined that this writing was not prepared by James Earl Ray.

The test bullets and cartridge cases from the subject's revolver are being expeditiously forwarded to Legat, Ottawa, for appropriate RCMP comparison. All other submitted items mentioned are being expeditiously returned to Legat, London, for return to Scotland Yard.

SUBJECT: MURKIN

At about 1:05 p.m., 6/27/68, Nathaniel Kossack, Assistant to Assistant Attorney General Fred M. Vinson, Jr., Criminal Division of the Department advised that at about 1:00 p.m., our time, Vinson called him from London and wanted the Bureau to know that fingerprint examiner George Bonebrake, Jr., Identification Division, testified today in London on the extradition hearing involving James Ray.

Mr. Vinson said Bonebrake did an outstanding job and was a credit to the Department. He stated that he did such a good job that there was really no cross-examination. He did say that under English law the defense attorney is able to ask questions outside of the scope of the direct examination and Bonebrake was asked all sorts of political questions. According to Vinson he handled himself extremely well and on those questions remarked that he was a finger-print examiner and that is what he was qualified to testify to.

Vinson again reiterated that he thought Bonebrake did an outstanding job and handled himself extremely well.

The Geese Are Quiet Now

Another phase of the sickness of our society, of which petty, petulant cynicism and a wish to believe the worst are symptoms, was revealed by the capture of the man suspected of killing Dr. Martin Luther King. The arrest of James Earl Ray came after a really brief span of time, all things considered.

A Bible text may be helpful. Three paragraphs of it begin with Matthew 11:12:

"From the days of John the Baptist until now, the Kingdom of Heaven suffereth violence and the violent carry it away. . .

"The man who has ears to hear, he must use them.

"But how can I show what the people of this generation are like? They are like children sitting in the market place calling out to their friends, 'We played at weddings for you but you would not dance, and we played at funerals and you would not cry.' For John came neither eating nor drinking, and they said, 'He is a hypocrite and crazy.' Then the Son of Man came, enjoying life, and people say, 'Look, a drunkard and a glutton—the close friend of the tax collectors and the sinners.'

The Doubters

Always the doubters—the cynics, the nay-sayers, the makers of false rumors, the arousers of suspicion—refuse to accept reality.

Dr. King was murdered on April 4. The one suspect was arrested in London on June 8.

Yet, in those few weeks the most amazing, corrupting rumors, half-whispered claims of "inside information," doubts and evil reports were circulated about the Department of Justice and, more especially, the Federal Bureau of Investigation.

Some of these false accusations and wholly spurious claims of "inside reports" and manufactured rumors were set in motion by the gaggles of geese that are in all our community ponds. Others were initiated by persons of malice or by enemies of the American system. Some were set in motion seeking to make the Negro have doubt in the integrity of the Department of Justice and the administration.

The more commonly circulated and false rumors and lies were these:

False Rumors

1. The FBI doesn't want to catch the man because the FBI didn't like Dr. King.

2. The FBI (or "the government") doesn't want to capture Ray because if he is caught there will be released something so monstrous it can't be allowed to become public.

3. The suspect is already dead. The persons who hired him to murder have already killed him to keep him from talking and the FBI knows it and wants it left that way.

4. There were other lesser, but equally silly, claims that "they" told to the gullible. They included claims that the FBI hired only Catholics. "They" also said the FBI was made up of Southerners who didn't like colored people—and so on and on, ad nauseum.

It is surprising how many persons do not understand the legalisms that restrict the FBI to investigative work connected with violations of federal law. The Bureau is not a police force. The FBI was, for example, largely impotent in the civil rights area until Congress enacted federal laws.

It is a tribute to J. Edgar Hoover and the almost incredible expertise of his bureau that they have done so tremendous a job in the area of federal law enforcement and detection.

While the geese-flock known as "they" were whispering that they "knew" the FBI was not trying to find James Earl Ray, a massive force of men and research detection was at work in 50 states, in Mexico and Canada. Now Ray is caught.

The gossipy geese will be quiet for a brief time—but they soon will be at it again. Nothing ever stops them—not even the truth.

ASSASSINATION OF MARTIN LUTHER KING, JR.

New Scotland Yard has advised that on June 4, 1968, an armed robbery was committed by a man with a revolver who entered the London Trustees Savings Bank, Fulham, England, and held up members of the bank staff obtaining ninety-five pounds, ten shillings (approximately $239). The man handed the bank cashier a pink paper bag on which was printed "Place all five and ten pound notes in this bag." The man was given a bundle of five pound notes. He then departed the bank and left the bag behind.

A right thumb fingerprint impression developed on the bag has been positively identified by New Scotland Yard as being identical with the right thumb fingerprint of James Earl Ray. Additionally, on the basis of interviews with the bank staff and a salesman in a tailor shop which the man entered after the robbery, all descriptions of the robber fit that of James Earl Ray. New Scotland Yard states that the evidence is sufficient to prove the robbery offence was committed by Ray.

4723

REC 6

MAILED 2

New Scotland Yard is also concerned that Ray may have committed other offenses in England, in particular a bank robbery at Plymouth, England, on May 31, 1968, where a similar modus operandi was used and the artist's conception bears a likeness to Ray. New Scotland Yard is also checking into the attempted robbery of the National Provincial Bank in London, England, on June 29, 1967, in which a similar modus operandi was used. During the ensuing chase a man was shot dead. New Scotland Yard doubts Ray was in England at that time.

22 JUL 3 1968

It is noted that Ray escaped from the Missouri State Penitentiary on April 23, 1967, and information developed to date shows he next appeared in Montreal, Canada, on July 18, 1967, using the name Eric S. Galt.

2. Investigation disclosed that RAY, known as RAMON GEORGE SNEYD, arrived in Lisbon on 5/8/68 and departed on 5/17/68 and apparently did not leave Lisbon during that period.

3. Extensive inquiry reflects that he lived at a small third-rate hotel and lived the life of a tourist. He slept most of the day and stayed up most of the night visiting cheap bars and nightclubs and picking up girls. We located one prostitute who knew subject.

The Portuguese Police are continuing their investigation by circularizing banks to determine if the subject opened a bank account or obtained a safe-deposit box during his visit in Lisbon. They are also interviewing employees of the Portuguese Airlines ticket office and members of the crew of the flight which he took from Lisbon to London for any further pertinent information. This is being followed closely and will be reported promptly upon receipt.

June 13, 1968

JAMES EARL RAY

The following investigation was conducted at Lisbon, Portugal, on June 8-12, 1968:

Sr. JOSE MANUEL DA CUNHA PASSO, Inspector of the Policia Internacional e de Defesa do Estado (PIDE - Portuguese International and State Security Police), Lisbon, on June 8, 1968, furnished the following documents:

1. Entry card executed by RAMON GEORGE SNEYA when he arrived at Lisbon Airport at 1:15 AM, May 8, 1968, via British European Airways Flight 074. The entry card showed that he was born on October 8, 1932, in Toronto, Canada; employed by an "auto agency"; a resident of 962 Dundas Street, Toronto; carrying Canadian Passport #DJ-909324, issued in Ottawa, Canada, on April 24, 1968.

2. Exit card executed by RAMON GEORGE SNEYD when he departed from Lisbon en route to London, England, on May 17, 1968, at 11:00 AM, on Portuguese Airlines Flight 450. This exit card indicated he was in possession of Canadian Passport #YT-602294, issued by the Canadian Embassy in Lisbon on May 16, 1968.

   The exit card indicated that SNEYD had been questioned by the passport inspector as to the fact that his Canadian passport issued in Lisbon on May 16, 1968, did not reflect his entry into Portugal. He then produced his original Canadian passport issued April 24, 1968, in Ottawa, which reflected his entry into Portugal on May 8, 1968. This was noted by the passport inspector on the exit card.

3. Registration card for RAMON GEORGE SNEYA at the Hotel Portugal, Lisbon, dated May 8, 1968.

Sr. PASSO advised that a careful check of entry and exit records between May 8 and 17, 1968, failed to disclose that the subject, under the name of SNEYD, had departed or re-entered Portugal between those dates. Likewise, a careful check of records since May 17, 1968, failed to reflect that he returned to Portugal at any time following his departure.

[redacted] Passport Inspector at Lisbon Airport, Lisbon, was interviewed on June 8, 1968, at the Lisbon Airport and advised that he recalled the incident when the subject departed Lisbon on May 17, 1968, since it was necessary for him to question the subject regarding his new passport and the fact that it did not reflect his entry into Portugal. He recalls that SNEYD then produced his original passport issued April 24, 1968, at Ottawa and explained that a new passport had been issued by the Canadian Embassy in Lisbon on May 16, 1968, since the original passport contained a misspelling of his name as SNEYA rather than SNEYD.

[redacted] stated that he was satisfied with the subject's explanation and noted that his original passport had been properly cancelled by the Canadian Embassy, but he had been advised to retain it since it reflected his entry into Portugal. [redacted] recognized a photograph of the subject from his original passport application at Ottawa.

[redacted] of the Canadian Embassy, Lisbon, was contacted and interviewed. He furnished the application executed by SNEYD on May 16, 1968, for a replacement passport. He stated that SNEYD had come to the Embassy explaining that his original passport issued April 24, 1968, at Ottawa, Canada, had a misspelling of his name as SNEYA rather than SNEYD and that this had caused confusion. He requested advice as to how this could be rectified. [redacted] decided to issue a replacement passport gratis in the name of SNEYD.

[redacted] stated that the subject produced a copy of an original birth certificate showing his birth as October

8, 1932, at Toronto, Canada. The original passport application executed by SNEYD reflected his date and place of birth as October 8, 1932, at Toronto, Canada, and gave his residence as 962 Dundas Street, Toronto, Canada. It indicated that a replacement passport, #YT-602294, was being issued in Lisbon to replace the original passport, #DJ-909324, issued in Ottawa on April 24, 1968, since the original passport contained a typographical error which had caused some confusion in the past. There was attached to the passport application an affidavit executed by SNEYD to the effect that there was no guarantor in Lisbon who could vouch for his identity, since he was there alone on vacation as a tourist. He did not give any local residence.

[redacted] advised that he did not engage in a lengthy conversation with the subject but interviewed him briefly and authorized the issuance of a new passport since he was convinced by the presentation of the birth certificate as to the subject's identity as a Canadian citizen. He stated that the passport application had been handled by [redacted] a Consular Assistant in his office.

[redacted] who was vacationing at a distant location in Portugal, was interviewed by telephone from Lisbon on June 8, 1968. She stated that when she assisted SNEYD in executing his passport application, he said he was staying in Lisbon only one or two days and debated whether to bother to change his passport because he "did not want to spend all of his time waiting around the Embassy." A new passport was issued the day after he first came in. It is noted that the passport photograph does not identify the photographer. [redacted] stated she may have referred RAY to Foto Lusitania to have the photographs taken, but she could not definitely recall whether or not she had done so.

[redacted] advised that subject displayed a Canadian birth certificate in the name of RAMON GEORGE SNEYD. He needed a great deal of help in filling out the application, leading [redacted] to believe he did not have a good education. She also advised that he had a rather unusual accent for a Canadian. She cancelled the passport issued at Ottawa by stamping it cancelled on each page and clipping one inch from each of the inside pages.

JAMES EARL RAY

Sr. PASSO advised that Foto Lusitania, Parc Mayer, Lisbon, had been contacted on June 11, 1968. They recognized the photograph of the subject and recalled that he had been referred there by the Canadian Embassy on May 16, 1968, for passport photographs. They took his photograph and he purchased several copies (six is the usual number). They considered this a normal routine transaction and nothing out of the ordinary was noted.

[redacted] Hotel Portugal, 4 Rua Joao das Regras, Lisbon, advised on June 9, 1968, that the subject registered under the name of RAMON GEORGE SNEYA on May 8, 1968, and departed on May 17, 1968. This is a small, inexpensive hotel. The registration book maintained by the hotel reflects the dates of his arrival and departure and indicates his occupancy of the room during that entire period. The registration book reflects (probably taken from his passport) that his nationality is Canadian and he is 36 years of age.

[redacted] advised that it was his impression that the subject resided there as a tourist. He was not particularly friendly with any other clients of the hotel. He slept late during the day and stayed out late at night. [redacted] advised that it was his impression that the subject was spending his time in bars or nightclubs where he could pick up girls, since on at least two occasions he attempted to bring girls into his room and when the hotel refused to permit him to do so, he departed with the girls and stayed out for the entire night. [redacted] stated that he did not know the identity of the girls whom SNEYD brought to the hotel.

[redacted] advised that at the time of his departure on May 17, 1968, he paid cash for the last three days, having previously been billed for his first week of occupancy. He recognized the subject's passport photograph taken at the time of the issuance of his original passport in Canada and stated that subject did not wear the glasses constantly during his stay at the hotel.

Sr. PASSO advised that on the night of June 9, 1968, Inspector [redacted] of the PIDE visited numerous nightclubs and bars of the type which the subject may have frequented, in an effort to obtain further specific

information as to his contacts, associates and activities. Inspector [redacted] visited the following bars and nightclubs:

Texas Bar
Arizona Bar
Niagara Bar
California Bar
Europa Bar
Atlantico Bar
Bolero Bar
Maxime's Nightclub
Galo Bar and Nightclub
Fontoria Nightclub
Tagide Nightclub
Nina Nightclub

Inspector [redacted] interviewed approximately 60 individuals, including doormen, managers, bartenders, bar girls and prostitutes. He displayed the subject's photograph in all instances to determine if the subject was known and, if so, the extent of the contacts. Inspector [redacted] advised that subject had visited the Texas Bar on two occasions alone and had purchased beer on each occasion. He had not remained for more than an hour. The same was true at the Niagara Bar. There were various individuals in the other bars contacted who vaguely thought they recognized his photograph but could furnish no specific information.

At the Bolero Bar, the proprietor indicated that the subject had come there on two occasions at approximately midnight and had remained there until 2:00 or 3:00 AM drinking beer. He was alone and quiet and attracted no special attention.

At Maxime's Nightclub, [redacted] a prostitute, advised that she had met the subject when he had visited there one night. She spent several hours with him in the nightclub and then went out and spent the night with him. She advised that she does not speak English and he did not speak Portuguese and, therefore, they spoke "only the international language of love." She declined to say where she had spent the night with him, but did advise that he insisted on presenting her with gifts rather than paying her in cash since this made the transaction less commercial. He, therefore, presented her with a dress and stockings in payment for her services. She has not seen nor heard from the subject

again. She could not recall specifically the date when she met him and could furnish no further pertinent information. She reiterated that the conversation was very limited.

At the Galo Bar, [redacted] recognized the subject's photograph and stated that he had visited this bar on two occasions and had bought her drinks on each occasion. She likewise speaks practically no English and, therefore, the conversation was very limited. On each occasion, he spent one or two hours drinking beer and departed alone. No further pertinent information was available from this source.

At the Fontoria Nightclub, the subject was vaguely known by various employees. One Spanish girl, not further identified, stated that the subject had purchased her beer during a visit when he stayed there for one or two hours. No further specific information was available from this source.

It was noted that at the time of the subject's arrest in London, England, he had in his possession a timetable of South African Airways on which Salisbury, Rhodesia, was checked.

Sr. PASSO advised on June 11, 1968, that the South African Airways office in Lisbon had been contacted. One employee, not further identified, vaguely recognized the photograph of the subject as a person who may have made inquiry, but he was not certain as to this. He stated that numerous persons enter the South African Airways office and that no particular note is made of the transaction unless something unusual occurs. He may have inquired for a timetable, but the employee does not specifically recall this. There is no record of any travel having been purchased by SNEYD at this office.

Sr. PASSO also advised that inquiry had been conducted at the Rhodesian Mission in Lisbon. Employees there failed to recognize the subject's photograph and there was no record of any inquiry having been made by him.

Since the British press indicated that an inquiry had been received at the Biafra office in Lisbon from an individual who requested information as to going to Biafra as a white mercenary, Sr. PASSO was requested to make inquiry

at the Biafra office.

Sr. PASSO advised that the Biafra office, which is located at 16 Avenida Torre da Belem, Lisbon, does not ordinarily receive inquiries from prospective white mercenaries. He stated that the purpose of this establishment is probably to purchase arms throughout Europe and to handle their transit through Lisbon en route to Biafra. He stated that inquiry there had failed to reflect that the subject had made any inquiries there.

It was also noted that the British press had indicated that the subject had made some inquiries in London of a British reporter regarding the possibility of going to Angola, a Portuguese possession in Africa, as a white mercenary.

Inquiry was made of Sr. PASSO regarding this possibility. He advised that there are no white mercenaries fighting in Angola. He also advised that no foreigner is allowed to enter Angola without the specific permission of the Portuguese authorities.

Since information was received indicating that the subject had converted South African money into British money in London, inquiry was conducted in Lisbon to determine if he had purchased South African currency at the Lisbon Airport.

[redacted] Lisbon Airport, failed to recognize a photograph of the subject. He also displayed the photograph to several employees of the bank, who likewise failed to recognize the photograph. They explained that they handle numerous exchange transactions and they do not necessarily note an individual's appearance.

In all of the above inquiries particular attention was given to attempting to determine if the subject was alone or was accompanied by other individuals. It was ascertained that he was alone in all instances, except those described above.

During the early stages of this investigation the subject was determined to have lived at a boarding house in Birmingham, Alabama, during August and September, 1967. An intensive investigation was conducted in connection with his residence, and it was necessary to check telephone records for the period of time he resided at this boarding house. In addition to this, public telephone booths in the area which were available to the subject were noted, and long distance telephone calls placed from these phone booths were checked.

[redacted] Southern Bell Telephone and Telegraph Company and an SAC Contact of this office, was requested to discreetly make these checks for this office. Due to the urgency of the matter, it was necessary to contact him during the late evening hours, and he immediately came into his office and personally checked these calls himself. During this period of time [redacted] was extremely busy since his company was having union troubles and preparations were being made for a strike. He gave generously of his time and expressed a willingness to assist us in any hour of the day or night. It was again necessary to call on him on a weekend, and he again came to the office and made checks for us.

The Bureau is requested to direct a letter of appreciation to [redacted] Southern Bell Telephone and Telegraph Company, 441 Phoenix Building, Birmingham, Alabama 35203, his immediate supervisor, advising him of the excellent cooperation

On 6/21/68 ARTHUR J. HANES and his son, who practices law with him, visited Scotland Yard where they saw a Chief Inspector. We have been advised in confidence that HANES requested an interview with RAY and was told he could not see him. He was asked the source of his fee and replied that he expected to collect his fee from RAY. When he was told that RAY is practically without funds, he apparently lost interest in seeing him and requested that RAY be given HANES' business card, on the back of which he wrote, "Dear Mr. Sneyd. We made an effort to see you but will see you immediately upon arrival in the USA."

In the transistor radio in the possession of RAY at the time of his arrest was a torn piece of paper jammed against the battery, apparently to hold the battery right. This paper has parts of notations, apparently in RAY's handwriting, as follows: "Consul for ", "Then Writ" "Portuguese know about" "MERIUND". It would appear likely that these notes pertain to RAY's efforts to go to Africa as a mercenary. Chief Inspector [redacted] has determined that "MERIUND" is meaningless to [redacted] and [redacted]

REC-51 4727

[redacted] has advised New Scotland Yard that the organization in Brussels known as CRISP, which is mentioned in [redacted] previously submitted statement, is a research organization that attempts to keep track of mercenaries in Africa. [redacted] mention to RAY of CRISP and [redacted] who is connected with CRISP, was in the context of suggesting a possible means of locating RAY's brother whom RAY had alleged was a mercenary in Angola and missing. In this regard it is noted that [redacted] did not provide RAY with the address of the above individual or organization.

It was alleged that when RAY left the Pax Hotel on the morning of his arrest he carried a small flight bag over his shoulder and no other luggage. When arrested he had no luggage, having already checked one suitcase to Brussels. This suitcase was recovered by Scotland Yard and is a square, plaid, fabric zipper bag somewhat larger than the usual "two-suiter".

Scotland Yard conducted an exhaustive search of all baggage rooms and lockers in London without locating any luggage identifiable with RAY. All indications are that at the time of his arrest RAY was on his way to Brussels for the purpose of making the necessary contacts to go to Africa as a mercenary and it would therefore seem unlikely that he was leaving anything of value behind.

An examination of RAY's airline tickets shows that the number of pieces and weight of luggage was not entered on the ticket for the flight from Toronto to London. From London to Lisbon he checked one piece weighing 12 kilos (26.46 pounds). On the return flight fromLisbon to London he checked one piece weighing 15 kilos (33.07 pounds); and on the intended flight to Brussels he checked one piece weighing 13 kilos (28.66 pounds). Scotland Yard has advised that his bag in its present condition weighs 28 pounds and 12 ounces. A raincoat he was carrying when arrested weighs an additional two pounds. Articles removed from his bag for his use in prison, not counting what he actually wears, consist of a suit, a shirt, a pair of socks, an undershirt and a pair of shorts, having a total estimated weight of 3 pounds.

Scotland Yard has advised that airline employees often fail to take time to precisely weigh luggage unless overweight charges are involved (the allowance is 20 kilos) and they often estimate the weight while the scale is fluctuating. This could readily account for an error of one or two kilos. It is noted that his raincoat may have been in the suitcase on the flight from Lisbon to London; therefore it is not apparent that any of his personal effects are missing.

The Atlantic edition of "TIME" Magazine, 6/21/68, has been withdrawn from sale in England because of an article on Pages 22-23 captioned "RAY's Odd Odyssey." This article includes details of the subject's prior criminal activities as well as a detailed summary of this case and his activities since July, 1967. Publication of such material concerning a defendant under pending charges is strictly prohibited by British law.

In removing outdated messages from their bulletin board at Heathrow International Airport, London, TWA noted that one of their message forms dated 5/28/68, at 8:00 AM, was addressed to [redacted] Flight 700 on 5/27/68, advising [redacted] that "Mr. RAY will meet you at TWA ticket desk." Scotland Yard believes that the message is in the handwriting of a TWA employee but all TWA employees have been contacted without identifying the person taking the message and without developing any information concerning [redacted] "Mr. RAY" or the subject.

TWA Flight 700 is from Kennedy Airport, New York, to London. The name [redacted] does not appear on the passenger list of Flight 700 on 5/27/68 and no record could be found of [redacted] arrival in London.

Enclosed is the original message which should be examined for latent fingerprints to be compared with the subject's fingerprints. Also enclosed is the passenger list for TWA Flight 700, 5/27/68. New York should check with TWA for any information regarding [redacted] and determine if he has any connection with the subject. Since [redacted] is an uncommon name, apparently of Indian or Pakistani origin, INS records should also be checked.

The following items of property have been taken from the subject's personal effects and are being separately submitted for Laboratory examination:

(1) A scratch pad to be examined for indented writing.

(2) One clean and several soiled handkerchiefs to be examined for flourescent laundry marks.

(3) Wittnauer Wristwatch. The back should be removed from the watch to obtain the serial number and any possible foreign material.

(4) Test bullets fired from subject's revolver to be checked against any available bullets recovered from unsolved crimes.

The above property, with the exception of the test bullets, should be immediately returned to Legat, London for

return to Scotland Yard. The test bullets should be forwarded Legat, Ottawa, for appropriate RCMP comparison with any unidentified bullets they may have.

Reairtel 6/24/68 from Legat, London, submitting items of property taken from personal effects of James Earl Ray for laboratory examination and TWA message slip for latent fingerprint examination. These items were personally delivered by SA W. Martindale, General Investigative Division.

The scratch pad of blank paper was examined for indented writing and watermarks with negative results. The hand printed word "CERTIFICATE" appears on the cover of this pad. Although a number of hand printing similarities were noted in this word when compared with Ray's hand printing indicating it was possibly prepared by subject, limited nature of this hand printing precludes definite identification of Ray as author of this hand printing. The five handkerchiefs were examined for visible and invisible laundry marks but none were found. Regarding the Wittnauer wrist watch, the back of this watch was removed, no serial number was found on the movement, no foreign material was found and no evidence watch had been subjected to repair. The four test bullets and four cartridge cases from a .38 Special caliber "Chief" revolver, serial number 715, were compared with all similar specimens in the National Unidentified Ammunition File without effecting an identification.

The TWA message slip was examined for latent fingerprints. Two latents of value were developed but these are not identical with fingerprints of James Earl Ray. It was also determined that writing on this slip was not

STATEMENTS "I FEEL SO TRAPPED" AND "OH GOD". IN AFTERNOON SESSION MAGISTRATE CAUTIONED RAY AS TO HIS RIGHTS AND RAY AFTER CAUTION STATED HE WANTED TO COMMENT ON SUPT. BUTLER'S TESTIMONY AS HE THOUGHT THE TESTIMONY FALSE. RAYS CONSUL SAID HE CONSIDERED DIFFERENCES IMMATERIAL; HOWEVER RAY REPLIED HE WANTED TO TELL HIS SIDE OF STORY. AFTER TEN MINUTE RECESS WITH COUNSEL, COUNSEL SPOKE FOR RAY STATING RAY DISAGREES WITH LARGE PART OF EVIDENCE GIVEN BY BUTLER. IN PARTICULAR HE WANTED IT STATED MOST EMPHATICALLY HE DID NOT STATE "I FEEL SO TRAPPED" NOR "OH GOD". NOR DID HE COLLAPSE IN HIS CELL IN MANNER DESCRIBED. RAY WANTED IT TO BE KNOWN HE MADE NO STATEMENT TO ANY POLICE OFFICER AND THAT HE HAD REFUSED TO SIGN FINGERPRINT FORM. COUNSEL SAID HE WAS NOT MAKING APPLICATION FOR RECALL OF BUTLER.

DEFENSE THEN CALLED ON A LONDON TIMES CORRESPONDENT, PETER HOPKIRK, WHO HAD BEEN SUBPOENAED FOR DEFENSE. HOPKIRK TESTIFIED RE TIME SPENT IN AMERICA AND THE AMERICAN SCENE, POINTING OUT HE HAD BEEN IN MEMPHIS DAY AFTER KING WAS KILLED. COUNSEL LED HIM THROUGH SERIES OF SITUATIONS CONCERNING WHETHER OR NOT KING LIKED OR DISLIKED BY WHITES IN THE SOUTH, ETC. MAGISTRATE AGAIN INTERRUPTED DURING THIS TESTIMONY TO POINT OUT THAT MUCH OF WHAT COUNSEL WAS STATING WAS COMMON KNOWLEDGE, AT LEAST TO EDUCATED PEOPLE. MAGISTRATE ALSO POINTED OUT IT WAS OBVIOUS THE DEFENSE WAS TRYING TO MAKE POLITICAL FIGURE OUT OF KING IN ORDER TO MAKE A CASE THAT RAYS EXTRADITION BEING SOUGHT AS A POLITICAL REFUGEE.

END PAGE THREE

PAGE FOUR FROM LEGAT LONDON

RAY THEN TOOK STAND AND MADE STATEMENT NOT UNDER OATH OR AFFIRMATION WHICH PRECLUDED ANY CROSS EXAMINATION BY COUNSEL FOR STATE CONCERNED. IN ANSWER TO QUESTIONS BY HIS COUNSEL RAY ADMITTED TO HIS ARREST AT LONDON AIRPORT ON JUNE EIGHT LAST. HE STATED HE DID NOT KNOW KING PERSONALLY, HAD NEVER MET KING AND HAD NVER HAD GRUDGE AGAINST KING. IN ANSWER TO COUNSEL'S QUESTION "DID YOU KILL DR. MARTIN LUTHER KING, JR." HE REPLIED "NO". THESE QUESTIONS AND ANSWERS WERE REDUCED TO WRITING BY COURT REPORTER AND WHEN RAY ASKED IF HE WISHED TO SIGN IT, HIS COUNSEL INSTRUCED HIM NOT TO SIGN STATEMENT.

DEFENSE COUNSEL IN COMMENCING SUMMATION DEALT WITH APPLICATION FOR EXTRADITION BY MISSOURI FOR ROBBERY WITH VIOLENCE. HE WENT INTO LENGTHY DISCOURSE, CITING VARIOUS AUTHORITIES IN EFFORT TO ESTABLISH THAT ROBBERY WITH VIOLENCE DOES NOT MEET DEFINITION OF ROBBERY AS STATED IN EXTRADITION TREATY. HE THEN CITED VARIOUS AUTHORITIES DEALING WITH POLITICAL CHARACTER OF EXTRADITION FOR VARIOUS OFFENSES AND WHETHER OR NOT OFFENSE HAS BEEN COMMITTED IN THE POLITICAL CONCEPT. HE ALSO DWELT UPON WHETHER BURDEN OF PROOF TO SHOW POLITICAL CHARACTER OF OFFENSE RESTS ON DEFENSE OR PROSECUTION. HE POINTED OUT THAT ONE REASON HE REQUESTED RAY TO MAKE STATEMENT WAS TO SHOW RAY HAD NO CAUSE FOR PRIVATE REVENGE OR PERSONAL MALICE TOWARD KING.

COURT ADJOURNED FOUR: FOUR FIVE PM AND MAGISTRATE STATED WOULD REMAND RAY ON ALL COUNTS UNTIL JULY TWO NEXT. HE THEN ASKED BOTH COUNSELS IF THEY FELT THEY COULD FINISH IN ONE DAY AND BOTH RESPONDED YES.

SUBJECT MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Special Agent Wilbur L. Martindale, assigned to the General Investigative Division, returned from special assignment in London on June 25, 1968, and personally delivered some items of property of James Earl Ray for FBI Laboratory examination. These items were in possession of Ray when he was apprehended by British authorities on June 8, 1968, at London, England, were given to us in complete confidence and they are being returned to British authorities. The following items were examined:

1. ITEM SUBMITTED: A scratch pad of blank paper.

LABORATORY FINDINGS: This pad was examined for indented writing and watermarks with negative results. The hand printed word "CETERFICATE" appears on the cover of this pad. Although a number of hand printing similarities were noted in this word when compared with Ray's hand printing indicating that it was possibly prepared by the subject, the limited nature of this hand printing precludes a definite identification of Ray as the author of this hand printing.

2. ITEM SUBMITTED: One clean and four soiled handkerchiefs.

REC- 51 4732

LABORATORY FINDINGS: These items were examined for visible and invisible laundry marks but none were found.

3. ITEM SUBMITTED: A Wittnauer wrist watch.

LABORATORY FINDINGS: The back of this watch was removed, no serial number was found on the movement, no foreign material was found and there was no evidence the watch had been subjected to repair.

REL:bjf
(9)

CONTINUED - OVER

4. ITEM SUBMITTED: Four test bullets and four cartridge cases from a .38 Special "Liberty Chief" revolver (subject's revolver). We previously traced this weapon from the manufacturer in Japan to the person who sold it to Ray in Birmingham, Alabama, in October of 1967.

LABORATORY FINDINGS: These items were searched in the National Unidentified Ammunition File without effecting an identification.

In addition, a Trans World Airlines message slip was submitted for latent fingerprint examination. The Identification Division has advised that two latent fingerprints of value were developed on the slip but are not identical with fingerprints of James Earl Ray.

Mr. Nigel Maw, the British solicitor who is handling the extradition of Ray advised the legal attache in London that he is in receipt of a letter bearing the letterhead: "GULLETT, STEEL, SANFORD & WHITE, 17th Floor, Life and Casualty Building, Nashville, Tennessee." This letter is signed by "B. B. GULLETT" and the letter advises Mr. Maw that Mr. Gullett has been advised by the Governor of Tennessee that Maw is handling the extradition matter, and Gullett and his wife are scheduled to arrive in London on July 10, 1968, staying at the Mayfair Hotel until July 15, 1968. Gullett in his letter indicates he is a member of the Tennessee State Legislature, and he would like to have a conference with Mr. Maw, have lunch and visit an English court.

Mr. Maw has handled many extradition matters for the United States Embassy and has been extremely cooperative with our legal attache in London and he desires to be furnished any information the Bureau may have concerning Mr. Gullett.

It has been determined that B. B. Gullett is an attorney, admitted to the Tennessee State Bar in 1927 and has been a practicing attorney since that time. Former associates of Gullett include Federal Judge Harry Phillips currently a member of the United States Sixth Circuit

Court of Appeals and Weldon White, a member of the Tennessee State Supreme Court prior to his death. Gullett was a member of the Tennessee State Senate from Davidson County, Tennessee, was President of the Tennessee Bar Association in 1967, and is presently active in work of the American Bar Association and Tennessee State Bar Association. The United States Attorney in Memphis and the Director of the Tennessee Bureau of Criminal Identification have advised that Gullett and associates are highly reputable attorneys in the Nashville area and are well regarded by associates in Tennessee. Our records contain no derogatory information concerning Gullett or any members of his law firm. This information will be forwarded to our legal attache in London for appropriate dissemination to Mr. Maw.

The extradition proceedings of subject Ray commenced in British court in London today and the court has set aside three days for this hearing.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

In connection with the extradition hearing of subject James Earl Ray in London on June 27, 1968, defense called on a London Times Correspondent Peter Hopkirk, who had been subpoenaed for the defense. Hopkirk testified that he spent time in America and pointed out he had been in Memphis the day after King was killed. The counsel lead Hopkirk through a series of situations concerning whether or not King was liked or disliked by whites in the South. The Magistrate interrupted during this testimony to point out that much of what the counsel was stating was common knowledge, at least to educated people. The Magistrate also pointed out it was obvious that defense was trying to make a political figure out of King in order to make a case that Ray's extradition was being sought as a political refugee.

The defense counsel in commencing with summation dealt with application for extradition by Missouri for robbery with violence. He went into a lengthy discourse citing various authorities in an effort to establish that robbery with violence does not meet the definition of robbery as stated in the extradition treaty. He cited various authorities dealing with the political character of extradition for various offenses and whether or not the offense has been committed in the political concept. The defense pointed out that one reason he requested Ray to make a statement was to show Ray had no cause for private revenge or personal malice towards King.

REC- 51 4740

The court adjourned at 4:45 p. m. on June 27, 1968, and the Magistrate stated he would remand Ray on all counts until July 2, 1968. He then asked both counsels if they felt they could finish in one day and they both responded yes.

Memo Rosen to DeLoach
RE: MURKIN

Prior to the extradition hearing of subject Ray, he was remanded on the local charges of possessing a firearm and improper passport to July 8, 1968.

George J. Bonebrake, Fingerprint Examiner assigned to our Identification Division, testified at the extradition of Ray in London, England, on June 27, 1968. He is departing London and is scheduled to arrive today (June 28, 1968) at Dulles International Airport, Washington, D. C., at 4:40 p. m.

Assistant Attorney General Fred M. Vinson, Jr., previously planned to depart London today; however, he indicated he may stay over until July 2, 1968, on the basis of the fact it appears that defense counsel was laying groundwork for appeal to Queen's Bench on the ground that this is a political extradition. It is conceivable that the rejection of question of defense of robbery by violence could be a basis for further appeal from Queen's Bench Court to the House of Lords on the question of British law.

Our Legal Attache in Paris advises that the Portuguese Police authorities have completed investigation at the Lisbon, Portugal banks regarding subject Ray opening an account at the banks and they have located absolutely no information that Ray did any banking business while in Lisbon. Portuguese authorities further advised that subject Ray paid cash for his ticket from Lisbon to London, England, on May 17, 1968.

A news release from London appearing in a Memphis newspaper, indicates that a chief witness against subject James Earl Ray is one Charlie Stephens. It is noted that Stephens resided in the same rooming house as Ray at Memphis on April 4, 1968, and furnished us information. As a result of this news article, the local reporters in Memphis have made efforts to locate Charlie Stephens at a rooming house where he formerly resided. Numerous inquiries were received at our Memphis Office as to the whereabouts of Charlie Stephens and all inquiries were answered with no comments. Our Memphis Office advises that Stephens is currently residing with relatives in an adjoining state and his whereabouts is known to our Memphis Office.

NOTE:

On 6/15/68, [redacted] Racine, Wisconsin, confidentially advised that on 6/11/68, at about 10:42 p.m. a male caller placed calls to three numbers in North Carolina. In one call the caller indicated his name was "Robert" and in another he stated "I have got to have money, a whole lot of money to get out of the country. I am going to call back tomorrow night. You tell the Klan (phonetic) to get me some money or I am going to blow this thing sky high. When they get Ray back in this country, he will spill his guts." [redacted] had impression caller was referring to James Earl Ray.

Charlotte checked the numbers out and the background on the persons involved. This check indicated the caller may have been [redacted] the black sheep of a family that has an otherwise good reputation in the Lenoir, North Carolina area. The family members and operator of a local used car lot to whom the telephone numbers are listed denied that they received any call from [redacted] or any other long distance calls during the week of 6/9-16/68. Charlotte advises that it has no information indicating Klan activity on the part of these individuals, and they appeared to be frank during interviews.

The MI Office has requested authority to check appropriate long distance toll records in an effort to resolve this matter. Milwaukee being authorized in line with this airtel in view of the fact that every effort must be made to run out any possibilities of a conspiracy.

JAMES EARL RAY

On June 27, 1968, [redacted] Canadian Embassy, Lisbon, Portugal, advised that an examination of the visitors book there disclosed that the subject had signed the visitors book on May 13, 1968, as RAMON SNEYD. In addition to his signature, he listed the Hotel Portugal as his local address, Ottawa as his home address, and stated that he planned to stay in Lisbon seven days. The receptionist at the Canadian Embassy and other Embassy employees were unable to furnish any details regarding subject's visit to the Embassy on May 13, 1968.

It is noted that Sr. JOSE MANUEL DA CUNHA PASSO of the Policia Internacional e de Defesa do Estado (Portuguese International and State Security Police - PIDE), Lisbon, had previously advised on June 22, 1968, that inquiry at the South African Embassy in Lisbon had succeeded in locating an employee who had received a telephone call from the subject using the name RAMON GEORGE SNEYD on an undetermined date during his visit in Lisbon.

However, a report received from Sr. PASSO on June 28, 1968, stated that the subject visited the South African Embassy and that an employee of the Embassy recognized his photograph. The report states that RAY did not furnish any name and spoke English with an American accent. He asked what the entrance requirements were if he wished to go to South Africa. He was informed that if he was an American citizen he would be required to obtain a visa and he answered that he was not American but was a Canadian national. He was advised of the requirements needed and stated that he wanted to go to South Africa to make inquiries and to endeavor to trace his brother who had left home a few years ago and had

44-38861-

not been heard of again. He said that he did not know where in Africa his brother was but had last heard that he was in the Congo. The subject also asked whether there was any organization in South Africa which had connections with mercenaries in Africa and which might be able to assist him in tracing his brother. He was informed that the recruiting office for mercenaries which at one time existed in Johannesburg, South Africa, had been closed and the Embassy had no knowledge of any organization in South Africa that might be able to help him. The subject left the Embassy without further questions and gave no indication as to his future plans.

It is also noted that Sr. PASSO had previously advised that inquiry at the Rhodesian Diplomatic Mission in Lisbon for information regarding any contact by RAY there had resulted negatively. However, he advised in his report received on June 28, 1968, that further inquiry at the Rhodesian Diplomatic Mission revealed that RAY visited there between May 8 and 11, 1968, the exact date not determined. He produced a valid Canadian passport in the name of SNEYD and inquired if he could be assisted in contacting his brother who he claimed was serving as a mercenary in Angola, a Portuguese possession in Southern Africa. He specifically requested an address in Salisbury, Rhodesia, to which he could forward correspondence to his brother. He was obviously seeking the address of an organization in Salisbury which may recruit mercenaries. The answer to his inquiry was negative and he posed a number of questions regarding immigration to Rhodesia.

Sr. PASSO advised in his report that all banks in Lisbon have been canvassed for any information regarding an account, safe-deposit box or any banking transaction of JAMES EARL RAY under this name and his aliases with negative results.

The PIDE conducted inquiry at the Banco Totta Alianca of Lisbon regarding an inquiry received by a Chicago bank regarding one [redacted] An official of the Banco Totta Alianca informed PIDE that the request made to the La Salle National Bank of Chicago, Illinois, was based upon a request received by the Banco Totta Alianca from a Portuguese firm known as "ALAR - Empresa Iberica de Material Aeronautico." This firm informed the bank that [redacted] is a man about 50 years of age and a partner in two companies known

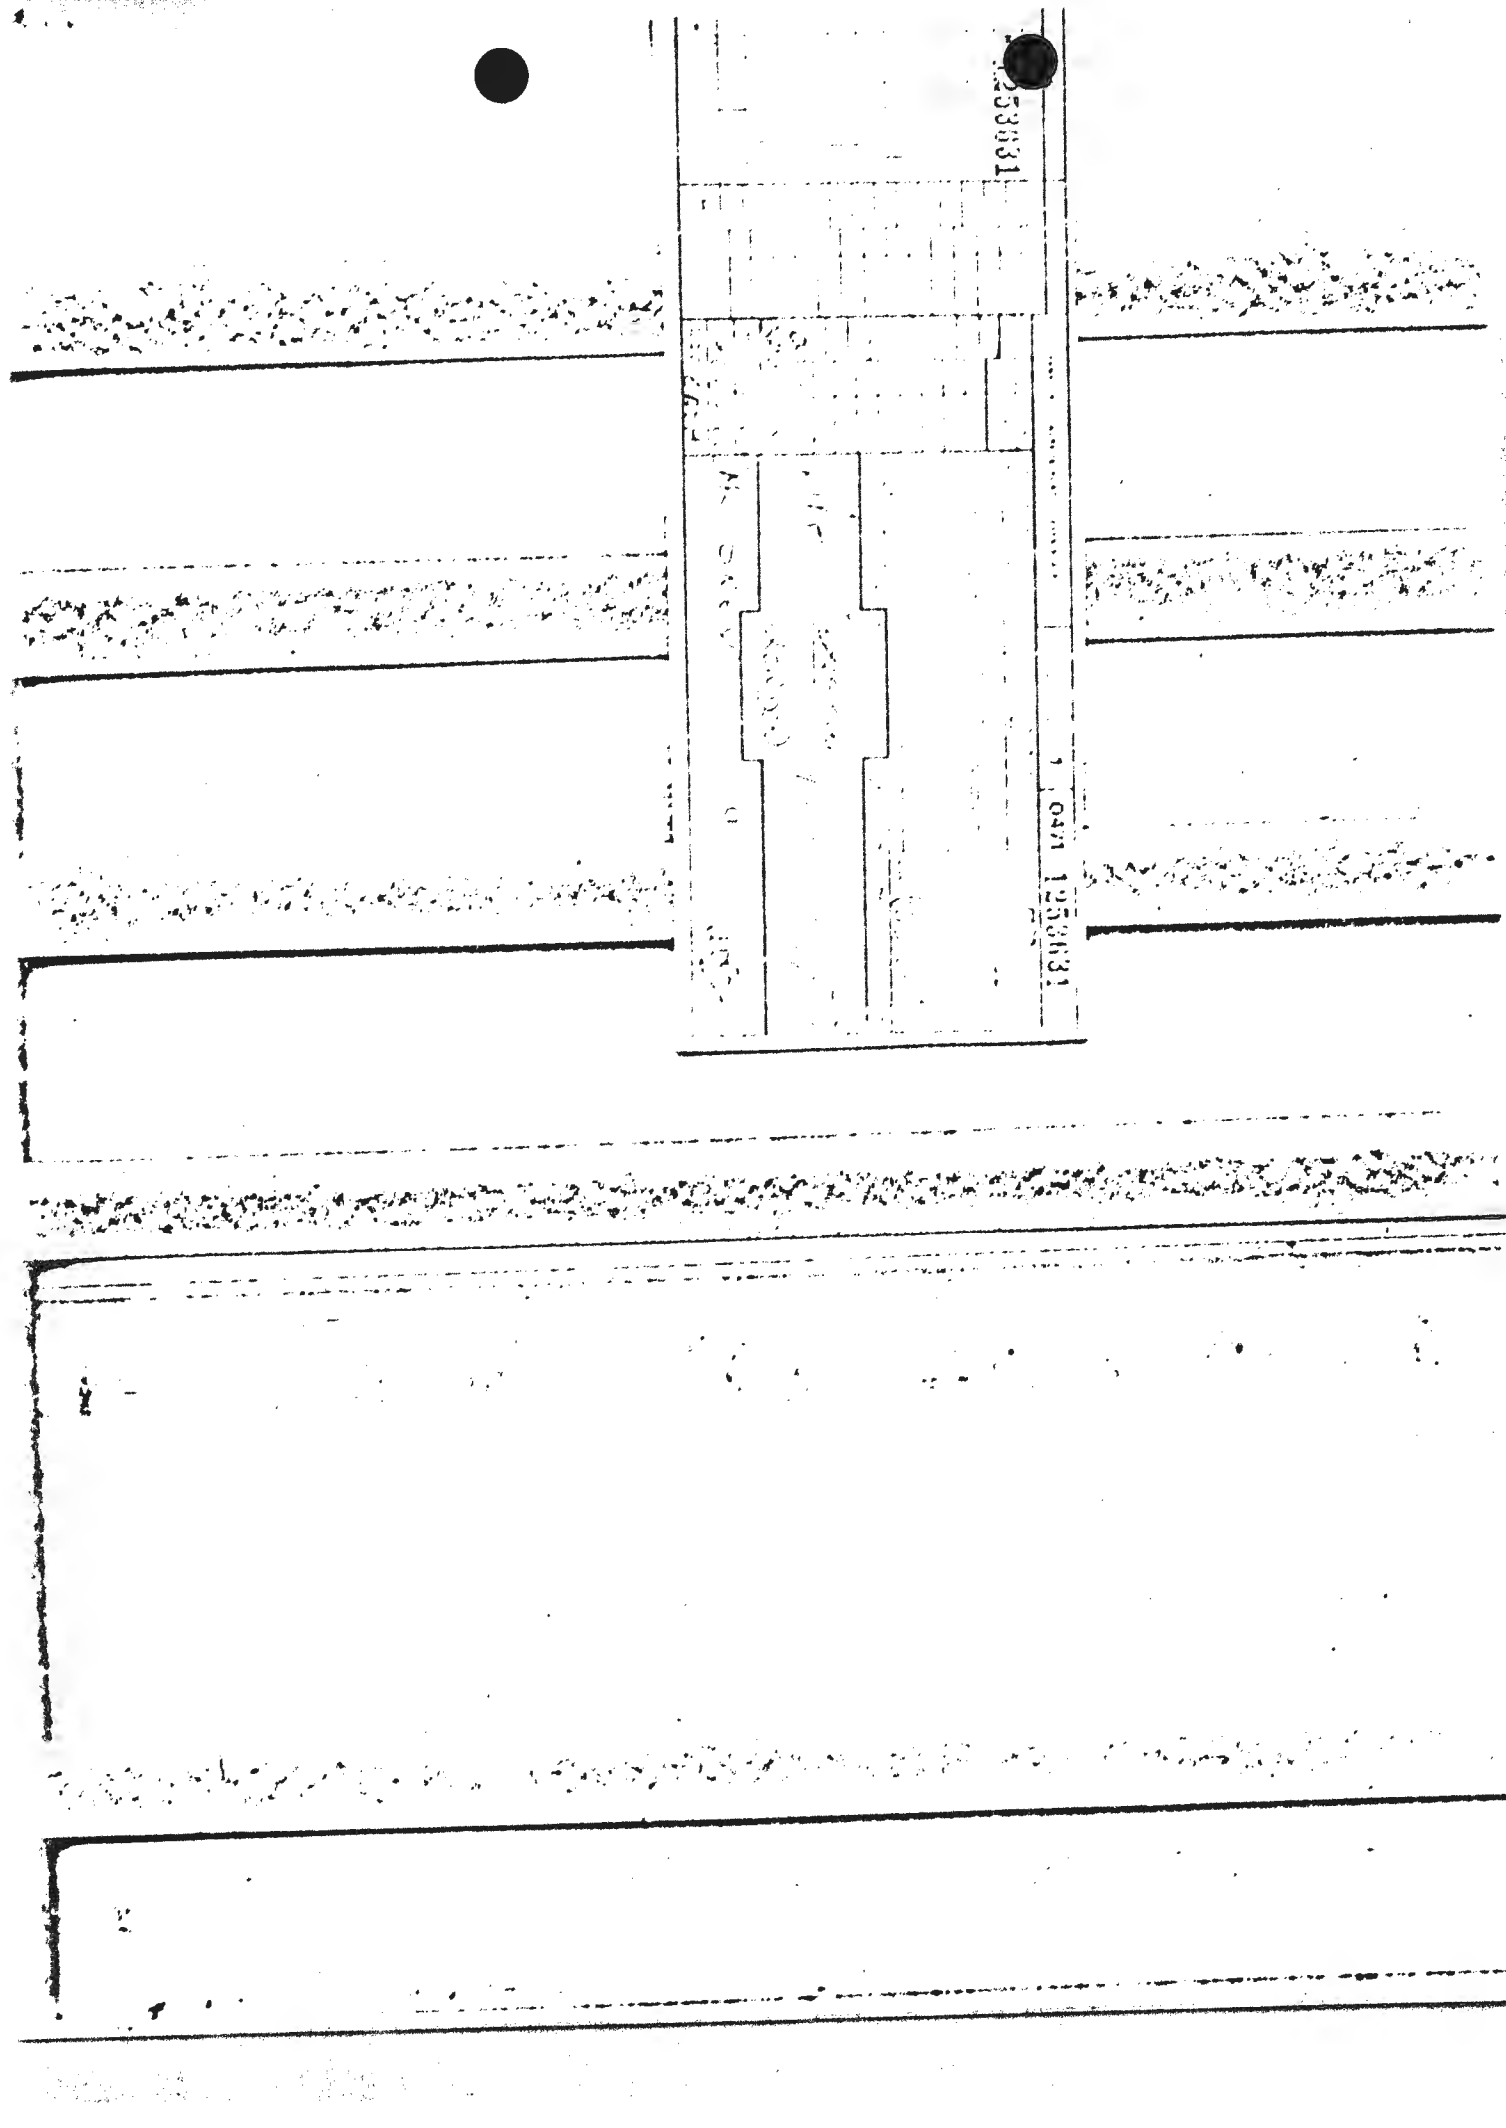
B. APPROX 1917

as the [redacted] and [redacted] and reportedly has a large deposit at the "Illinois National Bank" in Chicago.

On June 25, 1968, [redacted] American Embassy, Madrid, Spain, advised that during the morning of June 19, 1968, an unknown individual had called the Embassy, speaking Spanish, and desired to talk to someone in the Embassy regarding the JAMES RAY case. Since no one was immediately available to talk to him, he requested that he be called at 6:30 PM at telephone number 222-1604, a bar in downtown Madrid. He identified himself only as RAMON.

One RAMON was subsequently telephonically contacted at 6:30 PM by the Security Office. At first he declined to come to the Embassy, indicating he desired a meeting in some public gathering place. He subsequently agreed to come to the Embassy at 11:00 AM on June 20, 1968. RAMON, however, failed to keep the appointment.

The above-mentioned telephone number was identified by the Direccion General de Seguridad (Directorate General of Security - DGS), Spanish National Police, Madrid, on June 25, 1968, as being listed to [redacted] under the name [redacted]



On June 26, 1968, Inspector [redacted] of the DGS interviewed [redacted] proprietor of the [redacted] at [redacted] Madrid. [redacted] was unable to identify anyone by the name of RAMON as a client of the bar. [redacted] bartender, was interviewed and he advised that the only RAMON using the bar was an individual who had been coming to this bar approximately two to three months ago. He was unable to further identify this individual, indicating, however, that he had been coming to the bar recently at approximately 8:00 PM. [redacted] stated he had no recollection of this individual having used the telephone in the bar.

At approximately 8:30 PM on June 26, 1968, the individual described by the bartender as RAMON was interviewed. He identified himself as [redacted] This individual denied ever calling

the American Embassy or any other embassy in his life.

Subsequent inquiries in the vicinity of the Casa Garcia Bar to identify the individual who had called the American Embassy proved negative.

Sr. PASSO advised that inquiry at the Portuguese Airlines (TAP), Lisbon, revealed that the subject had purchased his airline ticket on May 16, 1968., for which he paid cash. He traveled under the name of Mr. SNEYD from Lisbon to London on May 17, 1968, on TAP Flight 450, leaving Lisbon at 11:00 AM. Inquiry by PIDE of various TAP employees revealed that subject was alone at the time he purchased the ticket. There was no recollection by any employee of TAP who was present on the flight on May 17, 1968, from Lisbon to London of any unusual incident and none was able to recognize the subject's photograph.

At the time of subject's arrest in London, England, on June 8, 1968, he was found to be in possession of a South African Airways flight schedule showing flights from Lisbon, Portugal, to Luanda, Angola, Salisbury, Rhodesia, and Johannesburg, South Africa. A notation, which appeared to be Lisbon telephone number 535041, was found on the cover.

Original inquiry conducted by the Policia Internacional e de Defesa do Estado (Portuguese International and State Security Police - PIDE), Lisbon, determined that the telephone number is assigned to the South African Embassy, Lisbon. Original inquiry there revealed that the subject was unknown to personnel in that Embassy, his photograph was not recognized, and there was no record of any inquiry by him.

On June 22, 1968, Sr. JOSE MANUEL DA CUNHA PASSO of PIDE advised that additional inquiry at the South African Embassy in Lisbon succeeded in locating an employee who had received a telephone call from the subject using the name RAMON GEORGE SNEYD on an undetermined date during his visit in Lisbon. He advised that he had a brother in Africa, whose whereabouts he did not know, and that he desired to go to South Africa and commence attempting to locate his brother. He inquired as to what steps were necessary for him to enter South Africa. The Embassy clerk advised him that if he is an American it would be necessary for him to obtain a visa. The subject advised that he was not an American but a Canadian. The clerk advised him that, in that case, a visa would not be necessary but it would be necessary for him to show proof of financial responsibility and advise as to the reason for his trip to South Africa and his exact destination there.

No further inquiry was received from the subject by the South African Embassy.

DALLAS, TEXAS 75219

Mr. Lloyd Rhodes,
Assistant Attorney General,
Memphis, Tennessee.

Dear Mr. Rhodes:

I hope that your Dallas visit proved productive.

However, what I am writing to you about has to do particularly with evidence which you will need when the suspect, Ray, actually comes to trial.

In the wake of every assassination, a spate of rumors always develops. Most of them, unfortunately lead nowhere.

Incidentally, with reference specifically to the assassination of Rev. Martin Luther King, I wonder whether any follow-up has ever been made on the testimony educed during the 1965 and 1966 Congressional hearings about the Ku Klux Klan.

On page 3625, in the testimony of a Mr. Hanna, he said: She (Mrs. Elois Mitte) says, when Martin Luther King arrived in Cincinnati, he spoke at the Music Hall. She said there is two guns shipped into town from a personal friend of her She didn't mention which organization this person represented. She said that one was a German MP-40 Schmeisser submachine gun and one was an M-I Geraud gun 45 caliber." MR. MANUEL (questioning for the Committee): And did she tell you that these would be used in any possible assassination on Mr. King's life? MR. HANNA: Yes sir; she did.

Mrs. Mitte was identified as an active "EMPRESS" in the Klan membership drive.

All of the above, and more, appears in the booklet entitled "ACTIVITIES OF KU KLUX KLAN ORGANIZATIONS IN THE UNITED STATES." The testimony was given before the Committee On Un-American Activities, of the House of Representatives, 89th Congress, Second Session. This volume may be obtained from the Superintendent of Documents, U.S.Government Printing Office, Washington, D.C. for 65.75.

It appears to me that such a lead should certainly be investigated in connection with the impending legal proceedings against the suspect, Ray.

Sincerely yours,

U.S. Agents Killed King, Ray Claims

ST. LOUIS (AP)—James Earl Ray claims federal agents recruited him ostensibly to help overthrow Fidel Castro's Cuban regime, then they killed Dr. Martin Luther King Jr. and used him as the "fall guy."

Ray made the assertion in a statement dictated to his brother, Jerry, at the Tennessee State Prison in Nashville, where he is serving 99 years for murdering the civil rights leader. The statement was read by the brother in a televised program on station KMOX-TV here.

In the statement, the convicted killer said the federal agents employed him during the spring of 1968.

"They told me I was helping them to supply arms and guns to Cuba refugees to overthrow Castro and the Communists in Cuba," Ray declared. "I knew nothing about King being in Memphis until after King had been killed."

NOTE:

Although extensive Bureau investigation has not developed any information along the lines of James Earl Ray's purported allegation and since the Department has not dismissed Federal process against Ray and have indicated they desire to have any leads bearing on the assassination of King thoroughly run out, the St. Louis Office is being instructed to obtain the detailed statement which will be reviewed to determine whether any further action is warranted. On the basis of the context of this statement itself there does not appear to be any logical connection between the alleged recruiting of Ray to assist in the overthrow of the Castro regime and the killing of Martin Luther King, Jr. The statement makes reference to Federal Agents and makes no mention of FBI Agents being involved and Ray may be implying CIA Agent involvement.

In previous contacts Ray has been uncommunicative and probably would not furnish any further specifics on this spurious allegation.

Upon receipt of the detailed statement it will be thoroughly reviewed and if warranted, appropriate recommendations will be made as to what, if any, further action is indicated.

This should be routed through Mr. Bishop's Office for review.

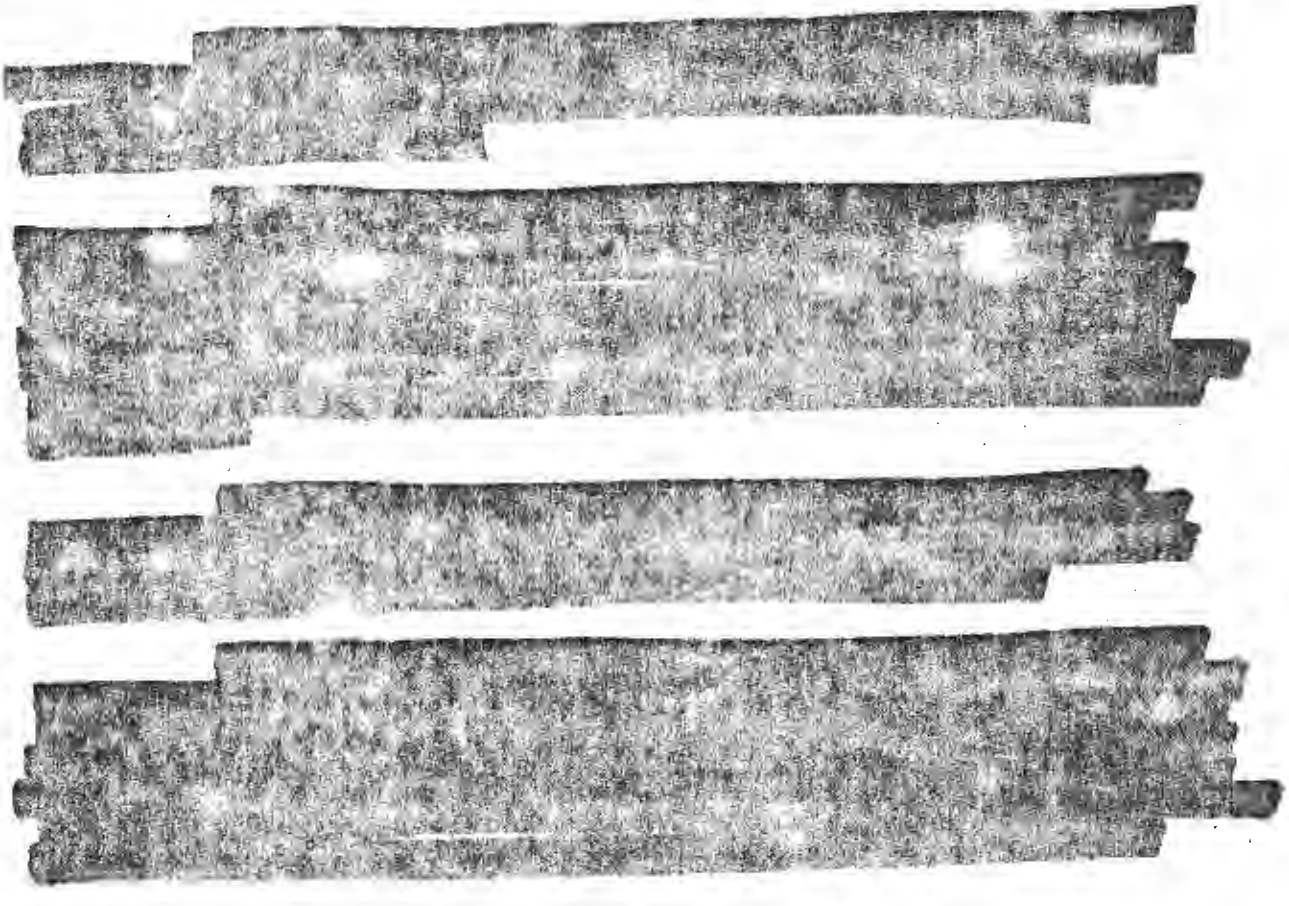
RE: CIRCUIT JUDGE JOHN C. CASEY

On May 10, 1968, Judge JOHN C. CASEY, Circuit Court, Division 18, Municipal Court Building, 13th and Market Streets, St. Louis, Missouri, advised SA [redacted] that he had originally sentenced subject to 20 years in the Missouri State Penitentiary following subject's conviction of an armed robbery of a Kroger Store in St. Louis, Missouri, in 1959. Subject appealed the conviction and sentence but the findings of the trial court were sustained. The appeal is reported in 354 Southwestern Second, page 840.

Thereafter subject filed a motion to vacate the judgment and sentence under Section 27.26 of the Missouri Rules of Criminal Procedure on August 4, 1966 alleging improper introduction of his signed statement failure to afford him a sanity hearing, allowance by the court of faulty jury instructions, reception of perjured State testimony, and failure of the court to furnish him the advice and assistance of an attorney during the various stages of trial and appeal. Judge CASEY noted that such motion and the argument in support thereof had been prepared personally by subject and that, although they were obviously based on similar motions and arguments of other prisoners which he knows to be on file at the Missouri State Penitentiary as models for individual motions prepared by other prisoners, they were ably prepared, were on a par with similar motions and arguments regularly prepared by practicing attorneys in this area, and evidence a thorough knowledge and preparation on the part of the subject in regard to the specific points of law involved.

Judge CASEY stated that he had thereafter overruled subject's motion but that the Supreme Court of Missouri had on April 12, 1967, reversed him on this matter and ordered subject's motion restored to his docket as of June 15, 1967. Judge CASEY noted that the matter had actually become academic as of that date due to subject's escape. Judge CASEY stated he had appointed Attorney JOHN D. SCHNEIDER of St. Louis to represent subject in this matter, but that to the extent of his knowledge SCHNEIDER never saw the subject or had any contact with him.



COVER PAGE

SL 14-775

Judge CASEY stated that he had not become aware of subject's escape until fairly recently and that on receipt of such information he had immediately called the warden of Missouri State Penitentiary and confirmed the fact of subject's escape.

Attorney SCHNEIDER on May 1, 1968, filed a report that subject had escaped and that no action was therefore possible on subject's motion at that time. Judge CASEY stated that a summary of same had appeared in the St. Louis Daily Record on May 8, 1968, and had not yet been picked up by [redacted].

Judge CASEY further stated that the Circuit Attorney had thereafter filed a motion to dismiss subject's motion to vacate on the grounds that the post conviction remedy in Section 27.26 was not available to a person not in custody.

was pointed out to [redacted] that under the circumstances it appeared that either he or JOHN RAY and CAROL PEPPER had lied to the FBI, and he was specifically asked whether he had in any manner lied to us concerning this information, and it was pointed out to him that if he had lied in any way, it would be much better for him to correct such falsification now than at a later date. [redacted] said he had positively not lied. He reluctantly acknowledged that if JOHN RAY and CAROL PEPPER had denied any knowledge of subject's whereabouts after his escape from the penitentiary, then they had lied in that regard, although he added in that connection that he could not say that JOHN RAY and CAROL PEPPER had had direct contact with the subject, but their information may have come to them indirectly so far as source was aware.

With regard to the information [redacted] claimed to have received indicating that subject had been in Omaha or Los Angeles as previously referred to, inquiry was made of [redacted] as to whether it was JOHN RAY or CAROL PEPPER who had made the specific statements and furnished the specific information to [redacted] He stated it was his recollection that although JOHN RAY was the one who did most of the talking in the conversations referred to, CAROL PEPPER also indicated by her comments that she and JOHN RAY both had the same information regarding the alleged presence of subject in Omaha and Los Angeles.

[redacted] commented that he had read in the papers that subject, under the name GALT, had apparently had considerable amount of money and had been able to peel off $20 bills from a large roll of money when he purchased an automobile. In that regard [redacted] said he had some idea as to what might have been the [redacted] of that money and he hoped and expected that within a week or so he would be able to furnish his ideas in that regard. When pressed for further details at this time, the following information was elicited from source.

After [redacted] was released on bail from the [redacted] on June 23 or 24, 1967, he read in the Chicago "Tribune" newspaper a few days later, possibly only a day or two after his release from jail, of a bank robbery which had occurred in a southern state. He recognized this bank and

its location as a bank which [redacted] subject RAY had cased on two Fridays during the period in 1950 when [redacted] and subject were closely associated. They traveled by automobile from St. Louis on those occasions in casing the bank, and on two or three subsequent occasions when subject and [redacted] were in the same vicinity they again looked the bank over. They had planned to hit the bank in a robbery on a Friday as they were aware that that was a payroll day when the bank handled considerable amounts of money. When they initially cased the bank they observed several police officers in uniform who were around the bank, but on later occasions they did not observe the presence of police officers. At that period of time, when they were casing the bank and planning a possible robbery, [redacted] was suffering a physical disability because of injuries [redacted] Because of this, [redacted] explained that he was not physically able to go on the robbery at the time they were casing the bank and the job never came off, and subject was thereafter apprehended at St. Louis in a robbery and sentenced to the penitentiary.

A few days [redacted] read in the Chicago "Tribune" of the robbery of this bank, he was visited at his residence by an unnamed middle-aged man, whom [redacted] had previously known in St. Louis in 1950, and whom he thinks he probably introduced to subject in 1950. This man, whom [redacted] declined to name, told [redacted] he had been on a bank robbery and he displayed a valise full of money. [redacted] during the visit, had told his visitor that he was hard up and broke at that time and the man took $250 from the valise and gave it to [redacted] which [redacted] assumed was in the nature of a loan. Information furnished by the man to [redacted] was to the effect that the money in the valise was the loot from the bank robbery. Either from what the man told [redacted] or from the news article previously referred to, [redacted] learned that the amount of loot obtained in the robbery was approximately $50,000, and that an additional sizeable amount of money has been missed in the robbery, which money was in the bank vault. The $250 given to [redacted] by the man consisted of one $50 bill, according to [redacted] recollection,

and other smaller bills. [redacted] is uncertain in his recollection, but either from what the man told him or from what [redacted] had read in the newspaper he understood that the bank referred to by the man was the bank referred to in the news article.

It is [redacted] recollection that the visit from this man who gave [redacted] $250 occurred a few days prior to his conversations with JOHN RAY and CAROL PEPPER, in which they indicated to [redacted] that they had knowledge of subject's whereabouts, including his alleged presence in Omaha and Los Angeles.

[redacted] has had contact with the man who visited him as referred to on only one subsequent occasion, and he estimates this was about six weeks ago, at which time the man again stopped by [redacted] residence for a short visit. Although [redacted] had originally assumed that the $250 was a loan from this man, the matter of the $250 was not brought up by either of them at the time of this latter visit. From his conversation with this man, [redacted] learned that the man's accomplice in the bank robbery previously referred to was subject, JAMES EARL RAY, and [redacted] gained the impression from the man that there were probably one or more additional accomplices who were not identified to [redacted].

[redacted] stated he was not ready at this time to furnish further details regarding the exact location of the bank or the identity of the man who gave him $250. He was pressed for information pertaining to the identity and location of the bank, and it was elicited from him that the bank was in a southern state. He acknowledged that by a southern state he meant a state far south, such as Louisiana or Alabama, and he added "or Mississippi" but denied that the state was actually Mississippi. He said the place where the bank was located was not just a small town and that the city or town was located near a river which constitutes a state boundary. [redacted] learned from the unnamed man that the persons who robbed the bank were in the bank for only a minute or two and made a getaway in which they crossed the river on a bridge into an adjoining state. [redacted] said that it was entirely possible that they could have been across this bridge and in another state within five minutes from the time they left the bank.

R

[redacted] said he wanted to wait at least a few days before he furnished further information, implying that within that period of time he might again be in touch with the unnamed man and would endeavor to ascertain the identities of any additional accomplices. He said he was not sure he was ready at this time to reveal the identity of the unnamed man and wanted to defer this decision. It was discussed with [redacted] the possibility of whether he might immediately reveal all details in his possession if a payment of money could be made to him for such, and he indicated he would be receptive to such payment, but concluded after some apparent consideration that he felt it would have to wait for at least a few days. He made a comment to the effect that he wanted to make sure he was "clear" himself. It was elicited from [redacted] that the unnamed man he referred to has not been a resident of St. Louis but is believed by [redacted] to be from the "southwest part of the country", and [redacted] believes he has served time in a penitentiary, possibly in Arkansas. [redacted] also indicated he has gained an impression that the man has probably spent some time in Mexico.

[redacted] said the reason he had not mentioned the matter of the bank robbery earlier was because he had felt that there was already enough of a rap against subject RAY, and he did not believe if there would be any great interest in the additional charge involving the robbery. [redacted] said that he hoped to be able within a few days or a week or so to furnish additional details and that he would do so at a later time if possible.

[redacted] advised no further mail has been received at his residence for JOHN RAY.

Inquiry was made of [redacted] regarding the manner in which he first learned that subject RAY had escaped in April, 1967, from the Missouri State Penitentiary (MSP) and he furnished the following information in that regard:

After [redacted] arrest in St. Louis on [redacted] a fugitive, he was thereafter in the St. Louis City Jail in [redacted] there were also confined in the jail three other persons all of whom had apparently been confined previously at the MSP and it was one or all of these three persons, according to [redacted] recollection, who first informed him that subject RAY had escaped. One of these persons was [redacted] Another was [redacted] (phonetic). [redacted] cannot recall the identity of the third person and has never seen this third man again and does not know anything else about him.

Inquiry was made of [redacted] as to who it was that had come to his residence on the night of [redacted] in an automobile and visited him there. He said that [redacted] (he was uncertain regarding the last name of this person but believed it was [redacted] or something like that) and another man had [redacted] residence at about 8:00 p.m. or [redacted] had known acquainted with [redacted] following [redacted] arrest on [redacted] was first held for three or four days in the Central District Holdover of the Police Department before being transferred to the city jail. [redacted] were cellmates during these few days in the holdover. Later, while at the city jail [redacted] source also saw [redacted] a few times in the jail but they were on different tiers in the jail and they did not actually converse with in the jail. While they were cellied together in the holdover, however, [redacted] learned from [redacted] that he had served sentences previously in the MSP.

When [redacted] came to [redacted] residence on the evening of [redacted] was accompanied by another man and [redacted] mentioned the other man's

first knew [redacted] did not pay attention and does not remember the name, [redacted] stated this other man were at [redacted] restaurant about 10 or 15 minutes. When they first arrived [redacted] asked [redacted] whether there was anything doing and [redacted] understood from this that [redacted] meant did [redacted] have any burglary jobs going. [redacted] told him there was nothing doing at this time.

During the conversation [redacted] indicated he was down on his luck and asked [redacted] for money for meals. [redacted] gave him either $2 or $4 in cash. Also during this visit [redacted] asked [redacted] whether he knew JAMES RAY and [redacted] replied, "Well yes, I know his wife." [redacted] asked [redacted] whether the latter knew RAY was out and [redacted] replied to the effect that he knew RAY was out and heard it also that RAY was "red hot" and that they were really looking for him. [redacted] said there was no further conversation that he could recall and that [redacted] and the other man left after they had been there about 10 or 15 minutes.

During the time that [redacted] and the other man visited [redacted] on the evening of May 21, 1968, a friend of [redacted] was present inasmuch as [redacted] was there visiting [redacted] before [redacted] and the other man arrived. [redacted] had formerly stayed part of the time with [redacted] occupying the residence on the [redacted] lives at [redacted] very often visits [redacted] of the latter's residence on the evening after [redacted] gets off from work.

Inquiry was made of [redacted] concerning the bank robbery which he referred to by him in a previous interview and he was strongly advised and [redacted] to furnish further details in that regard at this time. [redacted] insisted he was not yet ready to furnish further details. He was advised that a review of the "Chicago Tribune" newspaper for the latter part of June and entire month of July, 1968, disclosed reference to a bank robbery such as he had described. [redacted] insisted that he had, nevertheless read the news article concerning the robbery in the "Chicago Tribune" as he had previously stated, describing

[illegible]

the news article as being a small article, either from the Associated Press or the United Press.

In reviewing with [redacted] the information he had previously furnished concerning the alleged bank robbery he referred at this time to the amount of the loot as having been $48,000. He said that he had read of the robbery in the "Chicago Tribune" a short time after his release from jail on [redacted] and when pressed for a more precise estimate of the time interval he said that it was within a few days or perhaps several weeks after his release from jail and could have been as much as a month after he was released from jail.

[redacted] said it was either a few days or a few weeks after he had read of the robbery in the "Chicago Tribune" that the unnamed man gave him $250. It was at the time of this man's first visit and on the occasion when the man gave [redacted] $250 that the man told [redacted] the identity of the bank that the money in the valise had come out of and it was at the time of this same first visit that the man told [redacted] that JIMMIE RAY had been with him on the robbery.

Regarding the identity of the unnamed man [redacted] said he was not yet ready to reveal the identity of the man. He added that he does not actually know the man's name but had always known him only by a first name which he had always thought was probably a phony name and he said that he cannot now recall even this first name.

When inquiry was made of [redacted] as to how the man could have known where [redacted] lived or could have found him there, [redacted] said he assumed that the man learned [redacted] information from JIMMIE and he suggested that JIMMIE might have obtained that information from some of JIMMIE's relatives. [redacted] however, said he did not know specifically at all how the man might have found him.

Concerning the second and last visit of the man to [redacted] on this occasion said that this second visit occurred three or four weeks after the man's first visit to [redacted] At that time the man indicated he was just coming through St. Louis and had merely stopped in briefly to see [redacted] The man had a [redacted] coffee with [redacted] and subject

RAY was not mentioned on the occasion of this second visit nor was the fact that the man had previously given [redacted] $250 mentioned on the occasion of this visit.

Various inconsistencies in the foregoing information furnished by [redacted] on this occasion were pointed out to him, including the fact that [redacted] now said the man's second visit occurred three or four weeks after the first visit whereas he had previously said the second visit had occurred about six weeks ago. [redacted] said he could not be sure and that "as I've told you, my brain doesn't always work right."

During the rather lengthy interview with [redacted] efforts were made to identify the town in which this alleged bank robbery occurred during the summer of 1967. He indicated the bank was about eight blocks from the central business section of town in a city of about 50,000 to 60,000 population, that there was a residential area near the bank which was a new building in 1959, and was located on a corner with a parking lot adjacent to the bank. He indicated that it was not far from a bridge across the Mississippi River. During the getaway the individual who gave him the $250 got out of the car and walked maybe one-fourth or one-half mile north of the bridge and with the loot walked across a railroad bridge while apparently subject RAY reportedly drove across the bridge. He indicated the police department was on the road leading from the bank to the bridge. At one time he indicated the city was Memphis. On another occasion he said that it could have been Memphis or was close to Memphis or was laid out like Memphis. At the conclusion of this extended inquiry concerning the location of the bank he again indicated that he would wait until he thought the time was right to tell us because he wanted a few more days to determine if someone else was also aware of the robbery to older that [redacted] might not be necessarily fingered as a [redacted] of the information. He said that he thought in a few days he might be able to work it out so that someone else might actually be blamed in that regard. He did say that the bank was on the east side of the Mississippi River. When pressed as to whether the story of the bank robbery which he had related and in which he had now furnished various conflicting details was

re

[illegible]lly true he insisted that the basic facts as he had related them were the truth.

[redacted] was advised that information had been received to the effect that in about May, 1967, subject RAY had been reportedly seen on various occasions in the immediate vicinity of [redacted] residence on South Eleventh Street, such information indicating that RAY was actually very possibly with [redacted] and that [redacted] may have been keeping him at that time. [redacted] emphatically denied this and also denied that he had any contact with RAY since the latter's escape from the penitentiary in April, 1967. [redacted] said that if RAY had in fact been near [redacted] residence he certainly never contacted [redacted] or came [redacted] residence. He said that any information to the contrary was positively a "bum steer".

During the course of this interview it was ascertained from [redacted] that he had in the previous interview erroneously referred to the bowling alley in St. Louis which he and subject RAY operated in [redacted] as being the [redacted] Bar but at that time had the name [redacted] Bar and was later known as the [redacted].

MARY FERRELL FOUNDATION

[redacted] advised that no additional information regarding the possible threatening of JAMES EARL RAY had come to his attention. He advised that within the past several days he had not had occasion to talk with CAROL PEPPER, although during that period he had talked a couple of times with JOHN RAY, but the latter mentioned nothing concerning JAMES EARL RAY on those occasions.

[redacted] stated he was not aware that JOHN RAY may have made a trip to California or elsewhere in the summer of 1967.

With regard to a bank robbery to which [redacted] had referred in previous interviews, [redacted] at this time furnished the following information. The bank which was robbed was a bank in Alton, Illinois, but [redacted] does not remember the name of the bank. The amount of loot obtained in the robbery was approximately $28,000. In previous interviews [redacted] had intentionally furnished incorrect information regarding the location of the bank and the amount of the loot in order that the bank robbery to which he had referred might not be identified. However, the other information which he furnished regarding the bank robbery in previous interviews was correct.

[redacted] was released from the St. Louis City Jail on about June 22 or 23, 1967. About a couple of weeks later he read in the "Chicago Tribune" out in one of the St. Louis newspapers about the robbery of the bank in Alton in which approximately $20,000 in cash had been obtained. The news article indicated that the robbers had given an additional $20,000 because they ducked out very quickly while a teller went to the vault to get additional money.

Upon reading in the newspaper of this bank robbery, source recognized the bank as one which [redacted] JAMES EARL RAY had cased in 1966.

A few days after reading in the newspaper about this bank robbery, a man came to [redacted] at the latter's

[redacted] last name. This man's first name is [redacted] and [redacted] cannot remember his last name. [redacted] had originally become acquainted with [redacted] in 1959 in the vicinity of Sarah and Olive Streets in St. Louis, and he believes he introduced RAY to [redacted] in 1959. The name [redacted] which [redacted] had furnished in a previous interview as the possible name of this man [redacted] was in error, and [redacted] now is certain that the man's sir name is not [redacted] When [redacted] came to [redacted] home a few days after [redacted] had read of the robbery in a newspaper, he came by himself and was carrying a valise or briefcase, which he opened and which contained a lot of money which was strapped. [redacted] told [redacted] this money was from the bank robbery in Alton, the same robbery of which [redacted] had read in the newspaper. [redacted] told [redacted] that [redacted] and RAY had pulled this robbery. [redacted] inquired of [redacted] as to how they got by any road blocks. [redacted] told [redacted] that one of them had crossed the Mississippi River in an automobile via the Lewis and Clark Bridge into Missouri, and the other one walked across a railroad bridge over the Mississippi River, these two bridges being within view of each other. [redacted] did not tell [redacted] whether it was he or RAY who drove across the river in the automobile and did not say which one of them carried the loot. In talking to [redacted] did not indicate that more persons than [redacted] and RAY were involved in the robbery, but [redacted] assumed that there might well have been a "wheel man" to drive the car, and he would have been in addition to [redacted] and RAY. [redacted] told [redacted] that he and RAY were not masked during the robbery but were "tips", which [redacted] understood to mean they were tips on their fingers which had been cut from rubber gloves. [redacted] told [redacted] that when they left the bank the police [redacted] on the way there. During this visit [redacted] asked [redacted] how he was fixed financially and [redacted] told him "not too good". [redacted] then gave [redacted] $250 from the valise or briefcase. This money consisted of two packages of $1 bills totaling $100 each, these two packages being strapped, and one $50 bill. When [redacted] left [redacted] on this occasion, [redacted] commented that he might see [redacted] later. During this visit and their conversation, [redacted] did not indicate to [redacted] any further information regarding the whereabouts of RAY, either at this time or any other time.

[redacted] AA

At a time which [redacted] estimates to be two or three months after the above visit, [redacted] again came to [redacted] residence. [redacted] was alone and came in an automobile, but [redacted] did not observe this car sufficiently to be able to describe it at all. On the occasion of this visit, [redacted] merely passed the time of day with [redacted] and had a cup of coffee with him. [redacted] commented that he was "going down south" but did not specify where or why he was going. There was no mention made during this visit of the bank robbery or of any of the $250 [redacted] previously gave source.

[redacted] believes he did not see [redacted] again on any other occasion until Monday, May 13, 1968, when [redacted] came to [redacted] residence at about 9:00 p.m., after [redacted] man that [redacted] never had seen before came with [redacted] introduced the other man by the first name [redacted] told [redacted] he was from New Orleans and mentioned that he had "taken a fall" in Kansas City but did not say what this involved; [redacted] believes [redacted] said it was a murder rap. [redacted] if the latter had any money and stated [redacted] told something to that effect. [redacted] thereupon gave [redacted] some. [redacted] asked [redacted] whether the latter had a "heater" (gun). [redacted] told [redacted] he did not have a heater right now but could have one the next day. [redacted] then told [redacted] to and [redacted] would come back later. [redacted] and [redacted] then left after having been at [redacted] residence about ten or fifteen minutes.

Later that same night, May 13, 1968, [redacted] went out and saw a friend in St. Louis from whom he purchased a .38 caliber revolver, make unknown, which was nickel plated, had a six-inch barrel and had a regular brown-colored grip. This was a five-shot revolver, and when [redacted] obtained it from his friend, one chamber was empty and the other four chambers were loaded with live ammunition. [redacted] does not desire to reveal the identity of the friend from whom he borrowed this gun stating, however, that the friend is in St. Louis.

The next evening, May 14, 1968, at about 8:00 p.m., [redacted] and [redacted] both came back to [redacted] residence, and while they had a couple of beers with [redacted] in the latter's

DE

backyard, they went inside [redacted] residence. [redacted] at that time gave [redacted] the gun he had borrowed from his friend. During their conversation at this time, [redacted] commented to the effect, "I'm on the north side this time", by which [redacted] understood [redacted] was living in the north part of St. Louis. Neither [redacted] nor [redacted] specified to [redacted] the purpose for which they desired the gun, but [redacted] understood from their remarks that they wanted it for some unspecified robbery. [redacted] commented to [redacted] to the effect that "I'll have to skip. I've about $1,000 worth of clothes which I'll bring here for you to hold for me." [redacted] expressed to [redacted] his willingness to hold the clothing for [redacted].

During their conversation at this time, [redacted] or [redacted] noted that a piece of the gun located at the rear of the cylinder was broken off in such a manner that the bullets in the cylinder could fall out. Either [redacted] or [redacted] asked [redacted] whether he had any adhesive tape, and [redacted] did then produce a roll of adhesive tape. [redacted] then put tape on the gun behind the cylinder so that the bullets would not fall out.

It is the recollection of [redacted] that his friend, [redacted] arrived at [redacted] residence, but not until after [redacted] had departed, and he believes [redacted] did not see them there.

[redacted] has not had any subsequent contact with [redacted] or [redacted] and they have not returned the gun. [redacted] has been carefully watching the newspapers and listening to news reports, but has not heard of any job which he believes they might have pulled. [redacted] recalls that on the occasion when he gave [redacted] the gun, [redacted] commented to the effect, "I'll see you [redacted] or the next day", and also to the effect, "We'll remember you for the favor."

[redacted] describes [redacted] as a white male, about 45 to 50 years of age, 5 feet 7 inches and of slender build. He does not recall a description of [redacted] hair. [redacted] recalls that [redacted] sometime previously had been served time in the [redacted] and [redacted] spoke of having served time in the Missouri State Penitentiary at Jefferson City.

[redacted] described [redacted] as being about 31 to 35 years of age, clean cut in appearance, black hair, sharp features, medium stature and heavier than [redacted]

[redacted] is the same person who shared a cell with [redacted] in the St. Louis Police Department Holdover for two or three days after [redacted] was first arrested in early [redacted] and [redacted] is the same person whom [redacted] later saw during the month of [redacted] in the St. Louis City Jail, after [redacted] they were not in the same tier in the jail.

[redacted] feels certain that the bank [redacted] robbed as reflected in the notebook [redacted] as referred to by [redacted] is the same bank which [redacted] JAMES EARL RAY robbed in 1967. This bank is in Alton, Illinois. [redacted] and RAY cased it on two or three occasions in 1967. They planned that in the robbery [redacted] would carry a sawed-off shotgun which he already had in his possession and would stand inside the bank [redacted] with the shotgun while RAY carrying a pistol would take the money from the bank tellers. It was planned that [redacted] would guard the door at the bank until RAY completed taking the money from the tellers, and then they would both leave the bank. They planned to use as their getaway automobile an old car of some sort which RAY then had and which they planned to park in the bank parking lot immediately adjacent to the bank. They planned to use a stolen license plate on the car. After the robbery they planned to go to a rooming house in Alton, where they would already have obtained a room and where they would already have stored food and necessary supplies. They planned to remain in this rooming house for at least a week after the robbery. [redacted] had already spotted the particular rooming house where they expected to obtain a room, and he had located it because it had a sign in front stating there were rooms for rent there. [redacted] and RAY planned to park their getaway automobile in an area immediately behind the rooming house which is reached off a small street in alley behind the bank, and by parking the car in this position immediately behind the bank, it could not be [illegible].

[redacted] accompanied interviewing Agents to Alton, Illinois. He directed Agents to a location

[illegible] pointed out the Bank of Alton, and he stated that was the bank to which he had referred. In the course of locating the bank, [redacted] commented that he had not been in Alton since 1959, but he remembered that there was a drugstore near the bank bearing in its name the word "Dick's". He also commented during the course of locating the bank that he remembered that a Washington Avenue bus passed on the main street in front of the bank. Upon locating the bank building and viewing it, [redacted] commented that the building had apparently been remodeled since he last saw it in 1959. He said that in addition to the present main front door there had been in 1959 a side door on the side of the bank where there are now located drive-in windows. He recalled that in 1959 the drive-in windows were not on the side of the building where they are now located, but were on the back wall of the building. [redacted] then accompanied Agents and directed them to the rooming house to which he had referred. The house to which he directed Agents and which he then pointed out is a house bearing the address 1209 Fourth Street in Alton. Upon viewing this house at this time, [redacted] commented that there were steps going down from the front of the house to a basement level and it was the basement level in which he and RAY had hoped to obtain a room in 1959.

, 1968

[redacted] advised that no further information whatever had come to his attention bearing on the possible whereabouts of JAMES EARL RAY. [redacted] said he had not seen JOHN RAY or CAROL PEPPER during the preceding week but he thought he might see CAROL PEPPER within the following day or two since [redacted]

A photograph of [redacted] Federal Bureau of Investigation [redacted] was exhibited [redacted] He identified this photograph as being a photograph of the person he had referred to in the previous interview who visited [redacted] in about [redacted] and told [redacted] at that time that he and JAMES EARL RAY had robbed the bank at Alton, Illinois. He identified the photograph as being of the person previously referred to by [redacted] as [redacted] who gave [redacted] $250 on the occasion referred to above. He further identified the photograph as being of the person he referred to as [redacted] who visited [redacted] on May 13, 1968, and May 14, 1968, with [redacted] (last name unknown), and to whom [redacted] had provided a .38 caliber revolver.

[redacted] was then advised that it had been determined that the person depicted in the photograph was actually in the St. Louis City Jail at the time of the alleged visits to [redacted] in [redacted], and at the time of the robbery of the bank at Alton, Illinois. It was pointed out to him that the information he had provided in that regard was, therefore, false. [redacted] then said he had realized for the past eight days that he had given the Federal Bureau of Investigation

He was unable to recall any further information concerning the robbery of the BANK OF ALTON, ALTON, ILLINOIS, and stated it was entirely possible that the person who had contacted him, who was known to him as [redacted]" might have a different true name, as it is common for former convicts to use aliases, even among friends.

On May 28, 1968, [redacted] furnished the following information to Sa [redacted]

[redacted] was an inmate at the Missouri State Penitentiary beginning in [redacted] and he thereby knew JAMES EARL RAY casually until RAY's escape in April 1967. He occasionally exchanged greetings and a few words with RAY on the infrequent occasions when he encountered RAY in the penitentiary. [redacted] and RAY never worked in the same area or resided in the same hall except for a brief period in [redacted] when they were both assigned to [redacted] Hall. [redacted] observed that RAY was quiet and appeared to be a "loner" who kept to himself, never joking or mixing with the other inmates. There was no indication to [redacted] knowledge that RAY was on narcotics or junk. [redacted] knew nothing of RAY's reading habits although he assumed RAY might well have been reading on occasion when RAY was in his cell inasmuch as RAY would appear to stay in his cell a great deal of the time. [redacted] heard on one occasion from some inmate that RAY [redacted] to sell amphetamine powder to some inmate and [redacted] suggested a possibility that RAY might have been selling it for [redacted] who was an inmate from Kansas City who would have been a logical person from whom amphetamine powder might have been obtained for selling. There was "scuttlebutt" in the penitentiary indicating that [redacted] did deal in amphetamine.

[redacted] had no specific knowledge of RAY's having been in a "loan shark" business in the penitentiary although many inmates do engage in such activities and RAY might have done so.

It was [redacted] observation that RAY attended to his own business and never appeared to have trouble with anyone. [redacted] gained no indication of RAY's attitude with respect to Negroes.

RAY did not appear to have any close associates but persons whom informant recalls now having seen in frequent conversation with RAY on some occasions were the following: [redacted] from Arkansas, believed to have been released from the Missouri State Penitentiary about July or August 1967, and

COVER PAGE VV

[redacted] an inmate from Kansas City whom informant believes is still an inmate at the Missouri State Penitentiary.

[redacted] has not seen nor heard anything of RAY since the latter's escape except what informant has learned from public news sources.

In April 1967 [redacted] RAY reportedly escaped from the penitentiary. [redacted] at that time was assigned at Renz Farm (the number two honor farm of the penitentiary) and as the [redacted] prison truck [redacted] made daily trips in the truck between Renz Farm and the main prison halls accompanied by a guard. The truck was used to obtain supplies, equipment, food, and various other things such as laundry for Renz Farm from both the main prison and other places in the town of Jefferson City. Every morning seven days a week [redacted] drove the truck to obtain bread for Renz Farm from the bakery at the main prison. On such occasions [redacted] as an inmate at the farm was not permitted actually to go behind the prison walls at the main prison but left the truck at the truck tunnel (entrance) and the guard then accompanied the truck to the point behind the walls where the bread was loaded on the truck. [redacted] understood that the customary procedure was for other inmates so assigned in the bakery to place the bread in a bread box which in turn was loaded on the truck. It is [redacted] recollection that the box being used for the bread in the period of RAY's escape was a box about three feet by two and one half feet by three and one half feet and the top of the box opened on hinges. The bread, which was already sliced but was unwrapped, was placed in the box in layers which were separated by brown wrapping paper. The guard on the truck during this period of time was a guard named BURKHARDT and he was the guard on the truck at the time RAY reportedly escaped [redacted] recalls that the day of RAY's reported escape [redacted] On Sundays the truck made no scheduled stops upon leaving the main prison until it reached Renz Farm except for numerous stop signs and traffic lights. On arrival at Renz Farm on the day of RAY's reported escape the truck was stopped as was customary after it entered the entrance at Renz Farm in order to make a delivery of a small amount of

bread to the residence of CARL MILLS, Superintendent of the farm whose residence is inside the gate. Two or three wrapped loaves, which were placed at the top of the bread box, were customarily delivered to MILLS' residence. On this particular occasion when [redacted] went to the back of the truck to get the loaves of bread for delivery to the MILLS residence [redacted] bread was scattered in the truck. [redacted] called the attention of the guard BURKHARDT to this situation and when the truck arrived at its destination at Renz Farm other guards there were also advised.

Neither [redacted] nor anyone else so far as he was aware realized at first that the condition of the bread was an indication that someone had escaped. Upon arrival at the destination it was noted that the bread box was not as full as usual. A few hours later on the same day [redacted] heard of a report to the effect that RAY had been found missing at the penitentiary at the time of a head count there and [redacted] then heard that it was believed RAY had escaped in the bread box in the truck. [redacted] understood that since RAY had on some previous occasion hid out at the penitentiary prison officials apparently assumed that he may have hid out again inside the penitentiary and, therefore, the escape was not immediately reported officially according to what [redacted] understood.

[redacted] expressed the observation that whoever loaded the bread box on the truck at the penitentiary must have known that RAY was inside the bread box. These persons would have been inmates assigned in the bakery but [redacted] did not know their identities. [redacted] understood that RAY was assigned in the penitentiary kitchen which adjoins the bakery at the penitentiary.

[redacted] advised that the guard, BURKHARDT, was with [redacted] the truck continuously from the time the truck left the main prison until it reached Renz Farm. [redacted] understood that BURKHARDT was subsequently reprimanded because the possibility of escape was not immediately recognized when the scattered bread was found in the truck.

RE: RAY BACKGROUND: EDUCATION

The following investigation was conducted by Special Agent [redacted], at St. Louis, Missouri, on May 22, 1968:

ROBERT ODELL BROWN, [redacted] Brentwood, Missouri, [redacted] advised upon interview that he has been teaching commercial subjects in the Parkway High School District for the past eleven years. He went to grade school in Ewing, Missouri, and his picture recently appeared on the front page of Life magazine in a group photograph, along with subject JAMES EARL RAY and other members of the Ewing grade school.

A letter written by BROWN appears in the current issue of Life magazine on the page reserved for letters to the editor.

According to BROWN, this letter has been edited to the extent that it is hardly recognizable from the letter he actually sent to Life magazine. He stated his reason for writing this letter to Life magazine was to register a protest with the magazine in connection with the story they ran about subject RAY in a recent issue in which he was described as a "mean kid" and a "bully."

BROWN, after graduating from high school at Ewing, Missouri, in 1946, attended the Gem City Business College at Quincy, Illinois; the State college at Kirksville, Missouri; and the University of Wyoming. He does not recall having seen subject RAY since their grade school days at Ewing and has no information whatever as to where subject might be at the present time.

RE: FELLOW PRISONER [redacted]

The following investigation was conducted by SA [redacted] May 15, 1968:

Date May 17, 1968

[redacted] DeSoto, Missouri, (Jefferson County), telephone number - Justice [redacted] who stated he is currently employed as an [redacted] Missouri, furnished the following information:

In [redacted] while on parole from the Illinois State Penitentiary at Menard, Illinois, on a conviction for [redacted] was residing at the St. Louis Rescue Mission located at approximately [redacted] St. Louis, Missouri, which was a sort of "half-way" house where ex-convicts and parolees resided. It was at that Mission in 1959 that [redacted] first met and became acquainted with JAMES EARL RAY. [redacted] recalls that "BLACKIE" AUSTIN, who was also on parole out of Menard, was also residing at the same Mission in St. Louis at that time and brought RAY around to the Mission as a friend and it was as a result of this that [redacted] became acquainted with RAY.

[redacted] as one of the conditions of his parole, was employed at that time at the St. Louis Rescue Mission, as a barber.

After [redacted] became acquainted with RAY, he learned that RAY's mother and grandmother were then operating a rooming house on Hickory Street near Mississippi Avenue in St. Louis and [redacted] assumed that RAY was living with the mother and grandmother there, although he did not have specific information in that regard. [redacted] does recall on one or two occasions he accompanied RAY to the rooming house operated by the mother and grandmother.

[redacted] has always liked RAY, characterizing him as a quiet fellow, who never pried or bragged. He was a thinker and a reader. He read a wide variety of things and [redacted] does not recall that he had any special interest in any particular subject or topic of reading material. RAY also liked automobiles and liked guns. The type of guns which RAY apparently liked and the only type of guns [redacted] knew of him to have were pistols and handguns, not rifles or shotguns.

by SA [redacted] SA AJR:jfb Date dictated 5/16/68

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

[redacted] learned that RAY was an excellent shot and that RAY sometimes went to secluded spots for target shooting. [redacted] once went with RAY somewhere in Illinois for target shooting, at which time RAY had with him two .38 caliber pistols. [redacted] shot with RAY on this occasion and observed that RAY was extremely expert and could shoot at a can and keep it bouncing by firing at it and hitting it repeatedly before it stopped rolling.

In association with RAY in 1959 [redacted] learned that RAY was a moderate drinker, who did not drink beer and whose favorite drink appeared to be Bourbon highballs. [redacted] knows of no particular tavern where RAY frequented but observed that RAY usually drank at taverns in the vicinity of Sarah and Olive Street in St. Louis, which was in the vicinity of the Mission where [redacted] usually saw RAY when the latter came by the Mission.

[redacted] observed that RAY had no employment during this time but was obviously a professional thief who apparently pulled mainly robberies and occasionally some burglaries.

[redacted] characterizes RAY as a "[redacted] man." RAY was definitely a "loner."

In conversations, [redacted] learned from RAY that RAY had served a Federal sentence following a theft of money orders with another man and it appeared from comments made by RAY that he mistrusted other people and would not go on jobs with another person.

RAY impressed [redacted] as having sympathy for common people and for the working man and RAY expressed a philosophy that he would only hit places of businesses such as would probably be covered by insurance.

On two or three occasions RAY came to the Mission with an older man, about sixty years of age, whose first name was JACK and whose surname was something like COAN (phonetic). [redacted] learned that this man JACK was on parole out of Menard [redacted] was considered by RAY as an old friend. [redacted] He gained the impression that this old man, JACK, was an old professional burglar and that he was "kinky" (still pulling burglaries) even then. [redacted] has no definite information as to whether RAY and JACK ever went on any jobs together but observed that they were obviously very friendly.

During this period in 1959 RAY always appeared to have money and to be "well-heeled," although he never worked. It was obvious to [redacted] that RAY was obtaining his money from robberies and burglaries. RAY was thrifty and [redacted] to save his money. On one occasion, at RAY's request, [redacted] a bank in St. Louis located on South Broadway near the Anheuser-Busch Brewery and RAY told [redacted] on this occasion that he had an account at that bank. [redacted] waited in the car outside while RAY went in the bank and RAY then returned to the car and showed [redacted] $1,000.00 worth of Travelers Checks, which understood had been purchased by RAY in the bank. [redacted] did not positively know whether RAY had taken cash into the bank to purchase these Travelers Checks or had withdrawn the necessary funds for the purchase from the account which RAY said he had in the same bank. RAY told [redacted] that he had purchased these Travelers Checks for the purpose of taking a trip to Canada.

It was about a month later when [redacted] next saw RAY, at which time RAY said he had been to Canada. RAY did not at any time explain to [redacted] why he had gone to Canada. This was characteristic of RAY, however, who was always extremely close-mouth and did not generally explain his activities to anyone.

With regard to the possibility of any other money that RAY might have had in a bank, [redacted] has some vague recollection in the back of his mind that RAY might have at some time mentioned having money in a bank other than the one referred to

above, but [redacted] can recall no specific information in this regard.

[redacted] can recall only one additional associate or acquaintance of RAY during the 1959 period and that person was "BLACKIE" DE CORE, who was from Chicago and who was a gambler and former professional prize fighter. DE CORE was then about forty years of age and was on a life parole out of Menard and was staying at the St. Louis Rescue Mission at the time. DE CORE did not appear to be nearly as close or as friendly with RAY as did "BLACKIE" AUSTIN and the old man named JACK.

RAY did not gamble and did not fool with narcotics or "junk" of any kind. He seemed to have the attitude regarding women that they were something to use and forget. Actually he appeared to prefer a girl who was a "bum" and was not known to have had any girlfriend as such or any continuing association with any girl or woman.

On the one or two occasions when [redacted] was at the rooming house on Hickory Street operated by RAY's mother and grandmother, [redacted] also learned that RAY had a young kid brother named "BUZZY," who resided with the mother and grandmother. OWENS has never known or heard specifically of any other relatives of RAY.

RAY always appeared absolutely to have no dislike for Negroes. On the contrary, he always seemed to take a man for what he was, regardless of color. In [redacted] opinion, if RAY killed MARTIN LUTHER KING, as alleged, he did not do so out of any kind of racial hatred and such an act in [redacted] opinion would have had to be for money.

During the period of their association in 1959 RAY used various names, always with the first name JIM. The only three surnames which [redacted] can recall as having been used by RAY were the names O'CONNOR, RYAN and RAY. When [redacted] initially became acquainted with RAY at the St. Louis [redacted]

RAY was using the name JIM O'CONNOR. The name ERIC STARVO GALT is completely unknown to [redacted] and he has no idea where RAY might have obtained or thought of such a name.

Regarding the robbery of the [redacted] furnished the following information:

[redacted]

The police then went into the house and arrested RAY [redacted]

[redacted] RAY, insisted on going to trial and was sentenced to twenty years.

[redacted]

While in the Missouri State Penitentiary, [redacted] RAY were never assigned in the same residence hall, nor were they assigned in the same working area at any time. [redacted] worked the entire time in the [redacted] in the Penitentiary. RAY worked in the prison cleaning shop and in the bakery during the time [redacted] was in the Penitentiary. However, [redacted] did see RAY from time to time outside on the Penitentiary yard and occasionally talked to RAY there.

There has never been any animosity of any kind between [redacted] and RAY and the latter has never indicated any resentment or any cause of resentment toward [redacted] in connection with the [redacted] or for any other reason. RAY has always appeared to be extremely friendly toward [redacted] and has never indicated in any way that he felt [redacted] had anything wrong in connection with the robbery or at the time of their arrest in St. Louis.

While in the Missouri State Penitentiary [redacted] became aware that RAY was apparently dealing in pills, such as Benzedrine and amphetamine, which RAY was in some manner obtaining outside the Penitentiary and was selling to inmates in the Penitentiary. [redacted] occasionally saw exchange of money to RAY from other inmates. [redacted] never knew the manner in which these pills were being conveyed to RAY in the penitentiary but was aware that this type of practice was being carried on by other prisoners in addition to RAY and that there were various ways wherein such items could be brought into the penitentiary. It has been [redacted] general understanding for example that sometimes guards have been used to bring in such items, as well as relatives of the inmates on the occasions of their visits, or such items have been brought in by prisoners who work on the Honor Farm and who are not carefully searched when returned inside the walls.

[redacted] did not acquire any knowledge as to how much money RAY made in this practice but would estimate that he might earn as much as $500.00 or $1,000.00 in the course of a year or two. [redacted] does not know how RAY may have gotten his money outside the penitentiary but again is aware that there are various means by which inmates have been able to accomplish this.

[redacted] also became aware while in the penitentiary that RAY was apparently engaged in making small loans to inmates. Although RAY himself did not ever comment to [redacted] concerning this business [redacted] at one time had a cellmate who [redacted] understood had borrowed money from RAY. [redacted] understood that it was the general practice for inmates such as RAY who made loans to receive repayment at the rate of $3.00 for $2.00. [redacted] does not believe on the basis of his general knowledge and information that RAY might have accumulated an amount such as several thousand dollars as a result of his handling pills and loans in the penitentiary.

[redacted] was still an inmate in the penitentiary on the occasion when RAY, while working in the cleaning plant, attempted to escape by putting two old ladders [redacted] the wall behind the cleaning plant. According to what [redacted] heard immediately after this attempted escape, the ladders broke with RAY, as a result of which he was injured, knocked out and discovered by the prison guards.

Subsequent to [redacted] release from the penitentiary, he heard of the incident in which RAY allegedly hid out for a few days inside the penitentiary. [redacted] recalls that on one occasion, while in the penitentiary, RAY mentioned [redacted] he was too young to remain in the penitentiary and serve his entire sentence and RAY spoke in general terms of the possibility that he might some day attempt to escape. RAY referred to no specific plans in this regard, however.

During [redacted] association with RAY, he learned from RAY that prior to [redacted] becoming acquainted with RAY [redacted] RAY had

made several trips, apparently at least a dozen trips, to Mexico. RAY spoke of having been in various places and the only specific places [redacted] can recall which were mentioned by RAY were Mexico City, Veracruz, Acapulco and Nogales. RAY did not at any time discuss with [redacted] the details of his trips to Mexico, although RAY did mention in at least one instance that he had gone to Mexico to "cool off." RAY did not discuss with [redacted] the details of his activities in Mexico or who he knew there, but did briefly mention on one occasion that one time when he was in Mexico City he had become involved in an altercation with a man in an alley, who came at RAY with a knife, at which time RAY struck the man in the head with a pistol and thereafter had to leave Mexico City.

[redacted] is of the belief that RAY could not speak Spanish, despite his trips to Mexico. To [redacted] knowledge, [redacted] said he knows a few words of Spanish but RAY did not know any Spanish.

[redacted] believes that on the basis of RAY's having made trips to Mexico in the past, RAY might have conceivably gone to Mexico after his escape in 1967. [redacted] has also been aware from RAY that the latter was a military policeman in Germany while in military service and [redacted] would assume that RAY might, therefore, also go to Germany.

[redacted] characterizes RAY as very smart, a thinker and not a talker. RAY plans every angle before he makes a move. [redacted] feels that upon RAY's having escaped from the penitentiary and even before the incident involving the killing of MARTIN LUTHER KING, RAY would not be expected to be in contact with relatives or previous acquaintances at any time after the escape.

[redacted] felt, however, in the event RAY had an outside contact who was assisting him in his illicit traffic within the penitentiary and who might owe either money or a favor to RAY in connection with the business, RAY might quite logically contact this party after his escape.

With regard to the old man named JACK, who was friendly with RAY in 1959, as previously referred to, [redacted] has never seen or heard of that man again since 1959 with the exception that [redacted] did hear somewhere afterward that JACK had gone back to Menard as a Parole Violator.

[redacted] has had checking accounts at the following banks in St. Louis, since his release from the Illinois State Penitentiary at Menard, in May, 1965:

The Jefferson-Gravois Bank, where [redacted] opened a checking account in [redacted] which was closed in about [redacted] when [redacted] went to California,

The Manchester Bank, where [redacted] opened an account in [redacted] and where there is still a balance in the account of about $3.00 or $4.00, the account having been inactive in recent months.

Since [redacted] has had a checking account at the American Bank, [redacted] Missouri, where he currently has an account.

Except for the above [redacted] has had no banking business, including accounts of any kind, loans or safe deposit boxes, at any other bank in St. Louis since his release from Menard in 1965.

Since [redacted] release from the Missouri State Penitentiary at Jefferson City, Missouri, he has had no contact of any kind, either direct or indirect, with RAY and they have never had any correspondence. [redacted] has also had no contact whatsoever with any of RAY's relatives, since [redacted] was released from the Missouri State Penitentiary. The last contact [redacted] has had with anyone known to him to be an associate or acquaintance of RAY, was "BLACK" AUSTIN, who was in the Illinois State Penitentiary

at Menard, while [redacted] was there [redacted] "BLACKIE" AUSTIN was still at Menard when [redacted] was released there.

Since about [redacted] OWENS has not on any occasion been inside the Jefferson-Gravois Bank, nor has he been on foot outside that bank on any occasion during that period. At the very most, he may have passed by the bank in an automobile on one or two occasions.

While [redacted] was at the Missouri State Penitentiary, he became acquainted with [redacted] who was an inmate there. He did not know [redacted] at all until he became acquainted with him in the penitentiary. [redacted] definitely was not raised with [redacted]

[redacted] during which time [redacted] had a checking account at the Jefferson Gravois Bank in St. Louis, he recalls an occasion when he parked his car on the bank parking lot to go to the bank. As he started in the door of the bank for the purpose of making a despoit to his account, he saw [redacted] who was standing on the street corner outside the bank, with a girl. As [redacted] was going into the bank, [redacted] stated to the effect, "Are you taking some out or putting some in?" [redacted] replied to the effect, "I'm putting some in." They had no further conversation.

[redacted] was definitely alone on this occasion. [redacted] never on any other occasion saw or knew the girl who was with [redacted] and he paid very little attention to her, as a result of which he cannot describe her, except he had impression that she was a white girl, who was rather heavy-set and "was no raving beauty." [redacted] is certain that this encounter at the Jefferson-Gravois Bank occurred in the summer time, because he recalls that the girl was not wearing a coat and that both he and [redacted] were wearing short-sleeve shirts and warm weather clothing.

The checking account [redacted] at the Jefferson-Gravois Bank, as previously referred to, was a joint checking account [redacted]

[redacted] denied that he was ever in the company of JAMES EARL RAY at the Jefferson-Gravois Bank on the occasion referred to above or on any other occasions, since [redacted] release from the Penitentiary.

He repeatedly reiterated his denial that he has seen RAY or had any kind of contact with him or any knowledge of his whereabouts since RAY escaped from the penitentiary in 1965.

[redacted] cannot recall ever having known anyone by the name of "COOLEY," either in the Missouri State Penitentiary or elsewhere and that name has no meaning or significance to [redacted]

[redacted] said that RAY was indiscriminate in his reading and that he read almost anything and everything he could get his hands on. [redacted] said he did not believe he could identify any specific publication which RAY read. [redacted] said however, that RAY read all the newspapers he could lay his hands on and particularly read the two major daily newspaper publications in St. Louis.

Inquiry was made of [redacted] as to whether, in view of RAY's interest in automobiles and guns, as previously indicated by [redacted] RAY might not have read magazines pertaining to automobiles and guns. [redacted] said he could not recall that RAY read any particular magazines devoted to those subjects but he did now recall that among all the various things that RAY read were included various sporting magazines. [redacted] said that although he could not recall what specific magazines wouldhave been included, he believed that the type of such magazines read by RAY would have included the type represented by Field and Stream and Argosy.

[redacted] said he could not be more specific in describing or identifying publications read by RAY.

The following is the FBI Identification Record as of May 15, 1968 pertaining to [redacted], also known

1
SL 44-775 RE: FELLOW PRISONER -
AJR/ral [redacted]

AT ST. LOUIS, MISSOURI

On May 21, 1968, Mrs. [redacted] St. Louis, Missouri, who operates a [redacted] at the same address, was interviewed by SA [redacted] at which time she furnished the following information:

[redacted] received a letter from her husband, [redacted] an inmate at the Missouri State Penitentiary, Jefferson City, Missouri, which was dated April 25, 1968, and which included the following: "I guess you should remember the one guy that we met that time at the bank. He's the one that they are trying to rap that King's death on." Upon receiving the letter, Mrs. [redacted] realized from her knowledge of the publicity pertaining to the assassination of MARTIN LUTHER KING that the above portion of the letter referred to JAMES EARL RAY. However, the comments of [redacted] in the letter were puzzling to Mrs. [redacted] because she has been unable to recall any occasion or incident such as that which her husband seemed to be referring to in the letter.

Mrs. [redacted] husband was released on parole from the Missouri State Penitentiary in the spring of [redacted] and was immediately thereafter confined for about four weeks at the Cochran Veterans Administration Hospital in St. Louis for surgery of the ear. From the time of [redacted] parole until April or May, 1967, Mr. and Mrs. [redacted] resided together at [redacted] St. Louis, and they thereafter resided together in the [redacted] St. Louis, until December, [redacted] or January, [redacted] when they moved to [redacted] where [redacted] continues to reside. They resided together at the latter address until [redacted] was returned to the Missouri State Penitentiary in March, [redacted]

From the time of [redacted] parole in the spring of [redacted] until about the end of July, [redacted] or the first of August, [redacted] neither Mr. or Mrs. [redacted] had any banking business of any kind at any bank. During that period Mrs. [redacted] is certain they had no occasion to be at the Jefferson-Gravois Bank in St. Louis. On July 21, 1967, Mrs. [redacted] father died, and she thereafter shared in proceeds from Government savings bonds and insurance of her father. From these proceeds

Mrs. [redacted] and her husband opened a joint checking account at the Jefferson-Gravois Bank, and this occurred at about the end of July, 1967, or the first of August, 1967. This account is in the name of [redacted] Mrs. [redacted] also opened a savings account on August 11, 1968, at the Jefferson-Gravois Bank in the name of herself and her mother, Mrs. [redacted]

It is Mrs. [redacted] best recollection that she and her husband went together to the Jefferson-Gravois Bank in late July, 1967, to cash the Government bonds which had been her father's. She believes her husband also went to the bank with her at the time they opened the joint checking account. It is possible, according to her recollection, that her husband may also have accompanied her to the bank on one or two other occasions during that same period of time in the summer of 1967. Mrs. [redacted] recalls no occasion during this period of time in the summer of 1967 when she and her husband drove to the bank by automobile, but instead they walked to the bank on each occasion from their residence on South Jefferson, which was in proximity to the bank.

Upon searching her memory at this time, Mrs. [redacted] believes that she does recall a specific instance when her husband accompanied her to the bank during the period referred to in the summer of 1967. She recalls that they went to the bank on this occasion at approximately 6:00 p.m. or between 6:00 p.m. and 7:30 p.m. It was still daylight on this occasion, and she feels certain that it would have been on a Friday since the bank closes at 2:00 p.m. on other days of the week, but is open on Fridays until 7:30 p.m. Mrs. [redacted] recalls that on this occasion it was very warm summer weather, there had been a summer rain earlier that day and the weather was cloudy and grey. She vaguely recalls that as she and her husband walked out of this bank on this occasion, her husband waved to someone outside the bank. Mrs. [redacted] glanced very briefly at the person at whom her husband waved, and she believes the person was a white male, but since she glanced at him very quickly, she does not recall his appearance otherwise and is unable to describe him further in any respect. She does not recall that there was any conversation at all between her husband and the man on this occasion. After her husband had waved at the man, Mrs. [redacted] inquired of her husband as to

who he was, and her husband replied to the effect that it was a "fellow from the joint", which Mrs. [redacted] took to mean that he was someone her husband had known in the penitentiary.

Specific inquiry was made of Mrs. [redacted] as to whether she could recall any occasion when she was at the Jefferson-Gravois Bank with her husband, at which time her husband saw possibly two men at or near the bank to whom he remarked that he was glad he got his money out before they got in; and whether she remembered that one of the men may have replied to the effect that "they were putting in". Mrs. [redacted] said she could not recall having witnessed any such conversation. She commented, however, that her husband is given to making such joking remarks and such a conversation would not surprise her, although she could recall no such conversation specifically.

Photographs of JAMES LOAMA OWENS and JAMES EARL RAY were exhibited to Mrs. [redacted] She stated that OWENS is completely unknown to her, but that the photographs of RAY looked vaguely familiar to her, although she could not at this time relate the photographs to any particular person she had ever seen in the past. She commented specifically that she could not relate the photographs of either RAY or OWENS to the man she saw at the Jefferson-Gravois Bank and to whom her husband waved on the occasion referred to above. Although the photographs of RAY looked vaguely familiar to her, she has no idea where she might have seen such a person, except that over a period of years, including the year 1959, Mrs. [redacted] has frequently attended religious services at a Salvation Army establishment located near the address on Hickory Street where the RAY family once resided according to what Mrs. [redacted] has read in the newspapers. Mrs. [redacted] believes it remotely possible she might have seen JAMES EARL RAY in that area in 1959, although she does not specifically recall such an occurrence. With regard to her vague recognition of photographs of RAY, Mrs. [redacted] originally had that reaction to photographs of him when she saw pictures of RAY in the newspapers and on television at the time he was first identified in this investigation.

Mrs. [redacted] and her husband now have [redacted] children, the youngest of whom is an infant. Over a period of several

Re: ALLEGED APPEARANCE OF JAMES EARL RAY AT JEFFERSON-GRAVOIS BANK, ST. LOUIS, MISSOURI, IN SUMMER, 1967.

Mr. [redacted] Jefferson-Gravois Bank of St. Louis, 2004 South Jefferson Avenue, St. Louis, telephone PR 1-8833, on May 16, 1968, made available for examination records of this bank disclosing sales of travelers checks in the period from January 1, 1967 through August 30, 1967. It is noted that this bank sells travelers checks of American Express Company, First National City Bank of New York, and Bank of America. These records, consisting of duplicate copies of the application for travelers checks signed by the purchaser, did not disclose the sale of any travelers check to JAMES EARL RAY in his name or that of any of his known aliases, nor did the records disclose any sale of travelers checks to JAMES OWENS, an associate of RAY. No travelers checks sales were disclosed to JOHN RAY or CAROL PEPPER, JAMES EARL RAY's brother and sister, respectively.

Mrs. [redacted] teller, Jefferson-Gravois Bank, who handles the sale of travelers checks at the bank, was unable to identify photographs of JAMES EARL RAY exhibited to her May 16, 1968, by SA [redacted] as being identical with anyone she has ever seen at the bank.

RE: ALLEGED BANK ACCOUNT OF JAMES EARL RAY AND ALLEGED PURCHASE OF TRAVELERS' CHECKS AT MANUFACTURERS BANK AND TRUST COMPANY OF ST. LOUIS, ST. LOUIS, MISSOURI, IN 1959

[redacted] Manufacturers Bank and Trust Company of St. Louis, 1731 South Broadway, St. Louis, Missouri, who was contacted at the bank by SAA [redacted] on May 17, 1968, caused a search to be made of central files of this bank for any record of a checking, savings, or loan account, as well as any safe deposit box, in the names of JAMES EARL RAY and JAMES L. OWENS and all of their known aliases. In the course of this investigation only one account believed pertinent to this investigaion was located. This account was in the name of JAMES CARL O'CONNOR, last known address 1727 South 11th Street, St. Louis, Missouri. Prior investigation has disclosed that the name of JAMES O'CONNOR has been used as an alias by JAMES EARL RAY and the address of 1727 South 11th Street, St. Louis, Missouri, was a prior residence address of RAY's father, JERRY RAYNES, also known as JERRY RAYNS, and RAY's sister, Mrs. ALBERT (CAROL) PEPPER, who was then known as CAROL RYAN. Detailed information concerning this account is set forth elsewhere in this report.

The Bureau advised on May 27, 1968, that no latent fingerprint impressions were found on the signature card of JAMES CARL O'CONNOR in connection with the above account (said card being designated Q 354 for identification purposes), and that because of the presence of some characteristics which would not be explained on the basis of the available known writings of subject, it could not be determined whether the "JAMES CARL O'CONNOR" signature on the cardwas prepared by the subject; however, significant similarities were noted between this questioned signature and the available known handwriting of RAY.

[redacted] Auditor, Manufacturers Bank and Trust Company of St. Louis, 1731 South Broadway, St. Louis, Missouri, who was contacted at the bank, furnished the following information and records:

A signature card executed on March 9, 1959, at the time a checking account was opened at this bank in the name of JAMES CARL O'CONNOR, 1820 South 12th Street, whose address was subsequently changed to 1818 South 12th Street and then to 1727 South 11th Street, St. Louis, Missouri, bears the handwritten signature "JAMES CARL O'CONNOR." It is believed that this is the only handwriting of O'CONNOR appearing on this card, however, the card contains further handwritten notations indicating that O'CONNOR had no telephone and that he was employed as an attendant at a service station, identity or location of which was not known. The card also showed that he had no former bank accounts.

[redacted] made available for use in this investigation the original signature card. He requested that it be returned to this bank when it is no longer needed.

RE: 1959 ASSOCIATE
VINCENT P. WEBBE

The following investigation was conducted by SAs [redacted] and [redacted] at St. Louis, Missouri, on May 20, 1968:

ANTHONY GROCHOWSKI, [redacted] advised that he was the brother-in-law of VINCENT P. WEBBE, who died a year or more ago. GROCHOWSKI stated that in the years immediately prior to his death WEBBE had been a bondsman. GROCHOWSKI suggested that his wife, EVA WEBBE GROCHOWSKI, would be able to furnish more details regarding VINCENT WEBBE and that she could be located at [redacted]

On May 20, 1968, EVA WEBBE GROCHOWSKI advised that her brother, VINCENT P. WEBBE, died June 28, 1967. She stated that she had been rather closely associated with her brother and frequently kept bond records for him. She advised that he only signed police court bonds and never to her knowledge signed a bond for any substantial amount of money. According to GROCHOWSKI, WEBBE was in the egg and poultry business in St. Louis from 1921 to 1941 and that after 1941 he lived a life of semi-retirement; the bonding business being only a sideline. She stated that VINCENT WEBBE was in ill health for about six years before his death and during that time seldom left home.

According to GROCHOWSKI, ANN WEBBE, VINCENT's wife, still resides at [redacted] but she stated that ANN WEBBE does not read or write English and doubts that any information could be obtained from her if she were contacted.

She stated that her brother kept rather casual records of his bonding business and she has no idea where these records could be located today.

JAMES CARL O'CONNOR

GROCHOWSKI advised that the name [redacted] is entirely unfamiliar to her and she cannot recall a transaction between any such person and her brother amounting to $600. She examined photographs of JAMES CARL RAY and stated that he was entirely unknown to her. She also advised that the name JAMES EARL RAY and his known aliases are unfamiliar to her.

The following investigation was conducted by SAs [redacted] and [redacted] at St. Louis, Missouri, on May 20, 1968:

Mrs. MARY LOUISE SAWYER, [redacted] advised that she has worked as a nurse at St. Louis City Hospital #1, 1515 Lafayette, for approximately four years. She stated that she met ANDREW WILSON DE CORE about two years ago when he was a patient at that hospital. He was confined to the hospital for a considerable length of time because of a broken arm and broken leg. Mrs. SAWYER advised that after his release from the hospital and his subsequent return to the Missouri State Prison at Jefferson City she wrote to him a number of times. SAWYER advised that she was not aware that DE CORE had been released from prison and stated that she has no idea of DE CORE's present whereabouts. Mrs. SAWYER examined photographs of JAMES EARL RAY and advised that he was entirely unknown to her. She also stated that none of RAY's aliases were familiar to her.

He described [redacted] of Birmingham, Alabama, as a good friend with whom he "celled" and also "took care of" in Missouri State Penitentiary (MSP). He described [redacted] as a friend who would have no reason to lie about him. He first met [redacted] in the MSP at Jefferson City, Missouri, although they were previously in the Kansas City Jail at the same time but occupied different tanks. He associated with [redacted] while both were inmates at the MSP and after both had been transferred to the minimum security prison at Moberly, Missouri.

[redacted] denied recalling any conversations whatever with subject JAMES EARL RAY and still insists he does not know subject RAY.

[redacted] admitted running a poker game and lottery at MSP and in this capacity had numerous inmates working for him in various halls at the penitentiary. He knew all of these individuals personally and recalls their names. He specifically mentioned one such individual as [redacted]. He specifically recalled that subject RAY did not work for him and recalled no inmate at the MSP with either first or last name RAY with whom he associated or conversed at length.

He denied planning or executing a burglary or robbery of the oil company or any other establishment in Atlanta, Georgia, and advised that if he had pulled such a job it would have been alone.

He denied ever having lived in Atlanta but recalled having stayed there overnight on a couple of occasions when driving through.

[redacted] emphatically denied being questioned while in jail at Kansas City or at the MSP concerning any gangster in the Kansas City area. He was questioned by Detective [redacted] Kansas City Police Department, in regard to the offense for which he was convicted in Kansas City. This was on a charge of armed robbery of one [redacted] who at that time operated the Drake Hotel in Kansas City. [redacted] stated he was not guilty of this robbery; however, he took a "bum rap" in the matter rather than divulge his actual whereabouts and the person or persons with whom he was associated at the time the robbery was committed. The other violation, according to [redacted] was in the State of Kansas and he would probably have received more time than the 20 years he got in Missouri. He also was of the opinion at the time that he could beat the rap in Missouri.

[redacted] refused to discuss his actual whereabouts at the time of the Drake Hotel robbery, the violation in which he was involved, or the person or persons with whom he was associated in this matter. He stated any investigation in this matter could possibly jeopardize his present parole status even though the Statute of Limitations has run on that crime.

[redacted] denied any knowledge of the connection between New Orleans gangsters and gangsters in Kansas City. He stated he has no relatives residing in Baton Rouge, Louisiana, or Atlanta, Georgia.

[redacted] admitted having considered attempting to escape from the MSP but never planned such an escape with any accomplice. He denied ever having heard of a prisoner's plan to escape to Liberia or having a place he could hide out in a cave in Virginia.

Subsequent to the assassination of President JOHN F. KENNEDY, [redacted] admits fighting with a fellow prisoner outside

the Catholic chapel at the MSP because of a derogatory statement made by this prisoner concerning President KENNEDY as a Catholic. He does not recall the name of this prisoner and no charges were filed in connection with the incident. He denied that this individual could have been subject JAMES EARL RAY. He does recall Father SCHAFER was at that time the Chaplain but understands that Father SCHAFER now has a parish in California, Missouri. The above-described incident took place at the MSP in 1963.

[redacted] recalled that when he was in the MSP A Hall was occupied by Negroes; however, he understands it now houses trustees.

[redacted] stated he could recall many prisoners making derogatory remarks concerning Negroes but he advised that inasmuch as he is Catholic, derogatory remarks regarding Catholics were not made in his presence.

When questioned concerning any individuals who might dislike him and furnish false information concerning his alleged association with RAY, [redacted] mentioned the following individuals:

[redacted] white, male, age 28, believed presently back in MSP on an armed robbery charge from Kansas City, Missouri;

[redacted] (phonetic), white, male, age 26, believed to be doing 25 years at MSP on a charge of assault and molestation from Kansas City;

This individual was also a basketball player at the institution. RAYE is still believed to be at MSP and at one time an older brother, believed to be LARRY RAYE, was an inmate at the penitentiary. [redacted] is of the opinion this RAYE may be confused with subject JAMES EARL RAY by the person furnishing information regarding an association between him and subject RAY.

[redacted] recalled JIMMY RAYE (phonetic) having been in trouble in connection with a gambling debt owed to [redacted] MSP inmate, described as a white male doing a 25 year sentence from Kansas City on a rape charge. [redacted] was also active in running gambling games. [redacted] pursuaded [redacted] to "lay off" RAYE in connection with the gambling debt owed him. He further recalled this incident having taken place in 1963 or 1964 at which time JIMMY RAYE was housed in C Hall while he, [redacted] was residing in G Hall.

[redacted] stated his wife's true name at the time he married her was [redacted] While in MSP he corresponded with her under this name as well as under the names [redacted] He was not positive but believed her maiden name to be [redacted] His wife under the name [redacted] Her parents and relatives are believed to reside in Atlanta. [redacted] former Missouri State Penitentiary [redacted] presently residing [redacted] St. Louis, Missouri, was interviewed on May 12, 1968 [redacted] at [redacted], he was released on parole from the MSP, Jefferson City, Missouri.

[redacted] was arrested in St. Louis, Missouri, on a charge of armed robbery and although not convicted on this charge he remained in the St. Louis City Jail for approximately [redacted] before being released at the time of his trial.

Shortly after his release from MSP [redacted] advised he met subject JAMES EARL RAY on the street in the 1800 block of South 11th Street and conversed with him for a few minutes. According to [redacted] this date would have been around [redacted] since he recalls he obtained employment on that date in St. Louis. At the time of this first contact subject RAY was wearing a mustache and mentioned the fact that he was "hot" and had to be careful. He was dressed in a sweater and dark trousers and this visit with subject RAY was very short.

[redacted] recalled seeing RAY on another occasion on the street in the 1800 block of South 11th Street three or four days later. On this occasion he and subject RAY had a beer together in a tavern believed to be located on the west side of the street in the 1800 block. Subject RAY stated he was broke and [redacted] loaned him $10. RAY also mentioned he needed a "rod" to get hold of some money and [redacted] told him he was trying to go straight, had no pistol, and would not try to get one.

[redacted] mentioned he saw RAY on one other occasion two or three days later in approximately the same location. At this time he, [redacted] was in an automobile and RAY was on the street. He was of the opinion that RAY did not see him on this occasion. According to [redacted] although he does not recall the exact words of the conversation he got the impression from RAY that he was going to pull a holdup or robbery of some kind in St. Louis to get some money and then travel to the east side or somewhere in Illinois where he had

friends or relatives. He stated these individuals were not specifically mentioned but he got this impression from conversing with subject RAY.

[redacted] advised subject RAY furnished no information concerning where he was staying in St. Louis and made no mention of associates or relatives with whom he might be associated or living. [redacted] stated he did not observe RAY in company with any other individual on any of the above-mentioned occasions. He did state that RAY mentioned in the conversation that he "walked out" of the MSP with a group of visitors from the outside. It was [redacted] understanding that this was in connection with a ball game that had been played at the penitentiary and that the date, approximately, RAY walked away was April 24, 1967. [redacted] was questioned specifically concerning any information he might have as to the identity of any individual assisting subject RAY in his escape and he stated he could furnish no information whatever in this respect. He further stated he has not seen subject RAY since around May 18, 1967, and is not in possession of any information concerning his possible whereabouts since that time.

[redacted] advised he recalled subject RAY very well from his association with him at the MSP. He described RAY as a "loner" who participated in gambling in the penitentiary. He stated, however, that RAY spent so much of his time in solitary confinement due to his attempts to escape that he did not have much opportunity to participate in these activities. He advised that he was as close to RAY as anyone in the penitentiary and recalled that RAY took narcotics, and often came to his [redacted] cell to converse and offer narcotics to [redacted] With regard to RAY's closest associate at MSP, [redacted] advised that he was as close to RAY as any inmate. He went on to state that based on this association and his general knowledge of RAY it was hard for him to imagine RAY being involved in the MARTIN LUTHER KING slaying. In this respect he stated he did not feel RAY would be motivated by animosity toward Dr. KING and was not the type of individual who would be trusted by people wanting to dispose of KING. He knew of no connections that RAY had while in MSP which

would afford him access to information regarding a planned assassination of Dr. KING. It is [redacted] opinion that if RAY made such connections he did so while on the run subsequent to his escape.

[redacted] recalled an inmate at MSP known as (first name unknown) COOLEY (phonetic) described as white male, 45 years old at the present time, 6' tall, 150 pounds, slender build, black hair. He stated this individual walked with a noticeable limp, believed to be in his right leg, and that the right leg was curved out noticeably. He advised that COOLEY was an inmate at MSP on two separate occasions. He believes that COOLEY was last released prior to 1960 when subject RAY entered MSP. COOLEY worked in the penitentiary kitchen. He described COOLEY as a "fanatic". [redacted] could relate no specific circumstances on which he based his opinion that COOLEY was a fanatic, or what COOLEY was fanatical about. [redacted] merely stated that COOLEY had "way out" ideas, and that he, COOLEY, attempted to appear as an intellectual. He recalled that COOLEY read science and sex books continually. Inasmuch as COOLEY's last release was prior to subject RAY's incarceration at MSP, [redacted] does not believe there was any association between subject RAY and this COOLEY. [redacted] knows of no organization known as COOLEY's organization or any group headed by COOLEY.

During the interview [redacted] mentioned an individual known to him as JACK (last name unknown) who in May of 1967 was in charge of a rooming house at 1805 South 11th Street. [redacted] met this individual while incarcerated in St. Louis subsequent to his arrest on June 1, 1967. It was his recollection that JACK (last name unknown) was arrested on June 2, 1967, suspected of burglary of a tavern located near his residence at 1805 South 11th.

During conversation with JACK (last name unknown), who was described as a white male, age 70, 6' tall, 200 pounds, gray hair, subject RAY was discussed. Although JACK did not specifically say so, [redacted] got the impression that RAY

was probably living with him or staying part-time with him at 1805 South 11th. He also recalled JACK mentioning subject having a brother residing somewhere in the general area. Although [redacted] could not recall the brother's name he thought it to be JOHN. JACK (last name unknown) advised it was his understanding that subject RAY, who was well known to him, was believed to have walked away from the penitentiary following a ball game.

It was [redacted] understanding that JACK (last name unknown) had never done any time in Missouri but had spent approximately 29 years in penitentiarys in Illinois on charges of safe cracking, robbery and so forth. At the time JACK was arrested in St. Louis on June 2, 1967, he was extremely worried because his parole out of Illinois did not expire for a period of two or three more weeks.

[redacted] stated that during his incarceration at MSP he "ran the store" for quite a period of time. He is presently employed [redacted] About the time [redacted] saw subject RAY in St. Louis he was employed for a short period of time as [redacted]

With reference to subject JAMES EARL RAY, [redacted] reiterated information previously furnished in this matter. He stated RAY walked away from the Missouri State Penitentiary in the afternoon of April 23, 1967, and he, [redacted], was released on [redacted] Approximately two weeks subsequent to his release he visited briefly with subject RAY on South 11th Street in St. Louis on two different occasions. On the second occasion he had a drink with RAY in a bar, name unrecalled, in the 1800 block of South 11th and he loaned RAY $10 since he stated he was in need of money. RAY indicated he planned to obtain a gun possibly in East St. Louis, Illinois, and make a "score" in the near future.

[redacted] in his brief visits with RAY got the impression RAY was living with some of his relatives not far from the 1800 block of South 11th, although RAY did not actually make a statement to that effect.

[redacted] stated that subject might have been residing with JACK GAWRON, who resided in that area, but neither RAY nor GAWRON ever made a definite statement indicating that RAY was living with GAWRON.

[redacted] repeated information previously furnished that although he considers himself one of subject RAY's closest friends in the Missouri State Penitentiary, he never heard him make any statements either in the penitentiary or after his escape that would link him in any way with the MARTIN LUTHER KING slaying. He went on to state that he felt certain that if RAY is involved it is through RAY's efforts to obtain money and not through any idealistic feelings or hate feelings that he might harbor.

Date May 22, 1968

[redacted] was re-interviewed at the St. Louis Federal Bureau of Investigation office and furnished the following information:

He has known [redacted] for approximately 15 years. He met [redacted] when the two of them were working out of Manpower, Incorporated, St. Louis, Missouri. He has associated with [redacted] since that time, but has been very close to [redacted] for only the past five years. When he first met [redacted] was residing in the vicinity of Mississippi and Hickory, St. Louis, Missouri. [redacted] home was near [redacted] Bar. He and [redacted] often drank at this bar. [redacted] pointed out that [redacted] is no longer in business and he is presently a bondsman at the St. Louis area.

[redacted] again viewed photographs of RAY as depicted on Federal Bureau of Investigation wanted flyer number 442-A. He advised that he does not recall ever having seen this man. Although he associated with [redacted] in 1958 and 1959, he does not recall subject RAY having lived or associated with [redacted]

[redacted] was shown a standup photograph of subject, RAY, taken by the St. Louis Police Department, at the time of RAY's arrest in 1959. [redacted] advised that he knows this man and recalls having drank with him at [redacted] at Mississippi and Hickory. [redacted] was then quite sure he knew the man and insisted that he had seen him before, however, he advised that he has not seen RAY since [redacted] moved from the vicinity of Mississippi and Hickory.

[redacted] pointed out that he visits [redacted] at [redacted] residence practically every evening after work. He has never seen the subject, RAY, at [redacted] place.

Regarding a conversation between he and [redacted] concerning the subject, [redacted] advised that approximately six weeks ago, the first part of April, 1968, [redacted] started talking about RAY. was published in the newspaper. He advised that just he and [redacted] were drinking at [redacted] house when [redacted] mentioned RAY.

[redacted] refers to subject, RAY, as JIMMY, and told [redacted] that RAY was his "foster son." [redacted] stated that he and RAY "took a couple of joints together." [redacted] understood him to mean that they had pulled armed robberies together. [redacted] did not state when and where these holdups occurred. [redacted] also stated that RAY had escaped from the penitentiary.

[redacted] at first advised that [redacted] stated he had seen RAY approximately six weeks before RAY's picture was published in thepaper. Later in the interview, [redacted] advised [redacted] had stated he saw RAY six weeks ago. This would have been around the first of April according to [redacted] The discrepancy in the dates on which [redacted] supposedly saw RAY were brought to [redacted] attention. He stated he was confused as to exactly when this meet was supposed to have occurred and does not recall if it was six weeks prior to RAY's photograph appearing in the paper, or simply six weeks ago. He did state that the meet supposedly occurred near the intersection of 18th and Lafayette, St. Louis, Missouri. [redacted] pointed out that there is a drug store and a couple of bars at this location, and assumes that the meet took place in a bar. At this point, [redacted] advised that it was at this time that [redacted] and RAY supposedly pulled the armed robberies together. [redacted] advised that this was the impression that he got from JACK. However, he advised that it was equally possible that JACK was referring to amed robberies pulled by him, [redacted] and RAY in 1959 or earlier.

[redacted] has advised him that he, [redacted] has been talking to the FBI about RAY. [redacted] did not state whether or not he was telling the truth to the FBI. [redacted] stated he was scared and that he did not like to be bothered by the FBI.

[redacted] advised that he was arrested last September for the theft of a television set. He is now on nine months probation for this offense. He was in the city jail, cell number 22 with a [redacted] (last name unknown). [redacted] has within the past week, began coming to [redacted] home. At the time that he and [redacted] were in jail, [redacted] and [redacted] were also in jail. [redacted] was in jail approximately

two months. [redacted] was released before him, and [redacted] was released only recently. While in jail, he overheard no conversation between [redacted] and [redacted] regarding RAY. He advised at that time [redacted] and [redacted] were in jail for the burglary of Art's Tavern, Soulard and South 11th Streets.

He recalls that sometime ago, the exact date unknown to him, [redacted] and someone else went to Arkansas to rob a variety store. They had previously cased this store. [redacted] recalled that they did not rob this store as they had planned for some reason unknown to him.

Regarding the financial status of [redacted] advised that [redacted] generally has a couple of hundred dollars with him all the time. He stated that [redacted] receives a Government check and plays cards frequently. He advised that [redacted] also has an account at Manufacturer's Bank on South Broadway.

[redacted] advised that [redacted] has no telephone, but frequently goes out to make telephone calls at a pay phone located in front of a Catholic church at 12th and Lafayette, St. Louis.

It is his opinion that [redacted] would not tell the FBI where RAY is, even if he knew. He stated that [redacted] is " a little nuts." He stated he believes this because of the fact that [redacted] keeps approximately fifteen cats in his home and one dog. [redacted] kisses the cats and refers to them as "baby." He stated that [redacted] sleeps with all the cats and his dog.

[redacted]

[redacted] described [redacted] as a "loud mouth, who would come in on anybody." He stated that he is sure that [redacted] would tell the FBI if he had any knowledge of RAY

[redacted]

Regarding any trips that [redacted] may have taken recently, [redacted] advised that he knows of no trips with the exception of the preceding Monday and Tuesday nights when [redacted] did not come home until two or three a.m. He knows that [redacted] came home this late, only because [redacted] told him so. He advised that this is not like [redacted] and he assumes that [redacted] may have gone to Madison, Illinois, on these nights to pick up a pistol for [redacted] (last name unknown) and a man from Louisiana, who have recently been frequenting [redacted] residence.

[redacted] advised that [redacted] has never mentioned to him anyone ever having given him $250 or any bank loot.

[redacted] advised that it was not possible for RAY to have stayed with [redacted] when he, [redacted] resided at [redacted] He pointed out that at that time he and [redacted] were so closely associated that he would have surely seen RAY had he been in the area.

OPAL HIGHLY, [redacted] was interviewed at her residence and furnished the following information:

She formerly was the operator of Opal's Bar, 1805 Lafayette. She advised that she ran Opal's Bar at this location from 1947 until 1961. From September, 1939, until 1945 she operated a bar, also known as Opal's Bar, at a different location near 18th and Lafayette, St. Louis, Missouri.

She viewed photographs of subject, JAMES EARL RAY, as depicted on Federal Bureau of Investigation wanted flyer number 442-A dated April 19, 1968. HIGHLY pointed out that she does not recall the names of patrons frequently visiting her bar. She did know some of her patrons by their first names. The name JAMES RAY means nothing to her.

She is acquainted with a JACK (last name unknown) who limps, and has been in and out of the penitentiary all of his life. [redacted] advised that he was sentenced to the Missouri State Penitentiary at Jefferson City, Missouri, and arrived there on [redacted]. He stayed approximately [redacted] weeks and was transferred to [redacted] at which time he went back to Jefferson City for a period of [redacted] weeks. He was then transferred to the [redacted] Missouri, Farm. During his stay at [redacted] he went back to [redacted]

As he recalled there were two individuals named RAY at Moberly at the time he was there, one who was tall and thin who escaped but was recaptured the same night, the other he heard had escaped and had not been recaptured. He did not know either of these RAYS on a personal basis and is not positive that either of them is identical with the Identification Order photograph of JAMES EARL RAY. He further advised that sometime in 1966 while he was at Moberly he and several other prisoners were caught gambling, and as a result of this he attempted to make a deal with prison authorities that he would turn over to them a shipment of amphetamine powder that was supposed to be coming into the prisoners. Instead of giving them the real amphetamine powder, he gave them a greenish colored food seasoning. They discovered the switch and as a result he was taken into prison court, given ten days in the hole and a 20 days loss of merit time. To the best of his recollection and knowledge, he never came into contact with JAMES EARL RAY in regard to this amphetamine.

FEDERAL BUREAU OF INVESTIGATION

1

Date May 24, 1968

[redacted] was interviewed at the office of the Federal Bureau of Investigation, 1520 Market Street, St. Louis, at which time he supplied the following information:

[redacted] emphatically denied since last being interviewed by Bureau agents that he has had any contact with or knowledge of the whereabouts of JAMES EARL RAY. He reiterated what he had previously mentioned that he also has had no contact with RAY since RAY escaped from the Missouri State Penitentiary (MSP). He pointed out that at the present time RAY would have no way of knowing that [redacted] was released from the MSP and, therefore, would not even by aware that [redacted] is in St. Louis, Missouri.

Regarding [redacted] association with RAY in the MSP, [redacted] commented that it was possible that RAY may have used amphetamines on occasion, however [redacted] never knew of RAY to sell or to deal in that or any other narcotic.

[redacted] did say that he knew JAMES EARL RAY to have a four for three loan business at MSP as on several occasions RAY had asked [redacted] if he ever needed any money, RAY had sufficient to loan him. RAY once told [redacted] that he had paid off a debt of an unnamed inmate and asked [redacted] how he could receive the re-payment from the inmate since the inmate had arranged for someone outside the prison to pay off the debt to RAY. RAY desired to know how the money could get into the prison past the warden as the warden had questioned RAY on several occasions regarding money being held for him by prison authorities. [redacted] indicated that it was the warden's belief that this money was in payment for narcotics.

[redacted] was unable to recall whether he had suggested it to RAY or it was a mutual agreement between he and RAY that this outside person send the payment to RAY in the name of oneof RAY's brothers. [redacted] was of the opinion this was how the re-payment was handled, however had no concrete knowledge of which brother's name was used or the amount of the payment. [redacted] estimated that RAY possibly had $300 to $400 at the most when he escaped from MSP but seriously doubts that RAY had any more than that.

[redacted] stated that while incarcerated in MSP, RAY worked in the bakery as a bread cutter. In addition to RAY in the bakery, there were approximately 150 additional inmates. [redacted] commented that he doubted that over six of these fellow inmates had ever held conversations with RAY totaling more than 30 minutes. He stated that RAY was a good worker, a clever and thoughtful person, a conservative thinker, very closed mouthed and an individual who does not generally do things on the spur of the moment. [redacted] added that at no time did RAY exhibit any foreign language ability nor was there any talk of travel outside of the continental United States by RAY. However, on one occasion RAY did mention to [redacted] that he had been to the West Coast. Although [redacted] stated that RAY did not have any close family ties, the place most often spoken of by RAY was Illinois where [redacted] understands RAY's family are residents.

[redacted] commented that approximately 95 percent of the content of conversations between he and JAMES EARL RAY while incarcerated in MSP was about how to get out of the penitentiary either legally or illegally. [redacted] emphatically denied that he had been engaged in any illegal activity inside the MSP and further stated that he was not the individual who was caught by prison authorities with numerous bullets in his pocket. He also stated that there was no truth to the statement that JAMES EARL RAY ever had an inmate beaten while in the penitentiary for non-payment of debt. [redacted] recalled that on either a Friday or Saturday evening, RAY had sent word to him by messenger that he wanted to meet with him for dinner. [redacted] did join RAY for supper and RAY commented that he had been granted permission to accompany his attorney to a Missouri Supreme Court hearing on the following Wednesday. RAY was desirous of learning the exact procedures in regard to security of him as a prisoner and if there was any relaxation of the security, whereby he may be afforded a chance to escape. [redacted] reportedly assured RAY that there was no opportunity for escape under those circumstances. According to [redacted], RAY replied, "That's okay, I've got something else."

The following Sunday while walking in the yard of MSP, [redacted] stated that he overheard an inmate, name unknown, complain that someone had stolen a set of hidden civilian clothing, however at the time didnot pay too much attention to the remarks

On May 8, 1968, [redacted] Webster Groves, Missouri, advised SA [redacted] that while confined to the Missouri State Penitentiary he had occasion on several different times to have a short conversation with JAMES EARL RAY. He added that he has discontinued any association with his previous friends and did not desire in any way to furnish any information to any law enforcement agency for fear of reprisals and possibly getting him involved in illegal activity. [redacted] after being advised of the explicit purpose of the interview stated that he had no objection talking about JAMES EARL RAY because he felt he had very little knowledge of RAY; however, it should not be expected that he would provide the names of any individuals who were connected with RAY or himself at the MSP.

[redacted] indicated that he first met JAMES EARL RAY when he, [redacted] was working as an inmate barber and thus on several occasions had the occasion to cut RAY's hair. He stated he probably knew RAY approximately two to three years and described him as a very closed mouth individual who kept primarily to himself. [redacted] added that by keeping to himself was part of the reason RAY tried so many escapes from the MSP and nearly pulled them off. He stated that no one really knew his plans, therefore, was ahead percentage wise on chances of being successful.

[redacted] commented that he was not aware of anyone who was close to JAMES EARL RAY in the MSP; however, he added "anyone who says they knew JIM RAY real well are liars."

[redacted] related that at the time of RAY's escape in April, 1967, [redacted] was working on the farm and he has no knowledge of any of the details regarding RAY's escape. In regard to RAY's activities after the escape, [redacted] stated that he does not know if RAY would have come to St. Louis, Missouri, and he stated he was not aware of where RAY's home is and attributed this fact to RAY's being extremely quiet in nature and it was not a subject that was ever discussed. He was then warned of his rights by Special Agent [redacted] stated he was well aware of his rights and, that while he was quite willing to furnish any information in his possession concerning this case, he did not desire to execute a waiver of his rights or any other document.

[redacted] likewise was unable to recall ever having seen any of the subject's relatives. He stated if he could see the relatives face-to-face, he might be able to remember some of them as persons he may have seen while he was living in St. Louis, Missouri, as he understood from newspapers some of them resided in areas where [redacted] located, but in any event, he was certain he had no association with any of them, as their names were in no way familiar to him.

To the best of his knowledge, he worked at [redacted] in St. Louis, Missouri, each day during the period from April 23, to July 18, 1967. He had no records which would substantiate this belief but noted that a [redacted] in St. Louis usually requires the daily presence and effort of the owner to "break even."

He specifically denied making any trips to, or in the vicinities of, the Missouri State Prison at Jefferson City, Missouri, or the Renz Prison Farm, nearby, during this period. All such trips made by him were subsequent to the escape, apprehension and return of his boyhood friend, [redacted] from the Missouri State Penitentiary during, he believed, September of 1967.

He recalled that during the fall of 1967, [redacted] had appeared at [redacted] one evening and had confided to him that he had escaped. [redacted] made no mention of the manner in which he had escaped but it appeared to [redacted] that he had probably stolen some civilian attire from a clothesline, as he was not in prison garb. [redacted] indicated he had walked a considerable distance following his escape and had finally managed to obtain transportation on a bus bound for St. Louis.

[redacted] and [redacted] "sat up all night talking." During their conversation, [redacted] attempted, to the best of his ability, to convince [redacted] to give himself up, but was unsuccessful. [redacted] was "scared to death" and appeared to be an extremely desperate individual. It was evident to [redacted] that, unless [redacted] was successful in legitimately obtaining sufficient funds to continue his flight, he would undoubtedly "pull some job in which somebody might get hurt." Therefore, [redacted] gave him $100. Two or three days thereafter, [redacted] was apprehended and returned to the prison.

[redacted] stated he was well aware that his action in this regard constituted a violation of state harboring statutes, but he preferred to consider it as "insurance" against some innocent person getting hurt. He freely admitted what he had done to members of the St. Louis Police Department.

Following [redacted] return to the prison, it became apparent he was suffering from terminal cancer. Due to this fact, [redacted] has since visited him on several occasions and has attempted to secure his release through Jefferson City attorney [redacted]

[redacted] stated specifically he had never visited or corresponded with [redacted] at the prison prior to [redacted] escape and return.

[redacted] stated positively he had never known or aided the subject in any way, and had never been in a position to have assisted him in any manner. Neither he nor any member of his family have owned, controlled, or enjoyed the use of any rural or farm property anywhere, which might be used as a hiding place for an escapee, at any time subsequent to subject's escape.

He expressed the opinion that the subject is undoubtedly dead or out of the country as he would otherwise have been found by this time. He mentioned that the reward for subject's apprehension, which he understood had been offered by Memphis businessmen, was of sufficient size to cause anyone the subject might have contacted to turn him over to the authorities.

[redacted] further expressed the belief that it would be impossible for any prisoner to "simply walk out" with a crowd of visitors at the Missouri State Prison without the gross negligence or the convivance of prison guards.

[redacted] stated he would immediately contact the FBI in the event any information concerning subject or his whereabouts comes to his attention.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

Date May 13, 1968

1

Mr. JERRY RAYNES, Rural Free Delivery, Center, Missouri, on May 9, 1968, advised that he had heard nothing whatever from subject.

Mr. RAYNES volunteered that his sons JOHN and JERRY had visited him he believed the night of Monday, May 6, 1968, and had departed early on the following morning. He [redacted] stated that most of their visit was spent in arguing. Both were drinking heavily. He said JOHN appeared angry with JERRY and indicated his resentment as well as that of their sister, CAROL PEPPER, of JERRY's action in having sold Life Magazine a story about the family which they both agreed had been half lies.

It was Mr. RAYNES' understanding that JERRY had received money for giving the Life interview and that such money was being used by him during his visit to St. Louis. He indicated his own personal resentment against JERRY for having given the magazine the story.

Mr. RAYNES stated it was his understanding that JERRY planned to return to the Chicago area soon and that he would not spend any further time with him at the farm during this trip. He stated that "JERRY is nuts, and there is no telling what he will actually do".

Mr. RAYNES indicated personal resentment of the article which had appeared in Life Magazine saying that the house in which the family had lived in Ewing, Missouri, had not had a dirt floor when the family lived in it as alleged by the magazine. He stated the house had not been in good shape but that he had worked hard to improve it.

Mr. RAYNES stated that he had lived some time with the children's mother, LUCILLE MAHER, in a common-law relationship before their marriage. He was unable to recall the date of their marriage but did remember that they were married by a Justice of the Peace in the State of Florida. He recalled that they had lived for awhile in Tallahassee, Florida, and indicated that the marriage might have occurred there.

Mr. RAYNES stated he had little formal education and experiences considerable difficulty in recalling dates, but he was sure that either in the late 1920's or early 1930's he was married to the children's mother in Florida under the name of JERRY RAYNES or JERRY RAYNS. He stated that lack of education was responsible for the two spellings he had used of his surname.

Mr. RAYNES further advised that approximately four days prior to the interview some reporter and his companion had attempted to force their way into his house but that he had refused to talk with them and had ordered them from the premises.

Mr. RAYNES reiterated previous statements that he had no contact with and no knowledge or information concerning the subject or his whereabouts following the subject's escape from the Missouri State Penitentiary in 1967. He was unable to recall any statements or indications from any of his children that they had any further information concerning the subject in this regard.

Mr. RAYNES was again advised of the provisions of the Federal Harboring Statute.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

1 Date May 20, 1968

Mr. JERRY RAYNES advised on May 16, 1968, that except for his daughter, CAROL PEPPER, who visits him nearly every weekend, he has not been in contact with any member of his family since the recent visit from his two sons, JOHN and JERRY RAY. He recalled that his son, JERRY, had indicated his plans to return to the Chicago area and he presumes he has done so. He has not seen nor heard from his son, JOHN, since the visit. He added that his daughter, CAROL, visits him almost every weekend when possible and brings him such groceries and other necessities as are needed by him for the week. For this reason, he seldom if ever leaves his residence.

Mr. RAYNES stated that during the late summer or early fall of 1967 he had decided to leave St. Louis and had for some time been looking for a small acreage in a rural area. He had seen a real estate listing for a farm in Ralls County priced at $8000. As he did not have that much money he had contacted the banker at the Center State Bank, Center, Missouri, concerning the possibility of obtaining a loan to buy the property. During this discussion the banker had indicated the bank planned to sell 46 acres south of Center, Missouri, at a foreclosure sale at the Court House in New London, Missouri, and that the bank hoped to realize $3000 for the property. Mr. RAYNES attended the sale and since only one other person bid on the property he was able to buy it for $2600. He used money obtained from the sale of his property in St. Louis to buy this small farm on which he now resides, which consists of 46 acres. In paying for the place he used a $1900 check from CAROL PEPPER and $700 of his own money, the surplus being used to pay back taxes.

Mr. RAYNES stated that he has had no contact with the subject directly or indirectly since subject went to prison in 1960. Subject never wrote him and since his escape has not contacted him.

Mr. RAYNES stated that as a matter of pure conjecture, since he had no actual knowledge of his own concerning the matter, it seemed to him that someone else had used subject in the KING case and that if this was so such individual would probably have killed subject following the murder. He was of the opinion that subject as an experienced criminal would know better than

to leave his fingerprints anywhere. He was of the opinion that someone had "gotten to" subject following his escape.

Mr. RAYNES then stated that he now recalls that during the recent visit of his sons JOHN and JERRY, some statement by his son, JERRY, to the effect that subject was in Chicago, Illinois, during the summer of 1967 following his escape. Mr. RAYNES was unable to recall anything more specific about the statement and admitted that he might have misunderstood. He noted that both his sons had been drinking heavily at the time.

Mr. RAYNES stated that subject had lived with his mother while he was in St. Louis and that he knew very little about subject. He was of the opinion that subject would not kill anyone unless he was under the influence of narcotics. He does not consider the subject smart enough to plan the KING murder alone.

Mr. RAYNES stated that he was very fearful of publicity and was afraid that Negroes might attack him if his relationship to subject becomes publicly known. He stated further that during a recent visit from his daughter, CAROL PEPPER, she had indicated she had been interviewed by the Federal Bureau of Investigation (FBI) and that they had indicated to her the possibility that subject might have been in St. Louis following his escape. She has not exhibited to him any knowledge or information as to any knowledge on her part as to subject's whereabouts.

Mr. RAYNES again stated he would immediately contact the FBI on receipt of any knowledge or information concerning subject or his whereabouts.

The provisions of the Federal Harboring Statute were again brought to his attention.

Mr. JERRY RAYNES, RFD Center, Missouri, was contacted and asked concerning the location of his property in St. Louis, Missouri, which was sold during the summer of 1967. He stated this property was located at 1819 Park, and he sold it to a man named ROBINSON whose first name he believes is ARCHIE who resides on Hickory Street in St. Louis. He claimed it was an involved transaction, that he first had traded his property to ROBINSON for a farm and $2,500, but they had changed the arrangement and he accepted $3,200 for this property. He stated he turned the money over to his daughter CAROL for safe keeping. He stated he did not loan his son JACK $1,000, but recalls that he did loan him $700 through his daughter CAROL.

Mr. RAYNES was vague about dates and about specifics in general. He was questioned twice concerning this and still stated he did not lend JACK $1,000, nor any money directly, but all transactions were handled through CAROL.

Mr. JERRY RAYNES, Rural Free Delivery, Center, Missouri, advised on May 29, 1968, that he had no word from or about the subject and that he had no idea as to subject's whereabouts.

He stated that after his family moved from Ewing, Missouri, they went to Quincy, Illinois, for a short time but that the subject was there only a short while as he went to live with his grandmother MAHER in Alton, Illinois. Subject obtained employment with a shoe company tannery in or near Alton and worked there until he entered the Army. Subject was very frugal, saved his money, and reportedly had saved up $1400 at the time of his entry into military service. He recalled that subject was very shy, had no close friends or associates, and depended on his grandmother to take care of his money as he apparently had no use for banks.

Mr. RAYNES stated that subject had not lived with him except for a period of approximately two weeks in Quincy, Illinois, he believed in about 1943. He thereafter had little contact with the subject except for two or three meetings with him in St. Louis, Missouri, in 1958 or 1959 when subject lived with his mother and grandmother on Hickory Street in St. Louis, Missouri.

Mr. RAYNES stated that as he knew subject he did not believe he would hurt anyone. He expressed the belief that subject lacked the intelligence to plan and carry out the murder of KING and conjectured that someone had probably coached him, payed him, and then after the murder killed him. He reiterated that in his estimation subject was a shy "countryfied" individual.

Mr. RAYNES was asked if the name [redacted] meant anything to him as being an individual who might have lived as a neighbor to the family during their residence in Quincy, Illinois, during the 1940's. He stated that the name seemed vaguely familiar but that he was unable to recall ever having known [redacted] He added that in the event he had known [redacted] it had been a long time ago and that he did not remember him.

Mr. RAYNES expressed fear that his daughter, CAROL PEPPER, might possibly be ill as she had complained of a toothache during a brief visit with him on the previous Saturday and he has not heard from her since. During the Saturday visit she told him she was nervous because of the publicity attending this case.

Mr. RAYNES stated that CAROL PEPPER had never at any time given him any indication that she had ever been in contact with the subject since his escape from the Missouri State Penitentiary or that she has any knowledge or information as to his whereabouts.

Mr. RAYNES stated that he had read some publicity to the effect that subject had bad teeth which he did not believe was true. He recalled that subject had good teeth when the family lived in Ewing, Missouri, and Quincy, Illinois, but admitted, however, that due to his infrequent contacts with subject since that time the subject's teeth could have gone bad without his knowledge.

The provisions of the Federal Harboring Statute were explained to Mr. RAYNES and he indicated that he would never entertain even the slightest notion of harboring the subject because in his estimation if subject is alive he is probably extremely ill mentally and is urgently in need of medical help.

He stated his daughter, CAROL PEPPER, had not visited him since she was ill two weeks ago, and therefore, he had been forced to do some shopping for himself.

Mr. RAYNES was told that a recheck of Florida Marriage records under the names RAY, RAYNES, and RAYNS had failed to reflect his marriage there to LUCILLE MAHER. He stated he could not understand that and again indicated they were married near Jacksonville by a Justice of the Peace.

Mr. RAYNES stated that he has not been contacted by any member of his family except CAROL, since JACK and JERRY visited him a month ago.

He has not received any word directly from or indirectly about the subject. He again expressed the feeling that subject was "used" in the plot to kill Dr. KING and after the shooting subject had been killed by whoever masterminded the KING killing. He was of the opinion that subject is probably dead or he would have been apprehended by this time. He stated he did not consider subject to possess sufficient intelligence to so successfully evade capture for this length of time, were he alive.

She stated she planned to visit him this weekend, and would bring any groceries he might need.

Mr. RAYNES stated that he has no idea where subject might be. He expressed the opinion that subject would not contact him in any event. He mentioned the assassination of Senator ROBERT KENNEDY, stating it "was a terrible thing" and SHIRAHAN SHIRAHAN should be executed for this act. He also stated that if subject is guilty, he should be executed also, as the KING murder was the same kind of crime. He also mentioned the heartache SHIRAHAN had brought on not only the KENNEDY family, but on the killer's own relatives. He stated that all recent killings appear to him to be part of a plan by some evil persons.

RAY FATHER - JERRY RAYNES

The following investigation was conducted by SA's [redacted] and [redacted]

Mrs. DELIA ROBINSON, [redacted] St. Louis, Missouri, advised that she is the wife of ARCHIE L. ROBINSON, who purchased the property at 1819 Park Avenue approximately one year ago.

She made available a General Warranty Deed which reflects that JERRY RAYNS, a single man of the City of St. Louis, sold to ARCHIE L. ROBINSON and his wife, DELIA ROBINSON, property in City Block #484, known as 1819 Park Avenue, for $100 and other valuable goods and consideration. This General Warranty Deed was dated March 28, 1967, and recorded on that date in Book #8747, page 479, Recorder of Deeds Office, City of St. Louis.

Mrs. ROBINSON stated that she is not sure of the exact transaction that took place inasmuch as her husband handled the business matters. She noted that she was acquainted with JERRY RAYNES prior to the purchase of that property, however, was not acquainted with any of his family although she understood he had some children. She observed photographs of JAMES EARL RAY and indicated he was completely unfamiliar to her.

On May 21, 1968, ARCHIE L. ROBINSON was interviewed in the vicinity of 1819 Park Avenue, St. Louis, Missouri. He stated that with regard to the purchase of the property at 1819 Park Avenue from JERRY RAYNES, that immediately prior to transfer of the title he gave JERRY RAYNES $2,000 in cash and they were to transfer a piece of property he owns at Naylor, Missouri, to JERRY RAYNES. However, prior to the consummation of the transfer of the property at Naylor, RAYNES wanted to know how much cash ROBINSON would give to make it a straight cash deal instead of transferring the property. Mr. ROBINSON offered him $500 and they then considered the deal closed with no transfer of the Naylor property being made. He noted this made a total cash payment of $2,500, and this was completed on

two separate days immediately prior to March 28, 1967. Mr. ROBINSON stated he knew JERRY RAYNES approximately one year prior to the above-mentioned transaction while JERRY RAYNES resided at 1819 Park Avenue upstairs. Mr. ROBINSON noted that JERRY RAYNES had a daughter and son-in-law who had two children, who visited regularly and sort of looked after the old man. He spoke of a son that was killed and by implication, indicated that this son had sort of been outside of the law and the bad one of the family. He mentioned another son, believed to be named JACK, who occasionally came to visit the old man and on occasion stayed for short periods of time, however, he cannot recall any time that he stayed any great length of time.

Mr. ROBINSON observed the photograph of JAMES EARL RAY and stated that it is completely unfamiliar to him and he does not recall JERRY RAYNES ever mentioning a son named JAMES or JIM.

On May 21, 1968, CHARLES E. JOINES, 1817 Park Avenue, advised that he recalls about three years ago JERRY RAYNES purchased property at 1819 Park Avenue and lived there by himself upstairs. He remained there about two years and sold this property about one year ago.

Mr. JOINES stated that a daughter and son-in-law frequently visited and sort of took care of the old man and on occasion a son named JACK visited and stayed for short periods of time.

Mr. JOINES observed a photograph of JAMES EARL RAY and stated that it was completely unfamiliar to him.

SHUN WONG and MUI WONG, 1825 Park Avenue, advised that they have operated a laundry at this address since 1952. They indicated that they did not know any residents at 1819 Park Avenue, nor do they know any of the other current neighbors in this area.

The WONGs viewed the photograph of JAMES EARL RAY and stated it was completely unfamiliar to them.

HOWARD KEYS, 1821 Park Avenue, stated that he has operated a barber shop at this location for less than one

year and is not acquainted with JERRY RAYNES or any former tenants at 1819 Park Avenue.

On May 21, 1968, DAVID and LEO BORNSTEIN, operators of South Side Auto Parts, 1820 Park Avenue, recalled an elderly man residing at 1819 Park Avenue by the first name of JERRY for a couple of years who moved from that address about a year ago. They recalled that he spoke of a son named JACK, however, they never observed any visitors at this residence.

They viewed the photograph of JAMES EARL RAY and stated that it was completely unfamiliar to them.

It is noted that the 1800 block of Park Avenue and adjacent streets are in the throes of a detericrating process with a number of the buildings being vacant and a number of them being in various stages of destruction.

FEDERAL BUREAU OF INVESTIGATION

Date May 14, 1968

Mrs. ALBERT B. (CAROL ANN) PEPPER, [redacted] stated her new unpublished telephone number is [redacted]. She was interviewed on May 10, 1968, by SAs [redacted] at which time she furnished the following information:

Mrs. PEPPER is the sister of subject, JAMES EARL RAY, but is 13 years younger than subject and in all of her life has had very little contact or association with the subject having seen him only approximately three or four times in her life. These three or four times when she has seen him all occurred in the City of St. Louis after Mrs. PEPPER came to St. Louis when she was 16 years old to reside with her father in St. Louis and all of the occasions when she saw the subject were brief encounters such as when she saw him on the street. She believes the last time she saw the subject was probably in 1959 or earlier when she encountered him on the street in South St. Louis at which time she was in the company of their brother, FRANK (BUZZY) RAY, who is now deceased. Her first recollection of seeing him was following his discharge from military service.

Mrs. PEPPER was born January 30, 1941, at Ewing, Missouri. She went to school at Quincy, Illinois, where she resided with her mother, LUCILLE RYAN. Mrs. PEPPER's birth certificate showed her name as RAYNES which she understands is an incorrect spelling of the name of her father, whose name is RAYNS and who now resides near Center, Missouri, to which location he recently moved from St. Louis, Missouri. Mrs. PEPPER prior to marriage, used the name CAROL RYAN, the same surname used by her mother, LUCILLE RYAN. Mrs. PEPPER is unable to account for the variations in the surnames and she is aware that various ones of her brothers and sister have used the surname RAY. [redacted] She assumes that the variations of the name are simply because her brothers and sisters decided to use the name RAY, a variation of the name RAYNS.

When Mrs. PEPPER was 16 years of age, she left her mother's residence in Quincy and came to St. Louis where she lived with her father at 1727 South 11th Street. She did

not attend school after she moved to St. Louis but had various jobs including a period of employment at Kresge's, a dime store, located on Delmar Boulevard, University City, Missouri, no longer in existence. She is not now employed. Her last employment having been by the Catholic Archdiocese in St. Louis as a teacher in the Head Start Program which was conducted at St. Joseph's School on South 12th Street in St. Louis. The later employment was for a period of about one year during the latter part of the residence of Mr. and Mrs. PEPPER at 712a Shenandoah, St. Louis, from which address they moved to their present address in the Maplewood in about October, 1967.

Sometime after Mrs. PEPPER came to St. Louis at the age of 16 years to reside with her father, hermother also came to St. Louis and resided with Mrs. PEPPER's maternal grandmother, MARY MAHER, at 1913 Hickory, St. Louis. Mrs. PEPPER however, did not at any time actually reside in St. Louis with her mother, although she occasionally spent brief periods of time with her mother at the mother's address. After the death of Mrs. PEPPER's mother in early 1961, Mrs. PEPPER did reside for a period of a few months with her grandmother, Mrs. MAHER, in St. Louis, until Mrs. PEPPER was married in St. Louis to ALBERT B. PEPPER in December, 1961.

Mrs. PEPPER and her husband have two children, [redacted] age 6, and [redacted] age 4.

After subject, JAMES EARL RAY, was arrested and convicted on the charge for which he was sent to the Missouri State Penitentiary, Mrs. PEPPER has not ever seen him again on any occasion. For a time after he went to the penitentiary she did write letters to him on behalf of her grandmother, Mrs. MAHER and used the latters name in the letters and she continued this practice after the death of the grandmother in 1963, continuing to use the name of Mrs. MARY MAHER, who was an approved correspondent of subject's in the penitentiary. Mrs. PEPPER estimates that after the death of her grandmother she probably wrote no more than three or four letters to the subject at the penitentiary. She is unable to recall the last such letter she wrote to him but the last time may have been as late as the early part of 1967. She occasionally received a letter from subject while he was in the penitentiary and believes she received no more than two or three letters from him. Mrs. PEPPER did not ever visit subject at

the penitentiary or attempt to do so and insofar as she knows her husband didmot ever visit him at the penitentiary. She advised she has understood from her husband that the latter has never seen the subject in his life.

Mrs. PEPPER has not at any time had any contact either direct or indirect with the subject since his escape in 1967 from the Missouri State Penitentiary. She has no knowledge of any person who has had information regarding the subject's whereabouts and stated she could furnish no such information regarding his whereabouts. She, herself, first learned that he had escaped from the penitentiary when she heard it on the radio and she knew nothing about any plans for the escape. She stated she has had no indication that anyone in her family or otherwise has been in any way in contact with the subject or had information regarding his whereabouts since his escape.

Inquiry was made of Mrs. PEPPER regarding whether she recalled anything about the receipt of a money order in approximately January, 1967, which was reportedly in the amount of $15.00 and was sent by an inmate at the Missouri State Penitentiary to the ALBERT PEPPER Stationery Company, 712a Shenandoah, St. Louis.

In response to direct questions concerning this matter, she advised that she may have received a money order on one occasion but to the best of her recollection, it was for $2.00 or $3.00 and it may have been in payment for magazines which her brother had requested she mail to him. It was her recollection that if she received a money order it was received earlier than January, 1967. She said she never at any time mailed magazines to him and doesnot recall what disposition she may have made of any money order after it was received. Later in the interview she said the money order may have been for as much as $15.00 but she does not recall. She also acknowledged that she might have cashed such a money order but she cannot specifically remember having done so. In this connection, she said her memory is very vague.

[redacted] She also stated that she would be entirely willing to be interviewed further in the event there should be any additional matters on which an interview with her would be desired.

Mrs. PEPPER said that her first knowledge of the subject's involvement in this matter was when she heard the news announcement on the radio and she said she has never had any information regarding the possible involvement other than that which has appeared in the news media. She said she had never known of anything in her brother's attitude or associations which would suggest any motive for his involvement in the killing of a Negro leader such as MARTIN LUTHER KING.

Mrs. ALBERT B. (CAROL) PEPPER was recontacted at her residence, [redacted] Maplewood, Missouri. She again specifically denied that she has had any contact with her brother, JAMES RAY, since his escape from the Missouri State Penitentiary in April, 1967, or that she has had any knowledge whatever of his whereabouts since that time other than what she has derived from the news media. [redacted] she stated that she would certainly not expect that he would contact her and she noted in that regard that RAY would not be aware of her current address or her new un-published telephone number. She further pointed out that other than their brother, JERRY RAY, who is in the Chicago area, she believes all of the family have moved since RAY's escape from the penitentiary and that JERRY RAY would, therefore, be the only one whose address would be known to JAMES RAY.

With regard to the Grapevine Tavern, Mrs. PEPPER commented that the tavern has barely been making expenses since it was opened about the first of the current year and, therefore, it may not continue in operation very long.

FEDERAL BUREAU OF INVESTIGATION

1

Date 5-21-68

Mrs. ALBERT (CAROL) PEPPER, [redacted] Maplewood, Missouri, was interviewed at her residence, at which time she furnished the following information:

Mrs. PEPPER has received no information regarding her brother, JAMES EARL RAY (whome she refers to as JIM), since the last previous interview with her by the FBI.

Within the past several days, police officers from the St. Louis Police Department came to see Mrs. PEPPER indicating to her that they had received some inquiry from a newspaper, possibly "The Los Angeles Times" according to Mrs. PEPPER's recollection of what they said; this inquiry having to do with the finances of the RAY family. The police officers apparently came to see Mrs. PEPPER just to find out some general information about her, and they suggested to her that if people wanted to talk to her about her finances, she might want to obtain a lawyer. A representative of "The St. Louis Post Dispatch" newspaper also came to see Mrs. PEPPER within the preceding few days, but she refused to talk to him. Mrs. PEPPER has heard from an acquaintance that there was an article a few days ago in "The St. Louis Post Dispatch" which seemed to be a rehash of the erroneous information which appeared in a "Life Magazine" article concerning the RAY family, but Mrs. PEPPER herself did not read this newspaper article.

Mrs. PEPPER and her family went to see her father at Center, Missouri, over the preceding weekend, May 18-19, 1968. She has been customarily going to see him there during weekends and usually takes him groceries. She is the one in the family who maintains contact with the father and looks after his needs. The farm which the father bought about six months ago is believed to consist of about forty acres of which a little is probably tillable, and she thinks her father will grow corn on this part of the farm, but the remainder is suitable only for livestock and grazing. She thinks that he paid some amount in the neighborhood of $2,600 for this farm. Mrs. PEPPER is uncertain in her recollection, but believes it may be correct that she gave him a check drawn on her account in the amount of $1,900 at the time he was purchasing this farm and which was applied to the purchase. If so, this money

On 5-20-68 at Maplewood, Missouri File # SL 44-775

by SA [redacted] AJR:ral Date dictated 5-20-68

would have been his money. Mrs. PEPPER sometimes keeps his money in her checking account or savings account, and she thinks this may have occurred in this instance. On the other hand, she may have given him such a check as a loan, but she is uncertain in her recollection. Sometime before her father purchased the farm, he sold the property in St. Louis which he formerly owned at 1819 Park, this property consisting of a two-story residential building. Mrs. PEPPER believes he received something like $2,800 from the sale of this property. She believes that the $1,900 which she may have returned to him in the form of her check represented part of the proceeds of the sale of that property which he gave her to keep for him in her account. In any event Mrs. PEPPER is certain that she did not herself pay for any part of the purchase of the farm by her father, and if she gave him the check for $1,900, this was a return of his money or a loan.

While Mrs. PEPPER's father resided in St. Louis before the purchase of the farm at Center, Missouri, he had various jobs, such as, service station attendant, and he also at one time operated a second-hand store where he sold junk. This business was also located on Park Avenue, but was somewhere east of Twelfth Street, a considerable distance from 1819 Park. Her father did not own the property where he conducted this second-hand business.

Until Mr. and Mrs. PEPPER moved to their present residence in the fall of 1967, Mrs. PEPPER was always employed ever since their marriage in December of 1961. During that period of time, they have practiced thrift and economy and have always endeavored to save something from their income. They opened a savings account several years ago at the Bohemian Savings and Loan Association on South Eighteenth Street in St. Louis in the same area where they resided. A few years ago when the Bohemian Savings and Loan Association was moved to a remote section of the city, they transferred their savings account to the Manufacturers Bank and Trust Company, where they have continued to have a joint savings account. ALBERT PEPPER has been employed for more than three years by [redacted] which is affiliated with [redacted] His earnings in this employment is $3 per hour, and in some weeks he works overtime on Saturdays. Mrs. PEPPER's last employment was with

the "Head Start" School Program, and she was employed there by the Catholic Archdiocese being paid at the rate of $60 per week. She had this employment for about a year until Mr. and Mrs. PEPPER moved in the fall of 1967 to their present address. Her last employment before that was in cleaning work at an office building at 1015 Locust in St. Louis. Because she and her husband have always endeavored to be economical and saving in the handling of their family finances, they were able to accumulate funds in their savings account. When they contracted in the fall of 1967 to purchase the house where they now live for a purchase price of $10,500, they withdrew the necessary money for the downpayment from their savings account.

Mrs. PEPPER has no idea and no knowledge as to whether her father may ever have given Mrs. PEPPER's brother, JOHN LARRY RAY, any funds to hold for her father.

Mrs. PEPPER has no information regarding a trip to California made by her brother, JOHN LARRY RAY, in the summer of 1967 and never knew or heard that he made such a trip.

One of the places in St. Louis where Mrs. PEPPER lived with her father prior to her marriage was 1727 South Eleventh Street. She believes her brother BUZZY lived with them there part of the time, but she is certain that her brother JIM never lived with them there. Mrs. PEPPER never had any knowledge of her brother JIM having used the name O'CONNOR, and she never knew of any bank accounts he may have had at any bank at any time. In fact, Mrs. PEPPER had so little contact or knowledge of her brother JIM that she can now recall having seen him only on possibly a couple of occasions when she was small and shortly after he was discharged from military service, and she recalls seeing him on one occasion on the street in South St. Louis at some later time after she moved to St. Louis with her father. Although Mrs. PEPPER was known as CAROL RYAN as of 1959, she has no knowledge or recollection of having received any checks from her brother JIM or from any person under the name JAMES CARL O'CONNOR, either in 1959 or any other time. She can think of no reason why she might ever have received any such checks. Mrs. PEPPER is certain that she has never had any financial dealings of any type with her brother JIM in her life.

With regard to the matter of a money order directed from an inmate at the Missouri State Penitentiary to the Albert Pepper Stationery Company, 712 Shenandoah, St. Louis, Mrs. PEPPER has still been unable to remember anything further regarding such a matter since she was previously interviewed regarding this matter. She still does vaguely remember that someone told her one time while he was in the penitentiary that he wanted magazines sent to him, but she cannot remember having sent magazines to him and cannot recall that she was ever reimbursed for doing so. She is certain, however, that there was never any Albert Pepper Stationery Company at 712 Shenandoah.

Mrs. PEPPER has no recollection that she has ever known of a person named Y. P. WEBBE or V. P. WEBBE, and this name is not in any way familiar or significant to her.

Mrs. ALBERT (CAROL) PEPPER, [redacted] Maplewood, Missouri, was recontacted. She said she had understood that within the preceding two or three days, an interview with her brother, JOHN LARRY RAY, had been reported in the St. Louis Globe Democrat but she, herself, had not seen the article in the newspaper. She said she understood from her brother, JOHN LARRY RAY, that a reporter from the Globe Democrat had showed JOHN an article which had been written for publication in the St. Louis Post Dispatch newspaper and which was filled with untruths about the family. It was for this reason and in order that the truth might be furnished the press, that JOHN consented to the interview by a representative of the St. Louis Globe Democrat.

Mrs. PEPPER said that she had received no additional information whatever since she was last interviewed bearing on the possible whereabouts of JAMES EARL RAY. She volunteered a statement to the effect that she feels certain that no member of the family has been contacted by JAMES EARL RAY or has been aware of his whereabouts since his escape except for what has appeared in the press. She said she felt sure that if any of the family had been contacted by RAY or had received some information regarding him she would certainly have known of it because the family would have told her.

Mrs. ALBERT (CAROL) PEPPER, 2025 Bellevue, Maplewood, Missouri, advised that she had received no additional information whatever bearing on the possible location of her brother, JAMES EARL RAY, since she was last interviewed.

Inquiry was made of Mrs. PEPPER as to whether, in the event she should receive some pertinent information regarding her brother, she would furnish such information to the Federal Bureau of Investigation (FBI). Mrs. PEPPER then stated that she would have no expectations whatever that her brother would communicate with her in any way, pointing out that he did not know her current address or her current unpublished telephone number. She added that she felt that he did not believe that he could expect any help from her and she said that, as a matter of fact, she would not be at all interested or willing to help him as she did not want herself and particularly her children to be in any way involved with him. She said that if she should hear from RAY and be convinced of his innocence she might find it difficult to furnish such information to the FBI. It was pointed out to Mrs. PEPPER that in the event RAY should be innocent or there should be any extenuating circumstances the entire matter would in any event be most readily resolved through locating RAY at the earliest possible time. Mrs. PEPPER expressed understanding and agreement with this idea.

Inquiry was made of Mrs. PEPPER as to her whereabouts and activities during the period between April and July, 1967. She said she was living at that period of time with her husband and two children at 712-a Shenandoah, St. Louis. She recalled that beginning in about the summer of 1966 and ending in about July or August, 1967, she was employed as a teacher's aide or assistant teacher in the "Head Start Program" at St. Joseph's School located at Twelfth and Russell Streets, St. Louis. In this employment she worked regularly during that period on Monday through Friday, each week, during the hours of 8:00 a.m. to 4:00 or 4:30 p.m. daily. This work involved the teaching of children three to five years of age. She was employed in this work by the Catholic Archdiocese on

Lindell Boulevard, St. Louis, under Sister ANN CLARICE, Supervisor of the "Head Start Program" for this Archdiocese. She was paid for her work by check from the Archdiocese, although she understood that at least some of the funds for the "Head Start Program" were furnished the Archdiocese by the Human Development Corporation. Mrs. PEPPER recalled that she missed only one day from work during the entire period of her employment and that day was due to the illness of her youngest child.

Mrs. PEPPER said her first knowledge of the escape of her brother, JAMES EARL RAY, from the Missouri State Penitentiary was when she heard or read news reports regarding the escape but she is unable to recall the approximate time she heard such reports. However, since reported identification of RAY as the alleged assassin of MARTIN LUTHER KING, Mrs. PEPPER has heard or read reports to the effect that his escape from the penitentiary was not officially reported or given publicity for perhaps several weeks after the escape occurred. Mrs. PEPPER, therefore, assumed that she herself would not have learned of the escape from news reports until perhaps several weeks after the escape.

1 Date June 14, 1968

Mrs. ALBERT (CAROL ANN) PEPPER, residing [redacted] Maplewood, Missouri, telephone [redacted], who was contacted at her residence, disclosed the following information:

She has been truthful in previous contacts by FBI Agents with her that she does not recall having any contact at all except by personal correspondence with her oldest brother, JAMES EARL RAY, since about eight or nine years ago, prior to the time he escaped from the Missouri State Penitentiary (MSP), Jefferson City, Missouri. Her only contact with JAMES EARL RAY while he was incarcerated there was via mail. She admitted having written to him under the name of her grandmother who died after RAY was confined to the penitentiary.

She emphasized that she has never at anytime nor does she now know where her brother spent the time between about April 23, 1967, when he escaped from the MSP and July 1967, when his whereabouts have been established through investigation. She did not see or hear from him at all during that period of time, and insofar as is known to her, none of her brothers or sisters have seen him since he escaped from the MSP.

She was very much surprised when she learned that JAMES EARL RAY had been arrested in London, England. She first learned of these circumstances after being called by telephone by a woman friend, name not disclosed, on Saturday, June 8, 1968, the day of his arrest. This friend informed her of the news and she then heard the same news on television. Although she has saved most of the local papers for each day since that time, she has not read from more than one or two of them about her brother. The news is, of course, upsetting and she has formed an opinion that in many instances information is grossly exaggerated and misrepresented. She is somewhat bitter towards the local press, advising that CHRIS CONDON, a St. Louis news commentator, telephoned her, probably on Monday, June 10, 1968, requesting an interview with her. She declined and on the following day, Tuesday, June 11, 1968, in the late afternoon she observed CHRIS CONDON and several other men with him, both in front of the house and in a vestibule at her house. They appeared to be attempting to gain entrance but she declined to answer the door. She observed that they took pictures of the house and then on the 6:00 p.m. television news broadcast, Channel 5, she observed pictures of her house. The pictures disclosed the house number of 2025, and the news announcement indicated the house was located on Bellevue Street in Maplewood.

On the previous evening, CHRIS CONDON reported photographs and news concerning the Grape Vine Tavern owned by her and operated by her brother, JOHN LARRY RAY, at St. Louis. She believes this news coverage is very unfair to herself and to her brother, JOHN.

At one point she commented that it is rather discouraging to know that she and many other people are paying through taxes the expenses for a representative of the United States Government to travel to London, England, in behalf of the Government for prosecution of her brother when she personally does not have money enough to afford to go there also. She said it might be possible if she had money to "help in his defense" in referring to her brother, JAMES EARL RAY, but she did not comment further. She emphasized she has absolutely no information pertaining to his activities within the past several years.

She became sad and tearful in recalling incidents of her childhood, mentioning that a Catholic children's home, not otherwise identified, was wrong in taking from her mother her three youngest children, namely MAX, SUSIE and BUZZY. MAX, if living, is now about fifteen years old. According to the recent news, MAX was adopted but she has no other information concerning him. She knows that her mother never signed papers or gave any approval for an adoption of MAX, who she heard many years ago was retarded or a "mental case." She would very much like to know the whereabouts of MAX. She has not seen her sister, SUSIE, who is married and who lives in the Chicago, Illinois, area, since BUZZY's funeral. Her mother, of course, was an alcoholic.

Her husband, ALBERT PEPPER, has indicated to her he believes they should obtain a gun of some kind "for protection" in view of recent publicity. She is afraid that Negroes may attempt to harm them. She personally directed JOHN RAY to close the tavern for a few days. JOHN RAY, she believes is at home. She talked to him by telephone when he called her from the tavern where he had stopped for a few minutes on June 12, 1968. She does not know when the tavern will reopen.

Mrs. ALBERT PEPPER (CAROL ANN), residing 2025 Bellevue, Maplewood, Missouri, telephone [redacted] telephonically furnished the following information at 2:30 p.m.

On inquiry as to whether her brother, JOHN LARRY RAY, is in fact intending to travel to London, England, in behalf of JAMES EARL RAY, his brother, she commented that her brother JOHN is definitely not going to leave St. Louis to travel to England or anywhere else. She said he does not have funds with which to travel and although she personally "has a few dollars" she does not intend to give any of it to JOHN. She said she might consider doing so if either of them could be of any assistance to JAMES EARL RAY, but she is confident that "there is no help for him". She said that if they can in anyway help him, they will have to do so after he is returned to this country.

She said that JOHN RAY does not have a telephone where he may be reached except at the Grape Vine Tavern. He visited her home on the afternoon of June 13, 1968, and he usually telephones her once each day. He has not yet called her today and she expects to hear from him this afternoon. At the request of SA(A) [redacted] she said she will inform JOHN RAY to telephonically contact SA [redacted] at this office.

Re: CAROL PEPPER - CHARACTER REFERENCE

The following investigation was conducted by SA [redacted] at St. Louis, Missouri, on May 22, 1968:

ALENA SUTTON, [redacted] St. Louis, Missouri, was contacted at her residence, whereupon she advised that she knew CAROL PEPPER, also known as Mrs. ALBERT PEPPER, for just a couple of years and that their association was not a social relationship but rather a teacher-parent relationship. She said that she was an instructor at the St. Joseph Church on Twelfth and Russell Streets, St. Louis, and enrolled in the project "Headstart" government program, and the program required at least one parent of one of the children attending the program to be present. She said CAROL was the parent present at this program.

SUTTON advised that she did not know where CAROL was presently residing with her husband ALBERT and two sons, [redacted], and [redacted], ages 6 and 4 respectively.

SUTTON stated that she did not know any of CAROL'S brothers or sisters and did not know if she even had any.

She stated that she last saw CAROL sometime in August of last year, and the only thing she could remember about any type of conversation about her family was something to the effect that her father was going to buy [illegible] farm up around Hannibal, Missouri, and that [illegible] probably would let her children go to the farm. On or about May 1, 1968, he received a $320 check from CAROL PEPPER residing 2025 Bellevue, St. Louis, Missouri. Mrs. PEPPER is the operator of a tavern known as "Jack's Place," 1982 Arsenal Street, St. Louis. He recalled that this check was drawn on an account at Manufacturers Bank and Trust Company, St. Louis, Missouri, but he had no further description of the check received by him. The check was forwarded in response to a statement of F.L.R. Investments forwarded to Mrs. PEPPER under date of March 27, 1968, and it was in payment for a tavern bond costing $20 and a Missouri State Liquor License costing $300. F.L.R. Investments serves as an agent, obtaining liquor licenses and supplying bonds, for numerous taverns and cocktail lounges in the St. Louis area.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

1 Date May 21, 1968

JOHN LARRY RAY was interviewed in a Bureau automobile on Illinois Avenue, south of Arsenal Street.

JOHN LARRY RAY stated that as pointed out previously he was released from Menard Penitentiary in Illinois in February, 1960, and visited his brother, JAMES EARL RAY, who was incarcerated at that time at the City Jail, St. Louis. This incarceration was in connection with a holdup of the Kroger Store in October or November, 1966, by his brother and a man named OWENS.

After JAMES EARL RAY's trial about April, 1960, he was moved to the Missouri State Penitentiary at Jefferson City, Missouri. From that time and until prior to his escape he visited his brother on occasion, exact number of occasions not recalled. He does recall that on at least one occasion on attempting to visit his brother, he determined that his brother was in some type of solitary confinement and could not have visitors. Therefore, although he had signed in to visit his brother, he actually did not see his brother. JOHN LARRY RAY pointed out that this may be the reason for the numerous visits shown to the Penitentiary by him, all of which he does not recall.

JOHN LARRY RAY stated that he has not seen nor heard of his brother or from his brother since his escape from the Penitentiary outside of what he has learned from newspaper articles and news commentaries.

He very emphatically denied having any knowledge, either direct or indirect, of his brother ever being in Omaha, Nebraska. He stated that his knowledge of his brother being in California is limited to what was reported in the newspaper.

When questioned regarding conversation between him and his brother on visits, JOHN LARRY RAY stated that he rarely visited his brother over a half hour because they had very little to say to one another. He indicated that his brother is "close mouthed" and the conversation consisted primarily of the welfare of JAMES EARL RAY.

On one or more occasions he does recall, however, that JAMES EARL RAY mentioned that as soon as he got out of the Penitentiary (not clarified as to whether he intended to escape or whether he meant after his sentence was served) he intended to leave the country.

On 5/9/68 at St. Louis, Missouri File # SL: 44-775

by SA [redacted] mjb Date dictated 5/15/68

SL: 44-775

On at least one of these occasions when he was talking about leaving the country, he indicated that he thought very highly of the way former German Army officer, I. N. SMITH, was running the Rhodesian Government. JOHN RAY stated that this was merely a passing comment and he did not attach any significance to it but is mentioning it now because he is of the opinion that if JAMES EARL RAY is alive, he is out of the country.

Again, JOHN LARRY RAY reiterated that he has no direct or indirect knowledge of his brother, JAMES EARL RAY's present whereabouts nor has he had any knowledge regarding this since his escape from the Penitentiary.

He said again that his brother was not reported as an escapee but rather on the first news report that he recalls hearing was reported as missing. He denied that he ever spoke to anyone of knowing that JAMES EARL RAY was in Omaha or Los Angeles, California, other than the reported California visit in the newspaper.

JOHN LARRY RAY advised that his brother, JERRY RAY, left St. Louis today to return to Chicago. JOHN LARRY RAY stated that he is of the opinion from conversations with JERRY RAY that JERRY RAY has no knowledge of JAMES EARL RAY's whereabouts. He noted that JERRY RAY arrived in St. Louis last Friday night from Chicago as previously advised and while in St. Louis since last Friday visited with him and with CAROL PEPPER, their sister.

JOHN RAY stated that they visited JERRY RAYNES at his farm in Center, Missouri, together using JERRY's automobile. They remained all night on the occasion of the visit to Center, Missouri. During conversations with "the old man" at Center, Missouri, he gained the impression that he has no knowledge of JAMES EARL RAY's whereabouts since his escape from the Missouri State Penitentiary.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

1 Date May 23, 1968

JOHN LARRY RAY was interviewed in the vicinity of the Grapevine Tavern in a Bureau automobile.

JOHN RAY stated that, if his brother had been in St. Louis or had visited St. Louis following his escape from the Missouri State Penitentiary, he would definitely have contacted him (JOHN RAY), particularly if he needed help in the way of money or place to stay. He emphatically denied that this took place. He stated he would still help his brother if his brother asked him to or contacted him in any way, however, he feels he would tell the interviewing Agent about it after it happened.

With regard to JOHN CAWRON, he stated that his brother is acquainted with JOHN CAWRON, however, is positive that he would never contact him if in St. Louis and a fugitive because he does not trust him. JOHN RAY described CAWRON as an old crazy man, who talks about "jobs" and "cases jobs" but never pulls any. He talks all the time about the past and jobs he pulled in the past, however, tells various versions of the jobs at various times, therefore, believed to be by JOHN RAY a complete liar and "idiot."

He stated that if his brother was dealing in amphetamines in prison thathe would probably have had plenty of money on him at time of escape, because dealers of amphetamines in prison are usually the top money holders.

JOHN RAY stated that he is of the opinion that his brother immediately left the country after his escape and basis this opinion on the fact that during his visits with JIM, JIM indicated thathe intended to leave the country when he got out, inasmuch as he was sick of the law enforcement harassment in this country.

With regard to JAMES L. OWENS, fall partner of JIM in 1959 hold-up of the Kroger Store, he stated that he does not believe that his brother would be in contact with OWENS because he is of the opinion he would kill OWENS if he saw him again. He stated he believes this because he feels OWENS was responsible

On viewing the Identification Order photographs, JOHN RAY stated that the photograph with the crew cut looks more like his brother, JIM, to him, however, he noted this is possibly because he does not recall ever seeing JIM with long hair, noting that he always wore a crew cut.

He stated insofar as he knows his brother, JIM, is unknown to [redacted], however, he has no way of knowing whether or not they are acquainted.

With regard to the money sent to the penitentiary in 1963 in the amounts of $35.00, $65.00 and $50.00, he does not recall sending those amounts and again reiterated that he transferred no money from anybody to or for JIM RAY while he was in the penitentiary. He stated that he never sent

JIM more than $15.00 or $20.00 at any given time, and he is of the opinion that he may have sent some money to JIM under JERRY's name, however, it would be amounts of $15.00 or $20.00 or less. He pointed out that he has never given anyone permission to send money to his brother under his name and no one has ever approached him in that regard.

He stated that about 1963 and possibly part of 1962, for about four to six months, he resided at his grandmother's rooming house on Hickory Street and the street which would be directly behind this was commonly called "Callie," however, it is no longer in existence due to the routing of Interstate Highway 55.

He stated that in 1964 and 1965 he went to Florida, where he worked for a very short period of time at Flamingo City, which is about ninety miles from Miami, believed to be in the Everglades National Park. Thereafter, believed during the same period of time, he went to New York City, remained a short time and then went to work for a short period of time at the Concord Hotel in the Catskill Mountains, just outside of New York City. Thereafter, he returned to New York City for a short period of time and drew unemployment.

Sometime thereafter, he returned to the Chicago area where he worked in various country clubs and in about October, 1966, he came to St. Louis. For a short period of time he resided with his sister at 712 Shenandoah and then for a couple of months resided at JOHN GAVRON's residence on South Eleventh Street. Following this he resided for about three months at 1822 North Twenty-first Street. He then obtained a room at 2061 or 2100 Russell for a short period of time and in about October of 1967 rented an apartment at 1912 California Street. He kept that apartment for about three or four months.

He stated to the best of his recollection for a short period of time, about November or December, 1967, he resided at 2010 Shenandoah and he also recollects from about August, 1967, or September, 1967, he resided at 2012 Lafayette

and for a short period of time in the early part of 1967 he also resided at 1806 or 1808 Lafayette.

He stated that in between all of the above-mentioned residences he would stay sometimes a week or two at a time with either his sister on Shenandoah or with JOHN GAMBON on South Eleventh Street and occasionally stayed a few days at 1810 Park, where his father, JERRY RAINES, lived at the time.

JOHN LARRY RAY was interviewed at the Grapevine Tavern, 1982 Arsenal Street, St. Louis, Missouri.

He stated that with regard to his belief that his brother, JAMES EARL RAY, had plenty of money on him at the time of his escape from prison was based on the fact that he had been questioned regarding his knowledge of his brother's dealing in amphetamines while in prison. He stated that it was pure guess work on his part and he merely felt this way because he recalls that from his experience in prisons that usually the people who deal in narcotics in prisons are among the wealthier inmates. He stated he has no idea how JAMES EARL RAY would have spent any money he earned in prison, either while in prison or subsequent to leaving prison. He reiterated that he has not seen or heard from JAMES EARL RAY since his escape and has never heard anyone say that he was in Chicago, particulary in the summer of 1967. He recalls that in the summer of 1967 he was in Chicago himself at which time he traded cars with his brother JERRY.

JOHN LARRY RAY, [redacted] was interviewed at that location at which time he supplied the following information:

RAY identified a photograph of [redacted] as a person known to him only as [redacted] who at one time operated [redacted] in St. Louis and with whom RAY got involved in a fist fight with sometime in 1960. RAY is of the opinion that although he knows [redacted] by sight he does not believe that [redacted] knows him. RAY was unable to provide any information whether his brother, JAMES EARL RAY, and [redacted] have ever known each other.

RAY was questioned regarding his stay at the Mac Arthur Hotel in St. Louis at which time he readily stated that approximately two or three months ago he spent a night at the MacArthur Hotel with [redacted] (phonetic). According to RAY he registered as Mr. and Mrs. JOHN RAY and provided a fictitious address. He was questioned regarding the address 1886 Wyoming at which time he stated it is entirely possible that he used that address when registering, however, it does not have any particular significance to him.

RAY stated that in the early fall of 1967, his father, JERRY RAYNES, had sold a house on Park Avenue in St. Louis and gave to RAY $1000 to hold for him. RAY indicated that he had saved approximately $3000 from various employments and indicated that on many occasions carried this cash on his person and stated that even to this date it is not unusual for him to carry $500 or $600 on him. RAY denied any of the money saved by him had been obtained in an unlawful manner. RAY supported this statement by saying that in the operation of the Grapevine Tavern it is necessary to have an abundance of cash for various bills and he also pays the employees at the tavern in cash.

RAY stated that in early August of 1967, he had decided to drive to San Francisco, California, in an attempt to invest the money he had at that time in a bar or other profitable business. He indicated that he drove alone to California, and while in San Francisco, stayed several days

at various cheap hotels in the downtown area, exact names unrecalled. He did say that he failed to find a suitable business opened and while on the return trip to St. Louis he decided to travel to Tijuana, Mexico. He related that he had heard of the numerous dishonest people and thieves in Mexico so while traveling through an unnamed town in Wyoming he purchased $750 worth of travelers' checks. RAY stated that he then drove to Tijuana and after his arrival there stated it was extremely difficult for him to understand the language, that he did not like the place, and within two hours after his arrival departed en route to St. Louis, Missouri.

RAY stated the entire trip required approximately two weeks and he emphatically denied any knowledge of or contact with his brother, JAMES EARL RAY, during the trip or at any time following JAMES' escape from the Missouri State Penitentiary. He stated he never knew that JAMES RAY was in California, until the current publicity regarding him.

RAY added that upon his arrival in St. Louis during the last week of August, 1967, he opened bank accounts at the Manufacturers Bank and also the Jefferson-Gravois Bank. He indicated that both accounts were opened as the combined business hours of both banks were suitable to his own hours. RAY stated that deposits to open these accounts were made with the remaining cash he had on hand and the travelers' checks which he purchased in Wyoming.

RAY was questioned regarding the financial status of his brother, JAMES RAY, while he was in the Missouri State Penitentiary and RAY stated that he had no idea as to how much money JAMES had, however, he reiterated the previous recollection of statements made by JAMES during visits to the Missouri State Penitentiary that if he got out of the penitentiary he would leave the country. JOHN RAY stated that he assumed that his brother would have had sufficient money to do just that. He denied any knowledge of sources of income for his brother but he again assumed that if his brother was involved in the sale of amphetamine or in the loan business while in the penitentiary he would then presumably have made some money. RAY denied any knowledge or information that anyone outside the penitentiary owed money to his brother or was hdding money for him.

1 Date May 23, 1968

JOHN LARRY RAY was interviewed in the vicinity of Wisconsin and Illinois Avenue, after a prior telephone contact with him at the Grapevine Tavern.

RAY advised that the basis for the front page article in the St. Louis "Globe-Democrat" this date was an interview with him by a newspaper reporter from the "Globe-Democrat. He stated that he has been regularly refusing to talk to reporters, however, this particular reporter showed him a story allegedly to be put on AP by the Los Angeles "Times" reporter, whom he had refused to talk to. According to RAY, this article indicated thathe hated his brother, had no close family ties, and was hiding out, all of which he indicated was untruthful. After reading this article, the reporter indicated to him that, if he agreed to an interview, the reporter would put it in a more favorable light and the result would be a refuting of these lies.

He advised this newspaper reporter that his sister, CAROL, whose last name he did not furnish the newspaper, owned the tavern known as the Grapevine, which he was operating. He also indicated to the reporter that he did not hate his brother, as alleged in the supposed AP story and to impress reporter with the closeness of his family, he told him he could go to his father in Hannibal, Missouri, who is alive, or to his sister and borrow $500.00 any time he wanted to. He stated that the purpose of this statement was to impress reporter with the closeness of his family and it had no other meaning.

With regard to the statement in the newspaper article about him running a trucking business, he pointed out this is not true. However, he noted that he had talked to CLARENCE HAYNES, who resides at [redacted] about going into the trucking business together. He noted that HAYNES has one truck and they tentatively agreed that RAY would more or less obtain customers for this trucking business. He noted that HAYNES was supposed to have cards printed up reflecting both their names, however, to date he has not seen these cards, however, they may have been printed and the reporter may have gotten this information either from HAYNES or from the printing company. He pointed out that he is definitely not in the trucking business, yet, however, may enter this with HAYNES.

He pointed out that since this paper has hit the street he has been dodging newspaper reporters and television coverage all day. He noted that he was contacted by JIM BRADY of Channel 2, St. Louis, and tentatively agreed to meet him at 1:00 p.m. this date for pictures of his place of business and of him for television purposes, however, said he set up this meeting date as only a way of getting rid of BRADY. Thereafter, he did not keep this appointment and thereafter left his place of business so he could not be located.

With regard to mailing postcards to his sister, SUSAN, in Chicago, he noted thathe had sent her one from Windsor, Ontario, Canada, and related the following as incidental to this:

He stated that shortly after his release from prison, he was living and working in the Chicago area and decided to visit Detroit, Michigan, and New York, New York. He drove from Chicago to Detroit and, while in Detroit, drove across the bridge to Canada. En route across the bridge, he was stopped by what he believed to be a United States Immigration Officer who told him that he could not remain in Canada more than twenty-four hours. Thereafter, he proceeded to Windsor, Ontario, and remained that night, during which time he mailed this postcard to his sister, SUSAN. He returned the next morning to Detroit. Then, instead of going to New York City, he returned to the Chicago area.

With regard to the postcard of July 29, 1962, at Washington, D. C., he does not specifically recall mailing this card, however, has been in Washington, D. C., dates not specifically recalled, on more than one occasion. He indicated that he did travel extensively, noting that after he worked for a while and got a few dollars ahead he would take trips to various places in the United States without giving any particular thought as to where he was going. He noted he has visited Florida and all along the east coast up to and including New York City.

With regard to the money that he deposited in his bank accounts last August, he related the following that immediately preceded those deposits:

He stated that his father, JERRY, sold the place at 1819 Park Avenue and received some $2,000.00 or more in cash from this sale. Thereafter, JERRY gave this money to CAROL to deposit in her bank account, however, a portion, believed to be $1,000.00, was to be held by JOHN. He noted this was no specific agreement, merely that they were together and he intended to go to California and try to locate a small business purchase. He noted that JERRY could have the impression that CAROL got all the money to hold, however, recalls that JERRY was present when he got the $1,000.00.

After the above, he proceeded to take a leisurely trip en route to San Francisco and, while in some town in Wyoming he decided that he would change a portion of this cash into Travelers Checks, which he did. He then proceeded to San Francisco, where he stayed approximately two weeks. While in San Francisco, he discovered that in order to get a liquor license you had to buy an existing license and these business licenses were from $6,000.00 to $30,000.00 each, which he could not afford.

Thereafter, he drove south to San Diego and remained approximately one week. On departure from San Diego, he visited Tijuana, Mexico, for approximately two hours and thereafter drove back to St. Louis.

He specifically stated that he does not know anyone in the area traveled above and he does not know whether or not his brother knows anyone in those areas. He again specifically denied that he made any direct or indirect contact with his brother or anybody acquainted with his brother during the above-mentioned trip. He denied remaining in Los Angeles, stating that he drove straight through Los Angeles, not remaining for any period of time. He denied contacting anyone in Los Angeles.

He stated he cannot furnish the specific dates that he was in San Francisco, San Diego or Tijuana, however, would place it as the month or five weeks that immediately preceded the date he opened two bank accounts with the $1,300.00 and $1,350.00 deposits. He stated he opened these accounts either the day or the day after he returned to St. Louis.

He noted that both he, his brother JERRY and his father have at various times given CAROL money to deposit in her account to hold for them. He stated that whenever he needed money he would go to CAROL and get it and has no idea who owes who what or whether the money is a loan or the return of money previously given to CAROL. He stated he assumes CAROL keeps some kind of accounting of this, however, cannot be positive of this because it is never mentioned.

It is noted that JOHN LARRY RAY, in order to avoid newspaper reporters, had left his personal car parked adjacent to the Grapevine Tavern and proceeded to the place of the above interview in a black 1965 or 1966 Mustang, bearing Missouri License [redacted].

RAY stated that he has not had any contact with his brother, JAMES EARL RAY, since last interviewed nor has he received any information regarding the whereabouts of his brother since he escaped from the Missouri State Penitentiary (MSP). JOHN RAY did make the comment that he did believe his brother was probably out of the country or either he was deceased as he feels he would have been apprehended by this time.

RAY denied any contact with his brother, JERRY RAY, since JERRY was in St. Louis, either telephonically or by mail.

JOHN RAY was questioned regarding the whereabouts of CLARENCE HAYNES, at which time RAY stated that HAYNES is employed with a local drayage firm and is extremely difficult to locate during the daylight hours. He stated that HAYNES does reside at [redacted] however, it is unlikely that he normally spends much time at that location. RAY explained this by saying that HAYNES' wife RUBY is currently in the hospital for treatment of a heart ailment.

RAY stated that NAOMI REGAZZI has returned to work at the Grapevine Tavern since she worked the previous Saturday and several nights during the past week. RAY could not explain if she would be employed on a permanent or temporary basis since he had not discussed work arrangements with her.

An extended interview with RAY was not possible due to the entrance of several patrons into the tavern and, therefore, the interview was terminated.

JOHN LARRY RAY was interviewed at his place of business, the Grape Vine Tavern, 1982 Arsenal Street, St. Louis, Missouri.

He was questioned regarding his employment that could be verified or his whereabouts that could be verified during the month of April, 1967. After some thought, he stated that to the best of his recollection, he worked for a short time as a painter and maintenance man at a hotel believed to be 902 North Kingshighway, which is managed by a woman.

He stated that he felt this was after April, however he could not recall specifically but did recall that he sometime prior to that, put an ad in the paper believed to be the St. Louis Post Dispatch, indicating that he was attempting to get work as a painter. As a result of this ad he was contacted by an interior decorator or painting contractor, whose name he could not recall, but whose name he would attempt to locate through records who he went to work for on a day to day basis on a number of occasions. He stated this individual operated from his residence which at that time was believed to be in the 5700 block of Westminster about the middle of the block on the north side of the street where there was usually a painting truck parked. He stated this individual he recalls on one or two occasions, mentioned that he had just returned from the Colorado area and usually did small house painting jobs. After delivering JOHN RAY to a given job on a given day, he would then leave supposedly to make other estimates on other jobs, therefore, JOHN LARRY RAY had little personal contact with him. JOHN LARRY RAY stated that he would attempt to locate any records that would show his employment during the year of 1967.

After considerable thought he advised that he was of the opinion that during April or May, 1967, he was probably residing on the second floor at [redacted], which building is owned by CLARENCE HAYNES.

JOHN LARRY RAY was interviewed outside the Grapevine Tavern, Illinois and Arsenal Avenue, at which time he stated he had been closed the entire previous week for the safety of the patrons of the tavern, since on one occasion earlier in the week three car loads of Negros were reported to be observing the tavern. He indicated that he had also been hiding from reporters but would not reveal the location where he had taken refuge.

RAY indicated he had opened this bar this date for business as usual and NAOMI REGAZZI is currently working as barmaid for him. JOHN RAY stated there was no truth in regards to newspaper accounts of him having received a telephone call from Canada and stated that he does not know anyone in Canada. He indicated that he believed the telephone at the Grapevine Tavern is tapped and that the FBI and other law enforcement agencies would probably be aware of all of his phone calls. He did not specifically state that he believed the FBI was responsible for tapping his phone.

RAY also stated that he has had no contact from his brother, JAMES EARL RAY, and he further has no intentions of going to London, England, to see him. He commented that he doubted if he could get a passport for such a trip. He further denied that he has at this time retained any lawyer for his brother. RAY did state that he has written to his brother in London and told him to get in touch with his sister, CAROL PEPPER, if he needs anything as CAROL is the one who is most accessible. He provided his brother with CAROL's current address and telephone number.

RAY was again questioned regarding source of income for his brother at which time he stated that his brother never had any real needs for money as he was always able to pick it up by ways of burglaries or robberies during his travels. He indicated this was, of course, the reason why he was sentenced to the Missouri State Penitentiary.

RAY indicated that he had recently sold his Thunderbird automobile and had purchased a 1963, four-door, white colored Chrysler for $500 from a private individual.

RAY stated that his brother JERRY RAY had arrived in St. Louis on the previous day from Chicago, Illinois, and stayed last night with his sister, CAROL PEPPER. RAY stated that JERRY was at the time of interview inside the tavern and stated he wanted to talk to the interviewing agent.

NAOMI REGAZZI, nee Haynes, was interviewed at her residence, [redacted] St. Louis, Missouri.

She stated that she was employed from January 1, 1968, to May 16, 1968, as night barmaid at the Grape Vine Tavern, 5:00 p.m. to 1:30 a.m., six days a week. She stated that her salary was $60 a week which she took out of the cash register once a week leaving a memorandum to that effect.

She stated that she obtained this job through an advertisement in a St. Louis newspaper and first met JOHN RAY as result of answering the above ad. She stated that JOHN RAY was the person who hired her and was the manager of the Grape Vine Tavern. She stated that CAROL PEPPER, JOHN's sister, was the owner and occasionally was in and out of the tavern but never stayed for any great length of time.

She indicated that RUBY (last name unknown) is a day barmaid and either is married to or lives with CLARENCE HAYNES (no relation), owner of a moving business. She stated that RUBY has some type of health problem and is frequently hospitalized for periods of times for some type of care.

Subsequent to being employed there and prior to April 1, 1968, specific date not recalled, she had occasion to get into a personal conversation with JOHN RAY, at which time he indicated he had a brother named JIM and a brother named JERRY in Chicago, Illinois. He never mentioned the whereabouts of JIM and never at anytime indicated he knew the whereabouts of JIM. Additionally, she pointed out he never mentioned the fact that JIM was an escapee or prisoner and, therefore, she had no knowledge of JIM's escape status.

Subsequent to that conversation, she later met JERRY from Chicago, whom she described as a man of very low intellect and who, when he has four or five beers, desires to be in the limelight.

She stated that JOHN's brother, JIM RAY, has never visited JOHN to her knowledge, nor communicated with him in any way since she has become acquainted with JOHN. Further, she is of the opinion from conversations with JOHN, details

not recalled, that JOHN has not had any contact with JIM for a number of years.

When the news was on television identifying the assassin of MARTIN LUTHER KING as JAMES EARL RAY, she immediately telephonically contacted JOHN and asked JOHN if that was his brother, JIM, that he had previously spoken of. She described his answer as saying, "No, I don't know nothing about it" and hung up.

Later on in a personal confrontation, JOHN said that was his brother but he has not seen him in a long time. She asked him why he had previously stated it was not him. He indicated to her that his reason was that he wanted no knowledge of this connection around the Grape Vine Tavern for business reasons and further for personal reasons wanted no part of it inasmuch as he had not seen his brother in a very long time.

REGAZZI described JOHN RAY as a man of low intellect, however, slightly more intelligent than JERRY, who is close-mouthed and has no close ties with anyone, specifically not having any close family ties.

She stated it was her opinion that JOHN is not close with anyone because of his personality complexes caused by family problems when he was a child and his current speech impediment. She stated that she does not believe that JOHN lied to her about not having any knowledge of JIM because JOHN is completely aware of her background noting that she is the ex-wife of BOB REGAZZI, St. Louis burglar and stick-up man and also associated with notorious St. Louis stick-up men and burglars, [redacted] and others of similar ilk.

[redacted]

REGAZZI stated that she terminated her employment for multiple reasons; one of them being health, however, the real prime reason being that she felt that if the news leaks out of JOHN's relationship to the subject and the fact that

he operates the Grape Vine Tavern, that the Negro element who reside in this integrated neighborhood might take reprisals by using violence around the tavern.

She stated that JOHN had also mentioned to her that the FBI had been around talking to him and he could not understand why because he had not seen his brother in a long time. He was not specific about the time element, however, led her to believe that it had been a number of years just by his method of saying it.

REGAZZI stated that there is no prostitution around the Grape Vine Tavern, however, a certain caliber of illiterate hoosier girls hang out there and on occasion are promiscuous with the customers at the tavern, however, not for pay.

RE: MISCELLANEOUS - [redacted]

The following investigation was conducted by SA [redacted]

[redacted] Sullivan, Missouri, was interviewed at his home on May 10, 1968. He stated he is employed as a private investigator for DAVIS, a private investigating agency in Chicago, Illinois, although at the moment he is on leave of absence.

In 1962, he married his wife, [redacted] He has never been closely associated with [redacted], however, talked to him frequently. About two days after MARTIN LUTHER KING was murdered, [redacted] made the statement to [redacted] that KING's murderer was out of the United States. [redacted] has talked with [redacted] on several occasions since that time and [redacted] stated that KING's killer is probably in Argentina. [redacted] stated he could not recall [redacted] making any statement about JAMES EARL RAY's escape from the Missouri State Penitentiary and does not know whether or not RAY was known by [redacted] previous to his escape.

[redacted] stated that he has concluded, based upon conversation with [redacted], that [redacted] is a member of the Ku Klux Klan. In view of [redacted] connection with the private investigative agency in Chicago, he reported the above information to his boss, Lieutenant [redacted] of Chicago, Illinois, who stated that [redacted] might be a member of the Klan and considered it a possibility that [redacted] might be able to assist in furnishing information regarding the murder or furnishing information regarding the whereabouts of the murderer; and in view of that possibility, felt that there could be a considerable amount of money collected if this information could be uncovered. He, therefore, proceeded to Sullivan, Missouri, where he was introduced by [redacted] to [redacted] as a friend from Chicago, Illinois. His interest in the solution of the murder was not made known to [redacted]. [redacted] talked with [redacted] in private for about 30 minutes and after concluding the interview, he reached the conclusion that [redacted] probably was a member of the Klan. However, [redacted] obtained no information

from [redacted] which would assist in the investigation or the location of JAMES EARL RAY.

[redacted], Sullivan, Missouri, a member of the Sullivan Police Department, was interviewed at his home on May 10, 1968. He readily admitted that he is a member of the Ku Klux Klan, but stated he knows nothing about the escape of JAMES EARL RAY from the Missouri State Penitentiary or the whereabouts of RAY. He stated he had never heard of RAY until after he had been identified in this case. He stated he has discussed this case with several people, however, he has received no information concerning this case through the Klan organization. Any information which he has given, or statement he has made, concerning this case would be his own personal opinion.

The following investigation was conducted by SAs [redacted] and [redacted] at St. Louis County, Missouri, on May 13, 1968:

JANET WILLIAMS, Desk Clerk, Holiday Inn North, advised that her hours are 3:00 to 11:00 p.m., and at approximately 9:00 p.m. on May 12, 1968, two white males approached the office desk and one of these men asked her if he could check out. WILLIAMS advised that she does not check people out asked this individual to go down to JACK SERAVY, who is the regualr person who checks guests out.

WILLIAMS advised as he went down to the other end of the counter, she got a good look at the individual who she talked to and observed his profile. After the individual got finished checking out, both individuals went out of the office and got into a large car which had a Kentucky license tag. WILLIAMS could provide no further description of the car.

WILLIAMS stated that she was suspicious of this individual because of his wise-cracking and general appearance, and for this reason paid particular attention to him and observed his face. After he left, she checked his name on the guest registration list. WILLIAMS provided the following description of the individual who checked out:

Race	White
Sex	Male

The following investigation was conducted by SAs [redacted] and [redacted] at St. Louis County, Missouri on May 13, 1968:

ROBERT LEE HULL, Bus driver, (Bellman), residing at [redacted], St. Louis, Missouri, and employed at the Holiday Inn North, North Lindberg, St. Louis County, Missouri, advised on May 13, 1968, that approximately 3:00 p.m., Saturday afternoon, May 11, 1968, a man in Room [redacted] called for a bellman requesting room service.

HULL stated that when he arrived at Room [redacted] the door was ajar and as he stepped into the room, a man who was laying on the bed stated, "Don't get close". He said that he had that he had just come in off the road from California, and that he intended to take a couple of hours of sleep. HULL stated that he asked for his name and said he may be meeting him again. HULL replied, "What for?", and the man responded by requesting to get him a pint of Old Crow, some ice, two cokes, and some hair spray.

HULL further advised that the man said, "Look, I'll show you something" and he took him outside to where a 1966-1967 Lincoln Continental was parked and said that he had somewhere around $1,000 worth of clothing in the trunk. The man then opened the trunk and HULL advised that he saw what he considered well over $1,000 worth of fine clothing.

HULL described the car as a Lincoln Continental, in very good condition, light green with a black convertible top, bearing Kentucky tags. It had a numerical figure 4 in the tag number, which HULL thought to be the second digit. HULL also stated that he saw in the back seat of the car a dark leather golf bag with wheels and a lot of golf clubs.

After the man closed the trunk, HULL then went to Walgreens, located at the Plaza Shopping Center, and made the purchases requested by the man.

HULL further advised that on Sunday, May 12, 1968, at about 3:00 p.m., he saw the man again at Room [redacted] when he again called for room service. HULL stated that the following conversation took place:

The man said, "Look here, I want you to get me something to eat. Is there someplace you can get me some sandwiches?" HULL answered by stating that he could go to the Steak and Shake or Mc Donald's. The man responded, "Is that something where you can get hamburgers?" To this HULL answered "Yes". The man stated "I want two cheeseburgers, one Coke and some ice." The man gave HULL $5 at that time and HULL went to the Steak and Shake to make the purchases. Upon returning, the man in Room [redacted] gave him a $1.70 tip.

HULL stated that he did not see the man again until late Sunday night, May 12, 1968. He said that he was in Room [redacted] talking with one of the maids by the name of [redacted] about the man in Room [redacted]. The door of that room was open at that time. They both heard a noise somewhat similar to that of an electric motor and upon looking out of the doorway, they both saw the man in Room [redacted] by the Lincoln Continental. As the man turned toward Room [redacted] jumped back in surprise or fright and told [redacted] that was the man who shot MARTIN LUTHER KING.

HULL described the man resembling RAY is a man who was medium built, who had brown hair, and who had a small or what appeared to be a small spot or white colored mark on

the upper lip. He was wearing light colored trousers, probably white, a black turtle neck T-shirt or a sweater with short sleeves, and tan cloth-type shoes.

RUSSELL viewed Wanted Flyer 442-A and stated that the photograph taken in 1968 of subject RAY was very similiar to the man in Room [redacted].

He remembered JANET WILLIAMS asked the men if they were together. SEDIVY stated that he heard a remark similar to "We're not married".

SEDIVY stated that JANET sent the occupant of Room [redacted] down to him and he stated that he did not pay attention to the occupant of Room [redacted] or the man that came in with him because he was in the process of checking the occupant out. He said he believed he remembered seeing the man at about eye level, which would indicate that the man was probably about five feet, seven inches. SEDIVY stated that the man had black hair which was short; he had dark blue eyes; little bit better than medium build; had straight teeth when he smiled; and had no visible scars or marks. He described the other man that came into the room with the occupant as being approximately six feet, one inche; about 30 years old; light brown hair; smartly styled hair; 180 to 190 pounds.

Upon viewing Wanted Flyer 442-A and police photograph dated October 10, 1959, SEDIVY advised that the occupant that checked out of Room [redacted] looked more like the police photograph taken October 10, 1959. He stated, "I could almost swear it was him."

SEDIVY stated that after the men left the office, he saw a car pull around to the vending machines at the side of the building and then take off. He said that was the last time he saw both men and the car.

TO : MR. TOLSON

DATE: July 2, 1968

FROM : C. D. DeLOACH

SUBJECT: MURKIN

Mr. Rosen, very properly, advised me this afternoon that SAC Jensen, Memphis, had called the Civil Rights Section, General Investigative Division, relative to a call he, Jensen, had received from Shelby County Prosecutor Canale, as well as a later call received from Assistant Attorney General Stephen Pollak.

Prosecutor Canale called Jensen to say there appeared to be somewhat of a problem involving Stephens, the important witness who saw James Earl Ray leaving the flophouse, 420 South Main Street, immediately following the assassination of King. Stephens is a drunk, is disreputable, and of course there can be no assurance as to his whereabouts unless he is closely followed. Canale called Jensen to indicate a desire that the FBI take Stephens into protective custody and hold him until the trial of James Earl Ray. Jensen, very properly, told Canale that the FBI could not do this. Canale replied that if Jensen didn't mind he would call Assistant Attorney General Pollak about the matter. Jensen told Canale that it was entirely up to him as to whether or not he called Pollak.

Apparently Canale did call Pollak and immediately thereafter Pollak placed a long distance call to our SAC, Jensen in Memphis. Jensen called FBI Headquarters before answering Pollak's call.

I told Rosen to call SAC Jensen back and tell him that he should answer Assistant Attorney General Pollak's call but to flatly inform Pollak that he should deal with FBI Headquarters rather than attempting to deal directly with our SACs in the field.

REC-25 4761

In the meantime, I attempted to call Pollak. In his absence, I talked with Bob Owen, Pollak's first assistant. I told Owen that Pollak nor any other Assistant Attorney General should attempt to deal directly with our SACs inasmuch as such attempts merely lead to confusion and inefficiency. I stated also that our SACs, of necessity, would clear with FBI Headquarters prior to putting into effect any instructions issued by the Department of Justice. Owen replied that he agreed and he did not know why

Pollak had called Jensen directly. He stated that Pollak probably desired to discuss the Canale call. I interrupted Owen and told him I was well aware of Canale's request, that the FBI had no intentions whatsoever of acting as a "baby sitter" for the Shelby County Prosecutor's Office. I stated this is a problem strictly for the Prosecutor and not one for the FBI. Owen stated that he also agreed with this statement and that in his opinion Canale should attempt to get a capable detective to "sit with" Stephens until the James Earl Ray trial took place.

Assistant Attorney General Pollak returned my call at 5:35 p.m. He told me he regretted getting in wrong channels and that perhaps he should have called Rosen or me prior to attempting to reach SAC Jensen. I told him this was absolutely right and that he should realize better efficiency would be accomplished by going through proper channels. He stated he would be guided accordingly in the future.

We then thoroughly discussed the Canale request and Pollak told me Canale had made no such request of him. He said Canale apparently told our SAC one thing and then when he called Pollak he merely asked advice. I told Pollak nevertheless Canale should realize that the FBI would not be his "baby sitter." Pollak agreed. He stated he had made a record of Canale's call to him and that while he had refused to offer Canale any advice, he had ventured the thought that protective custody of Stephens might ruin him as a witness. He stated that the proposition had been discussed that some detective might take Stephens fishing until the James Earl Ray case took place. I told him this, of course, was entirely up to the Shelby County Prosecutor's Office and not the FBI.

As has been set forth in detail in prior memoranda the Royal Canadian Mounted Police (RCMP) have located a passport application in Toronto in the name "Ramon George Sneyd" dated April 16, 1968. There is a photograph of "Sneyd" taken April 11, affixed to certain of the papers and the photograph strongly resembles subject James Earl Ray. We have compared, with known writing of James Earl Ray, the hand printing on a letter directed by "Sneyd" to a travel agency in Toronto together with the signatures appearing on the three documents submitted in connection with passport application and have found that these were prepared by subject Ray. The General Investigative Division has been advised and a teletype is being sent to Legat Ottawa, Memphis and to Buffalo.

In addition, a portrait parle comparison has been made between the passport photograph of "Sneyd" and known photograph of the subject and although there are not enough individual characteristics to make a positive identification, the many similarities found strongly suggest that passport photograph of "Sneyd" is actually a photograph of subject Ray.

On 6-21-68, Arthur J. Hanes and his son, who practices law with him, visited Scotland Yard where they saw a Chief Inspector. We have been advised in confidence that Hanes requested an interview with Ray and was told he could not see him. He was asked the source of his fee and replied that he expected to collect his fee from Ray. When he was told that Ray is practically without funds, he apparently lost interest in seeing him and requested that Ray be given Hanes' business card, on the back of which he wrote, "Dear Mr. Sneyd. We made an effort to see you but will see you immediately upon arrival in the USA."

The Atlantic edition of "Time" magazine, 6-21-68, has been withdrawn from sale in England because of an article on pages 22-23 captioned "Ray's Odd Odyssey." This article includes details of the subject's prior criminal activities as well as a detailed summary of this case and his activities since July, 1967. Publication of such material concerning a defendant under pending charges is strictly prohibited by British law.

TO : Mr. D. J. Brennan, Jr.

DATE: 7/3/68

FROM : B. C. Rachner

SUBJECT: MURKIN

This case involves the murder of Martin Luther King, Jr.

Liaison was requested to discuss with the State Department the feasibility of an inquiry by State of the Swiss Government regarding the possibility that James Earl Ray may have a bank account in Switzerland.

On 7/1/68 Mr. Lawrence Gruza, Office of Security, State, advised that Swiss bank accounts are considered by the Swiss Government to be "sacred" under the Swiss Bank Secrecy Act and that State had had little success in the past in gaining access to such information. Gruza pointed out that through diplomatic channels State has, in isolated cases, been able to obtain Swiss bank information by meeting the following requirements: (1) the U. S. crime involved is similarly a crime in Switzerland, (2) a copy of the indictment is made available to the Swiss, (3) information is furnished strongly indicating that an account actually existed. Gruza explained that the Swiss would undoubtedly deny any request for bank information if at least the above requirements are not met.

Specimens received 7/5/68

Q385 Sheet of paper bearing typewritten letter dated 2/4/68, beginning "I RECENTLY RECEIVED..." and signed "Eric S. Galt"

Result of examination:

The typewritten impressions on Q385 are the same stylo as those appearing on other items received in this matter attributed to "Eric S. Galt."

Because of the lack of identifying features it could not be definitely determined that the same typewriter was employed to prepared Q385 and the other items but no significant differences were noted.

It was concluded that the "Eric S. Galt" signature on Q385 was prepared by the writer of other signatures in this name appearing on specimens previously received some of which have been investigatively identified as having been prepared by James Earl Ray.

Q385 will be returned separately. Photographs are retained.

King man

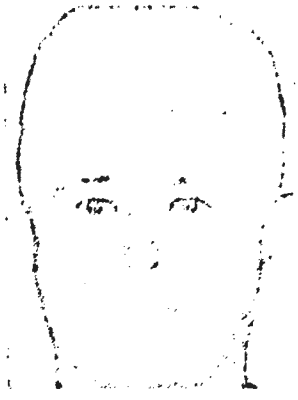
By
OWEN SUMMERS and JAMES LEITHWAITE in London and DONALD McLACHLAN in New York

JAMES Earl Ray, the man America has indicted for the murder of Dr Luther King, played cards and chatted with his police guards yesterday.

Forty-year-old Ray, hunted in five countries since the assassination on April 4, is being held under 24-hour double guard in London's Cannon Row police station.

British and American detectives piecing together his movments during the past two months found that he lived in London hotels for three weeks in between visits to Portugal.

He was arrested on Saturday when he flew into London on his way to Brussels.



In Cannon Row police station yesterday Ray sat in shirtsleeves on the edge of his foam-rubber mattress in a sparsely furnished cell.

The brown jacket he was wearing when he was held at Heathrow Airport lay folded on his bed.

On the orders of Detective Chief Superintendent Thomas Butler, head of Scotland Yard Flying Squad, two Flying Squad men working in eight-hour shifts must stay with Ray day and night.

And this morning when he is taken to Bow Street court at least 20 Flying Squad detectives, some of them likely to be armed, will drive in the column of cars.

Ray will appear in court at 10.30 a.m. charged with illegally having a firearm and ammunition and with holding a forged passport.

ON APRIL 17 the FBI said this was Eric Starvo Galt, sought for questioning after Dr Martin Luther King's murder

ON MAY 7, the FBI issued this picture of Ray and said it was taken in Mexico last year

ON APRIL 19 they issued this picture of James Earl Ray and said he and Galt were the same man

ON THE SAME DAY, they issued this picture of Ray and said it was taken in California early this year

He is said to have had two Canadian passports when he landed at Heathrow from Lisbon in a BEA Trident on his way to Brussels.

American moves to extradite Ray will be outlined at today's hearing, but the proceedings may drag out over the next few weeks. He has 28 days in which to appeal against an extradition order.

Closed

To try to speed the ex-
dition America's A
Attorney-General, Mr
red Vinson, flew to London yesterday. He saw Ray and Superintendent Butler and then went to the United States Embassy.

Ray is almost certain to be remanded to Brixton Jail in South London. He will be put in the maxi security wing and he will wear distinctive prison overalls when moving outside his cell.

Meanwhile Cannon Row, the narrow thoroughfare which runs alongside the police station at the former site of Scotland Yard, was closed to all vehicles.

Only police officers, coming on duty in their own cars, were allowed into adjoining Derby Gate, which leads from the police station entrance into Whitehall.

While Ray sleeps his two guards sit silently under low-power lights.

Civilian staff must show their passes if they have to go near the narrow, guarded corridor leading to the cell.

Ray's cell 'school' is in austere surroundings. There are no pictures on the walls.

The mattress overlaps a plain wooden bed; there are a table and chairs for the detectives.

Captive and captors get their meals from the canteen at Cannon Row: often prepared by one or two of the four coloured kitchen staff.

There is a strong theory that the murder of Dr King, the Negro Civil Rights leader, at Memphis, Tennessee, was connected with a powerful U.S.-based Right-Wing political group with vast connections and financial resources in Europe.

But America's Attorney-General, Mr Ramsey Clark, said on American TV yesterday that there was no conspiracy in this or the two Kennedy killings.

He said the evidence was 'overwhelmingly clear' that a single man in each case was

Turn to Page 2, Col. 6

THE MAN

behind the murders. 'At this time we have no evidence that Dr King's killer was not acting alone,' he said.

The two-month trail which led to Heathrow Airport began in Canada a few days after the murder of Dr King.

On April 6 Ray checked into a boarding house in the Polish district of Toronto.

He signed himself Paul Bridgeman, the name of a local schoolteacher. Police believe it was chosen at random from a telephone directory.

Mrs Fela Szpakowsky, the landlady, found him a 'perfect gentleman' keeping regular hours.

Ray's bleak 15ft.-by-12ft. lodging-room had a television set, a 'Home sweet home' design and a picture of Christ.

He had a passport photo taken at Mabel Agnew's studio. The photographer, Margaret Eakin, thought he looked 'a normal business executive.'

One day a letter arrived for him from the provincial registrar's office, which issues birth certificates. That day Ray left the house and did not return.

On April 19 Ray moved to the city's Chinatown and rented a back single room in the home of Mr and Mrs Loo Sun. To them he was Ramon George Sneyd, a hotel porter.

Ironically, the real Sneyd is a Toronto policeman.

Mr and Mrs Loo Sun thought Ray a puzzling character. 'He used to disappear for days at a time. He hardly used the room at all,' said Mr Sun.

There were important things to do. Ray booked a 21-day excursion air ticket to London for £117 18s. 4d. at the Kennedy travel bureau on Bloor Street. He filled in a form and swore it was all true.

On April 25 Ray applied for a passport—to the fury of Washington, fugitives find passports easy to come by in Canada.

The passport was granted, but a spelling mistake was made and the name was written as 'Sneya,' a fact that was later to embarrass Ray.

Soon, the Canadian Mounted Police in Ottawa realised that the 'Sneyd' application was false and warned the FBI and London.

The Mounties searched more than 400,000 passport application records in the dead of night to ensure secrecy. They found Ray's picture over the name of Ramon George Sneyd.

FROM PAGE ONE

On May 5 Ray flew to London. But he escaped identification because his passport photograph bore no resemblance to the one issued to security authorities.

On May 7 he took a BEA flight to Lisbon. By this time the G-men were on his heels.

They trailed him through Portugal and Spain. But the order from Washington was here: *Do not arrest him.* The FBI feared extradition delays.

In Lisbon, Ray checked into the Hotel Portugal and took a room at £2 16s. a day on the first floor overlooking the quiet suburban street of João das Regras.

A hotel clerk said he went nightclubbing like a rich tourist,' sometimes until 6 a.m.

But when the 'rich tourist' left the hotel, chambermaid Maria Celeste, 31, said: 'He went without tipping me.'

On May 16 Ray proved once again that Canadian passports are easily obtainable by getting another 'at the Canadian Embassy in Lisbon.

He asked that the spelling of his name be corrected from 'Sneya' to Sneyd.

The Embassy told him the original passport would have to be cancelled, and issued a new one only after he had produced a birth certificate 'proving' his identity.

On May 17 Ray flew back to London with his new passport and stayed in two hotels.

Last week he returned to Lisbon, but stayed there only one day before taking a BEA Trident back to London.

On June 4, last Tuesday, the watching G-men warned Scotland Yard that Ray was planning to fly through London using one of his many aliases.

On June 8, last Saturday, Ray flew to London and the 65-day hunt—'the biggest manhunt in the history of the FBI,' said Attorney-General Ramsey Clark—was over.

RAY SPENT 'LIKE RICH TOURIST'

LISBON, Sunday.

The man police have identified as James Earl Ray spent May 8-17 in Portgual, spending money in night clubs "like a rich tourist," Portuguese police said today.

Insp. Jose Paco, head of the Portuguese section of Interpol, said the man left Lisbon on May 17th on a flight for London. They had no official record of him after that.—U P I.

EXTRADITION ORDER

Little difficulty

OUR LEGAL CORRESPONDENT WRITES: Little procedural difficulty is likely in the extradition of Ray to America to face a charge of murdering Dr. King.

A treaty providing for the extradition of alleged murderers has been in operation between Britain and America since 1794. Before a person can be extradited to America, a court here must be satisfied that there is a good claim for extradition. Final approval for the extradition rests with the Government.

FBI praise for aid given by Scotland Yard

FROM OUR OWN CORRESPONDENT—Washington, June 9

The arrest of James Earl Ray was made on the basis of information supplied by the Federal Bureau of Investigation to the Royal Canadian Mounted Police, Scotland Yard, and police forces in other countries.

The announcement of the arrest in London came in the midst of the sorrow surrounding the funeral of Senator Robert Kennedy. Mrs. Coretta King, widow of Dr. King, was told of the arrest as she left St. Patrick's Roman Catholic Cathedral in New York yesterday morning. She bowed her head, but made no other response.

The Justice Department immediately announced that it would seek extradition of Mr. Ray on a murder indictment returned against him in Memphis, Tennessee, on May 7. In making the announcement of the arrest, Mr. J. Edgar Hoover, director of the F.B.I., praised Scotland Yard and the Royal Canadian Mounted Police for their cooperation in the search

In Memphis - the city in which Dr. King was shot on April 4 as he stood on the balcony of the Lorraine Motel - the mayor, Mr. Henry Loeb, said he was delighted at the news of the arrest.

It is believed that Mr. Ray arrived in Toronto as early as four days after Dr. King was killed, before the warrant for his arrest was issued on April 17. Officials decline to say how he managed to leave the United States at a time when a general manhunt had begun.

Several times during the search police thought they had been able to trace Mr. Ray to definite locations—first in Florida, then in California, and then in Mexico—but each time the trail vanished. The F.B.I. also quietly concentrated the main emphasis of the search in Canada, because of its long, unguarded frontier with the United States and because it is said that Canadian passports are easy to obtain. It is common practice for criminals to take out a second passport, officials say, because they are able to alter this later to establish another fictitious identity.

It was also known that Mr. Ray had been in Canada previously. The F.B.I. now claims that he was in Montreal in the summer of 1967 when he enrolled, under the name of Eric Galt, in a correspondence course in locksmithing offered by a school in New Jersey.

In Resurrection City, the Poor People's camp in Washington, the Rev. Hosea Williams, of the Southern Christian Leadership Conference, said that he was pleased about the arrest but added: "We are not as worried about that one man as we are about the whole sick evil system which produces violence."

Photo clue in search for Ray

FROM OUR OWN CORRESPONDENT
OTTAWA, JUNE 9

The Royal Canadian Mounted Police have played a vital part in the search for James Earl Ray, wanted in connexion with the assassination of Dr. Martin Luther King in Memphis, Tennessee, two months ago.

Vital information concerning Mr. Ray was passed on to Scotland Yard and the Federal Bureau of Investigation a few days ago as the result of an intensive search of passport applications in Ottawa.

As soon as the F.B.I. began its investigations the R.C.M.P. were alerted, as has been confirmed by the Canadian Solicitor-General, Mr. John Turner. There had been reports that Mr. Ray had slipped across the border at Cornwall, Ontario, and had been seen in Montreal and Toronto.

As a matter of routine, the R.C.M.P. asked permission to examine the passport applications in the files of the External Affairs Department.

As the result of what has been described as a month-long search of "colossal" proportions, involving the scrutiny of between 200,000 and 400,000 applications, they found a photograph that looked like the wanted man.

Growing FBI doubts

Peter Hopkirk, who spent three weeks in the United States reporting the murder of Dr. Martin Luther King and the inquiries that followed writes:—

No one will be more anxious than the F.B.I. to discover whether James Earl Ray will be able to help them to find the answer to a question that all along has disturbed investigators into the murder of Dr. King.

Within hours of the shot being fired at Dr. King as he looked down from his Memphis motel balcony, they found themselves asking whether it was simply the work of one man.

President Johnson's Attorney General, Mr. Ramsay Clark, clearly had no such doubts. From the moment he flew into Memphis immediately after the murder he committed himself—and officially the F.B.I., too—to the "lone assassin" theory.

However, F.B.I. investigators to whom I spoke during the days after the shooting grew increasingly less confident of this as the weeks passed without an arrest. Their "massive trail of evidence", which at first had looked so promising, began to appear more and more as though perhaps it had been planted on them.

If evidence of a conspiracy does emerge no one would be more gratified than the F.B.I., for this would go a long way towards explaining how one man was able to tie the world's greatest investigative organization virtually in knots for more than two months.

While the discovery of such a plot—if one does exist—would save their blushes at the expense of their chief, the Attorney-General, this would not worry them unduly. For it is no secret in Washington that F.B.I. officers do not like Mr. Clark. Many of them did not hide their annoyance at his "one lone killer" judgment the morning after the murder.

The reasons that made F.B.I. men come round to the belief that several men might be involved were largely the same reasons that caused many other Americans to have doubts about Mr. Clark's theory.

One puzzling factor is the doubt expressed by several witnesses about whether the F.B.I.'s "wanted" photograph of Mr. Ray showed the man they saw. These witnesses included the man who claims to have sold Mr. Ray a white Mustang car.

There are other curious factors which raise doubts over the "lone killer" theory.

SCOTLAND YARD detectives have discovered that James Earl Ray, the man wanted by the F.B.I. in connection with the killing of Dr. Martin Luther King, had been living in West London since mid-May.

They have traced four addresses in the area where he stayed—at one time, it is believed, with another man. This man's description has been flashed to police forces all over the world.

Ray, who has been charged with possessing a forged passport and possessing a loaded firearm without a certificate, was about to board a Brussels-bound plane at London Airport on Saturday when he was arrested.

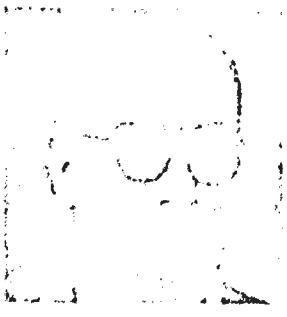
HIS HOTEL

He was travelling under the name of Ramon George Sneyd.

But contrary to first reports that he had arrived by plane at Heathrow from Lisbon only hours earlier, Yard officers have established he had been in London for about three weeks.

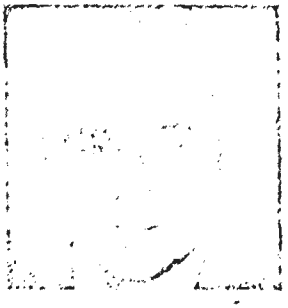
He is thought to have flown from Lisbon between May 16—when he made an appearance at the Canadian Embassy there—and May 20. He is known to have been at a West London hotel on May 22.

Last night, as moves to speed up Ray's return to the United States gathered force, Scotland Yard experts, aided by the F.B.I. and the Canadian Mounted Police, were piecing together a timetable of his movements in the past two months.



THE TRAIL began 12 days after Dr. King's assassination in Memphis, Tennessee, when Ray walked into a travel bureau in Toronto and booked a 21-day excursion to London for which he paid 345 dollars.

On May 7, he flew from Toronto on an Air Canada DC 8 arriving in London the following day.



Here he cashed in the return half of his trans-Atlantic air ticket and immediately took a B.E.A. flight to Lisbon, booking a room at the Hotel Portugal at 15s. a day.

In the hotel's register, he gave his name as *Raymond George Sneya*. Under the heading of occupation he wrote "*Non*." He listed his nationality as Canadian.

His room was No. 2 on the first floor, overlooking shabby back street hardware and shoe shops.

FRED VINSON

TOMMY BUTLER

Room clerk Juan Santo described Ray as a quiet guest. "He paid his bill regularly and was extremely well behaved. He spent quite a lot of time in the room at rather odd hours, in during the day time and out at night," he said.

HIS HABITS

ANOTHER employee at the hotel, Louis Gentile, remembered: "Sometimes he would stay for days in his room and then go out and stay away for two days."

For nine days Ray remained in Lisbon. But before he checked out of his hotel on May 17, he paid a visit to the Canadian Embassy — again giving his name as Sneya.

THEN — probably on the same day Portuguese police believe—he returned to London.

His movements in the weeks before his arrest are not known — though Portuguese police can find no trace of him returning to Lisbon.

But the trail was already narrowing.

And when early last Saturday Special Branch men checking checks at London Airport spotted the name Sneyd typed on a passenger list for the 11.50 a.m. B.E.A. flight 466 to Brussels, they acted.

TODAY Ray — after two days in a round-the-clock guarded cell at Cannon Row police station—will be taken to Bow Street Court under heavy escort. At least two armed C.I.D. men will go with him.

Elsewhere, two men will be meeting at Scotland Yard to discuss means of transferring him to America.

They are: Mr. Fred M. Vinson, dapper Assistant Attorney-General and head of the Criminal Division of the U.S. Justice Department, who flew in to London yesterday, and Mr. Peter Brodie, Assistant Commissioner, Crime, at the Yard.

They have already been briefed by Crown legal advisers that formal extradition proceedings may not be necessary.

THIS procedure is only essential in cases where persons are apprehended solely on a charge for crimes in another country.

So the most probable course will be that after a week's remand in custody, the case will be heard fully.

And if Ray is convicted the magistrate will be asked to issue an immediate deportation order.

HIS ROUTE

If this does happen, Ray is likely to be flown from a U.S. Air Force base in a military airplane for security reasons.

Yesterday Mr. Vinson's first call after he arrived was at Scotland Yard — personally to thank Detective Chief Superintendent Tommy Butler and his British colleagues for the part they played in the arrest.

It was Butler who last year pleaded for a year's postponement in his retirement to fulfil his life's ambition—to catch all the Train Robbers.

Said Mr Vinson later: "I am glad I have the opportunity of paying tribute to the work of Scotland Yard—and the Canadian Mounted Police—whose co-operation with the F.B.I. in this matter was simply splendid."

And he added: "The feeling in the United States is one of great relief."

Mr. Vinson, speaking from the steps of the American Embassy in Grosvenor Square, said: "The principal reason I am here is to assist in expediting the return of the prisoner to America. I also want to pay tribute to the work of Scotland Yard and the Royal Canadian Mounties for their co-operation with the F.B.I."

He would not comment on the events which had led up to the arrest or say what his next steps would be. He had seen Mr. Ray and had talks at Scotland Yard with officers including Detective-chief-superintendent Thomas Butler, head of the Flying Squad. Mr. Vinson refused to say whether he would be applying for an extradition order, and added that it was doubtful if he would be returning to America with the prisoner.

The man said by the F.B.I. to be Mr. Ray was in transit at Heathrow on his way between Lisbon and Brussels. He gave his name as Ramon George Sneyd, aged 35, born in Toronto, Canada, of no fixed address and unemployed. His arrest was made as a result of contacts between the F.B.I., Scotland Yard, and the Royal Canadian Mounted Police.

F.B.I. men in London were yesterday checking the movements of Mr. Ray. They think he may already have spent some time in London. He was arrested as a result of a secret message from the F.B.I. that he was in Europe.

Detective-superintendent William Marchant ordered an all-ports watch by Special Branch men. Mr. Ray was first seen at London Airport by an immigration officer who called Special Branch officers.

Our Legal Correspondent writes:—

When Mr. Ray appears at Bow Street magistrates' court today it is likely that he will be remanded on the two charges of having a firearm without a certificate and possessing a forged passport.

An application for his extradition is not expected to be made until Mr. Vinson has conferred with the authorities here. Unless Mr. Ray volunteers to return to the United States, proceedings will be brought before the magistrate at Bow Street to effect his extradition.

Such proceedings are similar to a committal; a *prima facie* case must be made out before an extradition order can be made. Mr. Ray must be told of his right to be represented and to be granted legal aid for the purpose if appropriate.

If an extradition order is made, Mr. Ray must be given time to challenge the proceedings by applying for a writ of *habeas corpus* in the High Court, and to go through the normal processes of appeal. This might take several weeks.

The extradition treaty between Britain and the United States applies to offences under both state and federal law. Murder is a state offence for which Mr. Ray, if extradited, would be tried in Tennessee; while conspiracy, for which he is also wanted, is a federal offence.

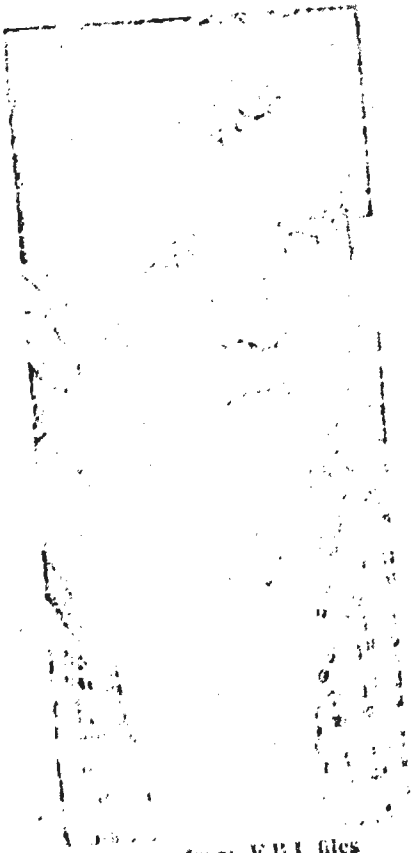
Dr King: suspect held in London



By Anthony Cowdy and Alexander Mitchell

JAMES EARL RAY, the 40-year-old American the Federal Bureau of Investigation has been seeking since the assassination of Dr Martin Luther King more than two months ago, was arrested at London Airport yesterday. The arrest was disclosed in Washington by the Director of the FBI, Mr J. Edgar Hoover, who said Ray had been travelling under the name of Ramon George Sneyd.

Ray flew in from Lisbon aboard a BEA Trident jet. Carrying a passport, wearing dark glasses and dressed in light-coloured raincoat over grey trousers and a sports jacket, he went to the immigration desk for the next stage of his journey, a BEA flight to Brussels.

Immigration officers questioned Ray, then called in Scotland Yard. He was arrested at 11.15 a.m. by Chief Superintendent Tom Butler, head of the Flying Squad, and Chief Inspector Kenneth Thompson, also of the Flying Squad. Last night, Ray was being held under maximum security at Cannon Row Police Station.

Patrick's Cathedral, after attending Requiem Mass for Senator Robert Kennedy, when she was told of Ray's arrest. She refused to comment. But in Memphis, Tennessee, where Dr King was shot down outside the Lorraine Motel on April 4, the city police chief, Mr Frank Holloman, said he was "elated" at the news.

A world wide hunt for Ray began 31 days ago after a grand jury in Memphis returned a first-degree murder indictment against Ray. Mr Edgar Hoover said that the search for Ray, who had also used the name Eric Starvo Galt, had covered Canada, Mexico, Portugal, Britain, Australia and other countries.

It was in Canada, apparently, that the trail was picked up. In Ottawa yesterday the Royal Canadian Mounted Police explained how they had checked through some 100,000 passport applications. After many days they came across a picture which resembled photos of Ray.

The Mounties were soon talking to the real Sneyd, who happens to be a 35-year-old Toronto policeman. Next it came out that Ray had booked a round trip to London through a travel agency.

In London, on May 6 he apparently changed his plans and went to Lisbon. After that he dropped out of sight, but by now the FBI, Scotland Yard, Canadian Mounties and Portuguese officials were on the look-out for him. When he arrived at London Airport yesterday the search was over.

At the United States Embassy in Grosvenor Square, London, a spokesman said: "We can confirm that Scotland Yard has arrested a man in connection with the assassination of Dr King. Presumably this man is a US citizen and the question of extradition will arise. It could be a question of voluntary extradition, but if necessary we would formally request an extradition order."

As news of Ray's arrest became known, crowds gathered outside Cannon Row police station, close to Westminster Bridge. Some people climbed on to the stonework outside the station to try to get a glimpse of what was going on inside. By evening there were some 300 people, many of them Americans. Finally, police closed the wrought-iron main gates and a policeman with a loud hailer said: "Go home. No one is being moved tonight."

Sneyd, the name Ray was reported to be using when he arrived in London, is a name widely known in Ontario, and dates back to the American War of Independence, when British subjects, fleeing north from George Washington's rebellion, formed the United Empire Loyalists. According to Canadian police, Ray arrived in Canada soon after the death of Dr King and spent a month there.

It was during this time that some 6,000 F.B.I. agents, countless US state and local police were seeking a man with the name of Eric Starvo Galt. The F.B.I. even filed a charge against Galt of conspiring to violate the civil rights of Dr Martin Luther King.

Then, after an exhaustive check of fingerprints, the F.B.I. said Galt and Ray were the same person. After that the F.B.I. identified Ray as the owner of an abandoned 1966 white Mustang car which was found in Atlanta, Georgia, seven days after the assassination of Dr King. As Eric Galt, Ray had bought the car in Birmingham, Alabama, on August 30, 1967.

Some time after the shooting, Ray was in Mexico. "We definitely know that," the FBI said yesterday. "We identified him in Mexico." Then nothing, until the trail was picked up in Canada.

THE MAN hunted by American police to face a charge of murdering Negro leader Dr. Martin Luther King was arrested by Scotland Yard men yesterday as he waited at London Airport to board a plane for Brussels.

He gave the name of Raymond George Sneyd. But in Washington the U.S. Attorney-General, Mr. Ramsey Clark, said the arrested man was James Earl Ray, who has been sought in America for two months by 6,000 F.B.I. agents and countless State and local police officers.

Sneyd—or Ray—was charged at Cannon Row police station with possessing a forged passport and having a firearm without a certificate. He will appear at Bow Street tomorrow.

Extradition proceedings will swiftly be put in force; and Ray will probably be taken back to Memphis, Tennessee, where, on April 4, Martin Luther King was shot on an hotel balcony in the centre of the town.

Two U.S. marshals are flying to London tomorrow to act as escort.

Trailed

Ray flew into London at 6.15 a.m. yesterday from Lisbon. It is understood that police in several European countries, acting in co-operation with the F.B.I., had been trailing his movements during the last few days.

According to the Justice Department in Washington, Ray had been living the life of a man-about-town, spending freely at night clubs.

Ray's plane from Lisbon was 20 minutes late. He had intended to transfer to a plane for Brussels. But an immigration officer stopped him at a control barrier as he was about to enter a transit lounge with other passengers.

He was asked to step into an office while "further inquiries" were made. There he was joined by Special Branch officers who searched him.

A swift round of inquiries started between the airport, Scotland Yard, and the Canadian and American embassies.

Then, shortly after 11 a.m., Chief Superintendent Thomas Butler, head of the Flying Squad who has postponed retirement to complete the Train Robbery inquiry, arrived at the airport with other detectives.

Sealed off

Police sealed off an area which took in two main terminal buildings and all main disembarkation piers. And the arrest was made.

Ray, who was wearing a raincoat and a crumpled grey suit, was rushed to Cannon Row.

The whole operation was carried out swiftly, silently. None of the hundreds of travellers in the airport buildings had any idea of what was happening.

According to reports from America, Ray was "profane and uncooperative" after his arrest.

It was the Royal Canadian Mounted Police who broke the tangled case just when it seemed that the trail was cold.

In Ottawa, a Mounties official said that in a check on 400,000 passport pictures on Canadian files, one was found that looked like Ray.

Ray, according to the F.B.I., is a "drifter" who has come from a poor family and who has a long criminal record, including a 20-year sentence for armed robbery.

The reports that he has recently been leading a gay life pose questions which will disturb the American people.

Where did he get his money from? Has he secret backers—and was the killing of Martin Luther King therefore not the act of a deranged "loner," but the result of a powerful conspiracy?

Luther King murder: man held in London

by PETER DEELEY

JAMES EARL RAY, wanted in connection with the assassination of Dr Martin Luther King, the Negro civil rights leader, was arrested at Heathrow Airport yesterday.

He was detained by Scotland Yard officers at 11.15 a.m. and was held under heavy guard at London's Cannon Row police station.

Three national police forces—the Federal Bureau of Investigation, Scotland Yard and the Royal Canadian Mounted Police—working through Interpol were concerned in the arrest.

Ray, alias Eric Starvo Galt, alias Raymond George Sneyd—the name he was travelling under—was stopped by immigration officers at Heathrow and questioned about the Canadian passport he was carrying in the name of Sneyd.

James Earl Ray

He was taken to a search room and the officers impounded certain items from his luggage. An FBI spokesman in Washington said that a loaded revolver was taken from his hip pocket.

Last night a Scotland Yard spokesman said he was being charged in the name of Sneyd "with possessing a forged passport and carrying firearms without a permit."

Ray is due to appear at Bow Street magistrates' court tomorrow where it is understood an application for his extradition to the United States will be made by a legal representative of the American Embassy.

Dr King was killed by a sniper's bullet from a high-powered rifle as he stood on the balcony of a motel in Memphis, Tennessee, on 4 April, where he had gone to lead a coloured people's march.

Dr King was buried with full honours at his home city of Atlanta, Georgia. His death sparked off rioting in Negro areas throughout the country. In the first 24 hours after his murder police reported 200 fires in the Negro area of Memphis alone.

20-year sentence

A fortnight after the killing, the FBI issued a warrant charging Eric Starvo Galt with conspiracy in the assassination of Dr King. The United States Attorney-General, Mr Ramsey Clark, said Galt was being sought as a fugitive on a Federal charge of conspiring to violate Dr King's civil rights.

The FBI issued pictures of Galt — later identified by the Bureau under his true name of Ray describing him as "a neat dresser of medium build." The FBI stated that he had escaped a year before from the Missouri State Penitentiary, where he was serving a 20-year sentence for armed robbery, by hiding in a truck.

Pictures of Ray were distributed throughout America, particularly along the Mexican border where it was known he had friends. Other copies were sent to Interpol and to the FBI agents attached to various American embassies abroad. Once, Ray was almost caught in a Northern American town but he escaped his pursuers by minutes. It was the biggest manhunt in the history of the Bureau. For two months 6,000 agents had been following up leads as far apart as Mexico and Australia.

FBI's tip

The search turned to Europe when information was passed to national police forces in Britain, Portugal and Belgium that Ray was believed to be in their territory.

The Canadian mounted police undercover division supplied the first vital evidence when a search of more than 200,000 passport applications revealed that two had been issued to a man bearing a resemblance to Ray — one in Ottawa on 24 April and the other from the Canadian Embassy in Lisbon on 16 May.

The scrutiny of Canadian passports was started by a tip to the FBI that Ray had crossed the American frontier bound for Ottawa. The search of documents took several days, but once the application, in the name of Sneyd, was discovered, it was quickly found to be fraudulent.

Ray had lived for a month in Toronto, arriving there four days after the killing of Dr King, staying in two boarding houses in poorer areas of the city. He flew to London on 6 May on a round-trip ticket but then apparently changed his mind and changed the return half for a flight to Lisbon instead, staying in London only a few hours.

Full details of the forged passport were relayed to all European airports after the travel agent who had supplied Ray with the flight tickets had been seen by Canadian police.

In London, Detective Chief Superintendent Thomas Butler—the man who brought back Great Train Robber Charles Wilson from Canada earlier

this year- and Detective Chief Inspector Kenneth Thompson were placed on the inquiry.

Yesterday a man calling himself Raymond George Sneyd arrived at Heathrow on a BEA Trident at 6.10 a.m. He was booked to fly out again at 7.50 a.m. on a BEA flight to Brussels. But the immigration police, reinforced by Scotland Yard special branch detectives, intercepted Sneyd and took him on one side. According to eye-witnesses he agreed to go to the immigration point without any fuss.

Mass invasion

Anthony Howard writes from Washington: The announcement of Ray's arrest broke with dramatic impact here today. Most of the nation learned of it from television when the networks interrupted their coverage of the Kennedy funeral to give the news flash.

At Resurrection City, the poor people's camp here in Washington, a special announcement was made over the loudspeaker system. The news that an arrest had at last been made was received with considerable satisfaction by those taking part in the mass invasion of the nation's capital that Martin Luther King himself was to have led.

But as the day wore on questions began to be asked. Ray's movement half-way round the world in the last month inevitably provoked suspicions that if he was the assassin he could not have been acting alone.

☐ Being Investigated

In London

By News of the World Crime Squad

THE man indicted for assassinating Martin Luther King—last American leader to be gunned down before Bobby Kennedy—was arrested by Scotland Yard detectives yesterday as he tried to leave London Airport on a flight to Brussels.

First news of the arrest was given by Mr J. Edgar Hoover, head of the FBI, to assembled newspapermen in the United States Department of Justice in Washington. They were called together by the United States Attorney-General, Mr Ramsey Clark, for "an important announcement."

Mr Hoover said that James Earl Ray, sought by 6,000 FBI agents and the world's police for two months, was arrested at 11.15 a.m. London time yesterday.

Ray, said Mr Hoover, was travelling under the name of Ronald or Ramon George Sneyd. At the time of his arrest, he had a fully loaded revolver in his possession and two Canadian passports.

Search

One of these was issued 20 days after the murder and one had been used in Portugal.

"This," said Mr Hoover, "is the end of a search that has been carried all over the United States, Canada, Mexico and Europe."

A Scotland Yard statement said: "Ramon George Sneyd, who described himself as being born on the 8th October, 1932, in Toronto, of no fixed abode or occupation, was arrested at London Airport.

"He was charged at Cannon Row police-station with possessing a forged passport and possessing a firearm without a certificate and will appear at Bow Street Magistrates' Court at 10.30 a.m. on Monday."

Martin Luther King was shot dead on a motel balcony in Memphis, Tennessee, on April 4. A grand jury indicted Ray on May 7—and launched the biggest manhunt the FBI had ever known.

The drama in Britain, it was learned on high authority last night, began when the FBI contacted Scotland Yard and said they thought that Ray was either in, or likely to try to enter, this country.

A full description of him and his aliases was provided. Scotland Yard checked and found that nobody fitting the description was about—but, airport and port immigration checking facilities were especially alerted.

From Lisbon

Continual contact was maintained between the FBI, the Canadian Mounties and Chief Det Supt Tommy Butler, head of Scotland Yard's Flying Squad.

Then, yesterday morning, a man wearing glasses and dressed in a light coloured raincoat, a sports jacket and grey trousers arrived at London Airport on a flight from Lisbon and went with other transit passengers to transfer to a Brussels-bound plane.

Tommy Butler and Det Chief Inspector Ken Thompson pounced. . .

News of the arrest was broken to Luther King's widow as she left St Patrick's Cathedral, New York, at the end of the Requiem Mass held there for Bobby Kennedy.

She has been at Mrs Ethel Kennedy's side almost from the moment she too was widowed by an assassin's bullet.

Meanwhile, Ray was under heavy guard at Cannon Row. Outside a crowd gathered.

One American tourist sobbed: "They've got him. Thank God."

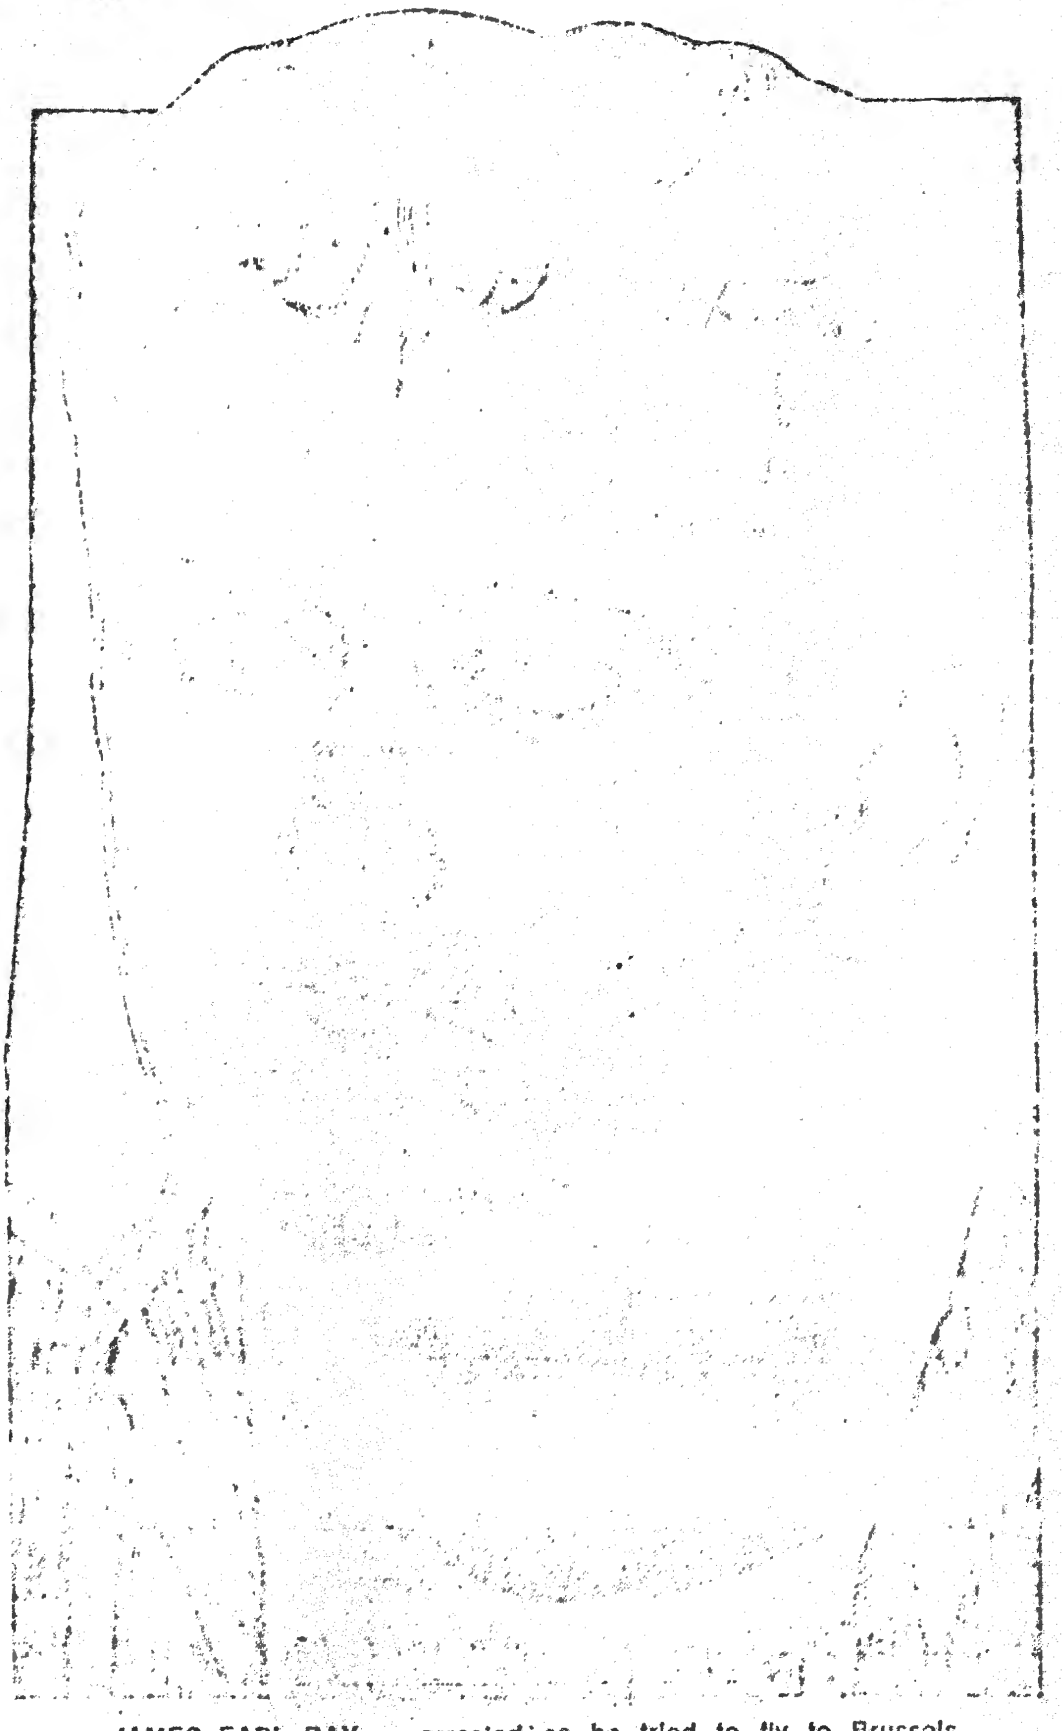
There was an egg-and-chips meal for the arrested man as he settled down in a cell to wait for tomorrow's appearance in court.

At one stage a police car pulled up at Cannon Row and two detectives got out. One of them was carrying a small "air case" with a BOAC label on it.

He snatched off the label and crammed it in his pocket.

Meanwhile, news of the arrest reverberated round the world.

In Washington, Mr Hoover praised what he called "outstanding co-operation" between police forces.



In Memphis, Tennessee, police chief Frank Holloman said: "We are hopeful that Ray will be brought to Memphis at the earliest possible date to stand trial."

In Ottawa there were complaints that foreigners obtain Canadian passports too easily.

An External Affairs Department official said it was "difficult to deny a person a Canadian passport when he presents an application properly notarised by a qualified, responsible sponsor."

Passport applications must bear the signature of a sponsor — a lawyer, bank manager, or some person of similar standing, confirming that he has known the applicant for at least two years.

How Ray obtained his passport remains to be investigated.

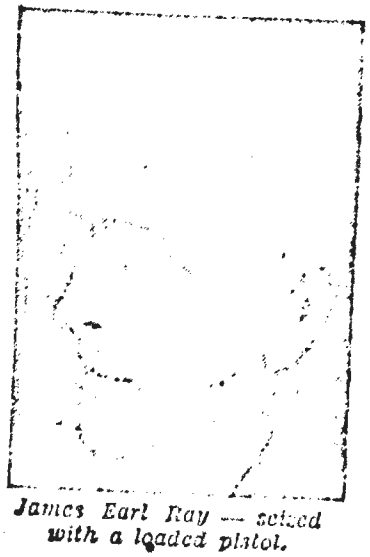
POLICE HOLD MAN WITH LOADED GUN

JAMES EARL RAY, wanted in connection with the murder of Negro civil rights leader Martin Luther King, is in a London police cell under heavy guard.



Scotland Yard pounced on him at 11.15 a.m. yesterday as he was passing through London airport immigration intending to fly to Brussels.

He had a fully loaded pistol in his hip pocket and carried two Canadian passports in the name of Ramon George Sneyd. He was taken to Cannon Row police station.

Ray, aged 40, escaped from Missouri State Penitentiary in April, 1967. A year later Dr. King was murdered in Memphis, Tennessee.

J. Edgar Hoover, director of the F.B.I., said extradition proceedings will be started soon for Ray's return to the United States to face a murder charge.

Late last night Ray was charged with having a forged passport and possessing a firearm without a certificate. He will appear at Bow Street Magistrates court tomorrow.

By PETER GLADSTONE SMITH

JAMES EARL RAY, 40, who is wanted by American police investigating the assassination of the Negro civil rights leader, Martin Luther King, was arrested at Heathrow Airport, London, yesterday. He was detained by Scotland Yard officers a few hours before Dr. King's widow, Mrs. Coretta King, was attending the funeral of Senator Kennedy.

Scotland Yard said that Ray was travelling under the identity of Ramon George Sneyd, born on August 10, 1932, in Toronto, Canada. He was taken to Cannon Row police station.

There he was charged with having a firearm without a certificate and possessing a forged passport. He will appear at Bow Street tomorrow.

At the same time it was stated in Washington by Mr. J. Edgar Hoover, director of the Federal Bureau of Investigation, that when arrested Ray was carrying "a fully loaded pistol."

B.E.A. flight

Ray arrived in London aboard a B.E.A. Trident jet flight BE 075 from Lisbon at 6.10 a.m. He was going to fly on to Brussels on B.E.A. flight 462 which left without him at 7.50 a.m.

Meantime officials in the immigration office of the Europe passenger building had spotted his passport and called in Scotland Yard. Ray was identified as a result of painstaking detective work by the Royal Canadian "Mounties."

On checking through 40,000 passport pictures at the request of the F.B.I. they found one that looked like Ray. The man whose name was on the passport, Ramon George Sneyd, was traced to a Toronto lodging house and he knew nothing of any passport application.

Then a travel agency provided a clue. "Sneyd" had bought a roundtrip ticket to London and flown the Atlantic on May 5.

Next day after reaching London he turned in the return half of his ticket and used it to pay for a flight to Lisbon, where he got another passport on May 16 and dropped out of sight. All immigration points in Europe were alerted by a "tip-off" through Interpol.

In charge of the police operation at Heathrow was Det. Chief Supt. Thomas Butler, 55, chief of the Flying Squad, who was in charge of the Great Train Robbery inquiry and is due to retire next month. With him was Det. Chief Insp. Kenneth Thompson, of the British Interpol office.

James Earl Ray — a picture issued by the F.B.I.

Ray was driven from the airport to Whitehall in a Flying Squad car. As the news spread more than 100 spectators gathered outside Cannon Row police station.

As soon as a signal from the Yard reached Washington the United States Attorney-General, Mr. Ramsey Clark, gave a dramatic Press conference in the Justice Department.

Mr. Hoover, who has headed the search for Ray during the past 65 days, since Dr. King's assassination, in Memphis, Tennessee, on April 4, said the accused was being held "under maximum security conditions on a passport violation."

He said that Ray had two Canadian passports in the name of Ramon George Sneyd in his possession. Ray was wearing glasses and was dressed in a raincoat, sports jacket and grey trousers when he was arrested.

A police officer gave the news outside the cathedral to Mrs. King and to the Rev. Ralph Abernathy, who took over leadership of the Southern Christian Leadership Conference on Dr. King's death.

Ray is wanted in the United States on a first degree murder charge issued on April 17, charging him under the name of Eric Starvo Galt with Dr. King's assassination. He is also being charged with a conspiracy in the same connection.

Three days later under his real name, Ray, he was placed on the "10 most wanted" list.

Only two days ago Senator Edward Kennedy, brother of America's latest assassination victim, expressed anger with the Federal Bureau of Investigation for failing to track down the man wanted in connection with Dr. King's murder.

He told a friend aboard the Presidential airliner bringing his brother's body back to New York from Los Angeles that the F.B.I. had failed to find the "faceless men" in the King case and he was angry about it.

World-wide hunt

A world-wide search for Ray has been under way since the assassination of Dr. King at Memphis, when he was standing on the balcony of a Negro-owned motel.

Immediately after the assassination, the F.B.I. announced they were seeking Ray for escaping from Missouri State Penitentiary in April 1967, where he was serving a 20-year sentence for armed robbery.

The manhunt has been the biggest in the history of the F.B.I., who passed information to the Yard in London. About 6,000 F.B.I. agents, countless U.S. State and local police, and the police forces of 100 countries have been looking for him.

Mystery calls to 'Daily Telegraph'

'I WANT TO JOIN THE MERCENARIES'

By IAN COLVIN

RAMON GEORGE SNEYD, 40, believed to be the James Earl Ray wanted for questioning concerning the assassination of Dr. Martin Luther King, was apparently in Britain for 21 days before his arrest by Special Branch officers at Heathrow Airport on Saturday.

Sneyd, alias Eric Starvo Galt, arrived in Portugal on May 8 and left for London on May 17. He was known to have been in London at least until last Thursday. On Saturday he was arrested at Heathrow while in transit to Brussels.

The arrest followed several nervous telephone calls to me by a man calling himself Ramon Sneyd from London coin boxes. When he first rang *The Daily Telegraph* last Tuesday, he spoke to the Foreign Room.

☐ Being Investigated

He said he wanted to find out how he could become a mercenary.

He was transferred to me because I had written several stories about the foreign mercenaries in Africa.

FIRST WORDS

"This is Sneyd"

When we first spoke, a Canadian or perhaps American voice said to me: "This is Ramon Sneyd. I want to find my brother who has been in Angola."

I understood him to be talking about the mercenary forces that had fought in the Congo. Mr. Sneyd asked me whether I could put him in touch with a British mercenary officer who might be able to help.

I offered to ask the officer in question, Major Alistair Wicks, to telephone him back, as Mr. Sneyd sounded over-wrought and somewhat incoherent.

CALL TO MAJOR

No recollection of name

The next move was to ring Major Wicks, former second-in-command of Five Commando in the Congo. I told him that a man, claiming some association with the mercenaries through his brother wanted to be put in touch.

The name seemed to mean nothing to Major Wicks, and he did not respond to the call.

Last Thursday the man called me back, again speaking from a telephone box. He had by now moved from the New Earl's Court Hotel in Penywern Road to the Pax Hotel, Pimlico.

This time he was more explicit. He said that his brother was not missing but that he had not seen him for four months. It was not so much that he wanted to start a search for his brother, but he wished to become a mercenary in Africa himself.

BRUSSELS ADDRESS

Persistent search

I pointed out that the day for rescuing missionaries was over, and that both British and African governments frowned on mercenaries.

But I offered to provide him with an address in Brussels at which he might pursue the search for his brother if he wished to do so.

Mr. Sneyd seemed most insistent on having any address that offered him a further stage on his journey.

LOCKED DOOR

Room full of papers

I discovered later from Mrs. Anna Thomas, proprietor of the Pax Hotel, that Mr. Sneyd used to lock his door at nights in the hotel and his early morning tea could be served only with difficulty. The first day he was there he stayed in Room 2, and later moved to Room 3 on the second floor.

His rooms were full of newspapers. He spent most of the day in bed, complaining of a headache, and hardly ever went out.

"Mr. Sneyd tore up a lot of papers," Mrs. Thomas said. "He paid in English money, but bargained when he came in.

"I told him that it would have to be 30s a night. He only had a small flight bag with him, but lots of newspapers. He washed his own clothes."

After the man left the hotel a syringe was found stuffed down a wastepipe in one of the rooms where he stayed.

Mrs. Thomas, who is Swedish, said that her telephone number is ex-directory because she gets many calls when the hotel is full.

The rooms are bright and decorated in blue and cream. One of

those occupied by the man contained a double bed with a blue bedspread.

There was blue wallpaper patterned with peacocks, and a painting of a country scene. The room overlooks a small backyard.

EARLIER ATTEMPT

Flight overbooked

Mrs. Thomas added that Mr. Sneyd made an unsuccessful attempt to leave Britain on Thursday or Friday and received a telephone call from British European Airways to say that the flight on which he had wished to leave for Germany was overbooked.

I showed her a picture of James Earl Ray, published after the announcement of his arrest. "That could be him," she said. "But he is much thinner in the face."

At his first hotel, I found that the police had arrived before me. The receptionist said: "All the papers are with the police and you will have to get in touch with Chief Insp. Thompson at Scotland Yard."

Both the New Earl's Court Hotel and the Pax are not far from air terminals. The first is near BEA's terminal, and the Pax near BOAC's.

It seems that the man chose both hotels at random as part of his unsettled movements.

I ended the puzzling dialogue with Mr. Sneyd by writing a postcard advising him to pursue his inquiries through the consular section of the Foreign Office.

When I heard of the arrest at Heathrow the disjointed conversations of the past week began to make sense.

Conspiracy theory raised by arrest

By HENRY MILLER

NEW YORK, Sunday.

THE possibility grew today that the murder of Dr. Martin Luther King was the result of a conspiracy as it became clearer why James Earl Ray, the man accused of the murder, who was arrested in London yesterday, had not been apprehended earlier.

The ease with which he travelled to Canada, flew to Europe, used another name and financed his journeys, raised fre h speculation that others must have been involved.

His brother, John Larry Ray, 34, of St. Louis, said:

"If he did kill King, he would have done it for a lot of money. He did not do anything if it was not for money. And those who paid him wouldn't have wanted him sitting in a courtroom telling everything he knows."

"BOUNTY" OFFER

National search

Speculation about a conspiracy has been persistent. A group of southern businessmen were said to have put up $100,000 (£41,000) for the murder of Dr. King. Intensive inquiries by the FBI have failed to establish that such a bounty was offered.

It is now known that Ray, 40, reached Toronto on April 8, four days after the murder of Dr. King in Memphis, Tennessee. For four weeks, while the FBI sought him in all 50 States and abroad, he lived in seedy lodging houses on Toronto's west side.

Continued on Back Page, Col. 5

Ray, also known as Eric Starvo Galt, first rented a room from Polish-born Mrs. Fela Szpakowska, in Ossington Street, Toronto.

She called him "a complete gentleman." He left the house each morning at 8.30, returned at noon for lunch and would go out again in the afternoon. He stayed in his room after supper and never had visitors.

On April 19, he rented another room for $9 (£3 15s) a week in Dundas Street West, run by Mr. and Mrs. Loo Sun. He told them that he worked at an hotel and that his name was Ramon George Sneyd.

They said that he seldom used the room during the first week and that he was away for days at a time.

One day in April, Ray called at the Kennedy Travel Bureau in Bloor Street and paid $315 (£143) for a 21-day return excursion flight to London. He told Miss Lillian Spencer, an employee there, that he had no passport. Ray knew this would be no problem.

On April 25 a passport was posted to Ray at his lodging house in Dundas Street West.

On May 5 Ray flew on a BOAC flight from Toronto to London and on May 7 flew from London to Lisbon on a British European Airways flight.

Despite the apparent laxity of passport procedures, Ray had made meticulous preparations. He was out of the country when

the Royal Canadian Mounted Police, at the request of the F.B.I. began the enormous task of examining between 200,000 and 400,000 passport applications and comparing them with photographs of the man they were looking for.

One of the 12 men assigned to the job finally discovered that the photograph on his passport application resembled pictures of the man sought.

Police quickly traced the origin of the application, established that Ray had flown to London. A bulletin was sent to Scotland Yard and other forces and immigration officials in various parts of Europe were told.

SECOND PASSPORT

Lisbon Embassy

On May 16, Ray obtained another passport from the Canadian Embassy in Lisbon, saying that his original one had been spoiled. He was carrying both passports when he was arrested in London.

Mr. Ramsey Clark, United States Attorney-General, said this afternoon that there was still no evidence that there was a conspiracy to murder Dr. King.

"We have to go on facts and at this time there is no evidence of involvement by others. If there was a conspiracy, it will be discovered."

He was asked in a television interview whether the fact that Ray had plenty of funds did not suggest that some one was financing him. He replied: "Not necessarily."

It was difficult to estimate at this stage how long it would take to bring Ray back to America. "There are two priorities. Firstly, to be as sure as we can be that he is secure. Secondly, to return him to the United States as quickly as possible to stand trial."

There have been various indications that Ray spent thousands of dollars during the past year. For example, he paid $2,000 (£833) cash for a Mustang car.

QUICK ARRAIGNMENT

Security precautions

For the past year he has been in at least five countries - America, Mexico, Canada, Portugal and now Britain. These trips would have involved much more money than he is likely to have had from normal sources.

Preparations were being made in Memphis today for Ray's arraignment on the murder charge as soon as possible. Mr. Frank Holloman, Director of Police; Mr. Henry Loeb, the mayor, and local civil rights leaders all expressed elation that Ray had been found.

Special arrangements will be made to keep the suspect under strict security when he is taken to Memphis.

MASSIVE security precautions will be taken when James Earl Ray, wanted in connection with the murder of negro leader Dr. Martin Luther King, appears at Bow-street court today.

Ray, who was arrested at Heathrow Airport on Saturday, will be charged with having a false passport and possessing a firearm and ammunition without a certificate.

A special convoy, including motor-cyclist outriders, will escort him on the journey from Cannon Row police station where he has been detained.

Mingle

Up to 100 policemen will be on duty inside the court, and Special Branch detectives will mingle with the public in the galleries and in the street outside the court. Some may be armed.

Police kept a non-stop guard on Ray's cell yesterday. Cannon Row police station was sealed off and only policemen were allowed inside.

Civilian staff who went near the cell had to show their special passes.

Top-level talks following the arrest were still going on in London last night.

The talks involved Scotland Yard, US Embassy officials and the FBI.

Heading the American delegation was Mr. Fred M. Vinson Junior, US Assistant Attorney-General.

He flew to London yesterday and is expected to apply for Ray's extradition to America, where he will be charged with murdering Dr. King.

Ray, 40, escaped from jail in Missouri in 1967.

Ray's arrest at Heathrow on Saturday followed co-operation between Scotland Yard, the FBI and Canadian police.

Suspicions about Ray's identity were aroused after he called at the Canadian Embassy in Lisbon, Portugal, to correct the spelling of the name that appeared on his passport.

A MAN alleged to be 40-year-old James Earl Ray, wanted by the Federal Bureau of Investigation for questioning about the assassination of Dr. Martin Luther King, was interviewed in London yesterday by Mr. Fred M. Vinson, U.S. Assistant Attorney-General.

Mr. Vinson is trying to speed up the extradition of the man, who was arrested at Heathrow Airport on Saturday in the name of Ramon George Sneyd.

Today the man will appear at Bow Street magistrates' court on two charges. He is accused of having a forged Canadian passport and having a firearm and ammunition without a certificate.

Scotland Yard will take special precautions when he goes on the one-mile journey from Cannon Row police station to the court.

Yesterday he was under special guard in a 10ft. by 8ft. cell at Cannon Row, which was part of the old Scotland Yard headquarters.

MR. FRED VINSON
He asked questions

Roads leading to the police station from Whitehall and the Embankment were sealed off, with police guarding the main gates.

Because of the security risk, the man was not transferred to Brixton Prison for the night, as prisoners awaiting court appearances usually are.

When Mr. Vinson arrived at Heathrow Airport yesterday he was met by Scotland Yard officers.

'DELIGHTED'

Mr. Vinson said at the airport: "I am here to expedite the extradition of Mr. Ray.

"People in the United States are delighted he has been apprehended. We have been looking for him for a long time."

Mr. Vinson was driven to Scotland Yard, where he spent more than two hours with Detective Chief Superintendent Thomas Butler, head of the Flying Squad, and Detective Chief Inspector Kenneth Thompson.

Then he went to Cannon Row. The man charged as Sneyd was brought out of his cell, and Mr. Vinson talked to him in a small interview room.

After the interview Mr. Vinson said: "I want to pay tribute to the work of Scotland Yard in this matter.

"I have every praise for the co-operation and understanding which has existed between the Yard, the FBI and the Canadian Mounties. It has been splendid."

Mr. Vinson was asked if he would be taking the man back to America with him. He replied: "That is very doubtful."

MESSAGES

In fact, it may be a fortnight or more before extradition proceedings start.

All day yesterday code messages flashed between FBI headquarters in Washington, the Royal Canadian Mounted Police, Scotland Yard, and the police forces of several European countries.

Mr. J. Edgar Hoover, head of the FBI, has asked for top priority to be given to inquiries about the arrested man's movements since Dr. King, Negro civil rights leader, was shot dead in Memphis, Tennessee, on April 4.

Mr. Hoover is certain that the man has travelled through a number of European countries since he left America.

Scotland Yard believe he may have been in Britain between the killing of Dr. King and his arrest on Saturday, when he arrived at Heathrow on a BEA flight from Lisbon.

SWITCHED

Last night detailed inquiries were going on to find out whether he had stayed in this country.

The hunt switched to Europe after widespread inquiries by the Canadian Mounties—including a check on almost 400,000 Canadian passport applications.

The Mounties' investigations showed that Ray took up quarters in a Toronto rooming-house four days after Dr. King was shot.

Since then a man known as Ramon George Sneyd—the actual name of a Toronto policeman — is known to have stayed in Lisbon.

The Canadian Embassy in Lisbon said last night they issued a passport in the name of Ramon George Sneyd.

Portuguese security police claimed they had evidence that Ramon George Sneyd left Lisbon on a London-bound airliner on May 17.

Gentlemen: Re: James Earl Ray/Mobile, Ala.

Newspaper pictures of James Earl Ray resemble very strongly a man I saw in the office of an insurance agency in Mobile, Alabama about four years ago. Therefore I offer you the following as a possible clue to his sources of income and his motivation for killing Dr. King.

In 1959 I had gone back to Mobile, where I had done about half of my growing up, from Houston Texas. I wanted to satisfy my curiosity about changes which might have taken place in Mobile since I had known it, and planned to work there a few months for Kelly Girls Temporary Office Service, as I had been earning my living in Houston Kelly Girl was not very active in Mobile, however, and I found my work there through various sources.

Being intensely interested in what is going on all around the world and why, and how different people feel about it, I responded to an article in the newspaper inviting people to join a group gathering to discuss world affairs. I attended several meetings.

There was not much actual discussion, the talk being done chiefly by three or four, mainly an extremely cynical and verbally agressive young woman from some central European country, Poland I believe she said. Heading the group was a man, an importer, [redacted] by name I believe, for whom the young woman worked.

REC- 51 4777
12 JUL 8 1968

Later, in a night school class at the University of Alabama branch in Mobile on "Man in the Modern World", I found the same young woman, her name by then [redacted] as the importer had by them divorced his wife and children and married her. She also monopolized discussion in that class, thorly belittling all claims of religion and dismissing as false pretence any altruism, nobility or honorable principles in human behavior, calling it pure selfishness in disguise. She told in the class that she and her husband made frequent trips to Birmingham (weekly) to join with a group in hypnotism sessions. Shortly before leaving Mobile, I saw the importer on the street one day. He had changed completely from a crisp, alert, businesslike and rich-minded looking individual to a shuffling, sloppy, indifferent looking wreck ploughing along with a silly grin on his face.

The instructor of the class seemed to be a very close friend of the [redacted] woman.(*) He made the statement several times that he wanted to find a tract of ground somewhere in that area (in Mobile) for establishing a college. Out of curiosity, I also attended a few times the Sunday morning meetings of a Unitarian group there, which were held in a day nursery on Conti Street. The only sentiments I heard there concerning religion were belittling of it and the declaration that the speaker (a) did not believe in God. I do not know whether that is characteristic of Unitarians, but seemed rather odd to me at what was termed a church service.

Following the meetings on world affairs, I saw a number of other people who had attended them (at various times) also looking

(*) A couple of times he remarked in class that if people wanted

quite "demoralized". I became very curious about it, wishing that I could find out the cause or causes. My curiosity sometimes leads me into somewhat frightening surroundings, as later I worked for two firms there in Mobile where I felt I had undoubtedly gotten close to the sources, if not the demoralization of those I had observed, at least something very similar.

One was an insurance agency on St. Louis Street downtown in which I worked several months. Employees came and went fast there, those leaving complaining that the place made them nervous. It did me too. Some of those who were longtime employees of the place seemed to me badly fear-ridden.

The woman there who claimed seniority (her firstname was [redacted] I do not recall her last) made me wonder sometimes if she was trying to frighten me. She did not do much work, spent most of her time staring fixedly and anything but benignly at others in the room. (All except the President and V.P. worked in one large room). She was more often than not overcearingly unreasonable and unhelpful about work we had to coordinate between us, and likewise with others. She got quite upset one day when the woman next in seniority and I started out to lunch together (the other woman appeared to be one of the fear-ridden ones).

While I was there, [redacted] mother, it seemed, died. As I had no particular regard for [redacted] I would not have gone to the funeral home. But I was told that one of the other girls would pick me up to go at such and such a time, and I went along rather

than make an issue of it. We went to a handsome, newly built "funeral home" on Old Shell Road not quite all the way up the hill to Springhill.

The figure in the coffin startled me, it looked more like a mannikin of a stereotyped grandmother than anyone's actual mother. And the gathering seemed to me more social than anything, for people to meet people. A great number were brought and introduced to me, as if that was the purpose of it all. I was impressed by the fact that a great many of them had what I thought of as "ravaged" faces.

The VP of the company, named [redacted], was the one who seemed to command the most fearful, unquestioning submission of the others, with [redacted] close behind. He had a small office off the main office and as I worked as his secretary, I was required to spend considerable time in that office. He dictated usually in a low monotone, and I would have to fight against going to sleep. So I made a point of leaving the door into the main office open so that the sounds and movements in there would help to keep me awake. We had quite a hassle over that door, I, each time, insisting on leaving it open, he insisting it be closed. I jokingly accused him of spraying chloroform around the office before calling me in for dictation in order to put me to sleep. But I began to wonder seriously if it was his intention to put me to sleep, in a manner of speaking. That, combined with the apparent fearfulness toward him on the part of some of the others, I found a bit discomfiting.

It was a great pill-taking place, someone everlastingly offering you a pill for your nerves, or telling you where you could get them back in a storeroom. I never took any, as I am not much of a believer in pills and tranquillizers.

[redacted] specialized in marine insurance, on the fishing boats, inland waterway craft, etc., operating in the Gulf and adjacent waters.

He made a number of trips to Mexico, to make business contacts although he said with a number of people from Germany. However,/he gave me quite a bit of dictation to some of them at different times, I never saw any evidence of any insurance business with any of them. One of the other long-time employees described him one day as having a typically Russian build and appearance. He claimed to be of Dutch descent, his family all in this country from pre-revolutionary days.

It was in his office that I saw the man of whom the pictures of James Earl Ray remind me. He came in to make a statement in connection with insurance settlement for a collision of a barge or towing craft with a bridge on the inland waterway. He had been at the wheel at the time of the collision, at night, and admitted he had gone to sleep. He also stated that he had only recently been promoted to that responsibility, and it meant a great deal to him. He said he had been working, for some years on such craft in that area.

I wondered how he could have gone to sleep at the wheel, en-

pecially under those circumstances, and knowing that section well, knowing that the bridge was there, unless he had in some way been "out to sleep" by someone.

I was very glad to have an excuse to leave that job shortly thereafter - and in a few days went to work for an insurance adjusting firm for which I had previously worked on a temporary basis; and which I learned was very, very closely associated with the insurance agency I had just left.

In that firm there were about a dozen adjusters and half a dozen stenos. Many of the adjusters and some of the stenos gave me the impression of being "people on strings", or puppets, seemed to move around much of the time in a nearly mindless daze, or occasionally seemed to be futilely fighting against something. Some of them seemed to me to be basically very nice people, and I felt sorry for them. The senior secretary had a decided foreign accent, but when I asked her where she was from, she always named some place in one of the Carolinas. Another of the secretaries always went to the public library at noon, and only borrowed murder mysteries, she told me.

One of the older men in the company did very little evident work, spent most of the days leaning against a file case, staring at me whenever I looked in his direction. It made my skin crawl, when it went on and on and I wondered if he were trying to hypnotize me.

During my association with the insurance agency, two men who

had independent agencies through them went broke, one through alcoholism and consequent irresponsible handling of his accounts (his father before him had had such an agency for almost a lifetime), and the other through inordinate extravagance. The second man came to work for the adjusters while I was there.

It seemed, from dictation which the owner of the firm, Chris Rune gave me, that a considerable number of men did some sort of work for him in other parts of the country. At different times some of them came to Mobile and into the office. I was impressed, as I had been with some of the associates at the insurance agency, by the "ravaged" looking faces some of them had. Two of them, of extremely dissimilar appearance, racial type, etc., were called "Fearnow". Both were evidently extremely nervous when they were in the office, left with one or two of the adjusters, and that was the last I ever heard or saw of them.

We had a coffee room in the basement at the adjusters. As I do not drink coffee, I kept Sanka makings down there along with the cups, sugar, etc. But after a time I began to feel, shortly after I would drink my Sanka, that I was drifting around somehow separated from my mind, like some of the others looked to me. It was a weird and helpless feeling, so I kept my Sanka makings in my desk. Same results. So I left the Sanka, powdered milk, etc. as it was in my desk, but carried some more in my purse which I used instead. No more of that "separate from myself" feeling after drinking it.

When I would go downstairs to make my Sanka, I would ask the girl at the next desk if I could bring her back a cup of coffee. She usually said Yes. But she would not drink it for some time, although I would remind her it was getting cold. After ten or fifteen minutes or so, after I'd drunk my Sanka, she would bring her cup to my desk to drink her coffee. And she would peer at me sharply, looking bewildered and unbelieving at something she apparently saw or didn't see after I began carrying my Sanka in my purse. That made me feel more strongly that my Sanka may have been doctored.

There were a great many murders and suicides going on around Mobile, several in the Saraland area. Not long before I left Mobile, a young man who, a heavy road equipment supply business in Saraland admitted complicity in some of the murders, especially of one man in Saraland name of [redacted] (I believe) who had been put out of the way because he had been the triggerman in some other murders and they were afraid he would talk. The owner of the adjusting firm, Mr. Hume, remarked one day at the office that one of the men involved in that had been a visitor at his home not long before. "What nice people I'm associated with," I thought.

While I was working there, a [redacted] in came from New Orleans and gave a talk, which I attended, on the big business of organized crime in this country. There followed some discussion in the newspaper as to whether Mobile was so afflicted. Law enforcement people immediately and emphatically denied it, and the Grand Jury was called

to "look into it". It turned out that Mr. [redacted] was a member of the Grand Jury. One morning he went down to sit on its investigation. When he came back to the office, he was extremely nervous. Several of the man gathered around him to help him out of his coat, etc. He remarked vehemently, "thank God, that's over".

Several of the people who worked there attended the same church I did, Trinity Episcopal, and Mr. [redacted] was elected a Vestryman. Shortly before I left Mobile, that church lost by resignation both it rector of ten years and its assistant rector.

At [redacted] and Company there seemed to be a system of finding or digging out or aggravating or encouraging the weaknesses of people, and/or "brainwashing" them somewhat as Pavlov did with his dogs. I wondered whether Mr. Hume was one of the puppets or a puppeteer, as I wondered at the insurance agency, B.F. Adams Company, about its President, Mr. [redacted]

While working at the adjusters, I was accused by Mr. [redacted] of making harrassing telephone calls to the agency personnel; he said I dialed the people, but wouldn't answer them when they picked up the phone. I have wondered whether he really believed that, whether he thought it up or someone else there. He said they "knew" it was me because whenever anyone said "Hello Jeanne", that "I" hung up. Another employee who had left while I was working there at the agency was similarly accused by [redacted] I began to wonder if she had not made those calls. I had received some myself, at home.

A few months before I left Mobile, [redacted]nd Company bought some

some property for an office out on Dauphin Street which adjoined at the back fence the lot/ on which my apartment was located. I had been planning to leave Mobile, to move up this way to be nearer some of my family. Definitely not wishing to be living just across the fence also from that weirdly pitiful and sometimes rather frightening lot, I made hasty to move to Atlanta, where I lived and worked two years before coming up to Toledo.

In Atlanta I wondered whether I should try to report the above to you. But as I had nothing I could present proof about, I felt it would probably be regarded as imaginings signifying nothing. But with James Earl Ray's picture reminding me so strongly of that man I saw in the office of the insurance agency in connection with the collision with the bridge, I wonder if I might have helped to avert Dr. King's murder if I had, and possibly/have saved some other lives. If James Earl Ray was one of "their" puppets (whoever they may be), it might help to explain many things about him - and some others - burdened with problems/and trying to get along in the world against what/may have seemed to them like too many cards stacked against them, accepting a helping hand which they mistakenly thought would help them escape the consequences of their handicaps or weaknesses - victims on both sides of the picture.

I have read that Communist subversives make a point of seeking out those who seem to be alone, or in need of friends or a helping hand, to use as tools.

A man I worked for in Houston who was from Germany, when asked one day in the office if/he believed Germany would go with Russia if Germany

that somehow tie in with the business contacts Mr. Ludlow said he made in Mexico with some men from Germany?

I do not, of course, know that any of the above has any connection with the Dr. King murder. But I am offering it on the chance that it may offer some clue as to the how, why and wherefore of it, and possibly of some other acts of violence. I have wondered often since being in Mobile how many of the weird and terrible things that are done these days by people around us may be the result of people being "separated from their minds" as I sometimes felt and some of those around me appeared to be there, or how many people have been induced thereby to compromise themselves, or "indebt" themselves in such ways that they see no chance of extricating themselves as honest, respectable, law-abiding people, (as example, the homosexual racket; I heard the statement made more than once in the adjusters office that homosexuals were well-known to be unreliable, unpatriotic individuals).

A brother of Mr. [redacted] was one of the adjusters at the adjusting firm. One company stored the past years' files of the other.

Respectfully submitted,

[redacted]

SUBJECT: MURKIN

This case involves the murder of Martin Luther King, Jr.

In order to determine if a Swiss bank account or Swiss numbered account has been opened in favor of Ray, the following suggestion is offered.

Consideration should be given to requesting Department of State confer with Swiss Government officials in United States to determine if Swiss Government would review bank accounts and numbered accounts opened in Switzerland between April 4 and June 7, 1968, to determine if an account may have been opened in favor of Ray or if Swiss could locate an account which they considered suspicious which could be related in some way to this case. Although it is realized that the Swiss Government has always considered information concerning their bank accounts and numbered accounts to be highly confidential information, it is felt that such a review could be made by the Swiss Government itself as a matter of international cooperation. The finding of such an account, of course, would indicate the probable presence of a conspiracy in this investigation. Although there is some indication that the British, in their investigation of Ray, may have made inquiries through banking circles concerning the existence of a Swiss bank account it is not felt that they could go to the Swiss Government and make such a request officially since they do not have primary jurisdiction in this investigation and the charges that they have lodged against Ray are not the type that would cause the Swiss Government to undertake such a review.

This case involves the murder of Martin Luther King, Jr.

PURPOSE:

To request the Liaison Section of the Bureau to discuss with the State Department the feasibility of determining if subject, James Earl Ray, had an account at a bank in Switzerland.

BACKGROUND:

We have been, during the entire course of the investigation, endeavoring to account for the source of subject's funds. It has been estimated that since his escape from the Missouri State Penitentiary on April 23, 1967, up to his apprehension in London, England, on June 8, 1968, he has spent approximately $12,000. We have not been able to locate any gainful employment of the subject. Unverified rumors from newspaper accounts in London mentioned the fact that subject possibly had a bank account in Switzerland; however, New Scotland Yard has not been able to locate any information whatsoever which would indicate a bank account in Switzerland.

It is virtually impossible to determine if an individual has a bank account in Switzerland as the Swiss Government very jealously guards this information. It is also known that accounts in these banks are numbered and cannot be identified under any names. In view of the magnitude of this case, the State Department may have had similiar situations in the past in which an official request was made by them to the Government of Switzerland regarding information from the banks.

RECOMMENDATION:

The Liaison Section of the Bureau discuss with the State Department in line with the above in order to determine if an inquiry by the State Department with the Government of Switzerland could be made.

MURKIN

On 6/21/68 ARTHUR J. HALL and his son, who practices law with him, visited Scotland Yard where they saw a Chief Inspector. We have been advised in confidence that HALL requested an interview with RAY and was told he could not see him. He was asked the source of his fee and replied that he expected to collect his fee from RAY. When he was told that RAY is practically without funds, he apparently lost interest in seeing him and requested that RAY be given HALL'S business card, on the back of which he wrote, "Dear Mr. Sneyd. We made no effort to see you but will see you immediately upon arrival in the USA."

In the translator radio in the possession of RAY at the time of his arrest was a torn piece of paper jammed against the battery, apparently to hold the battery right. This paper has parts of notations, apparently in RAY'S handwriting, as follows: "Consul for ", "Then Writ" "Portuguese know about" "MARKED". It would appear likely that these notes pertain to RAY'S efforts to go to Africa as a mercenary. Chief Inspector THOMSON has determined that "MARKED" is meaningless to IAN COLVIN and Major HICKS.

IAN COLVIN has advised New Scotland Yard that the organization in Brussels known as CEDEP, which is mentioned in COLVIN'S previously submitted statement, is a research organization that attempts to keep track of mercenaries in Africa. COLVIN'S mention to RAY of CEDEP and M. JEAN GIRAUD-LEVISON, who is connected with CEDEP, was in the context of suggesting a possible means of locating RAY'S brother whom RAY had alleged was a mercenary in Angola and missing. In this regard it is noted that COLVIN did not provide RAY with the address of the above individual or organization.

It was alleged that when RAY left the Pax Hotel on the morning of his arrest he carried a small flight bag over his shoulder and no other luggage. When arrested he had no luggage, having already checked one suitcase to Brussels. This suitcase was recovered by Scotland Yard and is a square, plaid, fabric zipper bag somewhat larger than the usual "two-suiter".

Scotland Yard conducted an exhaustive search of all baggage rooms and lockers in London without locating any luggage identifiable with RAY. All indications are that at the time of his arrest RAY was on his way to Brussels for the purpose of making the necessary contacts to go to Africa as a mercenary and it would therefore seem unlikely that he was leaving anything of value behind.

An examination of RAY's airline tickets shows that the number of pieces and weight of luggage was not entered on the ticket for the flight from Toronto to London. From London to Lisbon he checked one piece weighing 12 kilos (26.40 pounds). On the return flight fromLisbon to London he checked one piece weighing 15 kilos (33.07 pounds); and on the intended flight to Brussels he checked one piece weighing 13 kilos (28.66 pounds). Scotland Yard has advised that his bag in its present condition weighs 28 pounds and 12 ounces. A raincoat he was carrying when arrested weighs an additional two pounds. Articles removed from his bag for his use in prison, not counting what he actually wears, consist of a suit, a shirt, a pair of socks, an undershirt and a pair of shorts, having a total estimated weight of 3 pounds.

Scotland Yard has advised that airline employees often fail to take time to precisely weigh luggage unless overweight charges are involved (the allowance is 20 kilos) and they often estimate the weight while the scale is fluctuating. This could readily account for an error of one or two kilos. It is noted that his raincoat may have been in the suitcase on the flight from Lisbon to London; therefore it is not apparent that any of his personal effects are missing.

The Atlantic edition of "Life" Magazine, 6/21/63, has been withdrawn from sale in England because of an article on Pages 22-23 captioned "RAY's Old Odyssey." This article includes details of the subject's prior criminal activities as well as a detailed summary of this case and his activities since July, 1967. Publication of such material concerning a defendant under pending charges is strictly prohibited by British law.

London 38-72

In removing outdated messages from their bulletin board at Heathrow International Airport, London, TWA noted that one of their message forms, dated 5/27/68, at 8:00 AM, was addressed to Mr. MAHN CHARLES BUTT, Flight 700 on 5/27/68, advising BUTT that "Mr. RAY will meet you at TWA ticket desk." Scotland Yard believes that the message is in the handwriting of a TWA employee but all TWA employees have been contacted without identifying the person taking the message and without developing any information concerning BUTT, "Mr. RAY" or the subject.

TWA Flight 700 is from Kennedy Airport, New York, to London. The name BUTT does not appear on the passenger list of Flight 700 on 5/27/68 and no record could be found of BUTT's arrival in London.

Enclosed is the original message which should be examined for latent fingerprints to be compared with the subject's fingerprints. Also enclosed is the passenger list for TWA Flight 700, 5/27/68. New York should check with TWA for any information regarding BUTT and determine if he has any connection with the subject. Since BUTT is of East Indian appearance, apparently of Indian or Pakistani origin, FBI records should also be checked.

The following items of property have been taken from the subject's personal effects and are being separately submitted for laboratory examination:

(1) A scratch pad to be examined for indented writing.

(2) One clean and several soiled handkerchiefs to be examined for fluorescent laundry marks.

(3) Wittnauer wristwatch. The back should be removed from the watch to obtain the serial number and any possible foreign material.

(4) Test bullets fired from subject's revolver to be checked against any available bullets recovered from unsolved crimes.

The above property, with the exception of the test bullets, should be immediately returned to Legat, London for

return to Scotland Yard. The test bullets should be forwarded Legat, Ottawa, for appropriate [illegible] or comparison with any unidentified bullets they may have.

Specimens received 6/25/68

Q377 Scratch pad

Q378 - Q382 One clean and four soiled handkerchiefs

Q383 Wittnauer wrist watch

Q384 TWA message slip for YARUM CHANDRA DUTT

K486 Four test bullets and four cartridge cases from "Liberty Chief, .38 Special revolver" serial #715

Result of examination:

Q377 was examined for watermarks and indented writing with negative results. The hand printed word "CETERFICATE" appears on the cover of this pad. Although a number of hand printing similarities were noted in this word when compared with Ray's hand printing indicating it was possibly prepared by the subject, the limited nature of this hand printing precludes a definite identification of Ray as the author of this hand printing.

No visible or invisible laundry marks were found on specimens Q378 through Q382.

Specimen Q383 is a men's 17-jewel Wittnauer wrist watch encased in a Wittnauer watchcase. Both the watchcase and the movement are of Swiss origin. The wrist watch movement does not bear a serial number and there is no physical evidence that the movement has been repaired since there are no jewelers' "scratch marks" inscribed on the inside of the case. The watchcase bears two sets of numbers, one above the other, as follows: 8001
11K

 (continued on next page)

FMD:AW (16)

MAIL ROOM ☐ TELETYPE UNIT ☐

The Wittnauer factory should be able to advise as to the significance, if any, of these markings. The possibility of tracing the retail sale of specimen Q383 appears remote. No foreign material was located on or in the watch which could assist in tracing the wrist watch.

The wrist watch has a stainless steel expansion-type band bearing the markings "ADMIRAL U.S.A" There is an Admiral Watch Band Company, Incorporated, 9 . DeBrosses Street, New York City, which manufactures watch bands.

The test bullets and cartridge cases from the .38 Special caliber "Liberty Chief" revolver, serial number 715 were compared with all similar specimens in the National Unidentified Ammunitions File without effecting an identification.

Two latent fingerprints of value were developed on Q384 but they were not identical with the fingerprints of JAMES EARL RAY, FBI #405942G. The questioned handwriting and hand printing on Q384 were not prepared by JAMES EARL RAY. K486 has been previously forwarded to Legat, Ottawa. Q377 through Q384 have been previously forwarded to Legat, London.

RE: MURKIN

WITH RESPECT TO YOUR REQUEST THAT KNOWN HANDPRINTING OF SUBJECT JAMES EARL RAY BE COMPARED WITH WRITING ON NOTE USED IN ATTEMPTED BANK ROBBERY OF NATIONAL PROVINCIAL BANK, LONDON ON SIX TWENTY-NINE, SIXTY-SEVEN, IT HAS BEEN DETERMINED BY THE FBI LAB THAT NOTE IN QUESTION WAS NOT PREPARED BY SUBJECT RAY.

COPY MAILED MEMPHIS.

NOTE: Legat, London on 6/29/68, advised that New Scotland Yard has identified Ray through fingerprints with a bank robbery in Fulham, England, on 6/4/68. Legat, London suggested Bureau review unsolved bank robberies with similar MO, namely, lone armed robber exhibiting note, since Ray's escape and that we request RCMP to do likewise. This MO is not unique and the major portion of bank robberies are committed utilizing this MO, however, the possible bank robbery aspects have been blanketed as indicated in this cablegram. Legat, Ottawa has already been instructed to request RCMP to conduct appropriate bank robbery survey.

Legat, London has been requested to obtain, if possible, photograph of note utilized in bank robbery on 6/4/68, that Ray has been identified with, for appropriate comparison with handwriting specimens in Murkin case. This is for purpose of further substantiating Ray's involvement in that robbery. Copies will also be forwarded to Legat, Ottawa when received for assistance of RCMP in its bank robbery survey. Legat, London requested that note in attempted bank robbery in London on 6/29/67, be compared with handprinting of subject. Lab determined that note in question was not prepared by subject Ray.

SUBJECT: UNKNOWN SUBJECT; ANONYMOUS LETTER
DATED 6-10-68 TO SENATOR EDWARD KENNEDY
CONCERNING AN ASSASSINATION PLOT

The Office of Senator Edward Kennedy (D - Mass.) has forwarded to SA [redacted] the enclosed anonymous letter dated 6-10-68, addressed to Senator Kennedy. This was received on 6-26-68.

The writer identifies himself as a former prisoner at the Missouri State Prison at Jefferson City, Missouri. He writes that in 1960, while at the prison, he tried to make a deal with an FBI Agent out of Jefferson City or St. Louis, possibly named Gray. He said he told this Agent he had been contacted in Kansas City about "a Assassin plot." The writer asked that his story be checked out to insure the fact that he did converse with an FBI man is on the record, for if the Agent did not record his story, "everyone would say I was lying." He said that if it was known he had or was going to talk to the Senator or the FBI, his life or the lives of his family "wouldn't be worth 2¢."

The writer indicates he will contact Senator Kennedy again as soon as he thinks "you may want to talk to me." There is a possibility this letter may have some connection with the investigation concerning James Earl Ray, suspect in the Martin Luther King assassination since Ray also was an inmate at Missouri State Prison in 1960.

RECOMMENDATION:

That this matter be referred to the General Investigative Division for appropriate action.

Legat Minnich, London, called to advise that James Earl Ray has been ordered extradited on both charges by decision of the Magistrate. It is recalled these charges are (1) that he was wanted in connection with the murder of Rev. Martin Luther King and (2) to complete the sentence pending in Missouri State Penitentiary from which he escaped.

The proceedings began at 10:30 a. m. London time (5:30 a. m. our time). The defense was based upon the political aspects of the case and the prosecution answered the arguments raised by defense counsel. In addition, the Magistrate asked for and received the definition of robbery according to U. S. law, inasmuch as time which Ray was serving in Missouri Penitentiary was based upon a robbery charge. Court was adjourned at 12:10 p. m. London time, to be reconvened at 2:00 p. m. Immediately thereafter everyone left the Magistrate's Courtroom and apparently the press scurried out first.

Subject Ray then asked the Magistrate if he might be able to make a statement. This came unexpectedly and everyone had left the courtroom. Ray was then allowed to make a statement and this was contrary to the advice of his counsel. His statement was to the effect that he did not want to repeat himself but that he wanted to note a very strong objection to the testimony of Butler (Butler was the police officer who told the court that Ray, in his presence, made the comment "Oh God, I feel trapped.").

Ray explained that he especially objected to this comment because it would be given wide press coverage in the liberal press and the press would not "take into totality all of the circumstances." He also added he had made no statements to anyone in the U. S. Government and would not desire to. He said he had had no conversation with Vinson. He said he had engaged an attorney, one Arthur Hanes, and had not been allowed to consult with him; that he had made known his desires to the Home Secretary to whom he appealed and he felt he should have had more freedom of discussion with persons of his choice. This statement of Ray's was subsequently given to the press at 2:15 p. m. when the Magistrate summoned the court to reconvene.

REC-19 44-38788 JUL 9 1968

CONTINUED - OVER

Upon arrival the Magistrate summed up the extradition proceedings, ordered the subject extradited, and remanded to Wandsworth Prison. He told Ray that he had fifteen days within which to appeal and asked Ray whether he wanted legal aid and Ray said he did.

The court also remanded the English charges to July 9 (these were possession of illegal passport and carrying a concealed weapon).

Minnich states the Court also stated Ray was not entitled under English law to talk to anybody he desired and that all persons were not allowed to appear and have an audience with the Magistrate, that this audience was only allowed to English barristers and solicitors.

It was also indicated that the English charges will probably be postponed and that once the subject is extradited, the local charges will be nolle prossed.

It is the view of the solicitor representing the States of Missouri and Tennessee that his best guess is it will be approximately 21 days before Ray can be removed. He is assuming that an appeal to the Queen's Bench will probably be made on the 14th day, which will be July 16, and that thereafter it will probably be three or four days before the appeal will be acted upon by the Queen's Bench. It is highly unlikely that the case will be appealed to the House of Lords and consequently it is the view of the English solicitor that the Home Secretary will probably sign the extradition order 21 days from July 2, which would be the 23d of July.

RE BUREAU TELEPHONE CALL TO ATLANTA JULY TWO LAST.

RAYMOND CURTIS WAS INTERVIEWED AT WHITFIELD CO. JAIL, DALTON, GA., JULY THREE INSTANT BY SAS [redacted] JR., AND [redacted] CURTIS IS CURRENTLY CONFINED WHITFIELD CO. JAIL AWAITING APPEAL ON LIFE SENTENCE FOR MURDER. CURTIS WAS ADVISED OF THE IDENTITY OF THE INTERVIEWING AGENTS THROUGH DISPLAY OF CREDENTIALS. HE WAS FURNISHED A RIGHTS AND WAIVER OF RIGHTS FORM WHICH HE READ, INDICATED HE UNDERSTOOD, AND REFUSED TO SIGN. HE ADVISED HE KNEW HE WAS BEING INTERVIEWED CONCERNING STATEMENTS HE MADE IN A LETTER HE HAD MAILED TO MR. SANDERS OF EBONY MAGAZINE. CURTIS STATED HE WAS MERELY TRYING TO SELL A STORY TO EBONY FOR APPROXIMATELY FIVE THOUSAND DOLLARS TO HELP HIS MOTHER PAY OFF A MORTGAGE ON HER HOME, WHICH SHE MORTGAGED TO OBTAIN ATTORNEY FEES FOR HIS DEFENSE. AT FIRST HE STATED, WITH RFFERENCE TO THESE STATEMENTS, THAT HE AND JAMES EARL RAY PULLED A CRIME IN FIFTYFOUR, WHICH WAS A BURGLARY IN JOLIET, ILL., IN OCT, OR NOV., FIFTYFOUR. AT THIS POINT IT WAS POINTED OUT TO CURTIS THAT CERTAIN

END PAGE ONE

cc - McDonough

STATEMENTS MADE BY HIM IN HIS LETTER TO EBONY COULD POSSIBLY INVOLVE HIM IN A CONSPIRACY WITH RAY CONCERNING THE KILLING OF MARTIN LUTHER KING, JR. CURTIS CATAGORICALLY DENIED THE FOLLOWING STATEMENTS WHICH WERE IN HIS LETTER TO EBONY MAGAZINE:

1. THAT HE AND JAMES EARL RAY PULLED A CRIME IN FIFTYFOUR.

2. THAT RAY WANTED THE JOB OF KILLING KING.

3. THAT HE AND RAY TALKED ABOUT KILLING KING FOR THREE YEARS.

4. THAT THEY TALKED TO THE MAN FROM MISSISSIPPI THAT KNEW ALL ABOUT THE KK BUSINESSMANS ASSOCIATION THAT WAS TO PUT UP THE MONEY TO KILL KING.

5. THAT HE KNEW THE MEN FROM MISSISSIPPI.

6. FOR THREE YEARS, THAT HE AND RAY MADE MAPS JUST TO FIND THE RIGHT PLACE TO KILL KING AND THAT HE HAD MADE THE MAPS OVER HIMSELF.

7. HE AND RAY KNEW JUST WHERE THEY WOULD GO AFTER THE KILLING OF KING.

8. THAT HE WAS TO BE IN ON THE KILLING OF KING.

9. THAT THERE ARE MEN IN FIVE STATES THAT ARE BEHIND THE KING KILLING AND THAT DO NOT KNOW WHAT HE KNOWS.

DURING THE INTERVIEW, CURTIS DREW CRUDE MAPS SETTING OUT HOW HE THOUGHT RAY WOULD STALK KING. THIS MAP SHOWED THE FOLLOWING TOWNS WHERE HE SAID KING MADE MOST OF HIS SPEECHES: ATLANTA, LITTLE ROCK, BIRMINGHAM, MOBILE, SELMA, JACKSON, VICKSBURGS, MISS., AND MARKS, MISS. HE FURTHER POINTED OUT THERE WAS A MAN LIVING ON A HOUSEBOAT IN VICKSBURG ON THE MISSISSIPPI RIVER (WHOSE FIRST NAME HE KNEW BUT WOULD NOT DIVULGE). THIS MAN WAS TO TAKE RAY DOWN THE RIVER ON HIS BOAT TO NEW ORLEANS AFTER THE KILLING. HE STATED IN THE PAST HE (CURTIS) HAD PULLED SEVERAL BURGLARY AND ARMED ROBBERIES (HE WOULD NOT COMMENT ON PARTICULARS) IN TOWNS ALONG THE MISSISSIPPI RIVER AND WHILE POLICE WERE LOOKING FOR HIM ON THE HIGHWAY HE WOULD BE ON A BOAT DOWN THE MISSISSIPPI. HE FURTHER STATED HE HAD WRITTEN A STORY CONCERNING THE KING KILLING WHICH WAS CURRENTLY OUT BEING TYPED AND IT WAS THE STORY HE MENTIONED IN THE LETTER TO EBONY AND INTENDED TO SELL TO EBONY.

END PAGE THREE

SHERIFF G. T. MAULDIN, NA, WHO IS SHERIFF OF WHITFIELD CO., GA., AND OPERATES THE COUNTY JAIL, ADVISED CURTIS HAD SENT NO LETTERS OR COMMUNICATIONS FROM THE JAIL WHICH WENT OVER THE JAILERS DESK. HE SAID CURTIS WOULD PROBABLY SEND ALL MAIL OUT WITH VISITORS AND JAIL TRUSTEES AND WOULD PROBABLY NOT HAVE BEEN OBSERVED BY MEN OF HIS DEPT. IT IS FURTHER POINTED OUT THAT CURTIS' ATTORNEY, ERWIN MITCHELL, FORMER U.S. CONGRESSMAN FOR THE SEVENTH DISTRICT OF GA., IS OF THE OPINION THAT MOST OF CURTIS' COMMENTS CONCERNING HIS KNOWLEDGE OF RAY'S ASSASSINATION OF KING ARE PURE FABRICATIONS ON THE PART OF CURTIS OR AS A RESULT OF SOMETHING CURTIS HAS READ IN LOCAL PAPERS.

APPROXIMATELY ONE HOUR AFTER THE CONCLUSION OF THE INTERVIEW WITH CURTIS, HE SENT A NOTE TO SHERIFF G. T. MAULDIN REQUESTING TO AGAIN SEE AN FBI AGENT, THAT HE NOW WANTED TO TELL THE ENTIRE TRUTH. CURTIS WAS AGAIN INTERVIEWED BY SA [redacted], AND AGAIN FURNISHED A RIGHTS FORM WHICH HE REFUSED TO SIGN. HE THEN STATED THAT APPARENTLY IN HIS LETTER TO EBONY HE USED THE WORK "WE" INDICATING THAT HE AND JAMES EARL RAY HAD PLANNED THE KING MURDER WHICH WOULD INVOLVE HIM IN A CONSPIRACY AND FOR

END PAGE FOUR

THAT REASON HE DENIED THE STATEMENTS IN LETTER TO EBONY. HE THEN ADVISED HE HAD WRITTEN A STORY WHICH HE INTENDED TO SELL TO SOME MAGAZINE FOR THE PURPOSE OF OBTAINING MONEY FOR HIS MOTHER WHICH STORY WAS STILL IN HIS POSSESSION AND WHICH HE HAD NOT YET SENT OUT TO BE TYPED. HE ALLOWED SA HENRY TO READ THIS APPROXIMATELY TWENTY PAGE STORY, HANDWRITTEN, ONE PAGE AT A TIME. HE DECLARED THIS STORY WAS TRUE. THE FIRST FIVE OR SIX PAGES OF THIS STORY MERELY SET OUT HIS EARLY LIFE IN CRIME AND THE PRISON SENTENCES HE HAD SERVED AS A RESULT OF THESE CRIMES FROM THE AGE OF FIFTEEN. THE REMAINDER OF THE STORY IS THE SAME AS WAS SET FORTH IN THE ORIGINAL INTERVIEW WITH CURTIS IN APRIL, SIXTYEIGHT CONCERNING HIS KNOWLEDGE AND ASSOCIATION WITH RAY. THIS STORY DOES REFLECT THAT HE FIRST BECAME ASSOCIATED WITH RAY IN FIFTYFOUR WHEN THEY PULLED A PAYROLL HEIST IN QUINCY, ILL., WITH A THIRD INDIVIDUAL. SHORTLY THEREAFTER, HE LOST CONTACT WITH RAY WHEN HE AND THIS THIRD INDIVIDUAL WERE CAUGHT IN A FIFTY-SIX THOUSAND DOLLAR BANK ROBBERY AT SOUTHWEST CITY, MO. AFTER THAT HE AGAIN BECAME ACQUAINTED WITH RAY IN PRISON AND WHILE IN PRISON THEY BOTH LEARNED OF THE DEATH OF

PRESIDENT JOHN F. KENNEDY. RAY THEN STATED IT SOUNDED LIKE A BIG JOB AND HE WAS ALWAYS ON THE INSIDE OR A PRISON WHEN BG JOBS AND BIG MONEY WERE TO BE HAD.

SHORTLY AFTER THE DEATH OF JOHN F. KENNEDY, MARTIN LUTHER KING, JR., BECAME PROMINENT AND RAY STATED ON SEVERAL OCCASIONS THAT SOMEBODY WAS GOING TO KILL KING. THE STORY WENT ON TO REFLECT THAT DURING THIS PERIOD AN INDIVIDUAL CAME INTO THE MISSOURI STATE PENITENTIARY AT JEFFERSON CITY FROM VICKSBURG, MISS., AND WHO, UPON LEARNING OF JAMES EARL RAY'S FEELINGS TOWARD KILLING KING, ADVISED HIM OF THE KK BUSINESSMEN ASSOCIATION OF THE SOUTH AND OF THE FACT THAT PEOPLE IN FIVE STATES WERE PUTTING UP MONEY FOR KING'S ASSASSINATION. THE STORY FURTHER POINTED OUT THAT RAY INFORMED HIM THAT HE INTENDED TO HAVE EVERYTHING SET WHEN HE KILLED KING AND THAT RAY, THROUGH MAPS, LEARNED OF KING'S MOVEMENTS SO HE COULD LATER STALK HIM TO THE POINT OF ASSASSINATION. THE STORY FURTHER POINTED OUT THAT RAY ADVISED HE WOULD LEAVE A FALSE GUN AND FALSE TRAIL IMMEDIATELY FOLLOWING THE MURDER. RAY WAS SUPPOSED TO

END PAGE SIX

GO TO VICKSBURG FOLLOWING THE MURDER, CONTACT THE MAN FROM VICKSBURG, MISS., WHO HAD THE HOUSEBOAT, AND THIS MAN WAS TO TAKE HIM FITHER TO NEW ORLEANS OR CANADA VIA THE MISSISSIPPI RIVER.

AT THE CONCLUSION OF THE INTERVIEW, CURTIS STATED HE WOULDNOT TESTIFY TO ANY OF THE ABOVE. HE DID ADVISE IN STRICTEST CONFIDENCE THAT THE NAME OF THE INDIVIDUAL ON THE HOUSEBOAT IN VICKSBURG, MISS., WAS (FNU) WILLETT, ALSO KNOWN AS MISSISSIPPI WHO SERVED TIME IN THE MISSOURI STATE PENITENTIARY.

THE STORY ALSO MENTIONED A MAN FROM NEW ORLEANS WHO COULD OBTAIN ANY KIND OF IDENTIFICATION AND CURTIS LATER IDENTIFIED THIS MAN AS JOE COIN, WHICH INFORMATION HAS PREVIOUSLY BEEN SET OUT IN AN INTERVIEW WITH CURTIS. THROUGHOUT THE INTERVIEW WITH CURTIS, AND WHILE READING CURTIS' STORY, HE CONTINUED TO EMPHASIZE THE FACT THAT HE WOULD NOT TESTIFY AGAINST RAY AS HE FEARED FOR HIS LIFE. HE INDICATED THAT ANY STATE PRISON HE WAS SENT TO WOULD PROBABLY HAVE INDIVIDUALS WHO WOULD KILL HIM AS A RESULT OF PREVIOUS INFORMATION HE FURNISHED THE PRESS AND TV MEDIA AND IT IS FELT HE WAS USING THIS AS AN EXCUSE AS TO WHY HE

DID NOT WANT TO BE SENT TO A STATE PRISON ON HIS CURRENT LIFE SENTENCE. HE STATED HE WOULD NOT ALLOW HIS STORY TO BE XEROXED NOR WOULD HE WRITE IT OVER AGAIN OR ALLOW THE PAGES TO LEAVE HIS CELL. HE DID STATE HE WOULD TRANSCRIBE HIS STORY OVER A DICTATING MACHINE AND WOULD REDRAW CERTAIN MAPS HE PRODUCED FOR HIS STORY.

HE THEN PRESENTED CRUDE SKETCHES OF THE FED. PENITENTIARY AT LEVENWORTH, THE MISSOURI STATE PEN, IN ADDITION TO THE ABOVE MENTIONED MAP CONCERNING THE TOWNS WHERE KING MADE NUMEROUS SPEECHES.

UACB, CURTIS WILL BE ALLOWED TO DICTATE HIS STORY ON A DICTATING MACHINE IN THE PRESENCE OF SA [redacted]

DUE TO THE UNRELIABILITY OF CURTIS, NO LEAD FOR AN EXTENSIVE INVESTIGATION IS BEING SET FORTH FOR JACKSON IN CONNECTION WITH IDENTIFYING (FNU) WILLETT, AKA MISSISSIPPI UACB.

ReATtel 7/3/68.

Jackson should make reasonable efforts to identify and interview (FNU) Willett, and run out any pertinent information developed and surep or LHM.

Since Curtis refuses to furnish "his story" for appropriate copying, it will not be necessary for an Agent to have him dictate on a dictating machine in the Agent's presence. Curtis is not to set the terms on which he will furnish information to the FBI, particularly since to date he has not furnished anything of substantive value. Atlanta Su LHM.

MAILED 4 JUL 3 1968 FBI

For information of Memphis, "Ebony" Magazine forwarded letters from Raymond Curtis, inmate of Whitfield County Jail, Dalton, Georgia, in which he alleged among other things that [illegible] and Ray planned the King killing and businessmen put up money for the King murder. Curtis was previously interviewed and furnished nebulous information along the same lines which was run out and nothing of substantive value was developed (See report of Alan G. Sentinella dated 5/17/68, at Atlanta, copies to Memphis). On re interview on 7/3/68, Curtis originally recanted substantially the whole story he had set out in his letters to "Ebony" but then recontacted the Agents and claimed that the "story" was true. Among his allegations, he indicated that an individual named (FNU) Willett who was also known

as "Mississippi" was supposed to be contacted by Ray at Vicksburg, Mississippi, after the murder and Willett was to take Ray to either New Orleans or Canada via the Mississippi River in Willetts' houseboat.

As indicated above, the Jackson Office is being instructed to run out the Willett allegation.

NOTE:

Curtis, as of this point, has indicated almost complete unreliability, however, it is felt that reasonable efforts should be made to identify the individual Williett and run out this aspect to a logical completion. Other allegation made by Curtis relative to a mysterious visitor of Ray's while in prison, the alleged bounty on King and the individual named Joe Coin, who furnishes false identifications has previously been explored and nothing of value developed.

Atlanta is being instructed that Curtis is not to set any terms of interview with FBI Agents. Curtis' correspondence with "Ebony" and results of his interviews are being furnished the CRD.

FINGERPRINT TESTIMONY AT EXTRADITION HEARING

Fingerprint Examiner George J. Bonebrake returned to Washington, D. C., from London, England, at 5:45 P.M., on 6/28/68, via Trans World Airlines flight #709.

The examiner testified 6/27/68, in Bow Street Magistrate's Court before Chief Metropolitan Magistrate Frank Milton, that the latent print developed on the rifle, the latent print on the telescopic sight, the latent print on the binoculars, the fingerprints of James Earl Ray, taken 10/11/49, by Los Angeles, California, Police Department, the fingerprints taken in connection with Ray's incarceration in Missouri State Penitentiary, and the fingerprints taken from the defendant at the time of his arrest at the London Airport, were all the fingerprints of one and the same man.

Charted enlargements illustrating the three latent print identifications were then marked as exhibits and placed in evidence, together with Bonebrake's affidavit with exhibits. Barrister David Calcutt, aided by Solicitor Nigel Maw, presented the case for the U. S. Government.

Barrister Roger Frisby, Ray's London attorney, did not cross-examine Bonebrake relative to the fingerprint testimony, but did question him at length concerning the activities of the late Dr. Martin Luther King, Jr. in connection with the civil rights movement and the feelings and opinions generated in this country as a result of King's activities.

Following argument by Mr. Frisby that the killing of King was politically motivated, and therefore, the defendant was not extraditable

RE: SUSPECT - ROBERT G. BOSHERS

The files of the Federal Records Center, Fort Worth, Texas, were reviewed regarding ROBERT G. BOSHERS, Inmate File #Y-26381-SW, Federal Reformatory, El Reno, Oklahoma. The file shows BOSHERS was sentenced on 1/2/59 in the Eastern District of Missouri, St. Louis, Missouri, to serve an indeterminate period under the Youth Corrections Act following conviction for mail theft, forging and uttering a U. S. Check. Probation was revoked and he was committed to the Federal Reformatory, El Reno, Oklahoma, on 7/13/59; paroled 4/1/61; parole violator's warrant executed 10/5/63, and subsequently returned to Federal Reformatory, El Reno, on 10/24/63, and released 12/12/63 at the expiration of his sentence.

BOSHERS' file fails to reflect any information of any sentence in the State of Michigan nor does it show any record of him ever being wanted in that state.

C. D. DeLoach to Mr. Tolson
Re: Interview with the AG 5/24/68

The AG stated that he had read in one paper that a body had been found in Pennsylvania and there was speculation that this might be the body of James Earl Ray. I told him I was not familiar with this piece of news, that I would check it immediately, and that a communication would be sent to him accordingly. He asked me the status of the investigation on MLK. I told him there was nothing new over and above what we had sent to him in writing.

(9) The General Investigative Division should ascertain the information surrounding the finding of a body in Pennsylvania and advise the AG, in writing, whether or not this incident had any connection with the case involving James Earl Ray.

Memorandum

TO : The Director

DATE: 7/11/68

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 17555-17563. Senator Byrd, (D) West Virginia, advised that on June 10, 1968, I made brief remarks in the Senate commending J. Edgar Hoover and the FBI for the capture of James Earl Ray, the man suspected of killing Martin Luther King. At that time, I stated [illegible] individuals who do not know the true character of Mr. Hoover and his associates, have blandly asserted their belief that Ray would never be captured, implying that the FBI did not really want to catch Ray. Ralph McGill, the distinguished publisher of the Atlanta Constitution, has developed this thought further in a column published in the Evening Star of June 24, 1968. He also made some most laudatory and deserved comments about the FBI. He inserted Mr. McGill's column in the Record.

SUBJECT: MURKIN

Legat John Minnich telephoned from London and advised the hearing was conducted tod ay from 10:35 am until 1:00 pm, then recessed for lunch and continued from 2:15 to 4:45 pm, it being noted it does not ordinarily extend beyond 4:00 pm. Minnich advised Ray was remanded on both of the extraditable charges - the killing of King in Memphis and the escape charge from Missouri State Prison to July 2, 1968. It is to be noted he was previously remanded on the two English charges - possession of firearms and for entering England with a false passport, to July 8, 1968.

The Magistrate inquired of Ray's counsel, as well as counsel for the States of Tennessee and Missouri, as to whether they could complete their case in one more day of testimony and both indicated this was possible.

Minnich advised Fingerprint Examiner George J. Bonebrake testified today and there was no cross examination by defense counsel of Bonebrake relating to his fingerprint testimony. He was questioned, however, in considerable detail by the defense as a private American citizen (not as a fingerprint expert). Minnich advised this procedure is allowable under British law and that an individual must answer the questions asked, having no choice whatsoever, or be held in contempt of court. He was questioned concerning Dr. Martin Luther King, as to his knowledge of King as head of the Southern Christian Leadership Conference, and whether he considered King to be a political figure. Bonebrake answered these questions by stating that he had no personal firsthand knowledge, that his knowledge was based solely on information in newspapers, which was within the realm of knowledge available to the general American public.

PFC 4804

At 2:15 pm, after the noon recess, Bonebrake was again questioned and required to answer as indicated above. He was questioned relative to the Freedom Ride in 1961 (this was a bus caravan from Washington, D. C., to New Orleans for the purpose of testing integration at places of public accommodation and transportation facilities), the demonstrations against Dr. King, black-power groups, the 1963 march on Washington, the 1965 Voting Act, the march from Selma to Montgomery,

JRM:mpd (8)

Alabama (in March of 1965) and whether Dr. King had been assaulted. Bonebrake answered these questions with the qualification that he had no direct personal knowledge of these events. He was questioned as to whethe Dr. King was in Memphis at the time of his death to help with the sanitation workers strike. Before Bonebrake could answer, the Hearing Magistrate stated: "He had as much knowledge as Bonebrake on the American situation and that he felt judicial notice could be taken concerning the questions being asked." At this point counsel for the States of Tennessee and Missouri, for the record, stated that Bonebrake's answers were not in any way associated with any official U. S. position. At this point Bonebrake was discharged as a witness.

During the morning testimony, Chief Superintendent Thomas Butler of New Scotland Yard, in part, testified that while Ray was at Cannon Row Police Station, Ray stated, "I feel so trapped" and "Oh God"; also, that he collapsed on the cell seat. During the p. m. testimony the Magistrate cautioned Ray as to his rights. Ray commented that he wanted to make a statement concerning Butler's testimony as he thought it was false. Ray's counsel stated to the court that the differences concerning Ray's feelings and Butler's testimony were immaterial to the extradition hearing. Ray still wanted to tell his story and a ten-minute recess was held.

Thereafter Ray's counsel stated for Ray that Ray disagreed with a large portion of the evidence presented by Butler and he wanted it so stated in the record that he did not make the quotes attributable to him by Butler nor did he collapse in his cell. He wanted it made known that he made no statement to any police officer and that he had refused to sign his fingerprint card; also, that he was not making application for recall of witness Butler to the stand.

Ray then took the stand and while not under oath or affirmation, which under British law precludes cross examination of the witness, in answer to questions from his counsel admitted his arrest at the London Airport on June 8, 1968, and under questioning stated he did not personally know Dr. King, had never met him, had no grudge against him, and in response to the specific question "Did you kill Dr. Martin Luther King," replied "no." Minnich advised that these are the highlights of the hearing and that more detailed information will be submitted.

Memo to Mr. DeLoach from A. Rosen
Re: MURKIN

Mr. Nathaniel E. Kossack, first assistant to Assistant Attorney General Fred Vinson, Jr., Criminal Division, telephoned the Bureau stating that Mr. Vinson had called him, Kossack, shortly before 1:00 p. m. tod ay, and requested Kossack to advise the Bureau that Mr. Bonebrake did an outst anding job on the stand. Mr. Vinson characterized his performance as a credit to the FBI and to the U. S. Government. He said Bonebrake did so well that the defense did not even try to cross examine him. Mr. Vinson told Kossack that under English rules, the defense counsel was permitted great latitude. Mr. Vinson repeated and reiterated that Bonebrake did an outstanding job, both on direct examination and in handling defense counsel's desperate attempts to insert political motives into the trial.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

At the time of his arrest in London, on June 8, 1968, subject Ray among other things, had in his possession a .38 caliber "Liberty Chief" revolver manufactured by the Miroku Firearms Manufacturing Company, Japan. Upon request of our Legal Attache in Tokyo, [redacted] determined that records of the Miroku Firearms Manufacturing Company, Shikoku, Japan, show that this weapon was shipped on August 3, 1966, destined for the Liberty Arms Corporation in Montrose, California. We traced this pistol from the Liberty Arms Corporation in Montrose, California, to the person who sold it to Ray in October, 1967 in Birmingham, Alabama.

The Legal Attache in Tokyo has advised that [redacted] is concerned that they would be embarrassed by Japanese reporters who might learn of the tracing of Ray's gun to Japan and ask questions which they may not feel free to answer. [redacted] requested to be advised whether or not there was any restriction regarding the release of data relating to the gun's origin. [redacted] also desire to know whether this information has been made public and whether such a release is contemplated.

REC-31 4806

Since the information developed by [redacted] only indicates where the pistol was manufactured and to whom it was first shipped, the release of this information should have no adverse effect on this case.

The inquiry of the [redacted] has been referred to Assistant Attorney General Stephen J. S. Government.

Mr. Pollak stated [redacted] can be advised that the Department of Justice would not interpose an objection to their disclosing results of their investigation relative to the manufacturer and the first receiver of the gun; however, [redacted] may wish to consider the desirability of not disclosing results of investigation in this matter before prosecutive action is completed, although this is a matter for their determination.

"MASQUE OF THE RED DEATH"

Premature Violence in Memphis Threatened "Operation '76" — Martin Luther King's Assassination Ordered by International Revolutionary Council Whose Cause He Served

Dear fellow-American:

On Thursday, April 4, 1968, a hired killer executed the death sentence imposed upon Martin Luther King by the topside leadership of the Red Revolution which he conspired to plan and unloose upon the People and Government of the Land that gave him birth.

To discern the multi-purpose motivation behind the slaying one must be familiar with both the objectives and timing of this Revolution and the complex role assigned to King more than a decade ago for bringing it to fruition. All this is known to regular and long-time subscribers to the AMERICAN FLAG COMMITTEE NEWSLETTER who, in December, 1956, received our Special Report titled "THE LINCOLN PROJECT— Blueprint for Chaos", which exposed the step-by-step design of the Communist Party, U.S.A.'s initial ten year plan for bringing about the internal upheaval which was at that time scheduled for this all-decisive presidential and congressional election year, 1968! Less than a year later, in 1957, Martin Luther King emerged as leader of the Lincoln Project, undergoing training for the task at the Communist Party's Highlander Folk School at Monteagle, Tennessee.

The Lincoln Project, to be completed in the 100th anniversary year (1965) of the assassination of Abraham Lincoln, took for its purpose two objectives, the first of which was to give the Communists full operational control of the American civil rights movement for re-direction as an instrument of Red policy in both domestic and international affairs, and the second, to set the stage for Red political activity in the 1968 presidential and congressional election by coercive enactment (again nine years later!) of a voting rights act drafted (in 1956) by the legal staff of the Communist Party, U.S.A. Under the direction of their trained agent, Martin Luther King, the two objectives were achieved and the Lincoln Project completed by early summer, 1965, barely three months behind the Reds' 1956

Martin Luther King . . . at Communist Training School

The above picture was made by an employee of the State of Georgia at the Highlander Folk School in Monteagle, Tennessee, during the Labor Day weekend of 1957.1 Upon order of the Tennessee courts, the Highlander Folk School lost its charter and was closed on grounds of immorality in 1960, a charge subsequently upheld by the courts. The School reopened in 1961 and now operates under the name of the Highlander Center, 1625 Riverside Drive, Knoxville 15, Tennessee.2

IDENTIFIED IN THE ABOVE PICTURE ARE:

(1) Martin Luther King, Jr., of the Montgomery boycott and the Birmingham and Selma violence.3

(2) The late Aubrey Williams, then President of the Southern Conference Educational Fund, which is a transmission belt in the South for the Communist Party, and which was formerly the Southern Conference for Human Welfare, an officially cited Communist front.4

(3) Myles Horton, Director of the Highlander Folk School and now director of the Highlander Center.5

(4) Abner W. Berry of the Central Committee of the Communist Party, USA.

1 As early as March 18, 1954, Paul Crouch, a former top Communist Party functionary in the South, testified before the Senate Internal Security Sub-committee that: "The Highlander Folk School is a school operated at Monteagle, Tennessee, ostensibly as an independent labor school, but actually working in close cooperation with the Communist Party." A complete report on the School and its attendants was made by the then-functioning Georgia Commission on Education, 250 Agriculture Building, 19 Hunter Street S.W., Atlanta 3, Georgia.

2 A letterhead of the Center, dated May 15, 1963, and signed by Myles Horton, stated: ". . . The Highlander idea, like a Phoenix rising from the ashes, has truly been born again in the Highlander Center. The summer program includes a southern voter education internship program designed to broaden and deepen the new Negro voter's concept of his rights and responsibilities. Need for this program became clear as we developed the citizenship schools now being spread throughout the South by Dr. Martin Luther King's Southern Christian Leadership Conference and student civil rights organizations."

3 In spite of the highly questionable and suspect record of the Highlander Folk School, Dr. King became a sponsor for it when it reopened as the Highlander Center. The above-mentioned letterhead of May 15, 1963, bears Dr. King's name as a sponsor. The entire letter was inserted into the *Congressional Record*, August 13, 1963, p. 14.

4 "Guide to Subversive Organizations and Publications," published January 2, 1957, by the House Committee on Un-American Activities, Washington, D. C.

5 Horton helped to found the School with Don West in 1932. James Dombrowski joined them shortly thereafter. West was then district director of the Communist Party of North Carolina. Dombrowski is an identified Communist. Manning Johnson, a former Communist, testified before the Georgia Commission on Education that the School was "formed . . . under instructions from the Communist Party national office . . ." Johnson's prehearing statement was made 8/10/57, Atlanta, Ga.

timetable. The following year, 1966, King's success was punctuated by the public re-emergence of the Communist Party, U.S.A. at its 18th national convention in New York. There the Party's top brass identified the Red cause with the so-called "New Left" (the coalition of racist ("black power"), religious, peacenik, labor and "anti-poverty" forces brought together during the ten years of Lincoln Project activity. Behind closed doors, the direction which this coalition would take as a battering-ram against the pillars of local, state and federal government was revealed in "Operation '76", the Party's second ten year plan for outright capture of the reins of the Government of the entire United States on July 4, 1976— the 200th anniversary of our Declaration of Independence from England. Again, this NEWSLETTER published the details of this unfolding blueprint for controled revolutionary activity, subversion, religious persecution and peacemeal enslavement long in advance of the Red-directed burning of American cities (in preparation for more heinous atrocities this summer) in 1967.

King's role as Lincoln Project leader from 1957 until 1965 was to prepare the ground for the steady escalation of organized resistance to and assaults upon the very prime function of government itself— the authority and ability to preserve law, order and public peace and safety. His special val

in this regard was found in his unparallelled ability to manufacture and develop what Lenin described almost a half century ago as indispensable to the forcible Red overthrow of established government in whatever country it might be attempted— a "revolutionary situation". Lenin, a genius in the logistic of rebellion, the tactical deployment and coordination of the forces of psychological, political and armed insurrection, taught that revolutions cannot be created without the presence of both the climate and conditions which render them pregnant. Once such climate and conditions exist, a virtual handful of Red activists can touch off the revolution at will and direct its course to the accomplishment of their own pre-planned objectives.

Since 1957, when he underwent intensive training for his task, King's role was and continued until the hour of his death to be the creation of the climate and conditions necessary for revolt. His own genius was recognized in his ability to accomplish this purpose behind the facade of a pseudo-religious crusade for love, understanding, equality and human brotherhood. A truly masterful orator, he blended emotional fervor and skilled rhetoric with an amazing array of psychological devices to both spark and intensify the fires of greed, envy, avarice and racial and class hatreds, all in the context of impassioned appeals to opposite virtues and all without being so much as scorched, either physically or figuratively, by the raging infernos of conflagrated communities and almost entire cities which followed in the wake of his preachings.

While not exploring it in so great depth, this NEWSLETTER has repeatedly emphasized the fact that King's function in the Red conspiracy was always to spark or trigger violence, never to lead it. In creating Lenin's "revolutionary situation", whether in a black community, an entire city or the entire Nation, King and his especially trained troupe of "non-violent" agitators had always to be the victims of the climate and conditions King engendered or, in the case of overt insurrection, absent from the scene when the McKissicks, Carmichaels, Rap Browns and other revolutionary activists moved in to exploit the aroused passions and implanted discontent of the local population and imported camp followers left behind. By this pre-planned strategem, King was able to boast of leading a revolution (which he did not) while surviving charges of being culpably guilty of fomenting one (which he was)!

In reporting on King's mass march on Washington (set for April 22nd) in AFC Newsletter #74 (Spring, 1968), we referred to it as the pre-planned event signaling the reign of terror which the Communist Party and its international apparatus blueprinted for this election year in 1956. We described the march and King's part in precipitating the events which would follow in its wake as follows:

"And once again it is the "Reverend" Martin Luther King who emerges as the key front man in defining the demands of the revolutionaries and igniting the fuse which will set off the nationwide series of explosions planned as the means of achieving those demands twelve years ago. As the march on Selma, Alabama, signaled the outbreak of a wave of overt lawlessness and violence which was steadily escalated thru the "hot summers" of 1965, '66 and '67, so now, in 1968, will King's even more carefully planned April march on the Nation's Capitol serve as the cue for initiation of the expertly devised and timed program of Red front action by which its most violent elements are to lay literal seige to the pillars of the U. S. Government itself."

Voluminous evidence in the files of both the Federal Bureau of Investigation and U. S. Military Intelligence substantiates King's role as a dedicated Communist agent who, since 1956, had worked with and coordinated his own SCLC activities in liaison with fellow Red agents preaching frank, open and bloody revolution. This evidence includes frequent contact and conferences with alien foreign agents representing the Soviet Union, Red China and North Vietnam. The evidence links him to Communists operating within both the National and World Councils of Churches to create a single Red-dominated religious confession (see AFC Newsletter #73, "Operation '76 and the Church of World Brotherhood". Finally, the evidence is conclusive in incriminating King's "poor peoples' march" on

tion's capitol as the long and meticulously planned curtain-raiser on a late spring and summer of assive and nationwide terror and subversion— that is, the "chaos" which this NEWSLETTER fore-arned for our Country in exposing the Red blueprint back in 1956.

Martin Luther King was assassinated in Memphis on April 4th because of the premature out-eak of mob violence which attended his intervention in the garbage collectors' strike there several ys before. The outbreak compromised King's public image as a leader of peaceable protest and at nce destroyed his ability to perform as such in the march on Washington, then but three weeks away. o one knew this better than King, himself, who, for the first time in his career, and in full view of rhaps millions of tv and newsreel viewers, lost all of the dignity and composure that were part of th unted King image, called frantically for a halt to the demonstration he had initiated and fled in near nic from the scene. Why? With all that King represented, he proved himself never to be a physical ward. With his own specially trained "passive resisters" (he planned to use three thousand in the rch on Washington), he gloried in provoked manhandling and arrest by local law enforcement offic-s. He surely had no fear of personal assault by the garbagemen, whose cause he was espousing. hy, then, flee? Why not re in to enhance his image (in preparation for the Washington march, if r no other reason) by assisting the police to restore order and calm?

We here charge that King neither provoked the violence which spelled his death sentence nor ffered its outbreak by miscalculation. We charge that it was instigated by one or more activist Red volutionaries operating from within the ranks of the strikers and that King recognized the perpet-tor(s) and the motive behind the provocation. We charge that King at that moment knew that he had en made a man marked for death by fellow conspirators with whom he had worked so diligently in past, and that he would not live to lead the march on Washington nor to witness its explosive after-th.

As in the assassination of President John Kennedy, the King slaying was expertly and advance-nned. The killer was hand-picked to establish white racism as the motive for the killing and, spec-ically, to calumnize the campaign of the only presidential candidate who presently threatens the 1968 litical objectives of the 1956 Lincoln Project planners— George Wallace. Finally, the hired killer joyed the protection of a sophisticated conspiracy which extended thru municipal to federal levels, d which afforded him both leisure in the commission of the crime and a perfectly laid, timed and mouflaged route of escape.

In our June Newsletter, we shall pursue the specifics of the tactical decision which led to King's timization and death and will publish documentation of the Communist Party line in substantiation the charge we have made concerning the carefully prearranged nature of events surrounding the ying. If this Republic is to survive, it is urgent that the nature of the revolution which is now upon be understood in the light of its 1956 planning. For this, Martin Luther King's death must not be mitted to be exploited to explain this year's chaos as spontaneous reaction to his martyrdom. As Poe's classic, Memphis was visited by the Red Death on April 4th. For the safety of the Nation, d for the Negro community that is being made its special pawn, the Conspiracy's mask must be n away.

Yours in the Cause of Liberty,

W. Henry MacFarland

Dear Friend of the AFC:

First of all, let me express my deepest gratitude to each and every one of you who responded to the very urgent appeal for help in clearing our debts and changing our NEWSLETTER from an irregular to a monthly publication. Under the pressure of our continuing effort to obtain official action in bringing the conspiracy behind our Nation's presently worsening plight into the open and its perpetrators to criminal account, it is virtually impossible to more personally acknowledge the aid which each of you who responded provided. We still have practically no volunteer help and other difficulties remain to be hurdled during the next several weeks, after which I pray we shall be back in closer contact.

Your total response amounted to $4,374 from all sources— contributions, new subscriptions, renewals and orders for the Lincoln File and our last Newsletter. This wiped out the entire debt incurred in pursuing the work which I explained in the last letter for our absence from the publication field during the previous fourteen months. It also left us with just over $300.00 toward the minimum monthly operating budget of $850.00 for which we asked monthly pledges. Only $140.00 per month has thus far been pledged, so that we are still in serious difficulty in launching and maintaining the NEWSLETTER on a monthly schedule. For this reason, the enclosed May Newsletter had to be delayed.

We are anxious to establish a fixed mailing date of the 25th of the month for each issue of the month following. Also, we must have outside hired help in handling orders, routine correspondence and clerical work. Because of there just not being sufficient hours in the day to handle this work load and the research and production of the NEWSLETTER, we fall much too far behind in filling our orders and other vital tasks.

Our Nation faces a desperate year of the chaos planned for influencing these 1968 upcoming elections back in 1956, when we first exposed the blueprint. Only a topside congressional investigation, compelling the executive branch of our government to permit both the FBI and U. S. Military intelligence to release the amassed evidence substantiating the network of subversion which is carrying on the coordinated assaults upon all pillars of our social and political order can begin to turn back the enveloping tide of Red (not black) Revolution. Our June Newsletter is now in preparation. Please do respond with the pledges of monthly support (contributions, bulk orders, subscriptions to public officials and others of influence, etc.) to give us the truly modest $850.00 per month that will guarantee a prompt handling of the NEWSLETTER and our collateral undertakings. If we are permitted to do so, I know that the material we have to publish in rapid order over the next few months can go far toward moving powerful forces to come to the belated rescue of our seared and bleeding Country.

In Faith and Appreciation of your help,

W. Henry MacFarland

NPA is very concerned that they will be embarrassed by Japanese reporters who might learn of the tracing of RAY's gun to Japan and ask questions which they may not feel free to release such information. Therefore, if possible, please as expeditiously as possible advise of any restrictions re release of data relating to gun's origin.

RE: LUCH MERLON NELSON

The San Antonio Police Department advised the San Antonio Division that on 7/4/68, MERLON NELSON of 1503 Santa Anna, San Antonio, Texas, stated to police officers that he had killed Dr. MARTIN L. KING, JR. The police officer's report reflected that after talking to NELSON he appeared to be drunk. He smelled of intoxicating beverages, his speech was slurred, and eyes were bloodshot. He was warned about making a false report. As the officers were leaving, NELSON came outside the house and wanted to fight. He was arrested for drunk and was taken to jail.

NELSON was interviewed by agents of this office and advised that he had been arrested on 7/4/68. He said he did not make the statement that he had killed Dr. MARTIN LUTHER KING, JR. He said he could not recall making such a statement. He further advised he did not kill Dr. MARTIN LUTHER KING, JR., and that he did not know JAMES EARL RAY.

This is being furnished for information purposes and no further action is being taken in this phase of this investigation.

The numbers are thus of significance only at the assembly stage. Thousands of watches of each model (with the same numbers) are assembled both here and abroad.

He pointed out that because the Wittnauer is an inexpensive watch, no movement number is inscribed and it is not possible to identify the outlet through which any particular watch is sold.

Under date of 6/17/68, the Birmingham Office was requested by Supervisor CLEM MC GOWAN, Civil Rights Division of the Bureau, to attempt photographing of registration cards of guests of all motels and hotels in the Birmingham area for the date 3/29/68. This particular date was considered pertinent since subject RAY first contacted the Aeromarine Supply Company of Birmingham relative to the purchase of a rifle on that date, and returned on 3/30/68, to exchange the purchased rifle for another one. It was not known where he may have stayed during that period in Birmingham.

It was also suggested that a comparison of the names of individuals registered at Birmingham on the night of 3/29/68, might result in simular names of individuals who may have been registered at the Rebel Motel, Memphis, Tennessee, during the time that RAY was registered.

Photographing of all available registration cards in the Birmingham area motels and hotels was instituted on 6/19/68, and completed 6/26/68.

Being transmitted under separate package are eleven rolls of undeveloped Kodak Panatomic-X black and white film, of which ten are thirtysix exposures and one is twenty exposures. Also transmitted is one developed strip of thirtysix exposures of Roll #7, which was developed locally to verify photographic efforts.

The Mechanical Section is requested to make two 8" X 10" prints of each frame of the film. The enlarged prints are being requested since each frame contains multiple photographs of registration cards, and the larger prints would be necessary for viewing.

The rolls of film are numbered on the film itself and it is requested that the prints made from each roll be identified or maintained in packets of each roll in order that they might be readily identified with the photographic log being maintained in the Birmingham Office. The pencilled numbers on the cases of each roll are not pertinent. The prints should be maintained in each packet in chronological order and if possible numbered as such.

In accordance with request of Supervisor MC GOWAN, one set of the developed prints should be furnished to him, and the other set forwarded to the Birmingham Office. Please expedite.

"It all about the crime I did and about a crime I did in 1954 with James Earl Ray and about the 13 years of prison pal and everything we talk about. About thing and about James Earl Ray wanted the job of killing Martin Luther King, Jr. We talk of killing King for three years. And we talked to the man from Mississippi that knew all about the KK businessman association that was to put up the money to kill King. I also know the men from Mississippi.

"In that three year we made maps just had to find the right place to kill King. Well I have made the maps over myself. They are with the story also.

"And just where we would go after we killed King so yes when we talk about it I was to be in on it. But I was not. The story has it all in it. All the big thing and the little one also. And what Ray like and what he did not like. This story could get me killed. I know that. That is why I won't send the story by mail. I know that this is getting to be a long letter. But when you read this if you want the story O.K. If not just let me know, O.K. That way I won't talk to men about it.

"Mr. Sanders there are men in five states that is behind the King killing and they don't know what I know. But James Earl Ray did not. Now that they have Ray Tenn. will trial him if they get him back.

"Well, they want me to testify. Well, I just don't know yet what I will do.

"You see, me and Ray were pal. I could tell what I have to the news. That no much. Or I could not say everything. And I did not tell the FBI. Well, this is not a book. I am just trying to tell you what you ask of me in your letter.

"If you have a man or have someone down this way, if you will have them stop by the jail I will let them read the story and you can go from there. O.K.

"I thank you again.

"I will be looking to hear from you soon.

"I am still in the Dalton County Jail."

On July 3, 1968, CURTIS was interviewed at the Whitfield County Jail, Dalton, Georgia, and furnished the following information:

FEDERAL BUREAU OF INVESTIGATION

Date July 5, 1968

1

RAYMOND CURTIS was contacted at the Whitfield County Jail and advised of the identities of Special Agents [redacted]. and [redacted]. He was furnished a rights and waiver of rights form which he read, indicated he understood, but refused to sign. He was advised that he was being interviewed concerning statements he made in a letter he had mailed to Mr. SANDERS of Ebony Magazine.

CURTIS stated he was merely trying to sell a story to Ebony for approximately $5,000 to help his mother pay off a mortgage on her home. She had obtained this mortgage as a result of paying attorney's fees for the defense of CURTIS at a previous trial.

CURTIS stated that he and JAMES EARL RAY participated in a burglary in Joliet, Illinois, in October or November, 1954. It was pointed out to CURTIS that certain statements made by him in his letter to Ebony Magazine could possibly involve him in a conspiracy with JAMES EARL RAY in connection with the murder of Dr. MARTIN LUTHER KING, JR. CURTIS then stated he wished to go on record as to the statements made in his letter to Mr. SANDERS. He categorically denied the following statements which were in his letter to Ebony Magazine:

1) That he and JAMES EARL RAY participated in a crime in 1954;
2) That RAY wanted the job of killing KING;
3) That he and RAY talked about killing KING for three years;
4) That he and RAY talked to the man from Mississippi that knew all about the KK Businessmen's Association which Association was to put up the money to kill KING;
5) That he knew the men from Mississippi;
6) That for three years he and RAY made maps just to find the right place to kill KING and that he made the maps over himself;
7) That he and RAY knew just where they would go after the killing of KING;
8) That he was to be in on the killing of KING;
9) That there are men in five states who are behind the killing of KING and these men do not know what he (CURTIS) knows.

On 7/3/68 at Dalton, Georgia File # AT 44-2386

by SA [redacted] and SA [redacted] :jlh Date dictated 7/5/68

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

During this interview CURTIS drew two maps setting out how he thought RAY would stalk KING. This map indicated the following towns where he said KING made most of his speeches: Atlanta, Georgia; Little Rock, Arkansas; Birmingham, Mobile, and Selma, Alabama; Jackson, Vicksburg, and Marks, Mississippi.

CURTIS further advised that there was a man living on a houseboat in Vicksburg, Mississippi, on the Mississippi River whose name he would not divulge who was to take RAY down the River on his boat to New Orleans after the killing. CURTIS further advised that in the past he had pulled several burglaries and armed robberies in towns along the Mississippi River and while police were looking for him on the highway he would be on a boat down the Mississippi. He added that he had written a story concerning the KING killing which was currently being typed and this was the story he mentioned in the letter to Ebony Magazine and which he intended to sell to Ebony.

JAMES EARL RAY;
MARTIN LUTHER KING, JR. - VICTIM

On July 3, 1968, Sheriff G. T. Mauldin, Whitfield County, Georgia, advised that Curtis sent no letters or communications from the Whitfield County Jail which passed over the jailer's desk. He stated Curtis probably sent his mail out with visitors and jail trustees which would probably not have been observed by men of his department. Sheriff Mauldin stated that Curtis' attorney, Erwin Mitchell, former U. S. Congressman from the Seventh District of Georgia, is of the opinion that most of Curtis' comments concerning his knowledge of Ray's alleged assassination of Martin Luther King, Jr. are pure fabrications on the part of Curtis or the result of something Curtis has read in the newspapers.

Approximately one hour following the conclusion of the interview with Curtis, he sent a note to Sheriff Mauldin requesting to again see an FBI Agent and stating that he wanted to tell the entire truth. Curtis was re-interviewed at the Whitfield County Jail.

FEDERAL BUREAU OF INVESTIGATION

Date July 5, 1963

1

RAYMOND CURTIS was furnished a rights and waiver of rights form which he refused to sign. He then stated in connection with the previous interview that apparently in his letter to Ebony Magazine, he used the word "we" indicating that he and JAMES EARL RAY had planned the murder of MARTIN LUTHER KING, JR., and he realized now this would involve him in a conspiracy. For that reason in the previous interview he denied the statements he had made in his letter to Ebony Magazine. CURTIS then advised he had written a story which he intended to sell to some magazine for the purpose of obtaining money for his mother. He stated the story was still in his possession and had not yet been sent out to be typed. He permitted SA [redacted] to read this 20-page handwritten story one page at a time and he declared this story was true. The first five or six pages of the story merely set out his early life in crime and the prison sentences he had served as a result of the crimes, starting at the age of 15. The remainder of the story is the same as he originally furnished in an interview in April, 1963, concerning his knowledge and association with JAMES EARL RAY. The story reflects that he first became associated with RAY in 1954 when they pulled a payroll robbery together in Quincy, Illinois, with a third individual. Shortly thereafter CURTIS lost contact with RAY when RAY and this third individual were apprehended in connection with a bank robbery at Southwest City, Missouri. After that CURTIS again became acquainted with RAY in prison and while in prison they both learned of the death of President JOHN F. KENNEDY. At this time RAY stated the murder of KENNEDY sounded like a big job and he was always on the inside of a prison when big jobs and big money were to be had.

Shortly after the death of JOHN F. KENNEDY, MARTIN LUTHER KING, JR. became prominent, and RAY stated on several occasions that somebody was going to kill KING. During this period an individual came into the Missouri State Penitentiary from Vicksburg, Mississippi. This individual upon learning of JAMES EARL RAY's feelings toward killing KING advised RAY of the KK Businessmen's Association of the South

and stated that people in five states were putting up money for KING's assassination. The story further reflected that RAY informed this individual that he intended to have everything set when he killed KING. RAY followed KING's movements through maps so that he could later stalk KING to the point of assassination. RAY indicated during the time that he would leave a false gun and false trail immediately following the murder. RAY was supposed to go to Vicksburg, Mississippi, following the murder, contact the man from Vicksburg who had the houseboat, and this man was to take him either to New Orleans or Canada via the Mississippi River.

At the conclusion of the interview CURTIS stated he would not testify to any of the above information. He did advise that the name of the individual on the houseboat in Vicksburg, Mississippi, was (first name unknown) WILLETT, also known as "Mississippi," who served time in the Missouri State Penitentiary.

CURTIS refused to allow his story to be copied and stated he would not write it over again nor would he allow the pages to be removed from his prison cell. CURTIS then presented crude sketches of the Federal Penitentiary at Leavenworth, Kansas, and the Missouri State Penitentiary.

MEMORANDUM FOR MR. TOLSON
MR. DE LOACH
MR. ROSEN

This morning the Attorney General called at my office and during the course of the conference, he referred in some detail to the plans for the removal of James Earl Ray from Great Britain to Memphis, Tennessee.

He told me that he had been advised that we were going to have four Agents accompany Ray. I told him it was my understanding that there would be three and also an Air Force physician. The Attorney General told me that he understood that we would deliver Ray to the Sheriff of Shelby County, Tennessee, and inquired whether that would be done at the airport or at the Shelby County Jail. I told him that I had indicated my opinion that the transfer to the custody of the Sheriff of Shelby County be consummated at the Naval Airport as soon as the plane from Great Britain touched down and that from there on, the security and custody of Ray was the responsibility of the Sheriff of Shelby County. The Attorney General expressed some concern as to what might happen to Ray en route from the airport to the Shelby County Jail. He asked that this Bureau keep in touch with the situation so as to know of any intelligence that would be of value in preventing any overt act against Ray even after he is placed in the custody of the Sheriff of Shelby County at the airport.

He inquired of me as to the security of the jail at Memphis. I told him I understood that he, the Attorney General, had already sent representatives of the Prison Bureau to Memphis to inspect the jail and that they had and had indicated that it was secure. The Attorney General stated that he would prefer to have the FBI check the proposed arrangements at the jail and advise him of its security. Please see that immediate telephonic instructions are issued to the SAC at Memphis to contact the Sheriff of Shelby County and ascertain just exactly what his plans are for the incarceration of Ray and the security of the same. Our Agent in Charge should also ascertain what his plans are should Ray be turned over to him at the Naval Airport -- namely, the number of guards that the Sheriff will have and other details concerning the transportation of Ray from the airport to the Shelby County Jail after we have turned Ray over to the Sheriff at the airport.

I indicated to the Attorney General that if the Air Force was going to send a plane from the United States to Great Britain to bring Ray back, the representatives of the Bureau who were to conduct Ray from Great Britain to the United States should be allowed to go over to Great Britain on the same plane that will be used for that purpose. The Attorney General indicated agreement with this suggestion.

At the time the Attorney General talked with me, I had not been advised of the details worked out by Mr. Rosen and Mr. Mintich with Assistant Attorney General Fred Vinson, but subsequent to the Attorney General's conference with me, a memorandum was received from Mr. Vinson setting forth the details which Mr. Vinson has worked out after consultation with Mr. Rosen and Mr. Mintich and I have sent this memorandum through with the indication that since representatives of the Bureau have already committed the Bureau to certain phases of the transportation of Ray, I was, consequently, bound by them; while I had not known of these commitments in advance and certainly would have made certain changes in them, I, nevertheless, would be bound by the commitments.

I think that in the future, it would be a great deal better for representatives of this Bureau conferring with Departmental representatives to make no commitments of an important character without first submitting such commitments to me for approval. It is embarrassing to learn from Departmental sources of commitments, some of which I had never even heard about before.

Very truly yours,

FROM : SAC, KANSAS CITY (44-760) -P-

SUBJECT: MURKIN

Re Bureau airtel 7/2/68.

The following investigation was conducted by SA [redacted] and IC [redacted]

At Jefferson City, Missouri:

On 7/8/68, MARY MOODY, Secretary to Warden HAROLD SWENSON, said a bound book reflecting visits by attorneys, law enforcement officers and others on official business for September, 1960 had been located. She noted that no regular visit record is maintained, except in individual prisoner's files and these are for persons authorized by the prison to visit inmates and these records do not apply to persons on official business.

On 7/9/68, the Control Center, Official Visitors' Book was examined. There was no person by the name of GRAY making a visit to a prisoner during the months of August, September, or October, 1960.

Although there was no record of a visit by an FBI Agent to a prisoner in September of 1960, entries are not always made where officer is known to prison official.

An examination was made, in the Classification Office, of prisoners received. They are given a book number in consecutive order as they are received. A total of 231 inmates were received into the penitentiary during the months of August and September of 1960.

Mr. DONALD BUNKER, Classification Director, said the average inmate stays in "receiving" or "classification section" from four to six weeks as a general rule, but he said some conditions might arise which would result in turning a prisoner into the population before four weeks and also some reason might exist for not completing their classification in six weeks.

Senior Resident Agent SA [redacted] and SA [redacted], assigned to Jefferson City Resident Agency during pertinent period have no recollection of such an interview and no SA GRAY has been assigned to the Kansas City Division. It is more likely that the writer was interviewed by an agency other than the FBI.

In view of the admitted hazy recollection and above facts, it does not appear that an indices search of all inmates received during the three moth period would be warranted.

UACB no further action being taken by the Kansas City Division regarding this letter.

POINTS OF IDENTITY

Memo Latona to Mr. Trotter dated 6/13/68, discussed in some length the sixteen point rule in England relative to latent fingerprint identifications and policy followed by experts in the Latent Fingerprint Section.

This matter was discussed with officials at New Scotland Yard by Fingerprint Examiner George J. Bonebrake while he was in England testifying at the extradition hearing for James Earl Ray. It was determined, as we have long suspected, that the sixteen point rule is not based on any court decision, but is a policy matter decided many years ago by committee established for that purpose. The Home Office, which sets policy and procedures for the police in England, has periodically reviewed the rule, but each time has decided to maintain it. This rule means that no latent fingerprint identification can be made or testimony given unless there are sixteen or more matching characteristics found in the latent and inked print.

The experts at Scotland Yard do advise investigating officers of those cases wherein twelve to fifteen points were located, but with the understanding that no testimony can be given, and it will be up to the investigator to prove his case without the fingerprint testimony.

When a sixteen or more point identification is made, this identification is accepted as a fact by the courts in England and many times is made in the form of a deposition with exhibits and the expert only appears if the defense attorney makes a specific request for his presence at the trial.

CENTRAL HEADQUARTERS FILE

Section 64

Memo Rosen to DeLoach
RE: MURKIN

CURTIS
[redacted] indicates he has written a book on this and he did not tell the FBI all he knows.

Bureau files indicate we have had cordial relations with "Ebony" magazine.

CURTIS
[redacted] a long-time convict, was previously interviewed in the King case. He was an inmate in prison at the same time as Ray in approximately 1962 - 1966. He made allegations relating to a mysterious visitor of Ray while Ray was in prison, that a "bounty" had been put on President John F. Kennedy's head and the "KK of the South" had raised a million dollar bounty from businessmen for King's head.

Logical investigation was conducted on the nebulous information furnished by [redacted] CURTIS without developing substantive information of value. A previous defense attorney advised that CURTIS [redacted] would lie, steal and commit other crimes to further his own interest.

ACTION BEING TAKEN:

1. In order to fully resolve any information he claims to have in the King case, the Atlanta Office has been instructed to reinterview [redacted] CURTIS for full details and pin him down. Any pertinent information of substance will be fully run out. Results of interview and any additional inquiries will be furnished the Civil Rights Division.

2. Attached for approval is a letter to [redacted] of "Ebony" magazine advising him that results of any interview will be forwarded to the Civil Rights Division of the United States Department of Justice.

SUBJECT: MURKIN

I spoke with Fred Vinson, Assistant Attorney General of the Criminal Division, today concerning items which have not been resolved in connection with the transportation of subject Ray to the United States upon completion of the order of extradition.

1. Vinson advised me he had been in touch with the Secretary of the Air Force and preliminary discussions indicated the Air Force would handle transportation. No decision has yet been made as to whether the plane will be assigned to this mission from European bases or whether the plane will depart from the United States on this mission. This is important to the Bureau inasmuch as our escort Agents will be able to fly to Europe on the Air Force plane if it departs from the United States.

2. Vinson indicated the Air Force Secretary suggested they might have a 707 available in Germany, in which event it would be designated in time to allow the transporting Agents to arrange for appropriate liaison with the crew in London. In any event, Vinson understood we will need at least two days if the plane is to depart from the United States in order to give the crew a chance to rest up and, of course, our Agents in any event would allow themselves two days in order to be physically fit to handle the transportation. It is observed one night's sleep is lost going east from the United States to London in view of the difference of five hours in time.

3. No decision has been reached by Vinson as to who is to stand the cost of the flight. As a matter of fact, Vinson indicated the Secretary mentioned the cost of the flight would run around $20,000 although he had no fixed figure. I advised Vinson, of course, the Bureau had no funds to take care of this. He said he thought it would be proper if the Air Force did not handle the matter to make some preliminary inquiries with the State of Tennessee concerning the transportation costs

AR:ige
(10)

CONTINUED - OVER

inasmuch as we would be handling the matter which ordinarily would have to be provided for by the State of Tennessee. As it now stands, Vinson understands the Bureau has no intention of paying for the costs of transportation. Vinson also mentioned the Secretary of the Air Force indicated they might have a constellation (this is a propeller-type plane) which might run less in cost. Vinson said this would be unsatisfactory because of the slowness of the plane and, of course, the most modern equipment should be used. There was no problem insofar as this was concerned, according to Vinson.

4. Vinson had previously advised me he was going to determine whether arrangements could be made so that all persons on the flight upon arrival at touch down in the United States would immediately be cleared so there would be no delays by Customs, Immigration, and Public Health. Vinson stated he had checked into this and Farrell, Immigration and Naturalization Service Commissioner, had indicated he would have arrangements made so that all will be immediately cleared without any difficulty upon touch down in the United States.

5. We had previously discussed the question of medical assistance upon departure from London, en route and at touch down in the United States. It had previously been mentioned it would be preferable to have a military doctor rather than Public Health Service doctor. Vinson again mentioned he preferred Public Health, someone who was familiar with prison procedures. I mentioned a decision should be reached on this but it would appear the Air Force could supply plenty of doctors and insofar as a physical examination is concerned an Air Force doctor would be much more familiar with Air Force procedures in the event some emergency arose en route. The doctor, of course, will be needed to examine the prisoner upon departure and also to examine the prisoner at arrival in the United States so that no question can be raised concerning his physical condition upon delivery to the authorities in the United States. Arrangements, of course, will also be made for proper photographing of the prisoner at departure and arrival in order to support the transporting officers' proper handling of the prisoner.

6. We discussed arrangements for the handling of Ray's personal effects and I advised Vinson appropriate receipts would be

obtained at both points and these would be prepared in advance so there would be no delay at either point in handling any personal effects which might be sent. It was also pointed out that appropriate papers would be prepared to be handed to the local authorities upon arrival so that all they need do would be to affix their signatures to such papers and this in turn would also prevent any delays.

7. We had previously discussed the necessity for Vinson to arrange with the Home Secretary in London the departure procedures with specific reference to whether some indication can be received from the British as to when the prisoner may be obtained once the final order is signed by the Home Secretary. Vinson stated he had had discussions with the State Department and had informally prepared certain papers which will be required for the delivery of the prisoner to the transporting Agents. He said the identities of the Agents will be inserted in the order and the State Department procedure will probably be delivery of the request of the State Department to the Home Secretary by the Ambassador in London, for the delivery of the subject to the transporting Agents who have been designated by the United States Government to handle the transportation. Vinson stated he will assume the responsibility for working this out and will advise us in ample time. He said he hoped to be able to get some informal reaction from the Home Secretary concerning the possibility of keeping the extradition order bottled up until the Agents depart. He felt this was highly unlikely but he was going to try but said the British were rather stuffy about this. He said we need not be concerned with the preparation of these papers as he will advise us of their preparation in final form.

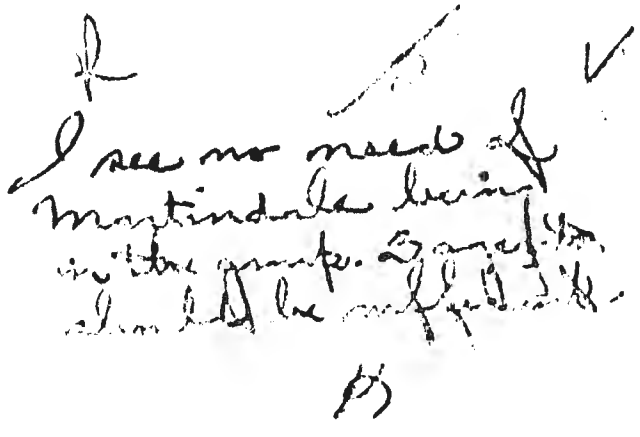
8. In connection with the aforementioned, it will be necessary for Minnich to obtain completed exit control papers and Vinson stated he had talked to Minnich about this and Minnich has excellent liaison with the British authorities and will go forward with the preparation of the necessary papers so the prison officials will deliver the prisoner to the transporting Agents once the Home Secretary hands the order to the prison officials. In this connection, instructions will be issued today to Minnich to advise the Bureau the exact nature of such papers so there will be no delay in the preparation of same and in order that the Bureau will be fully advised of the details concerning the handling of this phase of the matter.

9. Vinson indicated in previous discussions that he viewed favorably the FBI taking the prisoner from touch down, which would be the Naval Air Station at Memphis, to the Sheriff's Office. He had not reached any definite decision as to this inasmuch as he felt the local authorities might desire to pick up the prisoner as soon as our plane touched down at the Naval Air Station. He said this matter had not been resolved yet and he asked whether the Bureau had any views concerning this insofar as the Memphis authorities were concerned. He also wanted to know whether the Memphis authorities were equipped to handle the transportation from the Naval Air Station to the jail. I advised him our SAC at Memphis had been in touch with the Memphis Sheriff who will handle the prisoner on behalf of state authorities. I advised Vinson the Sheriff had designated a special crew to handle the prisoner while he is being detained at the jail and they will have no other function. I also advised Vinson that if the Sheriff was to transport the prisoner from the Naval Air Station to the jail he would obtain a closed van and would have the necessary escort party. Vinson indicated it would be desirable to ascertain the attitude of the local authorities before a definite decision was reached as to who was to handle the prisoner from the point of touch down (Naval Air Station) to the County Jail which would be under the jurisdiction of the Sheriff. We will ascertain this in contact with our SAC today. In this connection, it would seem preferable to have the Sheriff assume the responsibility for transporting the prisoner from the Naval Air Station.

10. In connection with the handling of our function in the United States, it is suggested that Special Agent Kenneth Bounds, who accompanied George Zeiss to London and who is being relieved of this assignment in view of personal reasons, be sent to Memphis two days before the plane will arrive in Memphis in order to insure that arrangements which have been initiated are adequate. Bounds has attended conferences at the Seat of Government concerning the detailed plans which have been made concerning the handling of the prisoner both in England and in the United States and is fully conversant with all discussions , as well as having had the experience of being in London. It also may be well for ASAC Harold Light, who will be in charge of the transporting party, to make a quick trip to Memphis in order to be familiar with any arrangements there in the event the Agents have to transport the prisoner from the Naval Air Station to the jail. Otherwise, such a trip would not be necessary on the part of Light.

ACTION TO BE TAKEN:

1. Minnich will immediately be alerted to the above discussion and instructed to go forward with the necessary arrangements and advise the Bureau concerning the exit control papers and procedures. This is on the assumption we will go by military aircraft.



2. The SAC at Memphis will be immediately alerted to the above developments in order that he may be completely familiar with the procedures and he will ascertain if Memphis authorities will assume responsibility for transporting the prisoner from the Naval Air Station to the jail. In this connection, if approved,we will suggest to Jensen that such arrangements be effected if possible. Vinson will be appropriately advised of the decision of Memphis authorities.

3. A final determination will need to be made by Vinson as to the point from which the plane will depart on this mission, whether it be from a European point or the United States, in order that appropriate arrangements can be made for (1) the transportation of the Agents from the United States to London and (2) the establishment of appropriate liaison with the Commanding General who will have the overall responsibility of the Air Force crew. This was discussed with Vinson and he agrees that the Commanding General should have control of the plane. This will eliminate going through a lot of red tape with intermediate officers of the Air Force. Vinson stated he will obtain the identity of the Commanding General so appropriate liaison can be maintained.

4. The escort party previously approved by the Director will be Legat John Minnich, London; ASAC Harold Light, Quantico, Virginia; and George Zeiss, Quantico Firearms Instructor. It is suggested that Supervisor W. L. Martindale, who previously went to London, also be a member of the transporting party in the event

Memorandum to Mr. DeLoach
Re: MURKIN

Ray is at all talkative. Martindale, of course, is familiar with the details of this case. In this connection, it is noted that Vinson today indicated he had a note from the subject stating he had no intention of talking, that he would discuss all matters with his attorney Arthur Hanes, and that when he was transported back to the United States by U. S. Government officers he hoped they would send someone with less imagination than Vinson. Vinson does not know what the subject is referring to but he suspects he has in mind the comment made by the British press that Vinson spoke with Ray when as a matter of fact he did not. Vinson stated he would send us the original of this note.

Atlanta has been instructed to reinterview [redacted] CURTIS to pin him down once and for all and anything of pertinence will be run out. "Ebony" magazine is being advised that results of [redacted] interview will be furnished Civil Rights Division. CURTIS

BACKGROUND:

Bureau is in receipt of a letter from [redacted] "Ebony" magazine, enclosing two semi-literate letters from [redacted] RAYMOND CURTIS an inmate of Whitfield County Jail, Dalton, Georgia. [redacted] CURTIS in his letters, claims to have information on the King murder and [redacted] suggests we may want to check into [redacted] story and [redacted] requests to be furnished any information resulting from our inquiries which can be released.

In connection with transportation of subject Ray from London to the United States, the question of when the local authorities, namely the Tennessee State authorities, will take custody of subject Ray has been decided today.

SAC Jensen, Memphis, has been in touch with the Sheriff and the Sheriff has indicated that he plans to take subject Ray into custody upon arrival of the plane in the United States at the Memphis Naval Air Station.

This will facilitate the handling of subject Ray insofar as the Bureau is concerned inasmuch as it had been indicated it would be preferable to have the Tennessee authorities assume the responsibility of taking Ray into custody as soon as the plane touches down.

The Sheriff has selected a special group to handle the subject and has made preparations for transportation from the airport to the jail in anticipation of assuming this responsibility.

ACTION:

Assistant Attorney General Vinson will be advised of the decision of the Sheriff to handle subject Ray upon touch down at the Memphis Naval Air Station.

JAMES EARL RAY

Sheriff William N. MORRIS [redacted] Shelby County, Tennessee, has furnished the following information regarding his plans to transport James Earl Ray from the Memphis Naval Air Station to the Shelby County Jail and to provide for the security of the prisoner in the jail.

Transportation to the jail will be handled by the Sheriff's Tactical Unit. The prisoner will be transported in an armored car which will be accompanied by approximately five other automobiles. Four of the automobiles will each be manned by five fully armed and uniformed deputies. The other automobile will be occupied by four deputies armed with automatic weapons.

A special cell block is being prepared on the third floor of the Shelby County Jail. Ray will be housed in this unit which contains five separate cells. No other prisoners will be in this cell block. Steel plate is being installed inside the windows of this cell block and windows of the County Office Building, the only adjacent building, will also be secured. The Sheriff is arranging for public business normally transacted in the County Office Building to be handled at other locations while Ray is in jail.

The cell block selected for Ray has two television monitors as well as an audio monitoring system. A group of fourteen specially selected deputies will be exclusively assigned to Ray's custody. Two of these guards will be within the cell block at all times to keep the prisoner under constant observation and to maintain a written log. Food for Ray will be selected on a random basis from food served other prisoners.

ADMINISTRATIVE:

One copy of this report is being provided to the Houston and San Antonio Offices for information purposes in anticipation of assisting in any subsequent investigation.

The purpose in submitting this report even though it contains the results of negative investigation is because information had been previously reported that allegedly the subject was observed on the evening of 12/16/67, making a telephone call from a coin box while being accompanied on a trip from Los Angeles, California, to New Orleans, Louisiana, by CHARLES STEIN [redacted], during the period December 15 - 17, 1967. This call was allegedly placed from a pay telephone in the area near Houston, Texas.

It has also been alleged that the subject may have made several telephone calls while traveling through Texas.

It has been further alleged that the subject had indicated that his purpose in traveling to New Orleans was on business and the subject had mentioned an Italian sounding name as the person he was to contact.

Referenced Houston airtel, dated 5/2/68, contained a list of 281 calls made 12/15 - 17/67, from within the Houston Division to Louisiana.

Referenced Houston airtel, dated 5/6/68, contained an additional 75 phone calls made 12/15 - 17/67, from within the Houston Division to Louisiana.

Referenced San Antonio teletype contained a list of nine calls made from within the San Antonio Division to Louisiana.

In view of the allegations previously set forth, New Orleans is reporting only the results of interviews of persons residing in the New Orleans area.

The subscribers of the rest of the calls to other parts of Louisiana furnished by the Houston and San Antonio Divisions have also been determined. These persons who still reside in Louisiana have been located and interviewed, and no pertinent information relative to this investigation was developed. The results of these

interviews are being maintained in the New Orleans file in this matter. Of these individuals where it has been determined they no longer reside in Louisiana, leads have been set out to other offices to have them located and interviewed for any pertinent information.

Referenced teletype indicates ELOISE WITTE head of Committee of One Million Caucasians to March on Congress, Cincinnati, in July, 1964.

Referenced WFO airtel, 2/14/66, re HCUA Klan Hearings, RM (Klan) (a copy enclosed for Memphis) contains information about ELOISE WITTE's testimony before HCUA on 2/14/66. This testimony included the following:

ELOISE WITTE, in 1966, an Empress of National Knights of the Ku Klux Klan (NKKK) in Ohio. Also, WITTE considered "assassination letter" of WAGNER to be ridiculous and stated WAGNER had never discussed the detailed violence in that letter with her. ELOISE WITTE said she repeatedly told WAGNER the Klan did not believe in violence.

WFO indices reviewed and do not contain any information that ELOISE WITTE, [redacted] Cincinnati, Ohio, was interviewed concerning her testimony before House Committee on Un-American Activities on 2/14/66.

"Activities of Ku Klux Klan Organizations in the United States," Part 5, Hearings Before the Committee on Un-American Activities, House of Representatives, 89th Congress, Second Session, published by U.S. Government Printing Office in 1966, reviewed concerning testimony of ELOISE WITTE on 2/14/66 and RICHARD JOSEPH HANNA on 2/15/66.

Page 3543 of Mrs. WITTE's testimony contains the following:

Mr. MANUEL: "Did you ever make the statement to Mr. WAGNER that the Klan had hired a gunman for $25,000?"

Mrs. WITTE: "Heavens, no."

Mr. MANUEL: "Did you have any conversation with Mr. WAGNER regarding the appearance of MARTIN LUTHER KING at Antioch College in Yellow Springs, Ohio?"

Mrs. WITTE: "No."

WITTE added that WAGNER read of this in newspaper, wrote a letter to WITTE, and phoned her about KING's appearance at Antioch College. DANNY WAGNER said he hoped WITTE would not be alarmed with him but he had some ideas he wanted to carry out. She added that WAGNER never told her what these plans were that he had for MARTIN LUTHER KING.

Page 3545 contains information from WITTE that Mr. MORRIS told her he had heard of a plot underfoot to do away with the President, Mr. WITTE, ELOISE WITTE's husband, Mr. MORRIS, MARTIN LUTHER KING, and HUMPHREY. Mrs. WITTE said she did not know the above plot in a letter written by DANNY WAGNER. She described the plot as ridiculous and WAGNER, a psychopathic case. Mrs. WITTE said she did not furnish this information to law enforcement officers as she did not think WAGNER would carry through on anything as ridiculous as this. Mrs. WITTE thought WAGNER might have taken this method of retaliation for being denied membership in the Klan.

Mrs. WITTE stated she did not introduce WAGNER to W. A. DAVIS at National States Rights Party to put WAGNER in touch with a gun dealer.

Page 3631 contains portion of testimony of RICHARD JOSEPH HANNA on 2/15/66. HANNA said Mrs. ELOISE

WITTE said "Mr. WAGNER to do some work for her. Mr. JOHNSON, if he needed assassination, Mr. WAGNER could do it." Mrs. WITTE added, "Right now, we are interested in other people." WITTE said "MARTIN LUCIFER COON" was one, according to HANNA. Above name described by HANNA as right wing expression for MARTIN LUTHER KING.

MEMORANDUM FOR MR. TOLSON
MR. DE LOACH
MR. ROSEN
MR. BISHOP

Assistant Director Al Rosen returned my call to him. I told him that in talking with the Attorney General there were two problems. I stated it seems that Arthur Hanes, the lawyer, has been demanding of the Department of Justice that he be allowed to come back on the plane with James Earl Ray and I told the Attorney General I was absolutely opposed to that and it should not be allowed and he was going to have Assistant Attorney General Fred Vinson call Hanes and tell him.

I said that secondly, I would like Mr. Rosen to find out from Legal Attache John Minnich in London what happened today at the hearing in court so we will know exactly what the status is and if he, Minnich, thinks the plane should go over to England now and stand by -- whether the movement of Ray is imminent. I stated if it were not going to be another week or ten days, there would be no reason to send it now, but if it were going to be in a few days, we would do it because we want to get the fellow out as fast as possible because Hanes apparently is going to London with the purpose of getting on the plane to return; that I did not think Hanes has any rights over in England, but he will probably try to put on a shyster act.

Mr. Rosen said that under normal conditions it takes 24 to 48 hours but under these circumstances the Home Secretary is going to keep it on his desk four days. Mr. Rosen said that Mr. Vinson was supposed to get in touch with the Minister who in turn would contact the Home Secretary and find out on an informal basis, and formally if necessary, just when the papers will be signed, assuming the final order will be put out on the 17th, which is the expiration of fifteen days. Mr. Rosen said that if that happens, the extradition order will be immediately signed and then, according to Vinson's information which he gave us, the Air Force needs 24 hours. Mr. Rosen said my comment made it even more important that we find out where we stand.

Memorandum for Messrs. Tolson, DeLoach, Rosen, Bishop July 16, 1968

I told Mr. Rosen we want to get these men of ours aboard the plane to go over to England and if the Air Force needs 24 hours advance notice, if that is their procedure, we will have to adhere to it, but we do not want Ray sitting around waiting for the arrival of the plane; if the plane can go there and stand by there and be ready to take off, it would not be held up.

Mr. Rosen asked if I would suggest he touch base with the Department to see if they have made plans to see that we won't be in the middle on the diplomatic issues. I stated I did not want Minnich to take diplomatic action but I thought he might know what the situation is and get his feeling as to whether the plane should be going on over. Mr. Rosen said he would give me a rundown on this from Minnich.

MEMORANDUM FOR MR. TOLSON
MR. DE LOACH
MR. ROSEN
MR. BISHOP

I returned an earlier call from Attorney General Ramsey Clark. The Attorney General stated there were two developments in the James Earl Ray case. He stated he received a letter from or signed "Sneyd" which he thought he had mentioned to me the other day and it was fairly difficult to understand it, probably purposely so; then he, the Attorney General, received a letter from Arthur Hanes, the lawyer, on Friday or maybe it was Monday, and it referred to the earlier letter from Sneyd, or James Earl Ray, and said he was apprehensive about the return flight and requested permission to accompany Sneyd, or Ray, on the airplane. The Attorney General continued that Hanes had then called just before noon. The Attorney General stated that he has not been taking calls from him, but the man who had been taking the calls is out of town so he had his Executive Assistant, Sol Lindenbaum, take the call. Hanes said that he was en route to London leaving early in the afternoon and he was planning to waive extradition at this time and wanted to know whether he would be permitted to fly back on the plane with Sneyd, or Ray. Lindenbaum told Hanes that he had not talked this over with the Attorney General and he doubted very much that it would be possible, but if he would inquire later when he got to London, they would let him know.

The Attorney General stated he guessed this means two things: One, we will have to be prepared earlier than we thought to bring Ray back; and second, we need to make a decision as to whether we should permit Hanes to come on that plane.

REC 54 4853 18 JUL 18 1968

I stated I did not think the latter ought to be done as he has no status officially other than being his attorney and in the letter which Ray wrote his brother asking that he get $300 so Ray would have it to pay his lawyer, the brother apparently suggested this lawyer in Texas named Percy Foreman and Ray in his reply to his brother stated he would wait until he got back here and confer with Hanes as to any associate counsel as he wanted to get a prominent lawyer with whom Hanes could work so he would defer that decision until he got back to this country. I continued that in the letter to his brother, there

JEH:edm (8)

67 JUL 19 1968 TELETYPE UNIT

was indication he might waive extradition and be back here soon. I stated that Hanes, of course, is retained by him tentatively with the expectation of another lawyer, although I doubt Hanes will agree to that because knowing his make-up, he will want to run the case himself. The Attorney General commented that he would guess letting him on the plane would bring him closer to Ray and it would be more difficult for Ray to get another lawyer if he wanted one. I stated also that it would allow him to carry on about his conversation with Ray or bring an objection by Hanes of not talking to him; that in other words, at that time, Ray is in the custody of FBI Agents and I do not believe anybody should be allowed to sit down and have a long conversation with him and Hanes would try to do it.

I continued that there is no reason why he should worry about the plane flight; in other words, if he is afraid the plane is going to fall, Hanes can't stop it and if he is convinced somebody is going to talk to Ray and get information, he could make a disturbance on that although one of the four men on the plane is the Supervisor of the case who knows all the angles so if Ray volunteered anything, we would have somebody who knows all the aspects and after telling Ray of his rights, Ray could answer if he so desired, but we are instructing our man to make no effort to question him. I stated also that Hanes when he got back would give a long interview as to what transpired on the plane and we are trying to keep it as quiet as we can with no publicity either in London or Memphis. The Attorney General stated that, of course, he would be in the way.

I stated he would be in the way and I did not think he has any right to be on the plane. The Attorney General stated he could not imagine that he has any right and, in fact, he could not remember any case when we are transporting a prisoner where the lawyer is allowed to accompany him. I said no lawyer, relative, or anybody outside the immediate officials are allowed to go with the prisoner. The Attorney General said this would be a bad precedent. I said it would be a very bad precedent and no doubt would be brought up in future cases and it is such an outstanding case it would certainly be a precedent seized upon by others. I said I felt no representative

of the State of Tennessee should go along because there would be articles written or long interviews given about things that happened that never did happen, whereas with our own people, we have tight control and they won't say anything and we have indicated to the Sheriff in Memphis to keep his mouth shut, although I don't know if he will.

I told the Attorney General that I had sent him a memorandum on what the Sheriff's plans were in transporting Ray from the airport to jail; that I thought he had five armored cars and the officials, or officers, will be the same ones who will guard him in jail. I said they have also put up bullet-proof material in the cell block where he will be detained and there will be no other prisoners in the cell block, so I thought the security at Memphis was pretty well assured. I stated that as to the activity on the plane, I did not think there should be anybody on board; that, of course, the Air Force Doctor will be on board, but he is really a member of the crew and I thought it would be a bad precedent to set and with a fellow like Hanes, I thought it would be undesirable to make an exception, even if he were a high class person. The Attorney General said that if he were honorable, we might figure it would eliminate the question of coercion of force or anything. I said the doctor will be aboard, but he is an officer of the Air Force and, therefore, would be able to testify. I said the plan is to have Ray examined immediately upon boarding the plane at the airport in London before it takes off and before leaving the plane at the airport in Memphis. I said the Air Force doctor will do that.

The Attorney General said then that my feeling is that Hanes should be advised he may not come back on the plane and I told him I thought so definitely.

The Attorney General said they would tell him that and let me know, or perhaps Legal Attache Minnich in London would be the first to get the word, about the waiving of extradition and when he might be returned. I told the Attorney General that we would advise Minnich this afternoon that Hanes is going over to London.

The Attorney General asked if we had any fear of Klan infiltration in the Sheriff's Office in Memphis and I told him no. I told him that the Prison Bureau has two men down there who are instructing the guards who will have Ray in custody in jail as to how to handle the custody of a prisoner considered dangerous and apparently they are going into the technical aspects of it. I said we have looked the jail over and talked to the Sheriff as to his plans on the removal of the prisoner from the airport to jail and the transportation there if the Sheriff is going to handle this. I said we did not tell him he was going to, but learned how it would be done if he were going to do it. I said he has no idea, of course, when the fellow will be coming in nor do we at the present time.

I said I thought we ought to get the plane over to London as rapidly as possible even if it has to stand by over there so the minute the proceedings are over we can get him aboard and out, particularly in view of Hanes going over because we do not know what kind of motions he can file in the British courts, although I doubted he could do anything, because he will do everything he can to try to raise questions. I said our relations with the Home Office and Scotland Yard are such that they will see the situation as we do.

The Attorney General said that maybe he better have Assistant Attorney General Fred Vinson call Hanes now and tell him he will not be allowed to return on the plane before he gets to England. I told him I thought so as he may not go as it is an expensive trip and he has no cash yet from Ray so far as we know because Ray was trying to get $600 from his brother which, I think, was to be a kind of retainer fee for Hanes and if Hanes does not have any cash yet, he may not spend more money to make the trip to London. I said that so far as Hanes knows, he may be ready to depart at any time and I thought the sooner we move the departure up, the better. The Attorney General agreed and said he was not sure we know enough now to send the plane over now. He said he did not know where it was and I told him the plane is at Andrews Air Base. The Attorney General said also that I would want to send my men in it too. I told him I did and we have four men available to go over. I told him the reason I knew the plane is here is because Vinson sent over word to Assistant Director Rosen this morning that he thought they should go look the plane over so I presume it is at Andrews now and is being kept there.

The Attorney General suggested that maybe I could find out from Mr. Minnich what happened at the hearing today and get his advise as to whether the plane should go over now. I told him I could do that.

The Attorney General said he had not talked to Assistant Attorney General Vinson and to let him talk to Vinson and then he would get back to me.

Very truly yours,

J. E. H.

[redacted] as long as they did was the fact that his father felt sorry for him. He said that one day he did not show up for work and that was the last they ever saw him. They received information from some source that he was deceased.

[redacted] advised that he would be skeptical of any information furnished by [redacted] and would not consider him to be a reliable individual because of his use of alcoholic beverages.

[redacted] owner and manager of [redacted] Hotel, [redacted] advised she is personally acquainted with [redacted] and he rented the front room on the second floor on the southeast corner, which would be Room 201, from them for a number of months. Since he was there for a number of months, she was unable to verify the exact dates of arrival or departure but did locate records showing that he was a guest in the hotel as of [redacted] She recalled that he came to them from Pass Christian, Mississippi, and he was later evicted by them. His eviction was the result of his drinking, which they do not tolerate in the hotel and the fact that he claimed he could not sleep and would play his radio and records all hours of the night. He was not the type guest they like to have in the hotel. She added that she could not state if any information furnished by him would be reliable or not but she would be inclined not to believe him and it would depend on his condition at the time he furnished the information, and whether he had been drinking.

[redacted] further advised that she had located records showing that [redacted] occupied Room 205 in the hotel as of [redacted] This room would have been two rooms down the hall from [redacted] room.

She recalled that [redacted] was living at the hotel the same time as [redacted] and that they were also friendly with one another and would visit in each other's room.

Complaints were received from other guests as to their misconduct. She further recalled that [redacted] played a guitar during the time that he lived at the hotel. She had no information as to [redacted] residence or employment at this time but did recall that he was originally from Beaumont, Mississippi, as that is her home town also. She said she did not know him or his parents during the time she lived in Beaumont, but during conversation with her he mentioned that he was from Beaumont and this fact stuck in her mind.

Inasmuch as [redacted] current whereabouts is not known at this time and since [redacted] identification of JAMES EARL RAY was based upon a brief meeting with an unknown individual who did not identify himself approximately one year before the photograph of JAMES EARL RAY appeared in the paper, no further efforts are being made by the Jackson Division to locate [redacted] and attempt to identify the person with [redacted] in [redacted] room, UACB. The fact that [redacted] was at the time an alcoholic and acquaintances of his at that time did not consider him reliable is of significance in evaluating his information.

One copy of this communication is being furnished the Milwaukee Division for their information since it is possible they may have further contacts with [redacted]

I talked with John Minnich, Legal Attache, London, re the attached information. Ray Appeal Hearing Set For July 29

LONDON. — (UPI) — A British court said today it will hear James Earl Ray's appeal against extradition to the United States to stand trial for the slaying of Dr. Martin Luther King Jr. on July 29.

The surprise announcement was made when Ray appeared at Bow Street Magistrate's Court on charges of violating British gun and immigration laws.

BRITISH CHARGES

Ray was ordered to appear again July 16 to answer to the charges of carrying a loaded .38-caliber pistol and two forged passports, which got him arrested in the first place June 8.

It was expected Britain might ignore the charges if Ray is extradited.

IN COURT

Ray, whose extradition was ordered a week ago, appeared in court today to meet a British legal requirement that prisoners appear before a magistrate every eight days while they are held.

The announcement on the extradition appeal had been unexpected as the appearance today was supposed to deal only with the gun and passport charges.

CARAVAN

Ray, brought to court in a caravan of three police Jaguar cruisers, appeared under the name Ramon George Sneyd, the name listed on one of the two forged Canadian passports Scotland Yard detectives said they pulled from his coat along with the gun at Heathrow Tirport.

Ray swaggered into the courtroom without the dark hornrim glasses he wore when he was ordered extradited last Tuesday. His jaw twitched but he looked less jittery than in previous appearances. His white sport shirt hung open at the neck and he wore the same dark jacket.

Only a small crowd of spectators and newsmen were on hand when Ray arrived. Interest had declined so much that even Mary Brown, 71, a retired hospital worker who had risen at 5 a.m. for Ray's other courtroom appearances, failed to show up. She was first in line outside the court building the other times.

Ray's attorney, Michael Eugen has another week to appeal formally the order that Ray be extradited.

Ray's Extradition Likely in 4 Weeks

LONDON. — (UPI) — James Earl Ray could be extradited to the United States as early as the first week in August to stand trial for the slaying of Dr. Martin Luther King, legal sources said today.

A court official disclosed Tuesday that a hearing on Ray's appeal against the extradition order has been set for July 29.

Three White-wigged, black-robed justices of the Queen's Bench Divisional Court of the High Court of Justice will hear Ray's lawyers fight the extradition order.

It is the British equivalent of a U.S. Court of Appeals.

Legal sources said that should the appeals court turn down Ray's appeal of the extradition order, he could still appeal to the House of Lords. But permission to go to the House of Lords could be refused.

In that case, Ray would be returning to the United States about the first week in August, the sources said.

Ray appeared at Bow Street Magistrates Court Tuesday to answer charges of violating British gun and immigration laws.

It was carrying what police said was a loaded .38-caliber pistol and two forged passports that got him arrested in the first place as he arrived at London's Heathrow Airport June 8.

If Ray is extradited, the passport and gun charges were expected to be forgotten.

Ray's Brother Arrested Here

Jerry William Ray, who told police he is a brother of James Earl Ray, the accused in the slaying of Dr. Martin Luther King Jr., was free today after being dismissed in City Court on a charge of public drunkenness.

Ray was arrested about 2 a.m. Tuesday at Main and Vance where, police said, he was seen staggering drunk. The charge was dismissed later yesterday by Judge Bernie Weinman.

Police said Ray registered .17 on the intoxication meter and was booked. He listed his occupation as a bar waiter but told officers he was unemployed.

Ray gave no Memphis address but said he lived at 1902 Cherokee in St. Louis.

Assistant Chief W. E. Routt said Ray told police he is a brother of James Earl Ray and that he and another brother were in Memphis to raise funds for the defense of James Earl Ray.

John Larry Ray, also of St. Louis, appeared in court for the hearing, and the two left together.

British Charges Against Ray Cited

Lawyer Says Extradition Would Cancel Counts

LONDON, July 8. — (UPI) — The British lawyer defending James Earl Ray on two British charges said Monday they would probably never be pressed if Ray is extradited to America for trial as the accused murderer of Dr. Martin Luther King Jr.

Ray's barrister, Michael Eugene, said "nothing" would happen Tuesday when Ray is scheduled to appear again in Bow Street Magistrates' Court under the name of Ramon George Sneyd. The hearing is in connection with charges Ray violated British gun and passport laws.

"He will be turned around and remanded until the following Tuesday," Eugene said.

The British lawyer said he still has not filed an appeal of last Thursday's ruling that Ray be extradited to face the United States charges against him.

Eugene indicated the filing of a writ of habeas corpus in district court would not take place before early next week. Ray has 15 days to lodge an appeal.

London Chief Magistrate Frank Milton last Thursday ordered Ray extradited to face the United States charges of murdering King in Memphis on April 4 and of escaping from the Missouri State Penitentiary last year.

Ray Brothers In Memphis—One Faces Judge

By GEORGE BRYAN

Two brothers of James Earl Ray, who is charged with the slaying of Dr. Martin Luther King Jr., were in Memphis yesterday and a public drunkenness charge against one was dismissed by City Judge Bernie Weinman.

Gerald Williams Ray, 32, who gave his address as 1902 Cherokee, St. Louis, was arrested at 1:15 a.m. yesterday by officers who said he was seen "staggering drunk" only two blocks from the rooming house at 422½ South Main from which his brother is accused of shooting Dr. King.

A police spokesman said he did not know Gerald Ray's whereabouts after his release but understood he was still in the city. It was learned that another brother also was in town.

Bill Jackson, manager of the Green Beetle Cafe at 325 South Main, confirmed that Gerald Ray was in his establishment Monday night "with another man." He said Ray appeared to be drunk.

A waitress said Gerald Ray came into the place about 6 p.m. Monday and left about 1 a.m. "He didn't cause any trouble in here."

Police said they arrested Ray after a call from the Green Beetle, but Mr. Jackson said last night he had not called police. "He didn't cause us any trouble, he left with a man with a mustache. I heard he was arrested a few minutes later."

Two police detectives went to the Green Beetle about 5:25 p.m. yesterday looking for Gerald Ray. With them was a man identified by waitresses as Ray's drinking partner Monday night. One of the officers said they wanted to talk to Ray about "a couple of window fans."

Judge Weinman said yesterday he was not aware of Gerald Ray's family ties when he appeared in court charged with public drunkenness.

"He had never been before the court on a public drunk charge. On the first offense, it has been the policy of the court to dismiss these charges," Weinman said.

Fire and Police Director Frank Holloman said last night he did not know if police "are still looking for James Earl Ray's brother in Memphis."

A police spokesman who did not wish to be identified said he understood that Gerald Ray had come to Memphis "to collect money" through contributions to help defend his accused brother. James Earl Ray is fighting extradition to the United States from England to stand trial in Memphis for the murder of Dr. King.

The other brother in town was believed to be John Larry Ray, 34, a St. Louis tavern owner.

The next phase in James Earl Ray's legal effort to escape extradition to the United States will begin July 29, it was announced in London yesterday. On that day the High Court will hear arguments on an application for a writ of habeas corpus.

Witness Absent At Ray Hearing

Grand Jury's Indictment Reached Without Calling Charles Stephens

In reaching an indictment against James Earl Ray for the slaying of Martin Luther King Jr., the Shelby County Grand Jury did not even call the man now considered to be the prosecution's most important witness.

But court authorities yesterday pointed out that the state often does not submit its most important evidence if the necessary "probable cause" can be established without it.

Charles Q. Stephens, 46, was the one witness named at Ray's extradition hearing in London last month. David Calcutt, the British attorney retained by the federal government, told the hearing. Stephens heard the fatal shot fired on April from the common bathroom of a rooming house on South Main.

Stephens is now in protective custody of local authorities.

The Grand Jury charged Ray with first degree murder May 7 and with carrying a dangerous weapon May 17 in indictments made available to the public yesterday.

The 12-man jury heard testimony from Mrs. Bessie Ruth Brewer, manager of the rooming house; Ralph Carpenter, employe of York Arms. Co. who the state says sold binoculars to Ray; Guy W. Canipe, owner of the amusement company where police say Ray dropped his rifle; John L. Carlisle, an investigator with Atty. Gen. Phil M. Canale's office; and two police officers.

Officials did not even admit Ray had been indicted for the murder until after his arrest in London June 8 since Tennessee law prohibits releasing an indictment until the accused is in custody.

The indictment offers no hints about the state's case against Ray, giving only the date of the murder and charging it was premeditated.

Video Surveillance To Track Ray Trial

By CHARLES EDMUNDSON

A video tape will be made of the faces and voices of every person attending the trial scheduled to be held here this fall of James Earl Ray, charged with the rifle slaying of Dr. Martin Luther King at the Lorraine Motel April 4.

Charles Holmes, director of information for Memphis State University and new public relations adviser to Sheriff William N. Morris for the trial, yesterday confirmed that security plans call for such a tape to be made. This, he said, will be the first time such a precaution has been taken in a trial anywhere.

Identity cards with photos will be issued to all newsmen accredited for the trial. More than 50 such accreditations have been requested and this is considered only a start.

South Central Bell, it was learned, is preparing to run 150 new telephone lines to the Shelby County Office Building, adjacent to the Criminal Courts Building, to accommodate newspapers, radio, television and law enforcement.

Cables are expected to be laid between the scene of the trial and the three Memphis television stations, a telephone company representative said. Cables are necessary for prolonged live television broadcasts, although motorized microwave stations can bridge the gap for brief periods.

In keeping with a long-standing rule, no press or television photos may be made in the courtroom, even during court recess. But protocol, until now at least, has allowed photos to be made in corridors.

This is expected to be one of the most highly publicized trials ever held in the United States. Press, radio and television reports will be carried in practically every nation in the world. Those in charge of preparations expect the non-white majority of the world's population to observe the trial as a test of justice administered "without regard to race, color or condition."

But Atty. Gen. Phil M. Canale and Sheriff Morris declined to comment on this beyond saying: "The trial will be conducted in strict keeping with established standards of dignity and justice."

To emphasize that the judicial process is operating normally, the trial will be held in one of the five regular courtrooms of the Shelby County Criminal Court. The largest will seat, in addition to the principals of the trial, hardly more than 100 persons.

Most of the seats will be reserved for the press, but reservations are assured also for relatives of the defendant and of the family of Dr. King.

Sheriff Morris said a certain proportion of the seats will be reserved for the general public, even though all the newsmen present at any one time may not be seated. Tennessee law calls for a "public trial."

The last world - famous Tennessee trial was the so-called "monkey trial" at Dayton, near Chattanooga, in 1925. This was to test the validity of a law, since repealed, to forbid teaching the theory of evolution in tax-supported schools.

The Northern and foreign press criticized what it termed the "carnival atmosphere" at that trial.

"There will be no carnival air here," Sheriff Morris said last night. "This is a serious matter. The sheriff, the judges and the attorney general have been conferring at intervals for several weeks to assure a fair and orderly trial in a dignified atmosphere."

'Sneyd' Was Name Used In Letter

'No Doubt' Ray Is Same Person, Says Newspaper

CHICAGO. — (AP) — The Chicago Daily News said today in a copyrighted story that a letter written by James Earl Ray to a brother removed any doubt that Ray and Ramon George Sneyd are the same person.

Sneyd was the name under which Ray was arrested in London in connection with the assassination of Dr. Martin Luther King Jr.

The Daily News said the letter was written to John Ray and was signed, "Lord R. G. Sneyd."

John Ray said the handwriting was his brother's and he added, "I don't know where he got the name of Sneyd, but he had lots of names."

'LORD' TITLE

Asked about the title, "Lord," John Ray said, "That's probably his idea of a joke."

The Daily News published portions of the letter which in part read, "I could appeal my extradition hearing but I am getting tired of listening to these liars so I might close it up about Tuesday."

There was no indication which Tuesday the letter referred to. John Ray said he interpreted the letter as evidence that his brother did not kill King, who was shot to death on the balcony of a Memphis motel April 4.

"If he really did it," John Ray said, "he wouldn't be thinking about signing these extradition papers, would he?"

UNDATED

The letter was mailed to a married sister who lives in a suburb of St. Louis, the Daily News said. It was not dated.

U.S. officials working on obtaining Ray's extradition have said they are convinced that Ray and Sneyd are the same person.

The letter also implied that Ray would have sufficient funds to finance his defense when he is returned to Memphis to stand trial.

"If you could," the letter said, "I would like for you to give Attorney Arthur Hanes $600. You can get some of it off Jerry (another brother) and I will straighten it up with you when I get back."

Hanes, of Birmingham, Ala., is representing Ray in London.

Legat, London has forwarded a photocopy of a page of the guest book of the Heathfield House Hotel, London, England, which bears the signature Ramon George Sneyd and indicates that this individual registered at this hotel on May 17, 1968.

Handwriting characteristics noted indicate that the Sneyd signature on the above described page was probably prepared by subject JAMES EARL RAY, FBI #405942G, but because of the indistinctness of the photocopy submitted a definite opinion could not be reached.

Legat, London has learned from New Scotland Yard that it has been determined that Ray under the name Ramon George Sneyd, stayed at the Heathfield House Hotel, 181 - 183 Cromwell Road, London, 5/17-28/68, the period previously unaccounted for relative to Ray's activities in England.

The proprietress of the Heathfield House Hotel, Mrs. Doris Catherine Westwood, advised that sometime after Ray checked out on 5/28/68, her husband deposited three $10 American Express checks to their account at their bank. Neither she nor her husband can specifically recall but believe there is a possibility that these travelers checks could have been received from Ray.

It is not known whether it is possible for American Express, New York to check for any checks issued to Ray under the name Ramon George Sneyd without the check numbers, however, if it can be done, New York appropriately handle.

MEMORANDUM FOR MR. TOLSON
MR. DE LOACH
MR. ROSEN
MR. BISHOP

While talking to the Attorney General on another matter, I told him there were some developments in the James Earl Ray matter. I stated first that the airport from which we were going to leave in England is under repair so the plane will be leaving from a different airport called Lakenheath, which is near the other one and is perfectly satisfactory so far as we are concerned. The Attorney General asked if it were a public airport or a Royal Air Force airport and I told him it was a Royal Air Force airport.

I continued that we were told yesterday here in Washington that the Air Force was contemplating going to another field in Arkansas in case some emergency prevented their landing at Memphis. I stated we took the position this was most undesirable because it would involve the transportation of the prisoner from Arkansas to Memphis. The Attorney General stated there are all those bridges to cross, too. I stated also there was the matter of jurisdiction which would be raised. I stated we would not leave the plane if it had to land in Arkansas and just wait until the emergency was resolved and then take off for Memphis.

I said there is also complication in regard to the matter of a plane from here. I stated that Assistant Attorney General Fred Vinson yesterday indicated the Air Force indicated a plane might not be available in view of the President going to Honolulu and having to press a number of planes into service. I said there has been no further word this morning. I said this man can leave right now if we had the plane over there, but we have to wait and see what the Air Force is going to do and if they won't furnish a plane, we will have to charter a commercial plane. The Attorney General said he could not believe the Air Force does not have enough planes. I commented that it is ridiculous.

Memorandum for Messrs. Tolson, DeLoach, Rosen, Bishop July 17, 1968

I told the Attorney General that confidentially, the Commandant of the Air Base in London when he was here last week was briefed and told the plane is standing by ready to take off without advance notice. I said this is highly confidential because the Commandant was told this by officers of the Air Force. I said I think they are playing games at the Air Force as they say we have to wait for the return of this Colonel Burleson (phonetic), who is the one Mr. Vinson has been dealing with and he is due back around noon today. I said at that time we will probably know more what the situation is because Ray has now signed the order waiving any appeal so he is ready to move as soon as we get a plane over there. The Attorney General said the Home Secretary has to sign the order. I said he had not yet but he would by noon today so that will clear all formalities, but Ray has already signed the paper he was supposed to sign waiving appeal.

The Attorney General said he would talk with Mr. Vinson, that Clark Clifford, Secretary of Defense, was out of the country. I said I thought it was a matter where he might talk to the highest official over there. The Attorney General said he was sure there was no problem. I said our men are ready to leave at a moment's notice and it should be possible to leave as soon as the Air Force gives clearance and be over in England by evening and be able to arrange to come back tomorrow.

The Attorney General said that the jail may not be ready down there yet, which would be another complicating factor. I told him we understood from our people in Memphis that they were ready as they had put in the bullet-proof shields, et cetera, the Sheriff had picked his squad, and he had five cars standing by in case they were needed.

The Attorney General said then he would talk with Mr. Vinson further and see if we can't move it out and thanked me for calling.

Very truly yours,

J. E. H.

Specimens received 7/15/68

Qc389 Two photographs comprising front and back of paper bag bearing on one side the hand printed words "PUT ALL" and on the other side hand printing beginning "PLACE ALL.." and ending "..IN THIS BAG"

ALSO SUBMITTED: Two photographs of latent prints found on bag and copy of telegram from American Embassy, London, to Department of State

Result of examination:

Specimen Qc389 was searched through the appropriate sections of the Bank Robbery Note File but could not be identified with any prior submissions to this file.

The process of outlining and filling in the letters comprising the Qc389 note, is more a form of art than hand printing, and therefore normal identifying characteristics of the writer would not be in evidence. For this reason, it could not be determined whether the Qc389 note was prepared by JAMES EARL RAY, FBI #4059426.

Qc389 and the ALSO SUBMITTED material have been retained.

Dear Mr. Hoover: I have enclosed xerox copies of correspondence that EBONY has had with Raymond Curtis, who describes himself as an inmate at Whitfield County Jail in Dalton, Georgia, and who claims to have information about James Earl Ray and plans to murder Dr. Martin Luther King, Jr. We thought that you might wish to have one of your agents check the authenticity of the allegations. We would be pleased, Mr. Hoover, to receive any report that can be released in connection with the agent's investigation of Mr. Curtis' charges.

Very respectfully yours,

DATE: July 12, 1968

FROM : A. Rosen

1 - Mr. DeLoach

1 - Mr. Martindale

SUBJECT: MURKIN

In accordance with the Director's instructions, there is attached hereto a memorandum to the Attorney General, with a copy to Vinson, to the effect that the Director has, in accordance with his conversation with the Attorney General, immediately issued instructions to go forward with the appropriate plans in order to carry out the Bureau's responsibilities insofar as the transportation of subject James Earl Ray from London to the United States is concerned. We will also advise the Attorney General that he will be informed of the proposed arrangements at the jail and of its security, in addition to the plans of the Sheriff for the take over of subject Ray from the FBI at the Naval Air Station in Memphis.

For your information, the Memphis Office has been instructed to immediately obtain this information and the plans of the Sheriff for the transportation of the prisoner from the Naval Air Station to the jail and his subsequent plans concerning the detention of the individual in the Shelby County Jail. Memphis has also been instructed to keep in touch with the situation so as to know of all intelligence that would be of value in preventing any overt act against Ray after he is placed in the custody of the Sheriff.

REC 37 4882

The Director's comment to the Attorney General that there would be three Special Agents and an Air Force physician accompanying Ray, rather than four Agents, is correct, according to my understanding. It is also pointed out that in accordance with the Director's instructions, ASAC Harold Light was not being sent to Memphis inasmuch as the Director had approved sending only one man to Memphis to look things over and this would be about two days prior to Ray's arrival rather than sometime next week as Vinson has indicated.

Vinson's memo said 4 days since that was our commitment. Correct.

Memorandum to Mr. DeLoach
RE: MURKIN

With reference to Vinson's memorandum to the Director which was received subsequent to the Attorney General's visit, Vinson sets forth several items which are entirely new insofar as details are concerned.

The details concerning the arrangements on the aircraft, the identity of the Major General who will maintain liaison with Minnich, the selection of the air crew are new items which have not been discussed in detail. The other items mentioned have been brought up generally in discussions but no final decision was reached. For example, as to whether an Air Force physician would be used, we had previously advised you that an Air Force surgeon would be more desirable than a Public Health physician.

Vinson had never reached a definite decision as to whether he would ask the Bureau to transport the subject from the Naval Air Station to the Shelby County Jail and had specifically asked that the Bureau inquire concerning the Sheriff's intentions. When this was discussed with Vinson on July 10, 1968, and pursuant to the Director's instructions, I called the SAC at Memphis concerning this and he advised me as reflected in my memorandum of July 11, 1968, that the Sheriff had made detailed plans concerning the transportation and detention of Ray.

It is also pointed out that the other matters which have been referred to by Vinson have previously been the subject of memoranda showing that these items were being considered. At no time did I represent to Vinson that any discussion with him was other than for the purpose of being aware of the plans which he had made in order to assist us in carrying out our responsibility. No commitment was made to Vinson except for those matters which were specifically approved in memoranda heretofore submitted.

ACTION: Memorandum to the Attorney General is attached.

JAMES EARL RAY

Ex 107

In connection with our discussion concerning the plans for the transportation of subject James Earl Ray upon his being ordered extradited from England, I wish to advise you that steps have been taken to put into effect those plans which will implement the FBI's responsibility in this matter.

In this connection, our Special Agent in Charge of the Memphis Office has conferred with the Sheriff of Shelby County concerning his detailed arrangements for transporting Ray from the Memphis Naval Air Station to the Shelby County Jail. He has also advised our Memphis Office of his detailed plans concerning detention arrangements with special reference to security aspects. I will advise you of these arrangements as soon as the details are received from our Memphis Office. Any information coming to our attention affecting the security of Ray will be brought to the attention of the Sheriff.

JUL 15 1968 COMM-FBI

With reference to the removal of the prisoner, I have assigned four Agents completely familiar with our plans to receive the prisoner from the British authorities upon his delivery by them to the Air Force plane. Our Agents will then be able to request the Air Force flight surgeon to immediately give the prisoner a physical examination. In this connection, Mr. Vinson has indicated in his memorandum of July 11, 1968, that an Air Force flight surgeon will be furnished for the flight.

Inasmuch as the Sheriff has planned to transport the subject from the Naval Air Station to the Shelby County Jail and in line with our concern for the security measures instituted by the Sheriff, I have instructed an Agent completely familiar with our plans to proceed to Memphis a couple of days in advance of Ray's arrival to check over the procedures which have been instituted.

SUBJECT: MURKIN

I met with Vinson concerning arrangements for the flight. He advised me he had spoken to Colonel Burleson and suggested I call him concerning the arrangements.

In the meantime, he said he wanted to advise me of tentative arrangements by the Home Secretary who is supposed to announce after the group is airborne that the extradition order has been signed. Vinson said he was saying this with tongue in cheek because he does not know whether this actually will be held by the Home Secretary or released just as soon as he signs the order.

I asked him when the Agents would depart. He said there is a probability of departing tomorrow and most likely on Friday.

I called Colonel Burleson in order to get him before the close of business and said Vinson had suggested I touch base with him. I advised him our Agents were ready to proceed and wanted to know where they were supposed to report. He said they should report to the MAT Terminal Building at Andrews Air Force Base between 9:30 and 9:45 tomorrow morning; that the plane would be at this terminal. It is Air Force Plane 4129. I gave him the names of the three Agents who would depart and stated Harold Light would be in charge of our party.

4883

REC-38

I advised him that Light would want to talk to the Flight Commander. Colonel Burleson said he would be at Andrews and would introduce Light to the Commander. I advised the Colonel that Light had certain plans with reference to the handling of the prisoner and so forth and would want to brief the Flight Commander. He said he would arrange for this.

The question of whether the flight would take place tomorrow was raised. Colonel Burleson said there was a 90% chance that it would leave tomorrow. (There is a possibility the President may want this plane for the Hawaiian trip.)

CONTINUED - OVER

There will be an air flight surgeon on board. Burleson was advised that he would need to examine the prisoner upon arrival at the air base, take care of any emergency in flight, and give him a physical examination upon arrival in the U.S. All food will be supplied by the Air Force.

With reference to the arrangements Vinson has made, he advised me that Colonel Burleson was to have a cover story for the flight.

Vinson asked about arrangements in London, and I advised him Minnich had been in touch with the General and had established necessary liaison for the handling of the prisoner.

Vinson stated he would alert Immigration Commissioner Farrell tomorrow to have a man available at the air base when it is definitely known that the prisoner will be returned.

Vinson also advised me J. J. Clark of the Bureau of Prisons will be in Memphis. He has previously looked over the facilities and will be there when the prisoner arrives. Vinson said he was obtaining the names of the employees of the Sheriff's Office who were assigned for special guard duty of the prisoner. He said the Bureau of Prisons men had previously checked on these persons and found them to be satisfactory; however, he would like to have a name check made through our files. He will furnish the names and date and place of birth of the various individuals. This will be handled when the names are received.

Vinson advised me he had planned to have a press release which was to be made when the prisoner was received at the Sheriff's Office. He said he was going to have Sessions of the Department get in touch with Bishop's office concerning this.

He advised me the plane will return from Memphis to D.C. and consequently our Agents will be able to return on the plane.

Vinson stated in his conversation with Burleson earlier today prior to my call, the question of payment for the craft was brought up and this was the first time it was mentioned. The Colonel indicated he thought it would run around $10,000 and there was no further comment made of this by Vinson to Burleson. Vinson mentioned to me that, of course, the

Department had no funds. I told him the Bureau had no funds for this transportation that I knew of and that insofar as we were concerned I was going to let the matter stand as is until some further comment was made. He said the question of funds came up because he asked Colonel Burleson whether the plane was coming back to Washington in which event the Agents could stay on the plane. It was at that time he said Burleson brought up the fact the Department of Justice was paying for the plane anyway so as many men as desired could get on the plane at that time. No mention was made to me concerning payment for the plane when I talked with Burleson.

ACTION:

Our Agents have been alerted and will be at Andrews in the morning at the designated time.

Minnich has been advised of the probability for his information only and Minnich has again advised me that all arrangements have been completed and he merely needs to know the time of arrival and is prepared to go forward with all of the arrangements that have been perfected.

The Department has insisted on making all arrangements. The Department should bear the expense.

SUBJECT: MURKIN

Legat Minnich called from London to advise that Arthur Hanes, attorney for Ray, saw subject Ray today. Minnich does not know the substance or nature of the conversation.

Minnich stated that all of the press services are running wild with speculation as to when Ray is going to depart, where he will depart from, and so forth. Minnich indicated we should be expecting all sorts of stories concerning this matter but insofar as he knows - it is all speculation.

Hanes has advised the press that the Department of Justice is blocking his efforts with respect to his relationship with subject Ray, his client. According to Minnich the above position will probably be amplified by the press.

The Consul General advised Minnich today that in conversation with Hanes he had pointed out to Hanes that the Department of Justice, namely Vinson, regretted that Hanes could not be allowed to accompany the subject; that Hanes would understand the reason why; and that insofar as Hanes activities on behalf of his client in Britain were concerned, the Department of Justice had no control over this.

REC-1 4884

JUL 24 1968

Arrangements have also been made for Assistant Legat Attache Alden McCray to be in contact with the Bureau in the absence of Minnich when he departs from London.

I inquired of Minnich if any details were available concerning British plans for transporting the prisoner. He advised me that in view of the open line he would prefer not to give me all of the details but assured me he has gone over all of the arrangements and is thoroughly satisfied with security, etc. He did explain in guarded language that the prisoner would probably be moved when final notice was received that he was going to depart for the U. S. to an intermediate point under proper security measures and that this point would be near the final

SUBJECT: MURKIN

Minnich called from London to advise me that Hanes is in London and has seen the Consul General at the U. S. Embassy. He is now in the process of holding a press conference and is furnishing information to the press concerning his activities. He is indicating that he has requested permission to accompany Ray on the flight back to the United States, that Ray is waiving any appeal and he wants to get back and get things over and done with. Minnich said Hanes has indicated his request of the Department of Justice has been to see his client alone and, if not, to accompany him on the plane.

The Consul General has advised Minnich that the Consul General told Hanes he knew of no arrangements for Hanes to accompany the subject. Hanes also mentioned that if all his requests are denied he would want to see his client just as soon as he arrives in the United States.

Minnich has also been in touch with General Lightner in London and all arrangements have been finalized so far as Minnich is concerned. Minnich has also advised the General of Hanes' desire to see the subject and that Hanes would probably make numerous protestations about getting on the base. Minnich has advised the General that Hanes has not been given any permission to interview the subject. The General said that Hanes would not be allowed on the base nor near the aircraft.

SUBJECT: MURKIN

Legat Minnich called me at 1:30 p. m. this afternoon. He wanted to report on the latest information he had received in captioned case. He stated that previously the defense attorney, Arthur Hanes, had written the Attorney General (AG) to indicate that he did not want his client to be interviewed. He also stressed in his letter to the AG that he, Hanes, desired space on the plane bringing his client back to the United States. Minnich stated he understood that the AG, in effect, had advised Hanes that insofar as space was concerned, this would be impossible.

Minnich stated that Hanes called the AG today to indicate that he was proceeding to London and that he wanted to fly back with his client. Minnich told me it was his understanding that the AG had replied that this was impossible. I interrupted Minnich to tell him that I had just returned from lunch and did not know of these details. Mr. Rosen advised me that the Director had called him asking several questions and had indicated the above information. He was also advised that the Director was very definitely opposed to Hanes being allowed on the plane and would object very strenuously to it.

REC 45 44-4886

Insofar as the appearance this morning in court by subject Ray, Minnich stated that this was a simple remanding procedure whereby Ray was legally held over by the British authorities for another eight days based upon his violations of British law. This was a necessary procedure every eight days so that the subject can be legally held under British law. This procedure has nothing to do with subject's extradition. The entire hearing lasted some 30 seconds this morning.

19 JUL 24 1968

Minnich was asked about the timing of the subject's departure. It was indicated that we were particularly concerned with getting him out of London once authority had been given to do this. It was pointed out that the Director did not want any delays chargeable to the FBI in connection with the transportation to the United States.

DeLoach to Mr. Tolson
Re: MURKIN

Minnich stated that his best estimate of the situation is that the Minister of the U. S. Embassy will be informed by the Home Secretary as to when the extradition order will be signed. Minnich understands that Vinson has been in touch with the Minister and that just as soon as the Minister learns of the time that the order will be signed, he will be in a position to call Vinson and alert him. Under the present plans, the Minister believes he will know at approximately midnight on Wednesday, July 17, 1968. This will be around 7:00 p. m. Washington time. Minnich understands that Vinson is to receive a call around 7:00 p. m. from the Minister alerting him to the fact that the extradition order will be signed the following morning, which will be Thursday, July 18, 1968.

In this connection it is noted that if the order is signed on Thursday morning, in order to get the subject out of London that evening, it would be necessary for the plane to leave the United States no later than 9:00 a. m. Thursday morning, July 18th. It would appear that the Air Force would therefore have to be alerted so that it can be prepared to depart on schedule. We have previously been informed by Vinson that the Air Force needs 24 hours advance notice. This being true, then Vinson should alert the Air Force no later than tomorrow morning.

I told Minnich that I felt this answered the questions that the Director had raised, but in the event there were any additional questions, I would be back in touch with him immediately.

ACTION:

In view of the above information, it is suggested that we call Vinson and tentatively pose the question as to whether or not the Air Force should be put on notice as of tomorrow morning, July 17, 1968. As things now stand, this would certainly seem to be in order.

SUBJECT: MURKIN

Vinson advised me he received a call this morning from the Consul General in the Embassy in London in connection with this matter.

He said that apparently a committee or board of the British Government has to approve any appeal that is taken to a higher court. Apparently they considered the matter over the week end and the committee has disapproved the request of Ray's counsel to appeal this case on the basis that it was frivolous. Apparently this decision will be appealed and it should be acted upon sometime this week. However, if the appeal committee upholds the board's or committee's decision, then the order could become final and the U. S. Government would have to move earlier than was anticipated.

He said he was uncertain about his conversation because he did not trust telephone lines and he was going to be in touch with the Consul General later today and will get more details.

It is noted that Minnich has already advised me in more detail concerning this matter.

1-110 REC 47 44-38761-4857

Vinson also asked whether we had had a chance to look over his memorandum. I told him we had and just as soon as the entire matter had been approved by the Director he would be advised. He wanted to know whether his memorandum created any serious objections and I said I did not know of any serious problems at this time.

16 JUL 25

He mentioned that Colonel Burleson, who is handling this matter for the Secretary of the Air Force and the General Counsel of the Air Force, would not be back in Washington until Wednesday and this might create a problem because he had been familiar with the Air Force arrangements and no one else.

While talking with Minnich at London, I advised him of the current status of matters and he informed me that the developments appear to be taking form along the following lines:

He understands that subject Ray will probably not want to file an appeal, in which event the last day within which such action can take place will be July 17th. This would be at the close of business on Wednesday, July 17th. Ordinarily the matter would then be in form to be sent to the Home Secretary and he would probably within a period of 48 hours sign the extradition order. This would be either on the 19th or 20th, assuming he received the order for signature on the 18th following the lapse of 15 days which would be at the end of July 17th.

The Minister of the U. S. Embassy has tentatively set up an appointment to meet with the Home Secretary between 6:00 and 7:00 p. m., London time, on Tuesday night. This is to be an informal discussion concerning the procedures which will be followed.

When Minnich finds out concerning these developments, he will advise us.

EX-110 REC 47 44-38861-9888

In order to firm up arrangements which have heretofore been set forth, I called Vinson to ascertain whether he had made definite arrangements for the plane and had firmed up its departure time. He advises me he has been in touch with London and the Minister should be in the position to advise Vinson sometime late Wednesday night or early Thursday morning of the time the final order will be signed and the date departure may take place. This will depend upon when the Home Secretary intends to sign the extradition order.

As soon as Vinson gets a definite time from the Minister, he will alert his contact in the Air Force, Colonel Burleson in Washington. The Colonel is presently out of the city and will not return to Washington until Wednesday. Vinson understands our Agents will go to London on the

Air Force plane and will take over immediately upon the prisoner being delivered by the British authorities.

Vinson also suggests it would be well for me to accompany him to Andrews Air Force Base on Thursday at 11 a. m., to look at the plane. He also suggested that this would be an opportunity for Light to also examine the plane, (ASAC Harold Light, Quantico.)

ACTION RECOMMENDED:

(1) That Special Agent Kenneth Bounds be instructed to proceed to Memphis in order to check over security arrangements which have been made at that point.

Mr. Rosen and I met for approximately two hours this morning with Special Agents Light, Zeiss, Martindale and Bounds, all of whom, in addition to Legat Minnich, have been assigned duties in connection with the return of subject Ray in this case. SA Bounds, as approved by the Director, will proceed to Memphis to handle plans there as well as serve as liaison with appropriate authorities.

During the session this morning, all possibilities were completely discussed. The above-mentioned Agents are thoroughly familiar with planning and how to handle themselves upon delivery of the prisoner, during flight, and at touchdown in Memphis. These are all experienced, capable men and it is obvious they are enthusiastically looking forward to their assignment.

Both Rosen and I will be here at FBI Headquarters during the night hours and will have an open line to Memphis shortly prior to and during touchdown. We will, of course, be immediately notified upon take-off in London.

EX-110 REC. 47 44-38861-4889

1968 JUL 25

Legat Minnich called at 10:50 a. m. this morning and indicated that the U. S. Consul General, American Embassy, London, had received a cable from the U. S. Department of State, Washington, D. C., relative to delivering to the British Foreign Office by 5:00 p. m. today, on a confidential basis, the identities of the escort officers who will accompany Ray back to the United States. The names of the four Agents in question were given to Minnich and he, in turn, will furnish them to the Consul General.

Minnich stated that if Ray decides to make no further appeal upon seeing his British attorney some time today, then in all probability extradition papers will be signed by the British as of tomorrow night, July 17, 1968. Minnich will, of course, immediately notify us of such action.

Minnich has a conference scheduled at 9:00 a. m., July 17, 1968, with the commander of the military base from which the plane will take off after the extradition papers have been signed. All details insofar as security is concerned will be discussed at that time.

Legat Minnich, London, called this morning to furnish the following information.

Solicitor Eugene, who represents Ray in the extradition proceeding, has assured the U. S. Consul General that no appeal will be filed; however, the fifteen day appeal period, which expires tonight, must still run its course. The Consul General has advised Minnich that if no appeal is filed today the Home Secretary is expected to sign the final papers at 5:30 p.m. (12:30 p.m. Washington time) 7-18-68, and Ray can be removed at that time.

The Consul General also told Minnich that he understands Vinson is meeting with the Attorney General in Washington at noon today to decide when the escort party's flight will depart for London.

There is no record of Hanes' arrival in London and British sources speculate that Hanes cancelled his trip after telephoning Ray's British counsel and being assured there was no possibility of his being able to accompany Ray to the U. S.

EX-110 REC 47 44-38861-4890

Minnich has been in touch with General Lightner, the Commanding Air Force General in England. There are no problems with the Air Force in England. It is noted that Vinson has told us Minnich would be expected to supply food for the prisoner and escort party. General Lightner said this would be completely unnecessary as it is his understanding that the plane will be fully provisioned for 1125 passengers. This will be verified when we are able to establish direct contact with the Air Force in Washington, it being noted that up to the present time all liaison with the Air Force here is through Vinson.

General Lightner also stated that Mildenhall Air Base, which was to be used in England, is undergoing repairs

I inquired about the arrangements for the aircraft. He advised me he was to be in touch with Colonel Burleson around 2:30 this afternoon and that he will call me after he has completed his discussions with him.

I asked him whether the departure time had been set. He said there was a possibility the plane could leave tomorrow; however, it would be more likely on Friday. I indicated I hoped it would be tomorrow and, in any event, would like to know just as soon as a decision is reached.

I inquired as to the identity of the man who would clear our escort party upon return to the United States at the Memphis Naval Air Station. It is recalled Immigration and Naturalization Service Commissioner Ray Farrell had advised Vinson our group could be immediately cleared without any difficulty so there would be no delay in turning the subject over to the Sheriff. Vinson said he had not obtained this name but he had been in touch with Farrell and all that Farrell needs is a couple of hours inasmuch as he has a man stationed at Memphis. SUBJECT: MURKIN

I have been in touch with Vinson this morning and he has advised me the news stories concerning subject Ray's waiving an appeal are totally misleading. He said the contact he has made with English barristers is clearly to the effect the 15-day waiting period is mandatory and he could sign 18 waivers in the meantime and they would have no effect. This means the 15-day period will not expire until midnight, London time, tonight. According to the information Vinson has, the British authorities would not sign the extradition order until tomorrow and that most probably it will be at the close of business, British time, tomorrow.

I asked him if the plane was ready inasmuch as our Agents are prepared to leave. I also mentioned if the order was to be signed tomorrow we ought to be ready to pick him up tomorrow. He said he did not think this would be done tomorrow but rather would be done on Friday. I stressed the need for getting a definite answer from him as soon as possible.

EX-110 REC 47 44-38861-4892

I asked him if the Presidential warrant had been prepared. He advised me he had talked with the State Department yesterday and had jacked them up on it but it is not ready as yet. He said he would check again with them. He said that insofar as the subject being interviewed is concerned, he is sending some correspondence to the Bureau indicating that Hanes had requested that subject Ray not be interviewed and if he be interviewed it should be done in his presence. He also said he would send us some correspondence concerning a letter Ray sent to the Attorney General in which he mentioned he had gotten a lawyer and did not intend to talk.

25 JUL 25 1968

Vinson said this raises a question as to whether we should interview him at all in view of the fact he will be transported as a prisoner. He said, of course, if Ray volunteers any information, we, of course, would listen. He also advised me in the correspondence he was sending over there is a reference to the fact Ray feared for his life because he was being transported by the FBI. [redacted]

1 - Mr. Martindale
1 - Mr. Bounds

This is to advise that Special Agent Kenneth L. Bounds of the General Investigative Division on special assignment, Memphis, Tennessee, participated in the turnover of James Earl Ray to Sheriff William N. Morris, Shelby County Sheriff's Office on the morning of 7/19/68.

Sheriff Morris advised Special Agent Bounds he fully understood that once he accepted custody of Ray aboard the military plane, the responsibility of transporting the prisoner to the county jail rested entirely with the Sheriff. However, he asked if Special Agent Bounds could restrain the prisoner on the aircraft and accompany him with the prisoner to the county jail as a matter of cooperation. Special Agent Bounds agreed to this arrangement.

Shortly after the prisoner was legally turned over to the Sheriff, Special Agent Bounds proceeded to apply the Sheriff's restraining gear on the prisoner. The restraining belt was placed around the prisoner's waist and he was asked by Special Agent Bounds, "Is this too tight?" and the prisoner replied, "No." Special Agent Bounds then placed the Sheriff's handcuffs through the restraining belt and applied them to the prisoner's wrist at which time Special Agent Bounds asked the prisoner, "They are not too tight, are they?" and the prisoner replied, "That's fine."

Thereafter, the prisoner was escorted from the plane by Sheriff Morris and Special Agent Bounds and he was immediately placed into an armored car. Special Agent Bounds accompanied the armored car to the Shelby County Jail and upon arrival at the jail, Special Agent Bounds and Sheriff Morris hurriedly escorted the prisoner safely into the confines of the jail without incident.

John Minnich, Legat London, called at 6:20 a. m., 7/15/68, to advise that a Government board in London which grants legal aid certificates has refused to grant a certificate to James Earl Ray. Board has indicated it would be a waste of money to take Ray's cause to the high court.

The solicitor who is acting for Ray is appealing this board's decision to an appeals committee which will hear this on Wednesday, 7/17/68. If the appeals committee upholds the board's decision, that will be the end of Ray's legal actions and Ray's case will not go to the high court unless Ray or someone else will put forth money for legal aid. In the event no one puts up money, it means in all probability the final orders will be signed by the Home Secretary on or about 7/19/68. According to Minnich, this will mean that the Bureau will have to be prepared to move on the evening of 7/19 or 20, 1968.

Minnich states foregoing information will be telephonically given to Assistant Attorney General Vinson by the Consul General at the Embassy today at 12:15 p. m., London time, 7:15 a. m., Washington time.

It is noted Ray had been ordered extradited by the Magistrate's Court in London on 7/2/68. The procedure permits an appeal to be filed within 15 days and it was previously indicated an appeal would be filed 7/17/68 and heard 7/29/68.

FROM: A. Rosen

SUBJECT: MURKIN

Vinson advised me the Attorney General had received a letter from attorney Arthur Hanes asking for permission to be on the plane coming back with the prisoner. Vinson said he answered this letter and in effect told Hanes in view of Hanes' previous experience in the Bureau he should know that this was impossible.

He said that Hanes is on his way to London. The Solicitor representing the defendant, as well as the Solicitor representing the Tennessee and Missouri authorities who are seeking his extradition, will decide tomorrow after they talk with Hanes as to what is going to be done about the appeal.

The Home Secretary has been in touch with the Minister and the Consul General. The Consul General has advised Vinson that if there is no appeal he understands the Home Secretary will sign the order at the close of business Thursday.

Vinson inquired of the Consul General whether the order could be held by the Home Secretary without any publicity until the prisoner was released. The Consul General stated he has been advised that the Home Secretary would have to publicly announce the fact that he had signed the extradition order on Thursday night, London time.

REC 22 44-38861-4897

Vinson then asked the Consul General concerning the time when departure from London would have to take place. Vinson said he understood Minnich was in the office of the Consul General and asked to talk to him. He asked Minnich what his preference would be as to leaving London. Vinson advised me that Minnich indicated his personal preference would be Friday. I am advising Minnich he is not to talk to Vinson any more and to refer any inquiries to Washington.

Vinson said the departure time would have to be dependent upon when the Air Force could get its plane to London. He stated this presented some problems because he would not know definitely when the order would

AR:ige
(4)

CONTINUED - OVER

JUL 28 1968

be signed until sometime Wednesday evening, at which time he expected a call from the Embassy in London. He said that recognizing the Air Force needed 24 hours advance notice it would mean that the Air Force, in order to be ready to handle the transportation Thursday night, would have to be advised Wednesday morning. He went into the problem of having to get in touch with the Air Force and put them on alert and perhaps cancel the plans if a change in departure time took place. Consequently he said he was a little reluctant to request any plans for the Air Force to stand by if he had to subsequently cancel them.

Vinson asked me for my views and I told him I thought it would be well to get the prisoner out of British hands just as soon as we could once the extradition order had been issued so that there could be no delay chargeable to us and this, therefore, would be Thursday night. I told him that insofar as our men were concerned we were ready and able to move at any time and that he should let us know when a decision is reached as to when departure will take place from London and also what arrangements have been made with the Air Force because our men are going to have to get on the plane that is going to transport the prisoner.

He said he would immediately begin discussions with the Air Force concerning this matter and he would let us know.

Subsequent to the above conversation, I talked with Minnich and told him the information which Vinson had given me concerning his conversation with Minnich. Minnich stated he was in the office of the Consul General and one of the individuals there indicated to Vinson that Minnich was in the office. Vinson asked to talk to Minnich. Minnich did not indicate any preference for Friday as stated by Vinson. Minnich indicated to me that insofar as he was concerned just as soon as the aircraft would be available and all arrangements made by Vinson, he, Minnich, was ready to move. He indicated he understood Vinson was to make all arrangements for the handling of the aircraft and just as soon as this was arranged there were no problems as far as he was concerned.

Minnich also advised me he had been in touch with the British authorities and they assured him that if the extradition order was issued and signed on Thursday, the British would be ready to move that day.

I again reiterated to Minnich if he gets any calls from Vinson he should refer them to Washington.

Right.

Memorandum

TO: Mr. DeLoach

DATE: July 16, 1968

1 - Mr. DeLoach
1 - Mr. Rosen
1 - Mr. Martindale

FROM: A. Rosen

SUBJECT: MURKIN

Assistant Attorney General Vinson called and indicated he had learned through his sources in London that it was highly unlikely any appeal would be filed by subject Ray.

I asked him what arrangements had been made with reference to the aircraft. He said that he will have to wait until noon 7-17-68, for the return of Colonel Burleson. He said the real problem has been due to the Hawaiian Conference coming up at this time, creating a problem for the Air Force. He said he would be in a better position to tell us on 7-17-68, of the arrangements that will be made.

He said he has gotten word to London that Hanes will not be allowed on the plane.

Vinson advised me the Air Force was considering an alternate landing field in case of an emergency and indicated there was one in Arkansas approximately 50 miles from Memphis. I told him that insofar as we were concerned if an emergency landing was necessary, we had no intention of leaving the plane, that we would wait until the emergency was clear and deliver him to Memphis in accordance with our initial arrangement. It was noted that if we delivered him to Arkansas authorities, this would create another problem, not only regarding transportation on land but also insofar as jurisdiction is concerned.

REC 22 44-25161-4898

Subsequent to Vinson's call, it was learned that the Department of State had advised the Embassy in London with reference to a revision in the letter which is being prepared by the American Government concerning the extradition of Ray. One sentence was of concern to the Bureau inasmuch as it indicated the Agents will carry the "usual Presidential warrant."

JUL 25 1968

Upon receipt of this information, I immediately called Vinson and advised him this was the first information we had received that

AR:hw
(4)

Memorandum to Mr. DeLoach
RE: MURKIN

our Agents would carry a Presidential warrant and that such was necessary. He said he would check on it immediately. He called me back and indicated that such a warrant was necessary and that he had made arrangements for it to be prepared and delivered to the Bureau. He asked that I communicate with the individual in the State Department who would be familiar with it.

I contacted Mr. M. B. Feldman and advised him of the identity of the four Agents who would be in the escort party. He said he would have the Presidential warrant prepared and would have it ready in a couple of days. I told him that this would not be satisfactory, that we might need this warrant tomorrow or the next day and that it would have to be gotten into my hands as soon as possible.

I then called Vinson and advised him that the State Department apparently did not realize that this had to be obtained as quickly as possible. He said he would call State Department and jack them up on it.

ACTION TO BE TAKEN:

1. I have a call in trying to get Vinson. I have not been able to reach him this morning as yet (July 17, 1968).

2. We have received information from Minnich this morning that he has established contact in London with the Air Force and the field will be near Mildenhall, which is under repair. The landing will, therefore, be at Lakenheath.

Minnich [redacted] understands the flight is on a stand-by basis. This is contrary to the information Vinson has been feeding us. It appears if this is correct the Attorney General and Vinson are jockeying for a time to suit themselves. The Minnich call is the subject of a separate memorandum.

In connection with the above, this does not change the information which we had initially received that the time does not expire mandatorily for appeal until the close of business today, which is midnight London time, which means that the flight, in order to get the subject out as quickly as possible, would have to leave by 9:00 a.m., Thursday morning. We will keep pressing Vinson on this.

Dear Mrs. Stegall:

With reference to the extradition of James Earl Ray, who is charged with the murder of Martin Luther King, Jr., I thought the following information might be of interest to the President.

British authorities turned Ray over yesterday evening to the custody of Agents of this Bureau who accompanied him, aboard a United States Air Force plane, to the Naval Air Station at Memphis, Tennessee.

Ray was turned over by FBI Agents to officers of the Shelby County, Tennessee, Sheriff's Office and was incarcerated in the Shelby County Jail at 5:32 a. m., Eastern Daylight Time, July 19, 1968.

The transportation of Ray from Great Britain to the Memphis Naval Air Station as well as from the Naval Air Station to the Shelby County Jail was accomplished without incident.

The Air Force flight surgeon who conducted physical examinations of Ray aboard the plane en route from Great Britain to the United States stated that Ray was in good physical condition.

This is the case involving the murder of Martin Luther King, Jr.

James Earl Ray was returned to the United States today on a U. S. Air Force plane in the custody of FBI Agents and was turned over to the Sheriff's Office of Shelby County (Memphis), Tennessee, early this morning. This mission was completed without incident.

The extradition order was signed by the British Home Secretary at 6 p.m., London time, 7/18/68 (1 p.m., Washington, D. C., time).

The Air Force plane departed London at 7:38 p.m., Washington, D. C., time, 7/18/68, and touched down at the Naval Air Station in Memphis, Tennessee, at 4:37 a.m., Washington, D. C., time, 7/19/68. The subject was afforded a physical examination by the Air Force flight surgeon aboard the aircraft, was processed by the Customs Inspector and Ray was then turned over to the custody of Sheriff William M. Morris of the Shelby County (Memphis), Tennessee, Sheriff's Office.

REC-14 44-38161-4910

The subject was then transported in an armored van preceded by three Sheriff's Office cars and followed by three additional Sheriff's Office cars. The party escorting the prisoner left the Naval Air Station at Memphis at 5:07 a.m., Washington, D. C., time, and Ray was incarcerated in the Shelby County Jail at 5:32 a.m., Washington, D. C., time. The transportation of the subject from Great Britain to the Naval Air Station in Memphis and from thence to the jail was accomplished without incident.

Memo Rosen to DeLoach
RE: MURKIN

According to SA Harold Light, who was in charge of the FBI escort crew, Ray was no problem on the plane, was docile and although food and drink was offered to him, he declined to eat or drink. No effort was made to interview him and he volunteered no information. Just prior to touchdown in Memphis Ray complained of having a headache, the Air Force doctor was notified and he provided Ray a couple of aspirins. The Air Force flight surgeon, after giving Ray a physical examination on departure from England and arrival in Memphis, stated that he was in good physical condition.

The original proposed press release (copy attached) was discussed with Cliff Sessions, Departmental Public Information Officer, on 7/18/68 and he insisted the release be discussed with Assistant Attorney General Vinson and the Attorney General. Vinson and the Attorney General instructed that the press release be shortened and the names of the Attorney General and the Director be omitted in order to, as they stated, play the release in a lower key. Appropriate action, however, was taken by the Crime Records Division on conferring with our news contacts in making an extensive dissemination to the news media of the attached approved release at 5:34 a.m., Washington time, today, 7/19/68. The release was also furnished to the Memphis Office.

Letters have been prepared for the White House and the Attorney General advising them of the successful completion of this mission. (sent 8:45 am 7-19-68)

WASHINGTON, D.C. 20535

FOR IMMEDIATE RELEASE

James Earl Ray, wanted in connection with the assassination of Dr. Martin Luther King, Jr., was returned to the United States today according to an announcement by Attorney General Ramsey Clark.

FBI Director J. Edgar Hoover said that British authorities released Ray at today to the custody of FBI Agents. Ray was immediately placed aboard a U.S. Air Force plane which proceeded nonstop to the Memphis Naval Air Station, Memphis, Tennessee. Upon arrival in Memphis, FBI Agents released Ray to the custody of the Shelby County Sheriff's Office.

Mr. Hoover explained that Ray, due to his failure to appeal a British court ruling that he be extradited to the U.S., had, in effect, waived further judicial proceedings in Great Britain. Mr. Hoover said that the extradition proceedings in Great Britain had been based on a first degree murder indictment which was returned by the Shelby County Grand Jury in Memphis on May 7, 1968, and on his escape from the Missouri State Penitentiary at Jefferson City, Missouri, in April, 1967.

Mr. Hoover further advised that Ray will be held in custody in Memphis pending prosecutive action by local authorities.

He's 'Stickler For the Law'

Criminal Court Judge W. Preston Battle, one of the most experienced trial judges in Memphis, was announced today as the judge in the trial of James Earl Ray for the slaying of Dr. Martin Luther King Jr.

A short, heavyset man who runs a no-nonsense courtroom, Battle has been trial judge for a number of major cases since he first took the bench in 1959. He presided at both trials of Louis F. Montesi, grocery executive convicted of killing his wife.

Battle's decisions have been reversed several times, including the first Montesi trial, but lawyers say this is the mark of a judge who hears a lot of cases and isn't afraid to blaze new trails.

Serious, almost scowling, on the bench, the 60-year-old judge is a stickler for legal aspects of a case and often recesses court to check a point of law.

Lawyers who try grandstand tactics in the courtroom are likely to draw sharp words from the judge, but he displays exceptional patience with defendants or witnesses who appear nervous or seem not to understand legal procedures.

A lifelong Memphian, Judge Battle attended Washington & Lee University and the University of Memphis Law School, now part of Memphis State University School of Law.

ONCE SHY

He has said in the past that his shyness and timidity in his younger days led indirectly to his law career, that he had an aversion to speaking in public and joined the literary society at Memphis University School to overcome it.

After receiving his license to practice law in 1933, he became assistant district attorney general for Shelby County, a post he held for 11 years, serving on the staffs of Atty. Gens. W. T. McLain, Marion Boyd and Will Gerber.

In 1945 he entered private law practice in Memphis, with the majority of his cases devoted to criminal law. In 1959 he was appointed judge for Division III of the Criminal Court of Shelby County, a newly created court, and has since been elected to the bench.

BAR LEADER

A member of the Memphis and Shelby County Bar Association, he has served on the board of directors and executive committee. He has served as president of the Memphis and Shelby County Mental Health Association, has been active in adult education classes at Southwestern and goes deep sea fishing for a hobby.

Married in 1941 to the former Florence Warfield Boyce of Memphis, he has four children, Mrs. E. Frank King, W. J. Britton III, Mrs. E. R. Kinnebrew III, and W. Preston Battle Jr.

ASSASSINATION OF MARTIN LUTHER KING, JR.

You will recall that New Scotland Yard had been unable to determine James Earl Ray's whereabouts from May 17, 1968, when he arrived back in England from Lisbon, Portugal, and May 28, 1968, when he checked into the New Earls Court Hotel in London, England.

As a result of a request made by our representative in London, the Yard rechecked all hotels in the Kensington area near the West London Air Terminal and they determined that Ray checked into the Heathfield House Hotel in London on May 17, 1968, and checked out on May 28, 1968, which is the date he checked into the New Earls Court Hotel. The guest book of the Heathfield House Hotel contains the signature of Ramon George Sneyd, 962 Dindas - W - Toronto, Canada. This, of course, is the name Ray used to obtain his Canadian passport and one of his addresses in Canada was 962 Dundas, West Toronto.

JUL 22 1968

The proprietress of the hotel identified a photograph of the subject as the individual known to her as Ramon George Sneyd who stayed at her hotel. The FBI Laboratory has determined that the signature Ramon George Sneyd on the copy of the guest book page is somewhat indistinct but is similar to known signatures of the subject.

The proprietress of the hotel advised that Ray kept to himself, did not receive any mail, phone calls or visitors and left the hotel between 9 a.m. and 10 a.m. every morning after breakfast and returned at about 1 a.m. She stated she did not think that Ray stayed out all night on any occasion but she could not be sure.

New Scotland Yard has orally informed in strictest confidence that on May 27, 1968, at 5:20 p.m., a lone man with a small gun walked into a jeweler's shop in the Paddington area of London, pointed the gun at the jeweler and stated, "This is a stick-up, give me the money in the till." The jeweler hesitated and the man panicked and ran

out of the shop without obtaining any loot. When shown ten photographs of different men, the jeweler without hesitation picked out Ray as the attempted holdup man. The jeweler claimed the man wore a hat and as far as can be determined Ray was hatless during his period in England and did not have a hat in his possession. However, if he is the man involved he could have disposed of the hat.

New Scotland Yard has requested that the information regarding the attempted jewelry store holdup not be revealed to the press or public sources at this time.

MURKIN

Various London communications have set forth that New Scotland Yard sources were unable to determine RAY's whereabouts from 5/17/68 when he arrived in England from Lisbon, and 5/28/68 when he checked into the New Earls Court Hotel.

As a result of conferences at the Yard it was strongly suggested to them that RAY must have stayed at a small hotel in the Kensington area near the West London Air Terminal. The Yard agreed to do a recheck of all hotels in this area, as a result of which it has been determined RAY checked into the Heathfield House Hotel, 181-183 Cromwell Road, London, S.W. 5, on 5/17 and checked out on 5/28, which is the date he checked into the New Earls Court Hotel.

Enclosed are two copies each of statement made by the proprietress of the Heathfield House Hotel, pertinent page of the hotel's guest book showing RAY's signature, and the hotel's copy of the receipt given to RAY.

With the foregoing information we have now accounted for RAY's residence in England for the period 5/17/68 to 6/8/68, when he was apprehended.

In addition to the information set forth in the enclosed statement, Mrs. WESTWOOD advised that some time after RAY checked out on 5/28/68 her husband deposited three $10 American Express checks to their account at the bank. Neither she nor her husband can fully recall, but believe there is a possibility these travelers checks could have been received from RAY.

It is not known whether it is possible for American Express, New York, to check for any checks issued to RAY under the name SNEYD without the check numbers. Investigation re these checks being left to discretion of the Bureau.

The Yard has orally advised me in the strictest confidence that on 5/27/68 at 5:20 P.M. a lone man with a small gun walked into a jeweler's shop in Paddington area of London, pointed the gun at the jeweler, and said, "This is a stick-up, give me the money in the till." The jeweler hesitated and the man panicked and ran out of the shop and did not obtain any loot. When shown ten photographs of different men, the jeweler without hesitation picked out RAY as the hold-up man. The only confusing point is that the jeweler claims the man wore a hat. As far as can be determined RAY was hatless during his period in England, and did not have a hat in his possession. If he is the man involved he could, of course, have disposed of the hat.

The Yard points out that in the morning of June 4, 1968, he asked the clerk at the New Earls Court Hotel how much his bill wouldbe, and when told he reportedly said, "I'll have to go to my bank and make a withdrawal." The Fulham Bank (Lonairtel 7/3/68) was robbed the afternoon of June 4th.

On 5/27/68 he asked the clerk at the Heathfield House Hotel how much his bill would be, and when told reportedly he made a similar statement about making a withdrawal from his bank.

The Yard has the theory that if RAY is the man involved in the jewelry shop attempt, since he did not get any money then he must have committed a successful job between 5:20 P.M. on 5/27/68 and the morning of 5/28/68 in order to be able to pay his bill at Heathfield House.

The Yard is not going to conduct any investigation to prove this theory. They are extremely fearful that if information re the jewelry shop job and information implicating RAY in any other jobs leaks to the press, that RAY's solicitor will insist RAY be charged in order to clear him of any or all jobs he allegedly committed.

Foregoing information, plus copies of enclosures, may be furnished the Department of Justice, with the understanding that the jewelry shop information should not be revealed to the press or public sources at this time.

For the Bureau's information only, I understand that Sir ELWYN JONES, British Attorney General, is reviewing all extradition papers, Magistrate's court proceedings, and JONES will appear in the High Court proceedings on 7/29/68 to represent the Governor of Wandsworth Prison.

Attached is a copy of a letter the Attorney General received dated July 11, 1968, from Arthur Hanes, counsel for the above subject, and a copy of my response.

The Attorney General has now received letters from both the subject and his attorney concerning Ray's intent and wish not to be interrogated. There is the added factor that, on his trip back, Ray will be in restraining devices on a military aircraft.

Because of these factors I have grave doubts that we could ever sustain the burden of proving a knowing and intelligent waiver of those rights referred to in the Miranda opinion.

Therefore, it is my recommendation no effort be made to interrogate Ray on his return trip to the United States. However, this does not mean that statements volunteered by Ray may not be used under some circumstances.

SUBJECT: The Congressional Record

Pages [illegible]. Congressman Brown (R) Ohio, introduced H.R. 17711, the text of which is printed in the Record. This bill would establish a joint congressional committee to investigate the arrest and prosecution of persons in connection with the slaying of Rev. Martin Luther King, Jr., and Senator Robert F. Kennedy. Mr. Brown stated "there has been ---- speculation that the murder of Dr. King, at least, may have been conspired in the early stages of the manhunt for Ray, both Canadian and American agents working on the case were reported to be convinced that the accused slayer had help from others in evading arrest. Because of his background as a small-time criminal, it is argued that Ray's elaborate movements prior to his arrest in England were beyond his capacity to arrange. Canadian Mounties and FBI men have reportedly determined that at least two men were seen with Ray in Toronto. After the various aliases used by Ray were traced, and considering his ability to successfully bail out in Toronto and to obtain a bogus birth certificate and passport, a Mountie official was quoted as saying that Ray could not have made such elaborate arrangements without help of some sort. ---- So far, there is no irrefutable proof, no conclusive evidence to back up such speculation. But the possibility nevertheless exists. ---- The committee I am suggesting would not be a duplicate of the recently appointed Presidential Commission on Violence because that commission is aimed at determining causes and cures for a phenomenon presumed to be afflicting our American culture. ---- My bill is targeted on that special aspect of crime that involves the United States internationally with other nations or citizens of other nations. This might be because the motivation for the crime or the criminal had come from abroad or it might be because the perpetrator of a crime in America had fled to another nation and foreign cooperation in apprehension, detection and extradition laws had been made necessary. Perhaps time will prove that the assassinations of Dr. King and Senator Kennedy involve some of these matters. This has yet to be determined." He included newspaper articles relating to the FBI's international search for James Earl Ray.

Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

I would like to take this opportunity of expressing my sincere thanks for the outstanding manner in which Mr. John Minnich, Legal Attache of the Embassy, has conducted himself concerning the extradition of James Earl Ray. I know this has been a most difficult case to handle on all sides and Mr. Minnich has worked very closely with the Consul General of the Embassy, the Deputy Chief of Mission and myself. He has proved to be an excellent officer at the Embassy not only with respect to this particular case but in the years he has been assigned here.

I am glad to have Mr. Minnich as a member of my official family and wish to commend him for his superior contributions.

Sincerely yours,

Mr J. Edgar Hoover, Director F.B.I.
(MURKIN)
Washington D.C.

Dear Mr Hoover:

On April 8th I wrote a letter to Mr Frank Holloman director of fire and police depts Memphis Tenn telling him of something I had seen on T.V. on the night of April the 3rd which was something quite unusual, I thought to happen at one of Martin Luther Kings meetings.

If I may, I'll explain to you what I saw— I think the meeting was held in an auditorium or a larg church as there was a very large [illegible] sitting down in about the second or third row of seats, just a little during King's talk there was a negro to King's left, it seemed. he seemed to be about 28 to 30 years old about King's color; I never saw this negro hands at no time, he never moved just sit there with his eyes glued on King never turned it's head at no time. people all around him was

screaming and shouting. He just sit there with
the most hateful look on his face I have ever
seen, staring right at King. He never once took
his eyes off of King. never moved, and King was
looking back at him just about as hard he could
looking at him all through his (King's) talk.
During King talk he seemed to be quoting from the
Bible. He said, quote— "I do a lot of walking. I walk
and walked until I come to a mountain then I
walked up that mountain, step-by-step until I got to
the top. (all this time King was looking down at that man
and that mans eyes was glued on King) And when I
got to the top I looked out into the back valleys beyond.
(It was a beautiful sight (still looking at that man)
when I got to the top of that mountain I was
there— (but I don't know if I will come down
there or not." When King finished his talk the
entire audience gave King a standing ovation. All
except that man. He never moved. Still with that
look of hate in his eye. Just sat there.
I explained all this to our Policeman. I told him
to find out what station made the T.V shot and
have them to do a re-run of the picture for him

and see if he, or someone, could recognize Hoover in one. I received a very nice letter of thanks from Mr Holloman.

Regarding Dr King's assassination, there is something else I would like to speak about. Dr King was living in a Motel, at that time, on the second floor, on the afternoon of April 4th, that was the day Dr King was shot, he and 4 or 5 other Colored Men, Ministers I understand, was sitting in Dr King's room talking, during the conversation Dr King got up and walked out onto the balcony, as he did so another colored man, Dr Andrew Young, arose and walked out there behind Dr King and stood below beside Dr King. I understand, Now the bullet that killed Dr King supposedly came from the window of a bathroom directly across from where Dr King was standing talking to someone on the ground. Now if that bullet came from a window directly across from Dr King and Dr King was leaning on the railing talking to someone one below it seems to me that bullet would have hit Dr King in the top of his head and not in the neck. And all this time Dr Young was standing right under Dr King I understand, Now the bullet that killed Dr King supposedly came from the window of a bathroom directly across from where Dr King was standing talking to someone on the ground. Now if that bullet came from a window directly across from Dr King and Dr King was leaning on the railing talking to someone one below it seems to me that bullet would have hit Dr King in the top of his head and not in the neck. And all this time Dr Young was standing

Inside Dr King.

Mr Hoover please pardon me for this lengthy letter, but I hope it will be of some service to you

Sincerely

SUBJECT: MURKIN

The plane with our Agents on board departed Andrews Air Force Base at 10:16 a.m., today. It will be in constant communication with the 89th Special Command Post at Andrews Airways. The plane has been designated as SAM 24129. Colonel Burleson is on board.

Arrangements are under way to have an Agent at the Command Post to advise us of any developments during the pertinent period.

Special Agent [redacted] of the Washington Field Office will be in contact with Colonel Frzee this afternoon when the Colonel returns from a training flight. This is in accordance with our previous plans to arrange for a Special Agent of the FBI to be at the patrol point at Andrews Airways during the pertinent period.

Arrangements will be finalized to have an Agent at Andrews Airways from approximately 9:00 p.m., tonight, until the plane returns to the U.S. tomorrow morning.

Vinson advised me he was in touch with [redacted] Immigration and Naturalization Service (INS), at 11:15 a.m., today, at which time [redacted] advised him the INS representative at Memphis would be in touch with Jensen, our SAC. Vinson said the INS man will be empowered to handle all matters required.

Upon receiving advice as to the departure time appropriate officials who need to know were informed. After this was done and within appropriate time Vinson was advised of the departure in line with his previous request.

REC 27 44-38861-4927

With reference to the communications set up at the airfield, McDermott at Washington Field Office has arranged for Special Agent [redacted] to call me at 6 o'clock tonight, at which time I will fill him in and he will then depart for Andrews Air Force Base where he will be on duty during the pertinent period.

Memorandum to Mr. McGowan
RE: MURKIN

At 11:12 I talked with Minnich at London. I went over arrangements here. I went over the check list concerning his arrangements there and found them to be in order. Having advised him of the departure time, I requested he furnish the Bureau with his point of contact at Lakenheath Air Base so we would be able to reach him if need be at any time. He said he would be there at approximately 7:00 p. m., London time. He said his secretary would be available at the office during the out-of-contact period which would be a couple of hours. He reiterated that local charges had been dropped against the subject. He said it was probable that the order would be signed at 6:00 p. m. tonight by the Home Secretary and an announcement would be made at 6:30 p. m.

At 11:35 the list of names which was received just prior thereto from Vinson was furnished to Scatterday for appropriate check.

At 11:40 I was advised by Jensen, whom I had called with reference to his arrangements and having found them in order in accordance with our previous checks, that TV men were already set up in front of the jail under umbrellas.

He said he would have all communications covered in line with our previous discussions; would have coverage at the airfield, en route and at the jail; would also be able to communicate directly with the Bureau because of a direct line that was being put in.

With reference to the items which we wanted checked and in addition to communications, I went over the processing of the subject on arrival; the arrangements for the Sheriff for the receipt of the subject; coverage from an intelligence standpoint of all activities; insure that the Sheriff understands his duties and responsibilities; the handling of personal property of the subject; the necessity for palm prints. In connection with the palm prints, he advised me an Agent who formerly worked in the Identification Division would oversee the fingerprinting procedures so we would get proper palm prints and major case prints.

With reference to the list furnished by Vinson of the persons who were going to have anything to do with the guarding of the subject, this was not a correct list. Some names had to be respelled by Vinson's secretary. In addition, our list of 12 names does not jive on all four with the names received by Vinson. In any event, all names will be checked and pertinent information will be furnished to Vinson.

CONTINUED OVER

Memorandum to Mr. McGowan
RE: MURKIN

At 2:25 Vinson called me and said he was going over his check list and advised me that the INS man would be in touch with Jensen concerning his responsibilities. Vinson advised me the INS man would be empowered and will be instructed to carry out all the necessary arrangements for the handling of the arrival of the party so far as clearance is concerned.

At 2:45 Minnich advised me that the estimated time of arrival, according to the air base at Lakenheath, is 9:05 p. m., London time.

Minnich advised he had arrived at his destination, which means he had reached Lakenheath airfield. [redacted] If any difficulty on the Washington switch line, we could go commercial and you can reach him commercial on Eriswell 2551 Extension 3500 or 3502, Lakenheath, England. If we have any difficulty on the Government line, we can check the Pentagon directory and the operators there will know how to get through.

At 3:23 Minnich called and advised the extradition order has been signed. He further advised the original estimated time of arrival at Lakenheath Air Base which he had given as 9:05 p. m., London time, is in error. According to personnel at Lakenheath, the flight from Andrews to Lakenheath will take a minimum of seven and a half hours and possibly eight hours. Minnich stated Lakenheath currently has an estimated time of arrival of 10:05 p. m., London time, but that in actuality the plane will probably not arrive at Lakenheath until shortly before or after 11:00 p. m., London time.

At 3:30 I was advised that Minnich had called and the order of extradition was signed and that Minnich was not sure that any public announcement would be made.

At 5:03 Minnich advised me that the time of arrival would be in about 10 or 12 minutes which would be around 5:15, Washington time, 10:15 London time. This is pretty close to our original estimate and planning to put the plane in London at 10:00 p. m., there time. This would allow the one to two hours for refueling and check over for turn around.

B. [redacted] This file reflects [redacted] served a [redacted] sentence in the Mississippi State Penitentiary in [redacted]

The following information was obtained from an inter-office communication dated 9/10/62, to Director of Classification, MSP, from [redacted]

> "In response to your IOC of September 6, 1962, the above named inmate was called to the psychiatric service on September 10, 1962 for interview and evaluation. The subject has just completed a three months tour on E-3 for becoming insolent and abusive to [redacted] The subject has a history on the psychiatric service of being hospitalized from June 26, 1962 to July 5, 1962 on account of self-inflicted wounds and being in an emotionally disturbed state. He was again admitted on August 13, 1962 until August 15, 1962 for self-inflicted wounds and a highly nervous state. At that time he was demanding help but the nature of the help he expected was never made clear.

"The subject is an emotionally unstable individual. He is of average intellectual endowment, it seems, but he is ignorant, untutored, and uneducated. He is the sort of restless kind of individual who cannot bring himself to concentrate long enough to study in school. He was assigned to school when he first came here, but he got out of that because he was unable to concentrate on his work. Since that time he says he's never had a job. At the present time he states that he would take any job, but that he would like especially to work in the chair shop because he has had some experience on the outside working for his carpenter father-in-law as a carpenter's helper on inside cabinet work.

"When interviewed on this date the subject was in about as good a condition as we expect to ever see him in. It is recommended that he be assigned to work commensurate with his abilities and according to what is available."

The following was taken from Pre-Parole Progress Report dated November 8, 1961 by [redacted]

"Conduct: One conduct violation reported for creating a disturbance, refusing orders, and writing obscenities on a test paper. For this he had his Yard and Show privileges denied for one month. He was reprimanded and released for Tatooing.

"Work: 12-29-60, Assigned to School. Work and training reports rate subject variously as good, poor, and fair. One report shows him to be considerate. The third report shows him as shirking his work, not doing what he was expected to do. His last report rates him good and states that he did average work. Subject states that he was not interested in school and therefore did not complete requirements for grade school.
8-4-61, Assigned to state at his request.

"Helath: Normal.

"Military: None.

"Marital: Subject states that he was married in July, 1958, and has been separated from his wife but no divorce has been obtained. His wife is now eighteen, and was only fourteen years of age at the time of their marriage. One boy was born to this union. the baby is now with the wife's mother. The wife is working and the mother is caring for the child. The wife is also staying with the mother.

"FAMILY AND PERSONAL RELATIONS

"Subject states that he corresponds every week with his mother, [redacted], and occasionally with his sister, [redacted]. He writes frequently to his wife, [redacted], and claims to have received no visits. Subject was reared in poor financial circumstances in Mississippi and Missouri. His father died in 1939 and had worked as a farmer.

"Subject was one of six children. He states that he lived alternately with his family in Mississippi and his half-brother, [redacted] in [redacted]. His brother [redacted] is a farmer in Mississippi. His brother [redacted] who had been a farmer in [redacted], died in 1957. His half-brother, [redacted] is a farmer in [redacted] and his half-brother, [redacted] is said to be [redacted] in Ohio. None of the subject's family is said to have been in difficulty with the authorities. Subject claims he got along well with all members of his family, however, he apparently lived a rather unsupervised life, living at times with various members of his family.

"POST-RELEASE PLANS

Subject has no desire to return to [redacted] because of his trouble with the authorities. He is interested in obtaining work through the [redacted]. He would live with his wife if she would return to him, but he does not expect her to leave her mother in [redacted]

"SUMMARY

[redacted] a twenty-six year old inmate, will have served one year of a [redacted] sentence for [redacted] Subject admits having served a sentence in Mississippi State Prison. However, no verified information has been received concerning this, and FBI record does not show any previous record.

"Subject states that he was released from Mississippi State Prison in [redacted] He married a fourteen year old girl and lived in [redacted] He states that he had considerable difficulty with his in-laws and that custody of his son had been given to his wife's mother. He stated that he had been arrested for disturbing the peace because his mother-in-law did not let him see his son and he had forced his way into the home. [redacted]

"Subject apparently has lived a rather unstable and unsettled life and has been rather careless and irresponsible. It is not evident that he has had any change of attitude in this regard. He sees little value in education and has little ambition. Institutionally his record has been marginal, however, it would not prohibit further parole consideration."

Records reflect [redacted] was discharged from the MSP [redacted]

A letter in [redacted] file indicated that he was incarcerated in the Illinois State Penitentiary on [redacted]

[redacted] is described as a WM, born [redacted] at [redacted] height 5'9", weight 135, hair brown, eyes brown, build slender, complexion medium, occupation farmer, Social Security No. [redacted] FBI [redacted] tattoos - snake outer right forearm; eagle center of chest; numerous other tattoos on both arms.

Relatives listed are:

Mother [redacted] Mississippi or [redacted]

Wife [redacted] Missouri

Sister [redacted], Ill.;
Sister [redacted] Mississippi

Brother [redacted] General Delivery, [redacted] Missouri.

[redacted] was received from Jackson County, Mo., to serve a [redacted] sentence on charge of [redacted] He was paroled to Kansas on [redacted] and given a final discharge on [redacted]

He is described as a WM, born [redacted] at [redacted] height 5'6", weight 114, hair brown, eyes hazel, build small, complexion medium, occupation clerical, FBI # [redacted]

His wife is listed as [redacted] Kansas City, Missouri.

There is no indication that this individual was ever in Mississippi.

Chicago Office is of the opinion that it would be expeditious to send out circulars to members and non-members of the National Institute of Dry Cleaning through use of cheshire labels which Mrs. CECIL BONAS of the National Institute of Dry Cleaning in Silver Spring, Maryland, volunteered to run off. These labels could then be affixed to the circulars which are to be distributed.

UACB, Baltimore is requested to recontact Mrs. BONAS and request that above described labels be prepared.

Twenty-three glass microscope slides containing hairs from Q13, Q15, Q24, Q26, Q29, Q30, Q38 and Q46 and fibers from Q1, Q2, Q13 and Q26

Results of examination:

Caucasian head hairs that could have originated from one person were previously recovered from specimens Q13, Q15, Q26, Q29, Q30, Q38, Q95, Q97, Q99, Q100, Q103, Q114, Q115, Q116, Q117, Q206, Q207 and Q208. The above hairs exhibit the same microscopic characteristics as the K487 hairs and could have originated from the same person as the K487 hairs. It is pointed out that hairs do not possess enough individual microscopic characteristics to be positively identified as originating from a particular person.

A few Caucasian head hairs were found on the Q392 and Q393 bed sheets. These hairs exhibit the same microscopic characteristics as hairs in specimen K487 and could have originated from the K487 source.

This is the case involving the murder of Martin Luther King, Jr.

SAC Joseph H. Gamble, Birmingham, has advised that Attorney Arthur J. Hanes, defense counsel for James Earl Ray in the local Tennessee prosecution of Ray for King's murder, has advised SAC that in the near future he intends to talk to the Director. Hanes stated that this case is of "grave national concern." He also stated "the thrust came from the Left." Hanes indicated he owes a duty to his client, however, he considers himself an American first and believes that the Bureau should not let up in its efforts. He did not elaborate nor expand on these statements and in response to questions indicated that he would at some future date furnish additional information to the Director.

ACTION:

In the event Hanes attempts to establish contact with the Director, he will not be afforded this opportunity. Hanes will be advised that he should furnish any information that he has to the SAC at Birmingham.

Concerning the Fulham bank job BUTLER advises he will not see RAY regarding this. BUTLER has been advised by the Director of Public Prosecutions (DPP) to let this matter rest until RAY is on his way out of England. The DPP advises that

if BUTLER were to see RAY on this and RAY denies it, then a charge of armed robbery would have to be placed against RAY. Armed robbery cannot be heard in Magistrate's Court but must go to the Central Criminal Court (CCC). The CCC has a crowded calendar and a charge of armed robbery against RAY could result in a delay of six to eight weeks in his ultimate removal. BUTLER advises he will attempt to get an admission out of RAY when he transports him to the airport for removal to the U. S.

Concerning HANES, he did arrive in England on 7/5/68 and he saw RAY on that date. He returned to the U. S. on 7/7/68. Newspaper clips pertaining to HANS submitted by routing slip to the Bureau.

Sources at New Scotland Yard advise they are in process of preparing overall report re investigation this matter, and I hope to obtain unofficial copy by end of this week, with official copy to follow.

At the discretion of the Bureau, all or any of the foregoing may be disseminated to Department of Justice.

ALVIN R. CARLSON, Vice President, Fulfillment Corp. of American (FCA), 381 W. Center, furnished the following:

FCA is a magazine contractor for many magazines including American Heritage Co. On April 29, 1968, FCA received American Heritage business reply postcard whereon ERIC S. GALT, Lorain Motel, Memphis, Tennessee, ordered the American Heritage History of the President of the U.S., consisting of three volumes, including the History of the Presidency by MARCUS CUNLIFFE, and the Pictorial History of the Presidency, which consisted of two volumes.

GALT also ordered a 12" LP recording, The Invention of the Presidency.

GALT requested he be billed for the above items.

The above business reply postcard received by FCA bore no postmark inasmuch as it was a pre-addressed business reply card sent to FCA's Marion, Ohio, address.

The business reply card bearing the hand printing ERIC S. GALT, Lorain Motel, Memphis, Tennessee, would have been a card sent to an expired 1967 American Heritage subscriber, and would have consisted of two halves, namely the pre-addressed half that was returned to FCA, the other half bearing the name and address of the expired 1967 American Heritage Subscriber.

A check of FCA records disclosed GALT's name did not appear on 1967 American Heritage subscriber's list.

Mr. CARLSON made available the above mentioned American Heritage business reply postcard and stated it need not be returned.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

You will recall that New Scotland Yard had been unable to determine Ray's whereabouts from 5/17/68, when he arrived back in England from Lisbon, Portugal, and 5/28/68, when he checked into the New Earls Court Hotel in London.

As a result of a request made by our Legal Attache in London, the Yard rechecked all hotels in the Kensington area near the West London Air Terminal and they determined that Ray checked into the Heathfield House Hotel in London on 5/17/68 and checked out on 5/28/68, which is the date he checked into the New Earls Court Hotel. The guest book of the Heathfield House Hotel contains the signature of Ramon George Sneyd, 962 Dindas - W - Toronto, Canada. This, of course, is the name Ray used to obtain his Canadian passport and one of his addresses in Canada was 962 Dundas, West Toronto.

The proprietress of the hotel identified a photograph of the subject as the individual known to her as Ramon George Sneyd who stayed at her hotel. The Laboratory has determined that the signature Ramon George Sneyd on the copy of the guest book page is somewhat indistinct but is similar to known signatures of the subject.

EX-105 REC 30 44-38861-4965

The proprietress of the hotel advised that Ray kept to himself, did not receive any mail, phone calls or visitors and left the hotel between 9 a.m. and 10 a.m. every morning after breakfast and returned at about 1 a.m. She stated she did not think that Ray stayed out all night on any occasion but she could not be sure.

25 JUL 31 1968

Legal Attache in London has advised that New Scotland Yard orally informed him in strictest confidence that on 5/27/68, at 5:20 p.m., a lone man with a small gun walked

into a jeweler's shop in the Paddington area of London, pointed the gun at the jeweler and stated, "This is a stick-up, give me the money in the till." The jeweler hesitated and the man panicked and ran out of the shop without obtaining any loot. When shown ten photographs of different men, the jeweler without hesitation picked out Ray as the attempted holdup man. The jeweler claimed the man wore a hat and as far as can be determined Ray was hatless during his period in England and did not have a hat in his possession. However, if he is the man involved he could have disposed of the hat.

On the morning of 6/4/68 Ray had asked the clerk at the New Earls Court Hotel how much his bill would be and when informed, he reportedly said, "I'll have to go to my bank and make a withdrawal." It is noted the Fulham Bank in London was robbed on the afternoon of 6/4/68. Ray has been identified as the perpetrator of that bank robbery based on his fingerprint appearing on the note used by the robber to demand money from the bank employees. The clerk at the Heathfield House Hotel advised that when Ray was told how much his bill would be on 5/27/68, he reportedly made a similar statement about making a withdrawal from his bank. The attempted jewelry shop holdup occurred at 5:20 p.m., 5/27/68.

The Yard has the theory that if Ray is the man involved in the jewelry shop robbery attempt since he did not get any money he may have committed a successful job between 5:20 p.m. on 5/27/68 and the morning of 5/28/68 in order to pay his bill at the hotel. Representatives of the Yard advised that pending Ray's actual removal to the United States that they did not intend to conduct further investigation to substantiate this theory since they were extremely fearful if information regarding Ray's participation in the attempted robbery of the jewelry store and other possible scores became known to the press, Ray's solicitor may insist that Ray be charged in order to clear him of any such charges.

Legal Attache, London advises that the above information may be furnished to the Department of Justice with the understanding that the information regarding the attempted jewelry store holdup should not be revealed to the press or public sources at this time.

Memorandum to Mr. DeLoach

ACTION:

For your information. Attached for approval is a letter to the Attorney General with copies to the Deputy Attorney General and Assistant Attorneys General Pollak and Vinson setting forth pertinent information indicated above. Department being cautioned against disclosure of information on the attempted jewelry store holdup at this time.

In view of the importance of determining Ray's sources of funds and since he has now been returned to the United States, Legal Attache, London is being instructed to request New Scotland Yard to conduct further investigation to determine if Ray may have been involved in other robberies in London.

SAC Jensen of the Memphis Office has telephonically furnished the following information.

James Earl Ray was arraigned before Judge W. Preston Battle in Shelby County criminal court this morning at 10 a. m. and by mutual agreement of the Judge, the prosecutor and defense counsel, trial has been set for 11/12/68.

The entire proceedings took only approximately ten minutes.

Ray was brought from his cell on the third floor of the Shelby County Jail into the courtroom by Shelby County Sheriff William N. Morris and his two chief deputies.

The indictment was read to Ray who was represented by Attorney Arthur Hanes and his son and Hanes inquired of Judge Battle as to whether Ray was required to enter a plea.

Judge Battle advised Hanes that he could enter a plea at the arraignment if he desired or could do so at a later date whereupon Hanes entered a plea of not guilty. Immediately after the trial was set Ray was returned to his cell in the Shelby County Jail.

There were only approximately thirty spectators in the courtroom including representatives of the press. All persons entering the courtroom were searched and they were photographed and their voices recorded on video tape.

She stated that she was nearly always with her late husband when he was on their boat, and she felt sure that he did not know such a person as RAYMOND CURTIS. Mrs. BURNETT stated that her late husband, CHARLES C. WILLEY, died three years ago, and in January, 1966, she sold the boat to Cartwright Nurseries, Collierville, Tenn. Mrs. NELL BURNETT, [redacted] Monroe, Louisiana, furnished the following information:

Mrs. BURNETT was formerly the wife of the late CHARLES C. WILLEY, who died three years ago. She and her late husband owned plantations and farm properties near Altheimer, and Wabbaseka, Arkansas, and he was formerly President of the First National Bank of Altheimer, Arkansas; In 1958 they bought a boat, a fifty-eight foot steel hull boat, which they named "The Nell Willey," and they spent a great deal of time on the boat from 1958, to 1965. During that period of time, the boat was often docked for long periods of time at Greenville, Mississippi; Monroe, Louisiana; and New Orleans, Louisiana. In January, 1966, Mrs. NELL BURNETT, then Mrs. CHARLES C. WILLEY, sold the boat to Cartwright Nurseries, Collierville, Tennessee, and delivered it to Memphis, Tennessee.

Mrs. BURNETT stated that she had never heard of RAYMOND CURTIS (now an inmate of Whitfield County Jail, Dalton, Georgia), and she was reasonably sure that her late husband, CHARLES C. WILLEY, did not know him. She stated that he was not a crewman or passenger on "The Nell Willey" during the period 1958, to 1966, when she and her late husband owned it, and she was sure that no arrangements were made to use the boat during that period to transport any criminal along the Mississippi River. Mrs. BURNETT stated that she had never heard of JAMES EARL RAY until his name appeared in the news in connection with the assassination of Dr. MARTIN LUTHER KING, JR.

This is the case involving the murder of Martin Luther King, Jr.

The city editor of the "Greensboro Record", a daily Greensboro, North Carolina, newspaper, has advised that his newspaper operates a "hot line" column which appears in every edition. The voices of persons calling on the "hot line" are recorded on a tape and sometime in the morning of July 23, 1968, a male called and furnished the following information: "I'd rather not give my name under the circumstances because I know James Earl Ray is innocent because at the time he was in Greensboro with me but I knew he was a fugitive. I cannot get involved. If the hot line would like to carry on further, put it in the paper and I will call you back again and if you will keep my name confidential from the police, so I cannot get involved, I can prove Earl Ray did not kill or assassinate you know who."

The city editor advised he did not plan to publish this item unless it would be of value to law enforcement. It is noted that it has been established the subject James Earl Ray registered at the Rebel Motel in Memphis on April 3, 1968, was identified as purchasing a pair of binoculars in Memphis on the afternoon on April 4, 1968, and a witness places him at a rooming house in Memphis on April 4, 1968.

SUBJECT: MURKIN

While having lunch at Hammel's on 7/25/68, Jim McShane, Chief, U. S. Marshal's Office, Department of Justice, asked if he could sit at my table for a few minutes. I told him to sit down.

McShane told me that he wanted to express the deep resentment that he and all US Marshals felt over the fact that the FBI had brought James Earl Ray from London to the US. He stated this was logically a job for the US Marshals and that, while he had always meticulously adhered to the premise that the Marshals should never infringe on FBI jurisdiction, yet the FBI had certainly infringed on the Marshals' responsibilities in this instance. McShane also told me that he had discussed this matter with Fred Vinson and planned to mention it to the Attorney General.

I told McShane that it appeared his complaint was being misplaced, inasmuch as this was something he should discuss with the AG. I told him that, although the AG made the final decision, I wanted McShane to definitely realize that I personally was glad that the FBI had brought the subject back to the US. I stated this was a highly important case, very technical and complex in nature, and if this man had started discussing the aspects of the case with marshals, the marshals would have definitely been completely lost.

McShane replied that he personally had brought a subject back from overseas in a previous important case. I told him I remembered this, inasmuch as this particular subject had gotten away from him and had succeeded in slashing his wrists. McShane laughed and admitted this.

REC 5 44-38861-4970

McShane told me that his complaint meant nothing personally between the two of us; however, he definitely wanted the FBI to

know of his feelings. He stated he did not care whom I told of his complaint. I stated it made little difference to me whom he complained to; however, once again, if he desired to lodge a complaint regarding the policy involved in the return of the subject, he should discuss this with the AG and not the FBI. He stated he planned to do this. He then left my table.

The Director was advised of this matter on 7/26/68.

On 7/28/68, at 7:15 p.m., WILLIE JAMES McGUIRE, who gave his residence as [redacted] Los Angeles, California, telephonically contacted Birmingham Office and claimed he had been standing on balcony of Lorraine Motel close of victim MARTIN LUTHER KING at time "shots" fired, and claimed the "shots" were not fired from rooming house on Main Street, as claimed, but from another building located "behind Goldstein Clothing Store." McGUIRE said he was calling the FBI after being convinced by some friends that he should make his information known to the FBI. These friends had directed him to Mr. ERNEST POOLE, operator of a Negro funeral home in Birmingham who, on behalf of McGUIRE, put McGUIRE in telephonic contact with Birmingham Office. McGUIRE said he was a lease truck driver for Transcon Co., Los Angeles, and was leaving Birmingham at 9:00 p.m.

McGUIRE was contacted at Poole Funeral Home, 7/28/68, by Buagent, and furnished the following:

McGUIRE said he lived at [redacted], Los Angeles, telephone [redacted] with his wife and children. He is employed as lease truck driver by Transcon Co., and presently en route to Los Angeles. tractor-trailer, en route to Los Angeles. He was accompanied by a helper, JAMES THOMPSON, [redacted], Sioux Falls, South Dakota. He parked the tractor-trailer near "3rd and Vance," near the Goodyear Tire Company and also near the "Queen Anne" Motel. He had to wait in Memphis to pick up some freight bills. Between 2:30 p.m. and about 5:45 p.m. he and THOMPSON, in the trailer, drank at least a pint of Seagram V.O. Whiskey, with at least three or four beers. (McGUIRE also advised that prior to contacting the FBI on 7/28/68, he had drunk a "couple of pints of whiskey. I drink a couple of pints every day.") At 5:45 p.m., McGUIRE checked into Room 337 or 347, "on the second floor" of the Lorraine Motel [redacted]

About 6:00 p.m., McGUIRE observed MARTIN LUTHER KING arrive at the metel in a black Cadillac driven by a chauffeur and accompanied by a couple of other associates. KING walked up the stairs from the parking lot to the second floor balcony, where McGUIRE said "Hello." At the time McGUIRE was standing on the balcony looking out towards the parking lot, "just standing, looking, like Negroes do." KING said "Hello" to McGUIRE, as he recognized McGUIRE. McGUIRE said, "I seen him all over the world - he knew me." KING entered the room next door to the room occupied by McGUIRE and stayed in there for at least an hour, perhaps 90 minutes. At that time, KING came out of this room and McGUIRE was just leaving his room to go eat dinner. The chauffeur called up to KING to get a topcoat, as it was getting cool. KING walked back into his room and came out carrying a "brown beige topcoat over his left arm. I'll never forget that topcoat." McGUIRE was looking towards KING when he heard "two shots" come from his left. McGUIRE immediately looked to his left and saw the "flash" come from the second floor of a building located next to the Goodyear store building, a distance of not more than 75 feet. McGUIRE did not see who fired the shots. He then looked back and saw KING lying on the floor. About then, a white man came up and put a sheet over KING.

McGUIRE then immediately left the motel and walked over to Main Street, near the "Goldstein store," where he

observed a pistol on the street. About then, a white policeman picked up the pistol and put it in his squad car.

From there, McGUIRE went to the Queen Anne and drank until 3:00 a.m., when he went to his tractor-trailer parked nearby and went to sleep. At 8:00 a.m. the next day, he and THOMPSON left and drove back to Los Angeles. He stated he never returned to the Lorraine Motel, and had not taken any personal effects with him when he went there [redacted] McGUIRE said he was told several times after this by friends (whom he would not identify) that he would be in danger if he told what he knew, and that he had not told anyone what he knew and what he saw until his interview 7/28/68 by the FBI. After telling some Birmingham friends, they told him to contact Mr. ERNEST POOLE, who could give him the proper advice and put him in contact with the proper authorities.

FD-302 follows.

Any leads based on the information furnished by McGUIRE being left to discretion of origin in view of the many and obvious discrepancies.

Information copy being furnished Los Angeles in view of McGUIRE's residence and employment there.

He said Mr. Hanes had to check with "other sources" before formally employing him as an attorney.

Asked if his associate, former Mayor William B. Ingram, would help in the case, Mr. Thompson said Mr. Ingram proably would help but would not be formally employed as an attorney of record.

Mr. Thompson, well-known as an attorney for the National Association for the Advancement of Colored People's acknowledged that he might lose some clients if he helped defend Ray.

"The big discussion in my office between Mr. Hanes and myself was about the way I feel about it. For years I've been pleading with all white juries to forget race. Now I hope the Negro community can accept this.

"The conscience of the community has a real obligation in this case. Our obligation is to give him (Ray) a damn good trial."

Mr. Thompson said he believed Ray would receive a fair trial here.

Mr. Ingram had "no comment" to make last night on what if any role he might play in Ray's defense.

Mr. Hanes blasted his client's treatment in the Shelby County Jail and charged that Ray's rights were being hampered and his health weakened by the elaborate security precautions — particularly by two television cameras that monitor his every movement and the light that burns constantly in his cell.

"He does not like, nor do I like, having two cameras focused on him 24 hours a day. It's like something out of '1984' (a book by George Orwell in which all citizens were spied on by government television cameras).

"There is a light in his cell that is turned on 24 hours a day. He has to hide his head under a pillow to get some sleep. He even has an electronic eye on him when he uses the toilet."

Mr. Hanes also lashed out at the picture released by Sheriff William N. Morris of Ray being led into the jail handcuffed and wearing protective clothing as having done "irreparable harm to my client."

Hanes Says Ray Helpless Victim In Red Conspiracy To Kill King

By CHARLES THORNTON

James Earl Ray was pictured yesterday by his attorney as the victim of an international Communist plot.

Arthur J. Hanes, puffing angrily on a filter cigaret and gesturing to make his point, said at a press conference here: "In my judgment Ramsey Clark (United States Atty. Gen.) is 100 per cent wrong. This (the murder of Dr. King and subsequent accusation of Ray) is a giant conspiracy and my client is being used."

Mr. Hanes refused to divulge the source of his information to newsmen at Memphis Metropolitan Airport, where he held the press conference shortly before departing for Birmingham.

He would say only: I hope Ramsey Clark will not sit back on his laurels and allow this conspiracy to cause us further harm and confuse the American people. Ramsey Clark is not going to use my client as a patsy."

Shortly after Ray's arrest June 8 in a London airport, Mr. Clark announced that there was no evidence of a plot. The Justice Department has continued to maintain it has uncovered no evidence that the slayer of Dr. King did not act alone.

Mr. Hanes, while not actually saying so, indicated the threats against his life and the lives of his family were coming from the "conspiracy."

"It doesn't take a Phi Beta Kappa key to realize there is an international Communist conspiracy. They will do everything in their power to see that we don't walk into that courtroom.

"Gentlemen, I've got my neck way out on this one. My son (Arthur Hanes Jr.) and I are the only two people who have talked to this man (James Earl Ray).

"When (John F.) Kennedy was killed in Dallas, the (federal) government asked the press to play down (Lee Harvey) Oswald's Communist affiliation because it would harm relations with Communist countries, and the American press rolled over and played dead just to be near the throne."

Mr. Hanes appeared to be armed at the airport. "I'm taking every precaution," he said, when asked if he were carrying a pistol.

It also was learned yesterday that Mr. Hanes might hire Memphis civil rights attorney Russell X. Thompson to help in the defense of Ray. Mr. Thompson is a former partner of Memphis' first integrated law firm — Ratner, Thompson, Sugarmon, Lucas and Willis.

Mr. Thompson last year defended Glenn W. Nash, accused in the murder of Millington taxi driver C. C. Surratt.

Nash was ruled insane and sent to the Mississippi State Hospital at Whitfield, Miss.

Mr. Hanes denied he had selected a Memphis attorney but Mr. Thompson confirmed that he spent "three or four hours" Friday night discussing the case with Mr. Hanes, and his possible employment.

"We have a tentative agreement but it is very tentative," said Mr. Thompson.

Finding, Keeping James Earl Ray Costs 1.6 Million

FBI Spent 1.4 Million For Global Hunt; County Tab Is $200,000

By CHARLES EDMUNDSON

The FBI spent $1,400,000 to catch James Earl Ray, charged with the murder of Dr. Martin Luther King, and Shelby County is spending a reported $200,000 to guard him in prison and give him a fair trial.

These figures were gleaned in Washington and at the Shelby County Courthouse yesterday as contractors pushed forward with new security reinforcements at the County Jail.

The new security measures revealed yesterday are a $2,937.60 contract for the Auto Glass Co., 619 Madison, to install a bullet-proof glass cage in the entrance way to the jail and the purchase, several days ago, of a padlocked steel box in which Ray's meals are delivered to his cell as a guarantee against poisoning.

Sheriff William N. Morris declined last night to approve the $200,000 extra-cost estimate for Shelby County until he has had time to add various contract figures. But an informed source said that is "very close to the mark." It is only half, he noted, of the $400,000 extra cost Los Angeles County says it is having to foot for the protection of Sirhan Sirhan, charged with the assassination of Senator Robert F. Kennedy.

Also revealed in the August issue of Reader's Digest were new details of how the FBI, deploying 2,014 agents in a search covering five countries, was able to arrest Ray 34 days after he is charged with having shot Dr. King to death on the balcony of the Lorraine Hotel.

A vital clue, it was revealed, was a laundry mark on a 50-cent undershirt left in a blue travel bag found in a doorway near 222½ South Main, the boarding house from which the fatal shot is said to have been fired.

The FBI first ascertained, with help of the laundry industry, that the machine making the laundry mark was manufactured in Syracuse, N.Y. Because of a peculiarity in the machine, the manufacturer was able to say it had been sold to a Los Angeles laundry.

This clue, plus Los Angeles service station stickers on the inside panel of the white Mustang abandoned in Atlanta, permitted the FBI to concentrate its search in the Los Angeles area. Ray's likeness was found in a group photo of a graduating class of the International School of Bartending.

A road map from the Mustang contained the first clear fingerprint of the suspect. By now it was evident the man sought was a white fugitive from justice, probably a prison escapee, between 25 and 50 years old. With this information, the FBI was able to limit its comparison of fingerprints to only 2,000 of the 82 million persons whose fingerprints are kept in the FBI files.

On the morning of April 19 an examination of FBI Record Card No. 405,942G, the 702nd looked at, showed their man was a Missouri State Prison escapee named James Earl Ray. On June 8 Ray was arrested at a London airport as he attempted to leave the country. Ray was flown to Memphis Friday.

Admitting to his real name for the first time since his arrest, Ray was arraigned in Shelby County Criminal Court Monday. His trial was set for Nov. 12.

Sheriff Morris says he is determined Memphis "shall not be another Dallas" referring to the slaying of Lee Harvey Oswald, charged with killing President John F. Kennedy, in a Dallas jail in 1963.

Thick new steel doors have been installed at certain jail passageways. A picture and sound-recording tape machine has been provided to take identification of all who enter the courtroom where Ray was arraigned and the one where he will be tried.

Ray's cell has been air conditioned, presumably to benefit principally the round-the-clock guard. Television monitors provide an additional constant watch.

A month ago Squire Jimmie McIntyre of Germantown moved for the County Court to ask the Department of Justice to repay the county for the extra cost of guarding and trying Ray.

Squire Baker said yesterday Washington appears unwilling to do this but that he hasn't given up hope.

The Memphis Press-Scimitar of Saturday, July 27, 1968, and The Commercial Appeal of Sunday, July 28, 1968.

"Certain statements in the Memphis Press-Scimitar of July 27, 1968, attributed to William Morris, sheriff of Shelby County, Tenn., concerning the cost and expenses for the security of the prisoner and the treatment of the prisoner and the prisoner's demeanor and attitude while in confinement.

"Certain statements appearing in The Memphis Press-Scimitar of Saturday, July 27, 1968, attributed to Russell X. Thompson concerning his opinion as to the guilt or innocence of the defendant."

POSSIBILITY

On a visit to Memphis last week Hanes, Ray's Birmingham lawyer, met with Thompson and discussed the possibility of Thompson joining in Ray's defense.

In regard to Atty. Gen. Clark, the committee's report said that to the extent that Clark is a participant in the Ray case "through his staff, assistants, office associates, investigators or employes under his supervision, the statements attributed to him and the U.S. Department of Justice as referred to in The Commercial Appeal of July 28, 1968, are in probable violation of the principles set out in Shepherd vs. Maxwell . . . to the effect that there was no evidence of a conspiracy in the shooting of Dr. Martin Luther King Jr."

Shepherd vs. Maxwell is the famous case of Dr. Sam Shepherd of Cleveland, Ohio, osteopath whose conviction was overturned by the U.S. Supreme Court on the grounds of prejudicial pretrial publicity.

Battle used this case as a guideline in his previous orders of July 18 and July 23 restricting publicity in the Ray case.

SIGNED ORDER

The order signed by the judge today reads:

"All lawyers participating in this case, their assistants, associates, staff members, investigators and employes under their supervision and control, county medical examiner, jury commissioners, criminal court clerk, county sheriff, police officials and other law enforcement officers, employes of this court and all other persons employed in the Criminal Courts Building, their associates, deputies, assistants, staff members and personnel under their supervision and control are forbidden to take part in interviews or press conferences for publicity and

[illegible]

"The plans of the declarant relating to the preparation or conduct of the trial, the theory, techniques and strategy of the declarant in the preparation and trial of the case.

"The jurors or potential jurors who may serve.

"The comments of the declarant about the merits of the case and about any evidence which may be presented.

"The credibility of or information concerning any known or intended witnesses or the treatment, acts, and attitude of the defendant, and are further enjoined from making any and all other statements which may be prejudicial to a fair trial by an impartial jury in this case whether specified herein or not."

The order stated further that anybody who feels "aggrieved by anything herein contained are hereby admonished that any such grievances or complaints should be judicially presented.

"The court recognizes the wide and pervasive publicity which has been and will be an inevitable incident of this trial. The court further recognizes that there are many individuals who are beyond the jurisdiction of this court but who may be interested in the outcome of this trial, and whose statements may have been violative of this order had the court jurisdiction over such parties.

"As to such persons the court urges

compliance with this order in the interest of a fair trial to the defendant and to the state of Tennessee."

Battle instructed the criminal court clerk to send certified copies of the order to all persons named in it and to newspapers, radio and TV stations within the court's jurisdiction.

The committee is composed of:

Don G. Owens, president of Memphis and Shelby County Bar Association; and Lucius Burch, Lee A. Hardison, J. Alan Hanover, Cooper Turner Jr., Leo J. Buchignani, James D. Causey and Leo Bearman Jr.

Judge Goes Along With Bar Report

Russell Thompson, Ramsey Clark Also Charged

By ROY B. HAMILTON
Press-Scimitar Staff Writer

Arthur B. Hanes, Sheriff William N. Morris and Memphis attorney Russell X. Thompson were cited today as having violated Criminal Judge W. Preston Battle's order in the James Earl Ray case against "publicity" statements.

U.S. Atty. Gen. Ramsey Clark and the Justice Department were found to be "in probable violation" of Battle's order.

Judge Battle made the finding official as he adopted and signed a report by an eight-lawyer committee he had named to investigate. Public statements made by principals in the Ray case, and to make recommendations.

NEW ORDER

The committee also drafted a new court order, signed by the judge, imposing additional restrictions on "publicity" statements.

No punitive or disciplinary action was taken against the four individuals mentioned in the committee report.

"The court in the interest of preserving the constitutional rights of all concerned and protecting the orderly preparation and progress of the trial, reserves further inquiry and disposition of each and all of the above instances (of violations) until a later date," the order said.

The order further urged a "self imposed compliance" with the guidelines laid down by the court to assure a fair trial "to the defendant and to the state of Tennessee."

When Ray was returned to Memphis to face a murder charge in the slaying of Dr. Martin Luther King Jr., Battle issued an order against those connected with the case making statements for "publicity." Later he modified the order to bar statements "prejudicial to a fair trial."

The Committee in its four-page report cited these as specific instances:

"Certain statements attributed to Arthur B. Hanes to the effect that the shooting of Dr. Martin Luther King Jr. involves a Communist conspiracy, to the effect that his client's rights were being trampled in jail and to the effect that he, his family and servants are being threatened by 'them.' as quoted in

Possible Publicity Violations In Ray Case To Be Studied

Criminal Court Judge W. Preston Battle yesterday appointed a committee of eight Memphis attorneys to advise him on "possible violation of the court's order on publicity" in the James Earl Ray case.

The action came a day after Ray's attorney, Arthur J. Hanes of Birmingham, called a news conference and declared that his client was a victim of a Communist plot and that Ray's rights were being violated at the Shelby County Jail.

Judge Battle declined to say if appointment of the committee stemmed from Mr. Hanes' statements.

Mr. Hanes reached in Birmingham last night said he had not yet been informed of the appointment of the committee and that he did not want to comment on it. "Perhaps it would be a good idea," he said.

None of the attorneys on the committee reached last night would comment on their role. It was learned they are to meet at 10 a.m. today "to get acclimated and see what's going on."

Neither Atty. Gen. Phil M. Canale Jr. or Sheriff William N. Morris Jr. would comment on Mr. Hanes' charges Saturday that his client's rights were being violated at the jail and that Ray was a victim of a "giant conspiracy."

Ray is awaiting trial in Judge Battle's court on a first-degree murder charge in the April 4 slaying of Dr. Martin Luther King Jr.

Judge Battle said the committee would "handle any necessary matters relating (to the court order) in court."

If the committee reports that it feels the court order has been violated and Judge Battle concurs, speculation is that the judge's next step would be to issue an order for the accused person to show cause why he should not be held in contempt of court.

Contempt of court carries a maximum penalty of 10 days in jail and a $50 fine.

Shortly after Ray was brought to the Shelby County Jail, the judge issued a strict order forbidding attorneys, court attaches and law officers connected with the Ray trial from giving "interviews for publicity" or "extra-judicial statements."

Last Wednesday he modified the order limiting the prohibition to interviews and statements "prejudicial to a fair trial by an impartial jury."

The judge said the attorneys would serve "amici curiae" (as friends of the court). They are Lucius Burch, Don G. Owens, president of the Memphis and Shelby County Bar Association, Lee A. Hardison, J. Alan Hanover, Cooper Turner Jr., Leo J. Buchigani, James D. Causey and Leo Bearman Jr.

It is not unusual for a judge to ask Bar Association leaders or other attorneys to act as friends of the court and advise the judge on legal issues, especially those relating to lawyers in a case.

In 1965 when a question arose about whether Wayne T. DeWees, then an assistant city attorney, should represent Charles P. CaPece on a charge of embezzling public funds, Criminal Court Judge Perry H. Sellers asked a special bar committee to make a report to him.

Battle Issues 5-Point 'Fair Trial' Order

By CHARLES EDMUNDSON

With the advice and consent of a special bar association committee, Criminal Court Judge W. Preston Battle yesterday surrounded the approaching trial of James Earl Ray with a strict five-point order designed to guarantee the defendant a fair trial.

Judge Battle coupled his order with pointed criticism of statements made by persons ranging as high as the attorney general of the United States. Besides criticizing Atty. Gen. Ramsey Clark, the order cites as prejudicial to a fair trial statements made by Arthur J. Hanes of Birmingham, Ray's chief counsel, Russell X. Thompson, under consideration as co-counsel for the defense, and Sheriff William N. Morris.

Singled out were Mr. Hanes' statements that Ray is a "victim of a Communist left-wing conspiracy" and that his client's "rights are being trampled and his privacy invaded" in the Shelby County Jail.

Mr. Thompson was reproved for a statement Saturday that he believes Ray "innocent." Sheriff Morris was criticized for having given at a press conference Friday details of extra expenses Shelby County must foot for Ray's security.

All these statements were made after Judge Battle issued his orders of July 18 and 23, sharply delimiting publicity statements regarding the Ray case. Clark was cited for a statement made several weeks ago that the Justice Department regards Dr. King's murder not as the product of a conspiracy but the work of one man.

Judge Battle found the attorney general's statement "in probable violation of the principles set out by the United States Supreme Court in Sheppard vs. Maxwell." In 1966 the Supreme Court reversed the conviction of Dr. Sam Sheppard of Cleveland, Ohio, charged with killing his wife, on the ground widespread newspaper publicity had prejudiced a fair trial.

Judge Battle enjoined attorneys in the Ray case, personnel of the attorney general's office and the sheriff's office and other public employes from expressing a personal belief in the guilt or innocence of the accused.

He also prohibited statements on the preparation or conduct of the trial or the techniques or strategy of defense or prosecution.

Also prohibited are statements regarding jurors or potential jurors, the merits of possible evidence, credibility of intended witnesses, or the treatment, acts or attitudes of Ray himself.

The Public's Right to Know Committee of the Mid-South Chapter of Sigma Delta Chi, professional journalism society, gave a statement taking issue with Judge Battle's stricture against Sheriff Morris for revealing extra expenses entailed in upgrading security for Ray as a prisoner in the Shelby County Jail.

"Certainly," the statement said, "the cost to taxpayers of confinement and security measures and conditions of jail life are matters of interest to the public and not directly related to the trial. As such they are suitable for public comment by an elective official."

The statement was signed by the committee's co-chairman, Jefferson Riker of The Commercial Appeal staff and Norman Brewer of WMC-TV.

"It all about the crime I did and about a crime I did in 1954 with James Earl Ray and about the 13 years of prison pal and everything we talk about. About thing and about James Earl Ray wanted the job of killing Martin Luther King, Jr. We talk of killing King for three years. And we talked to the man from Mississippi that knew all about the KK businessman association that was to put up the money to kill King. I also know the men from Mississippi.

"In that three years we made maps just had to find the right place to kill King. Well I have made the maps over myself. They are with the story also.

"And just where we would go after we killed King so yes when we talk about it I was to be in on it. But I was not. The story has it all in it. All the big thing and the little one also. And what Ray like and what he did not like. This story could get me killed. I know that. That is why. I won't send the story by mail. I know that this is getting to be a long letter. But when you read this if you want the story O.K. If not just let me know, O.K. That way I won't talk to men about it.

Mr. SANDERS [redacted] there are men in five states that is behind the King killing and they don't know what I know. But James Earl Ray did not. Now that they have Ray Tenn. will trial him if they get him back.

"Well, they want me to testify. Well, I just don't know yet what I will do.

"You see, me and Ray were pal. I could tell what I have to the news. That not much. Or I could not say everything. And I did not tell the FBI. Well, this is not a book. I am just trying to tell you what you ask of me in your letter.

"If you have a man or have someone down this way, if you will have them stop by the jail I will let them read the story and you can go from there. O.K.

RAYMOND CURTIS [redacted] was contacted at the Whitfield County Jail and advised of the identities of Special Agents [redacted] and [redacted] He was furnished a rights and waiver of rights form which he read, indicated he understood, but refused to sign. He was advised that he was being interviewed concerning statements he made in a letter he had mailed to [redacted] of Ebony Magazine.

MR. SANDERS

CURTIS [redacted] stated he was merely trying to sell a story to Ebony for approximately $5,000 to help his mother pay off a mortgage on her home. She had obtained this mortgage as a result of paying attorney's fees for the defense of CURTIS [redacted] at a previous trial.

CURTIS [redacted] stated that he and JAMES EARL RAY participated in a burglary in Joliet, Illinois, in October or November, 1954. It was pointed out to CURTIS [redacted] that certain statements made by him in his letter to Ebony Magazine could possibly involve him in a conspiracy with JAMES EARL RAY in connection with the murder of Dr. MARTIN LUTHER KING, JR. CURTIS [redacted] then stated he wished to go on record as to the statements made in his letter to MR. SANDERS [redacted] He categorically denied the following statements which were in his letter to Ebony Magazine:

1) That he and JAMES EARL RAY participated in a crime in 1954;
2) That RAY wanted the job of killing KING;
3) That he and RAY talked about killing KING for three years;
4) That he and RAY talked to the man from Mississippi that knew all about the KK Businessmen's Association which Association was to put up the money to kill KING;
5) That he knew the men from Mississippi;
6) That for three years he and RAY made maps just to find the right place to kill KING and that he made the maps over himself;
7) That he and RAY knew just where they would go after the killing of KING;
8) That he was to be in on the killing of KING;
9) That there are men in five states who are behind the killing of KING and these men do not know what he [redacted] knows.

During this interview CURTIS [redacted] drew two maps setting out how he thought RAY would stalk KING. This map indicated the following towns where he said KING made most of his speeches: Atlanta, Georgia; Little Rock, Arkansas; Birmingham, Mobile, and Selma, Alabama; Jackson, Vicksburg, and Marks, Mississippi.

CURTIS [redacted] further advised that there was a man living on a houseboat in Vicksburg, Mississippi, on the Mississippi River whose name he would not divulge who was to take RAY down the River on his boat to New Orleans after the killing.

CURTIS [redacted] further advised that in the past he had pulled several burglaries and armed robberies in towns along the Mississippi River and while police were looking for him on the highway he would be on a boat down the Mississippi. He added that he had written a story concerning the KING killing which was currently being typed and this was the story he mentioned in the letter to Ebony Magazine and which he intended to sell to Ebony.

On July 3, 1968, Sheriff G. T. MAULDIN [redacted] Whitfield County, Georgia, advised that [redacted] sent no letters or CURTIS communications from the Whitfield County Jail which passed over the jailer's desk. He stated [redacted] probably sent his CURTIS mail out with visitors and jail trustees which would probably not have been observed by men of his department. [redacted] SHERIFF MAULDIN [redacted] stated that [redacted] attorney, [redacted], former U. S. Congressman from the Seventh District of Georgia, is of the opinion that most of [redacted] comments concerning CURTIS his knowledge of Ray's alleged assassination of Martin Luther King, Jr. are pure fabrications on the part of [redacted] or CURTIS the result of something [redacted] has read in the newspapers CURTIS

RAYMOND CURTIS [redacted] was furnished a rights and waiver of rights form which he refused to sign. He then stated in connection with the previous interview that apparently in his letter to Ebony Magazine, he used the word "we" indicating that he and JAMES EARL RAY had planned the murder of MARTIN LUTHER KING, JR., and he realized now this would involve him in a conspiracy. For that reason in the previous interview he denied the statements he had made in his letter to Ebony Magazine. [redacted] then advised he had written a CURTIS story which he intended to sell to some magazine for the purpose of obtaining money for his mother. He stated the story was still in his possession and had not yet been sent out to be typed. He permitted [redacted] to read this 20-page handwritten story one page at a time and he declared this story was true. The first five or six pages of the story merely set out his early life in crime and the prison sentences he had served as a result of the crimes, starting at the age of 15. The remainder of the story is the same as he originally furnished in an interview in April, 1968, concerning his knowledge and association with JAMES EARL RAY. The story reflects that he first became associated with RAY in 1954 when they pulled a payroll robbery together in Quincy, Illinois, with a third individual. Shortly thereafter [redacted] lost contact CURTIS with RAY when RAY and this third individual were apprehended in connection with a bank robbery at Southwest City, Missouri. After that [redacted] again became acquainted with RAY in prison CURTIS and while in prison they both learned of the death of President JOHN F. KENNEDY. At this time RAY stated the murder of KENNEDY sounded like a big job and he was always on the inside of a prison when big jobs and big money were to be had.

Shortly after the death of JOHN F. KENNEDY, MARTIN LUTHER KING, JR. became prominent, and RAY stated on several occasions that somebody was going to kill KING. During this period an individual came into the Missouri State Penitentiary from Vicksburg, Mississippi. This individual upon learning of JAMES EARL RAY's feelings toward killing KING advised RAY of the KK Businessmen's Association of the South

and stated that people in five states were putting up money for KING's assassination. The story further reflected that RAY informed this individual that he intended to have everything set when he killed KING. RAY followed KING's movements through maps so that he could later stalk KING to the point of assassination. RAY indicated during the time that he would leave a false gun and false trail immediately following the murder. RAY was supposed to go to Vicksburg, Mississippi, following the murder, contact the man from Vicksburg who had the houseboat, and this man was to take him either to New Orleans or Canada via the Mississippi River.

At the conclusion of the interview [redacted] stated CURTIS he would not testify to any of the above information. He did advise that the name of the individual on the houseboat in Vicksburg, Mississippi, was [redacted] also known as [redacted] who served time in the Missouri State Penitentiary.

CURTIS [redacted] refused to allow his story to be copied and stated he would not write it over again nor would he allow the pages to be removed from his prison cell. [redacted] then CURTIS presented crude sketches of the Federal Penitentiary at Leavenworth, Kansas, and the Missouri State Penitentiary.

SUBJECT: ASSASSINATION OF MARTIN LUTHER KING, JR.

Mr. [redacted] Budget, Justice, telephonically contacted this office this afternoon and stated that the Department had received a bill for the airplane furnished by the Department of Defense used by this Bureau to transport James Earl Ray, subject, from England to Memphis, Tennessee. [redacted] stated that the bill was in the amount of $8,500; that Mr. Fred M. Vinson, Jr., Assistant Attorney General, Criminal Division, had sent the bill to Mr. L. M. Pellerzi, Assistant Attorney General for Administration, with a request that he see him concerning it. [redacted] knew nothing about the background and the purpose of his call was to find out what he could in order to brief Mr. Pellerzi. He expressed the opinion that it appeared to him that the charge was properly an investigative expense and therefore should be paid for from FBI funds. [redacted] was advised that the matter would be looked into and he would be contacted.

This matter was discussed with Agent Supervisor [redacted] General Investigative Division, who advised that all of the arrangements for the plane had been made at the highest level in the Department of Justice; that Mr. Rosen and Mr. DeLoach had both informed the Department officials that the Bureau's funds were not available for paying the cost of the plane; and that this view had been concurred in by the Director. On the basis of this information, [redacted] was informed that it was felt that this Bureau's funds were not available to pay this cost and that this view had been communicated to the top level of the Department of Justice. [redacted] stated that he would be governed accordingly and so inform Mr. Pellerzi.

Hanes Quiet After Order On Publicity

Arthur J. Hanes, outspoken defense lawyer in the James Earl Ray case whose comments apparently led to a court crackdown on such talk was keeping quiet today.

"Just my name, rank and serial number," said Hanes when called at his Birmingham home.

NOT RECEIVED

And he hadn't yet received the crackdown order issued yesterday by Judge Preston Battle, who cited Hanes and others as having violated the court's order against publicity statements.

Judge Battle, on advice of an eight-member committee of lawyers he had appointed, cited Hanes, and also Sheriff William Morris, Memphis attorney Russell X. Thompson as violators.

PROHIBITED

The order prohibited all lawyers and officials connected with the case from making public statements relating to Ray's guilt or innocence, preparations for the trial, jurors or prospective jurors, and comments about evidence or merits of the case. Statements concerning Ray's "treatment, acts and attitudes," such as those made by Morris at a press conference last Friday, were also excluded. And interviews and news conferences were ruled out by the judge.

The Public's Right to Know Committee of the Mid-South Chapter of Sigma Delta Chi, professional journalism society, took issue with the judge in respect to the criticism of Sheriff Morris.

The committee said information given by the sheriff about the cost of Ray's confinement and the description of his jail cell "are matters of interest to the public and not directly related to the trial."

Judge Battle took no action against those cited for violations and the committee made no such recommendation.

However, the warning seemed clear that future violations could result in contempt citations punishable by jail sentences and fines.

...fense Attorney Was Armed

Hanes Carried Pistol to Shelby Jail on Visit to Ray

By ROY B. HAMILTON
Press-Scimitar Staff Writer

Arthur J. Hanes today confirmed a report that he was carrying a pistol on one of his trips to the Shelby County jail to visit his client, James Earl Ray.

Reached in Birmingham by The Press-Scimitar, Hanes said he made no attempt to conceal the weapon and voluntarily turned it over to sheriff's deputies before entering Ray's cell at the Shelby County jail.

"I had a gun on me. As soon as I walked into the building I displayed it and my briefcase, just as anybody else would. Hell, I wasn't trying to smuggle the thing in. That's ludicruous. The sheriff knows the true facts of the matter."

The report, however, raised eyebrows in the attorney general's office and set the stage for a possible new controversy involving the outspoken and flamboyant lawyer.

Said Robert K. Dwyer, executive assistant attorney general and one of the prosecutors in the case, "neither Mr. Hanes nor any other citizen has a right to go armed in Tennessee. It is a violation of the law. We are going to look into this situation."

The latest development came as a committee of eight Memphis attorneys appointed by Criminal Court Judge W. Preston Battle met today to study possible violations of his restrictions on "publicity" statements in the case.

ENCLOSURE

The committee was set up one day after Hanes held a news conference at Memphis Metropolitan Airport in which he declared that Ray, accused as assassin of Dr. Martin Luther King, was a victim of a "Communist left-wing conspiracy." Hanes also attacked a lack of privacy for Ray in the Shelby County jail.

Asked if he thought he had violated the court order, Hanes replied, "It would be mere speculation on my part. I know nothing about the committee except what I've been told by the press. As far as I know the committee may be checking on somebody else. I haven't heard any names mentioned."

Hanes had hinted earlier that he was taking "precautions" because of what he described as threats on his and his family's lives, but today was the first time that he has confirmed that he is going armed.

Hanes, resident of Birmingham and its former mayor, said he has a permit to carry a pistol in Alabama and that Shelby County Sheriff William N. Morris has a copy of the permit.

One source told this newspaper that the pistol was discovered when deputies searched Hanes, who apparently had forgotten he had it with him. "It really shook up the whole place," the source said.

"I didn't forget I had the gun. That's ridiculous. The first thing I did was to take my coat off and give them (the guards) the gun," said Hanes. "That's all there was to it.

"It's true that I'm not used to carrying guns," he added. "I have never carried one except when I was with the FBI, and in World War II when I was a PT boat skipper."

Dwyer said that Hanes' Alabama permit would not be valid in Tennessee. "The only way you can go armed legally in this state is to be deputized," said Dwyer.

Sheriff Morris confirmed Hanes' version of what happened. "He did come into the jail armed, but he turned in the weapon," said Morris.

Hanes also said he has made no arrangement with Russell X. Thompson, Mem-

phis attorney for Thompson to become associated with him in Ray's defense.

"I did talk to him but he is not associated with me, nor do I anticipate that he will be," said Hanes. "He is not authorized to comment on this case because in no way is he officially connected with it."

The lawyers on the committee named by Judge Battle are Don G. Owens, president of the Memphis and Shelby County Bar Association, Lucius Burch, Lee A. Hardison, J. Alan Hanover, Cooper Turner Jr., Leo J. Buchignani, James D. Causey and Leo Bearman Jr.

Judge Battle said the group met Sunday and again today and would report to him "as soon as possible."

The current court order prohibits persons connected with the case from making statements "prejudicial to a fair trial." Judge Battle modified the provisions of his earlier, stricter order against such persons talking about the case for "publicity" purposes.

Hanes, in charging that his client's rights of privacy were violated at the Shelby County jail, said:

"While I think Sheriff William Morris and his people are trying to protect my client's political rights, they are at the same time trampling his individual rights."

The lawyer placed particular emphasis on the constant surveillance by closed-circuit TV and 24-hour guards. He said Ray couldn't "even go to the bathroom" without being monitored by TV.

It is noted that a complaint was filed before the United States Commissioner at Birmingham, Alabama, on April 17, 1968, charging the subject, as Eric Starvo Galt, with a violation of Section 241, Title 18, United States Code.

It is our understanding that prosecution of the above charge is no longer possible in view of the fact that this offense was not cited in the order of extradition. It is requested that we be advised as to whether this is correct and if this is so, it is suggested that the Department arrange for the immediate dismissal of the Federal complaint.

ASSASSINATION OF MARTIN LUTHER KING, JR.

We are in receipt of a memorandum from Mr. Fred M. Vinson, Jr., Assistant Attorney General, Criminal Division, dated July 29, 1968, which was in response to our memorandum dated July 23, 1968, raising the question as to whether the Department should arrange for immediate dismissal of the Federal complaint against James Earl Ray. Mr. Vinson concurred in our recommendation that Federal Process be dismissed.

We indicated in this memorandum it is our understanding that prosecution of the Civil Rights - Conspiracy charge is no longer possible in view of the fact that this offense was not cited in the order of extradition.

Inasmuch as your view is in conflict with the opinion expressed by the Criminal Division, we would appreciate knowing under what circumstances prosecution of James Earl Ray would be obtained.

We directed a memorandum to the Attorney General pointing out that it was our understanding that since the Civil Rights - Conspiracy charge was not cited in the order of extradition, prosecution was not possible on this charge. The Criminal Division of the Department advised the Civil Rights Division that it concurred with our observation.

In a memorandum from the Civil Rights Division of the Department they advised it would not be appropriate to dismiss the complaint at this time as the conspiracy investigation is still underway. They further pointed out that if the evidence and outcome of state proceedings warrant continued pursuit of the prosecution against Ray, they would want to consider steps through proper channels to obtain a waiver from British Government under the treaty so prosecution could proceed. This memorandum to Mr. Pollak is for clarification in view of the position taken by Mr. Vinson.

This is in response to your memorandum to the Attorney General of July 23, 1968, raising the question as to whether or not the complaint filed against Ray in Birmingham on April 17, 1968 under 18 U.S.C. 241 should be dismissed.

In our view, it would not be appropriate to dismiss the complaint at this time. The conspiracy investigation is still under way. After that investigation has been completed, we would want to review the facts and determine whether or not prosecution of Ray or other persons might be appropriate. If the evidence and the outcome of the State proceedings warranted our continued pursuit of the prosecution against Ray, we would want to consider appropriate steps through proper channels to try to obtain a waiver from the British government under the Treaty so that prosecution could proceed.

The joint committee shall select a chairman from among the members appointed from the majority party.

(c) The joint committee is authorized to utilize the services, information, and facilities of departments and agencies in the executive branch of the Government. Q1 Post card addressed to "Mr. E Ray Memphis Tenn," postmarked "New York, N. Y. 22 JUL 1968" bearing handwritten message "You are next to die"

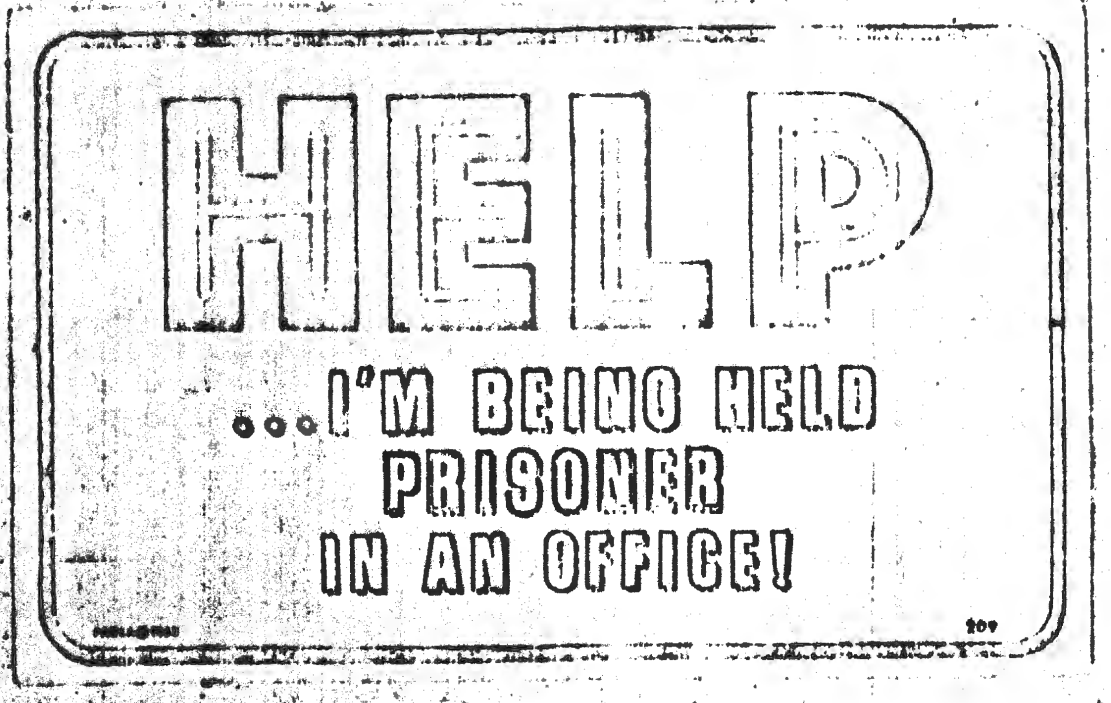
Result of examination:



Specimen Q1 was searched through the appropriate sections of the Anonymous Letter File but could not be identified with any prior submissions to this file. A photocopy of this item will be added to this file for future reference.

The Q1 post card is imprinted "The Paula Company, Cincinnati, Ohio-USA;" however, no indented writing or other distinguishing features were noted which would indicate the immediate source of this item.

Although the limited nature of the handwriting on Q1 precluded an adequate comparison of this with specimens submitted in the case entitled "Unsub; W. Preston Battle-Victim; Extortion-RM," differences were noted indicating that the items in this and the Battle case may not have been prepared by the same individual.

Q1 will be returned separately. Photographs were made.

Gentlemen:

On the day of Martin Luther King's funeral, immediately after the mule-drawn wagon left the church, Channel 8 TV clearly showed a tall white man walking on the right side of the wagon with his left hand on the casket. Insofar as he was the only white man in the picture, he seemed rather out of place. In fact, he wasn't there very long. However, the resemblance to the FBI drawing in the newspapers was striking.

My question is this. Could it have been Ray-Galt-Sneyd? Having followed the developments rather closely, I wouldn't be surprised if it was. And what would his excuse be? Insanity? Ego?

Your people at CBS may be sitting on a rather hot story if you review the video-tape as the procession left the church.

Identification of this man would conceivably convict or possibly exonerate the prime suspect.

An answer would be appreciated. This thing has been bugging me too long.

Sincerely,

Yes, I am glad that he has been returned to this country without undue delay, although this is due primarily to his having waived extradition. This is the case involving the murder of Martin Luther King, Jr.

Our Legal Attache in London previously furnished a copy of a letter from subject as Ramon G. Sneyd dated July 4, 1968, addressed to a Mr. J. B. Stoner, Attorney-at-Law, Savannah, Georgia. This letter in essence stated that subject was shown a letter written by Stoner concerning a legal fund which Stoner represents and subject advises that he had retained Mr. Hanes and would like to get his advice before he takes any action. Letter continues by advising that subject appreciates Stoner's offer of assistance. It is noted that this Stoner is possibly identical to one Jesse B. Stoner, who is Vice President of the National State Rights Party (NSRP) with headquarters in Savannah, who has been described as a racial rabble rouser.

We have learned that Dr. Edward R. Fields, a NSRP Director, had announced that the Patriotic Legal Aid Fund of Savannah had offered to defend James Earl Ray, the accused slayer of Martin Luther King, Jr.

[redacted] Dr. Fields made a statement that he was a personal friend of Arthur Hanes, Jr., the attorney for James Earl Ray, and Jesse B. Stoner recently mentioned that Hanes had called them apparently at the NSRP Office, acted mad and pointed out that he did not even recall meeting them and he was not "their friend." [redacted] Fields and Stoner were miffed that Hanes was so unfriendly, but acknowledged they had met Hanes only on one occasion which was for a brief moment. [redacted] the financial status of the NSRP is such that they could not afford to contribute any money to Ray's defense [redacted] Fields and Stoner had made the initial offer to aid Ray for their own publicity and for the purpose of attempting to increase their own prestige.

"One - Barclays Bank Slip in name of Sneyd." These personal possessions of Ray are now in the hands of Shelby County Sheriff in Memphis, Tennessee. Our Memphis Office advises that it appears that this is a transaction involving a change of currency from Portuguese to English, as the slip is for Barclays Heathrow Airport branch, and the date of the transaction is 5/17/68, the day that Ray returned to London from Portugal. The Memphis Division has obtained a copy of this item from the Shelby County Sheriff and they are forwarding a copy of this direct to Legat Minnich and, of course, are furnishing the Bureau with copy. Legat is being advised to this effect.

We do not have the results of any investigation conducted by New Scotland Yard regarding this slip nor do we have any information indicating the significance of this slip. It is possible that New Scotland Yard conducted investigation concerning this particular item as they do not record the results of negative investigation. We are requesting our Legat, London to determine if investigation conducted and if so, to submit results to Bureau. It is possible that subject did make a deposit in a bank, however, our Legat advises that New Scotland Yard authorities could not locate any bank account or safe deposit box of the subject in London.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

[redacted] Judge W. Preston Battle, Shelby County Criminal Court, Memphis, has received a letter from Marya and Laska Van Doornen, Bellflower, California. This letter was dated August 3, 1968, and requested the address of Ray's attorney, Arthur J. Hanes. The letter in part stated "We have a number of things we would like to tell the defense."

Bureau indices are negative regarding Marya and Laska Van Doornen.

Our Memphis Office has requested Los Angeles Office to discreetly determine identity of the Van Doornens, and if possible, to determine what, if any, connection they might have had with Ray. Memphis also stated, unless advised to the contrary by the Bureau, no attempt will be made to interview these persons except possibly under a suitable pretext as we do not desire to invite charges of interfering with the subject's defense.

The Los Angeles Office has been advised not to interview the Van Doornens under any circumstances, but to proceed to determine their identity through office records and established sources.

were made, these names were merely added to the passenger manifest and no addresses were obtained. Efforts to locate this manifest to date have been negative.

Investigation conducted by Kansas City and San Francisco Divisions determined that the addresses furnished by [redacted] and [redacted] at the William Len Hotel were nonexistent. These Divisions as well as Houston and Memphis have been unable to identify [redacted] or [redacted] through contact with airline personnel, transportation drivers, motel and hotel clerks, credit and criminal checks, and through a review of street and telephone directories in the pertinent cities involved.

The FBI Laboratory developed six latent fingerprints of value on Q349 which was the William Len Hotel registration card of WALKER and five latent fingerprints of value were developed on Q350 which was the registration card for [redacted]

The FBI Identification Division developed [redacted] FBI # [redacted] as a suspect possibly identical with [redacted] who registered at the William Len Hotel. The Latent Fingerprint Section of the FBI, Identification Division, has advised that the latent prints developed on Q349 and Q350 are not identical with the fingerprints of [redacted] FBI # 52651D. The FBI Laboratory has also advised that the handwriting appearing on Q349 and Q350 is not identical with the handwriting of [redacted] FBI # [redacted]

The William Len Hotel personnel advised that this [redacted] is not identical with [redacted] or [redacted] who registered at the hotel on 4/4/68. [redacted] FBI # [redacted] was interviewed by a BuAgent on 6/12/68 at St. Louis, Mo., and denied being in Memphis or ever flying via commercial airlines. Driver for the Yellow Cab Company transporting [redacted] and [redacted] to Metropolitan Airport, Memphis, advised that a photograph of [redacted] FBI # [redacted] is definitely not identical with either of the two individuals that he transported to the Metropolitan Airport, Memphis, in the early a.m. of 4/5/68.

The Yellow Cab Company driver, William Len Hotel employees, and Delta Airlines employees advise that JAMES EARL RAY is definitely not identical with the two individuals that they had dealings with in Memphis on 4/4-5/68.

Although it is agreed that [redacted] and [redacted] departed the Memphis area in a somewhat suspicious manner on 4/5/68, many visitors and residents, immediately after KING was killed, departed the Memphis area by any means of transportation available due to the real existence of fear of the riot as a result of KING's killing. The Memphis Division conducted investigation regarding numerous persons who left the area after KING's killing and [redacted] and [redacted] were merely two individuals of the large number of individuals who were under investigation as suspects prior to the identification of ERIC STARVO GALT at the Rebel Motel, Memphis, and subsequent identification of JAMES EARL RAY as being identical with ERIC STARVO GALT.

Due to the manner in which [redacted] and [redacted] departed the Memphis area and the lack of luggage at the time of their arrival and departure, it is believed that [redacted] and [redacted] were "running from something," possibly law enforcement and/or were in the city of Memphis for some type of illegal activity.

Since [redacted] and [redacted] furnished nonexistent addresses in San Francisco and Kansas City, Kansas, and it is believed that they actually changed names while in Memphis, it is not believed that any of the names used in Memphis by these individuals would be their true identities.

In view of the above, no further investigation is being conducted or directed by the Memphis Division concerning the William Len Hotel phase in this matter.

Date 4/7/68

Miss EDITH BRUNER, Clerk, William Len Hotel, advised she noticed two individuals in the lobby of her hotel during the early evening of April 4, 1968. She stated that she did not know the names of these individuals, but knew that they were registered at the hotel as [redacted] and [redacted] however, she did not know which of the individuals was [redacted] and which was [redacted] She said she first saw them in the lobby at approximately 7:30 p.m. They, according to Miss BRUNER, at that time just seemed to be killing time, and asked general questions about Memphis and the racial conditions which had existed and were existing in Memphis. Miss BRUNER stated that the taller of the two men advised her that they were from California, but they gave her no information as to why they were in Memphis or what they intended to do in Memphis.

Miss BRUNER advised that she could not furnish any details concerning the activities of these two individuals on the afternoon of April 4, 1968, nor could she furnish any details regarding their activities after 7:30 on April 4, 1968. She could not state whether or not either or both of them had left the hotel during the time they were staying at the hotel for any period of time. She said during the evening of April 4, 1968, she did not pay any particular attention to them, but just merely noted that they were around the lobby of the hotel on various occasions. Miss BRUNER furnished the following description of the two men:

A. Shorter Man

Race:	White
Age:	25 to 26
Height:	5'10"
Weight:	150 pounds
Hair:	Ash brown, parted on the side
Dress:	Grey suit and tie

She could furnish no further descriptive data on this individual.

Miss BRUNER could furnish no further descriptive data on this individual.

Miss EDITH BRUNER continued by advising that the two above-mentioned individuals checked out of the William Len Hotel at approximately 12:30 p.m., April 5, 1968. She said when they checked out, they seemed to be in an extreme hurry. She pointed out that they had put a deposit on their key when they checked in inasmuch as they did not have any baggage, but they checked out in such a hurry that they almost forgot to collect the money which they had put on the deposit. She said she had to remind them to collect their deposit on the key, but they seemed to be more interested in checking out and getting out of the hotel than they did collecting the money which they had on deposit. Miss BRUNER said she did not particularly note what the two men did after they left the hotel, and, therefore, could furnish no further information regarding their activities after this time.

RE: SUSPECTS W. DAVIS, B. CHIDLOW, VINCENT WALKER, AND LAWRENCE RAND

The following investigation was conducted by SA [redacted] at Memphis, Tennessee, on the dates indicated:

Miss RUBY WIGGINS, Desk Clerk, William Len Hotel, 110 Monroe Avenue, Memphis, Tennessee, advised on May 22, 1968, she registered [redacted] of [redacted] San Francisco, California, into Room [redacted] and [redacted] Kansas City, Missouri, into Room [redacted] at approximately 2:00 P.M. on April 4, 1968. She said neither individual had a roomer's reservation at the time they arrived at the hotel and each paid in cash $4.68 for the room plus a $1.00 deposit on the key for the room. Miss WIGGINS advised she does not recall the denomination of the bill either individual gave to her to pay for the charges but recalls it was in cash and not paid by check or credit cards. She said neither individual furnished any form of identification when they registered into the room. Miss WIGGINS stated when they arrived at the hotel, they requested the cheapest room she had for rent.

Miss WIGGINS advised she does not know how either individual arrived at the hotel but is pretty certain that they did not have a car.

Miss WIGGINS was shown several photographs of JAMES EARL RAY, FBI #405 942 G. Miss WIGGINS said neither of the individuals was anywhere near as old as the photograph of JAMES EARL RAY and added that neither one of the individuals looked like the photographs of JAMES EARL RAY. Miss WIGGINS commented that the smaller of the two individuals who registered at the hotel could possibly in a faint sort of way resemble the 1960 photograph of JAMES EARL RAY that appears on the identification order. She stated, however, that neither one of the individuals was old enough to be JAMES EARL RAY and, in her opinion, neither one looked anything at all like JAMES EARL RAY.

Miss MARTHA BRANNAN, Desk Clerk, William Len Hotel, advised on May 21, 1968, she was working at the desk when Miss RUBY WIGGINS, Desk Clerk, registered in [redacted].

and [redacted] mentioned above. She said she recalls that neither individual had a reservation when they arrived at the hotel and both individuals paid cash for the room after asking for the cheapest room in the hotel. Miss BRANNAN advised that she does not recall the denomination of the bill either individual gave to pay the charges but recalls it was cash and not paid by credit cards. She said, as she recalls, neither individual furnished any type of identification.

Miss BRANNAN was shown photographs of JAMES EARL RAY, FBI #405 942 G. Miss BRANNAN said neither of the individuals was anywhere near as old as JAMES EARL RAY and neither of them looked anything like the photographs of JAMES EARL RAY.

Miss ROSE FRATINI, Switchboard Operator, William Len Hotel, advised she was on the switchboard at the hotel during the afternoon, evening, and night of April 4, 1968. Miss FRATINI advised she recalls when [redacted] of San Francisco, California, and [redacted] of Kansas City, Missouri, checked into the hotel. She stated she believes it was approximately 2:05 P.M. on April 4, 1968, when these two individuals checked in without a reservation. She stated that they appeared nervous and did not do a great deal of talking. Miss FRATINI stated neither individual made any phone calls through the switchboard and no one made any phone calls to either of these individuals. She further advised she does not recall that either of these individuals used the pay telephone in the lobby of the hotel.

Miss FRATINI was shown several photographs of JAMES EARL RAY, FBI #405 942 G, and said neither of the individuals known as [redacted] and [redacted] was anywhere as old as JAMES EARL RAY and neither of these individuals looked anything like the photographs of JAMES EARL RAY.

Mrs. BEE ALBRIGHT, Operator, Cigar Stand, lobby of William Len Hotel mentioned above, advised on May 22, 1968, that she recalls 2 individuals in the lobby of the hotel during the afternoon and evening as well as night of April 4, 1968, as being nervous and asking minor questions about the Memphis area. Mrs. ALBRIGHT advised she could not recall the names off-hand but said they were 2 individuals who came in on the afternoon, registered at the hotel, and left shortly

after midnight. Mrs. ALBRIGHT was shown several photographs of JAMES EARL RAY, FBI #405 942 G. Mrs. ALBRIGHT stated that neither of the individuals looked anywhere near like any of the photographs of JAMES EARL RAY. She said the main reason that they did not look like RAY is because both of these individuals were very young and not near as old as photographs of JAMES EARL RAY.

Miss EDITH BREWER, [redacted] Memphis, Tennessee, advised that she is a desk clerk at the William Len Hotel, Memphis, and generally works from 11:00 P.M. to approximately 8:00 A.M. Miss BREWER advised she recalls that she came on duty early on April 4, 1968, and recalls that 2 individuals who were registered in the hotel were pacing back and forth in the lobby of the hotel asking questions about the Memphis area. Miss BREWER said they seemed to be nervous. Miss BREWER stated she was on duty when they checked out of the hotel at approximately 12:30 A.M., April 5, 1968, and recalls that they were in a hurry to catch a cab and were hesitant about waiting for their refund of $1.00 deposit on their key.

Miss BREWER was shown several photographs of JAMES EARL RAY, FBI #405 942 G. Miss BREWER stated that the side view photograph of JAMES EARL RAY taken in 1960 as appears on the identification order somewhat vaguely resembles one of the individuals but added that the individuals in the hotel were much younger than the photographs of JAMES EARL RAY. She said neither of these individuals, in her opinion, was JAMES EARL RAY.

Mr. KIRK BOWMAN, [redacted] Memphis, advised he is currently employed by the Travelodge Motel but stated that during the early part of April 1968 he was employed as a desk clerk, night manager, and auditor for the William Len Hotel mentioned above. Mr. BOWMAN advised he recalls coming to work late, approximately 11:00 P.M. on April 4, 1968, and worked on through the morning, April 5, 1968. He recalls that 2 individuals by the names of [redacted] and [redacted] checked out of the hotel at approximately 12:30 A.M. He said these individuals had prepaid for their room. Therefore, his only duty was to refund $1.00 deposit to each of them on the keys that they had for their rooms.

Mr. BOWMAN was shown several photographs of JAMES EARL RAY, FBI #405 942 G. Mr. BOWMAN advised none of the photographs of JAMES EARL RAY appeared to resemble either

of the individuals who checked out of the hotel. He
comment that the 1960 front view photograph of RAY as shown
on the identification order does bear a slight resemblance
in facial features; however, both of the individuals [redacted]
registering at the hotel were much younger than the photo-
graphs of JAMES EARL RAY.

Mr. JOYNER W. FARRIS, [redacted] on May 22, 1968, that he
West Memphis, Arkansas, advised on May 22, 1968, that he
is employed by the Yellow Cab Company, 581 South Second

evening of April 4, 1968, and the early morning hours of
April 5, 1968.

Mr. FARRIS advised he recalls picking up 2 fares
at the William Len Hotel at approximately 12:30 A.M. on
April 5, 1968. Mr. FARRIS said that he waited for 2 in-
dividuals to check out of the hotel and he drove them to
the airport in Memphis to catch a plane out of the city.
Mr. FARRIS commented that early in the evening of April 4,
1968, he picked up a fare at the William Len Hotel and this
individual requested that he drive him to West Memphis,
Arkansas. Mr. FARRIS stated as they approached the bridge,
this individual changed his mind and told him to drive him
to the airport. Mr. FARRIS advised after they arrived at the
airport, this individual whose name he did not know requested
that he wait while he went in to check on reservations. Mr.
FARRIS stated he waited and shortly thereafter this individual
returned to his cab and requested to be driven back to the
William Len Hotel. Mr. FARRIS advised that when they arrived
at the William Len Hotel, this individual again requested
that he wait while he checked out of the hotel. When this
individual returned to the cab he had another individual
with him and it was at that time that both requested to be
driven to the Memphis Metropolitan Airport.

Mr. FARRIS stated he did not strike up a conver-
tion with these individuals and does not recall discussin
much of anything with them. He said he does not recall
that they had any luggage whatsoever when they checked
out of the hotel or into the cab. He said when they re
their destination at the airport, they paid the taxi c
fare in cash but he does not remember the amount and d
not remember the denomination of the bill that was gi
him for payment of the fare.

He said he recalls previously checking this flight and determined that 2 individuals did not have reservations but caught this flight which was non-stop to Houston, Texas.

He said this flight was due to leave Memphis at 12:25 A.M. on April 5, 1968, and was non-stop to Houston. He said the flight left at 1:30 A.M. on April 5, 1968. Mr. HAGSTETTE advised he would request the Atlanta office to furnish a new manifest to his office so that he could determine who the passengers were on this flight.

On June 6, 1968, Mr. HAGSTETTE advised his Atlanta office advised him their work was way behind and requested that their office in Atlanta be contacted by the Atlanta Division of the FBI for a copy of this manifest. He pointed out that he recalls from previous inquiry it was determined that the names [redacted] and [redacted] were passengers' names that were added to the list of passengers for flight #157 and would not appear on the manifest as printed by the computer.

Mr. JIM WEDDLE, Ticket Agent, Delta Airlines, advised he resides at 4582 Applestone, Memphis, Tennessee. He said that he worked on the 6:00 P.M. to 3:00 A.M. shift on April 4, 1968, and April 5, 1968. He stated as he recalls he left work at approximately 3:30 A.M. on April 5, 1968.

on this flight for 2 individuals but stated he did not have money with him to pay for the tickets. He said this individual informed him that he would return to the ticket counter later to pay for the tickets prior to boarding on the plane. Mr. WEDDLE stated he only saw one individual that was shabbily dressed. As he recalls, this individual wore a long-sleeve dirty white shirt, gray trousers, and possibly had a 2 day growth of beard. Mr. WEDDLE stated he did not know the name of this individual but assumed that it was either [redacted] or [redacted] He said he made reservations for this individual and sometime after midnight this individual came to the counter and paid for the 2 tickets which amounted between $50 and $60 with $5 and $1 bills. Mr. WEDDLE stated he does not recall checking any baggage for this individual either time he appeared at the ticket counter. Mr. WEDDLE advised that he recalls the name [redacted] as it is a common name and recalls the name [redacted] because he and other ticket agents were commenting that the name probably should be [redacted]

Mr. WEDDLE stated he has seen numerous photographs of JAMES EARL RAY, FBI #405 942 G. Mr. WEDDLE stated that this individual who purchased these 2 tickets did not resemble any of the photographs of RAY in any way. He pointed out he did not see the other individual for whom the ticket was purchased. This man did not give him any address here in Memphis.

Mr. JIMMY D. SULLINGER, [redacted], Southaven, Mississippi, advised on June 3, 1968, he was working as a ticket agent for Delta Airlines at the Memphis Metropolitan Airport from approximately 11:30 P.M. to approximately 8:00 A.M., April 4-5, 1968. Mr. SULLINGER advised he recalls the name [redacted] specifically as the various ticket agents were pronouncing the name [redacted]. Mr. SULLINGER advised he did not see the individual who purchased the tickets in the names of [redacted] and [redacted] and can furnish no information whatsoever concerning these 2 individuals. Mr. SULLINGER stated he may have been the individual who checked passengers onto the flight at the ticket gate and he has no way of knowing whether or not he was the individual who checked them onto the plane. He said he does not recall any of the passengers who boarded that flight and he definitely does not recall seeing or meeting [redacted] or [redacted] who were on flight #157 leaving Memphis non-stop for Houston on April 5, 1968.

Mr. HAROLD BYRD, Ticket Agent, Delta Airlines, Memphis Metropolitan Airport, advised on June 3, 1968, that he was employed as a ticket agent at the Delta Airlines ticket counter from approximately 3:30 P.M. on April 4, 1968, to approximately 2:00 A.M. on April 5, 1968. He stated he recalls that 2 individuals by the names of [redacted] and [redacted] were walk-up passengers to the ticket counter and did not have reservations prior to the early evening of April 4, 1968. According to Mr. DOOLIN, he did not see the individual who purchased the 2 tickets in the names of [redacted] and [redacted] Mr. DOOLIN further commented that he may have "closed out" the flight, but he does not recall seeing the 2 passengers [redacted] and [redacted] He said by "closing out" the flight he meant that he may have checked all the passengers onto flight #157 just prior to its departure from Memphis. Mr. DOOLIN advised he could furnish no information whatsoever concerning the 2 passengers [redacted] and [redacted]

Mr. FRANK GUY, [redacted] Memphis, advised he is a porter for Delta Airlines at the Memphis Metropolitan Airport. He stated he was working as a porter during the evening of April 4, 1968, and the morning of April 5, 1968. He stated he recalls that he was working this particular shift because that was the night that Dr. MARTIN LUTHER KING was killed and there was a curfew on. He stated he was very busy the entire evening and night because of the curfew and does not recall that anyone else was working with him that night. Mr. GUY stated he does not recall any passenger coming out to

the airport in a Yellow cab asking the Yellow cab to wait for him while he went in to purchase a ticket and then return to the cab. Mr. GUY advised he cannot furnish any information concerning any of the passengers who boarded any of the Delta flights during the evening of April 4 and the morning of April 5, 1968.

This is the case involving the murder of Martin Luther King, Jr. This memorandum is in specific reference to the investigation conducted at William Len Hotel in Memphis, Tennessee, regarding suspects [redacted] and [redacted]

As a result of checking various hotels and motels in Memphis, Tennessee, regarding suspects in this matter, it was determined that an individual by the name of [redacted] and another by the name of [redacted] registered at the William Len Hotel in Memphis on April 4, 1968.* On April 5, 1968, they made a hasty departure from the hotel taking a taxicab to the Memphis Airport. Investigation strongly indicates that these two individuals departed Memphis by Delta Airlines Flight No. 157, nonstop to Houston, Texas, on April 5, 1968, using the names of [redacted] and [redacted]

* These men used fictitious addresses when registering on the day of the assassination.

This matter has been thoroughly checked with negative results in order to determine the true identity of these individuals. It appears that these two individuals may have been in Memphis for the possibility of committing some illegal activity or there as possible fugitives "cooling off" and departed immediately because of the pressure of law enforcement on the King assassination.

Memphis Division submitted the hotel registration cards concerning [redacted] and [redacted] and six unidentified latent fingerprints were developed from the card of [redacted] and five unidentified latent fingerprints were developed from the card of [redacted]

RE: MURKIN

RECOMMENDATION:

Since all other logical investigation has been conducted in an effort to identify these individuals without success, and in view of the possibility they may have been implicated as co-conspirators in the King slaying, it is recommended, if feasible, that the latent fingerprints developed on the hotel registration cards be compared with those of white Bureau fugitives between the ages of 20 and 35. It is noted that the best available information indicates that [redacted] and [redacted] are described as white males between the ages of 20 and 35.

Memo R[redacted]n to DeLoach
Re: MURKIN

ADDENDUM OF THE IDENTIFICATION DIVISION: N. E. McDaniel/hs 8-6-68

The foregoing recommendation is premature. Of the eleven latent fingerprints developed on the hotel registration cards concerning [redacted] and [redacted] only two on one of the [redacted] cards are possibly susceptible to a comparison of the type recommended. The Identification Division has no information to indicate that the latent fingerprints are those of [redacted] or [redacted] Prior to considering the recommendation of the General Investigative Division, the Memphis Office should submit elimination prints of the hotel employees and law enforcement officers who may have had occasion to handle the evidence. Upon receipt of such elimination prints the Identification Division will make comparisons with the latents developed on the hotel registration cards. This examination might very well eliminate the two latent prints on the one [redacted] card which do appear to be possibly susceptible to the recommended comparison.

If the General Investigative Division feels that on the basis of the information available to them that the costly, time-consuming examination which they have recommended is warranted, then it is suggested that the elimination prints be obtained before proceeding further in this matter.

ADDENDUM OF GENERAL INVESTIGATIVE DIVISION: REL:cs 8/8/68

In view of the important phase of eliminating [redacted] and [redacted] as possible conspirators in this case, we are instructing our Memphis Office to submit elimination prints. Upon receipt of these elimination prints, it will be recommended that the Identification Division compare the pertinent latents with those of White Bureau fugitives between the ages of 20 and 35.

For information of Kansas City and Memphis, when the State of Missouri sent their extradition papers to the Embassy in London, the original identification card of the subject was sent in error. Missouri had evidently meant to send a copy of the identification card.

According to Mr. Jack Herfurt, Counsellor for Consular Affairs at the American Embassy in London, the Missouri State Penitentiary officials have asked for the return of the original card for their records. Mr. Herfurt states that the original is not at the Bow Street Court, the Foreign Office, the Home Office and is not in his records at the Embassy. Legat suggests that the original may have been among the papers which traveled back with the subject on 7/18/68. The Missouri State Penitentiary officials, of course, desire that the original card be sent to them.

Bureau is not in receipt of this original card and Legat, London may wish to suggest to Mr. Herfurt that he again check the records, particularly the original extradition papers as the original may still be contained in the same papers.

Dear Mr. Hoover:

In connection with the Ray extradition I wish to commend the personnel of the Federal Bureau of Investigation.

I made two trips to London in connection with the formal extradition process, and my work there was greatly lightened by the interest and cooperation of the Legal Attache in London, John Minnick. Mr. Minnick was not only knowledgeable and effective, but I am sure we could not have accomplished what was accomplished without the splendid relationship that he has developed with New Scotland Yard and other officials in England. This was most important in several respects and without his assistance I would have had a substantial difficulty in accomplishing several objectives while in London.

With respect to arrangements for Ray's return to this country, Al Rosen on this end and Mr. Minnick on the London end were indispensable ingredients of an operation that went without a hitch.

SUBJECT: MURKIN

1 - Mr. Long

This is the case involving the murder of Martin Luther King, Jr.

The Legal Attache in Ottawa has furnished us with results of investigation by the Royal Canadian Mounted Police (RCMP) regarding activities of subject Ray while in Toronto, Canada. [redacted]

The investigative results include the interview of a person by the name of [redacted] who identified the photograph of James Earl Ray as the individual whom she spent one night with at the Lord Simco Hotel in Toronto, Canada, in April of 1968. She claims that she picked Ray up at the Metropol Hotel in Toronto and stated that Ray used foul language while he was making love to her. Officers of the RCMP described her as a prostitute, alcoholic and confirmed liar and incapable of telling the whole truth. Photographs of [redacted] are attached.

The investigative report of the RCMP also states that Ray on April 23, 1968, entered Loblaw's Grocerteria, Toronto, Canada, from the rear of the establishment and asked the assistant manager for a full time job. Ray was notified that full time help was only hired from the head office, not by various branches and the correct address and phone number of the home office was supplied to Ray. The head office of Loblaw's was checked, however, there is no record of Ray applying for a job under his own name or aliases. REC 46 44-38861-5035

The RCMP report also advises that they have made investigation at 103 branches of various banks in the Toronto area, as well as 125 branches of the Royal Bank of Canada in Toronto with negative results concerning the possibility of Ray having a bank account or safety deposit box in such establishments.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

The trial for subject James Earl Ray has been scheduled for 11/12/68 at Shelby County, Memphis, Tennessee, and the judge to hear this case is W. Preston Battle. Our Memphis Office advised that Judge Battle is described as one of the most experienced trial judges in Memphis; he is sixty years of age and attended Washington and Lee University as well as Memphis University Law School. He received his license to practice law in 1933; has served as Assistant to the District Attorney General for Shelby County, Tennessee, for eleven years and entered private practice of law in Memphis in 1945. Most of his work has been devoted to the practice of criminal law. In 1959, he was appointed judge for Division 3 of the Criminal Court of Shelby County. Judge Battle is a member of the Shelby County Bar Association and has served on the Board of Directors, as well as the Executive Committee of the Association.

Judge Battle has been described by individuals as a judge who runs a no-nonsense courtroom and he has had some of his decisions reversed, according to newspaper articles, but the newspaper articles state this is a mark of a judge who hears a lot of cases and is not afraid to blaze trails. He is further described as a stickler for legal aspects of a case and will often recess court to check a point of law. Individuals also describe Judge Battle as a person who will give sharp words to lawyers who employ grandstand tactics in a courtroom and he is a person who displays patience

with defendants and witnesses who appear nervous or who do not sometimes understand legal procedures.

According to the files of the Bureau and our Memphis Office, Judge Battle has been the subject of two Civil Rights complaints, both in 1965. In the one case, the victim complained that he had been illegally extradited and the judge told him that regardless of how he had been returned to Memphis, an indictment was outstanding against him and he was going to stand trial in the court. In the second case, the victim complained that Judge Battle told a prisoner to be quiet in his courtroom and therefore, this was a violation of the victim's civil rights. In both of these cases, the complaints were referred to the Civil Rights Division of the Department and no further investigation was requested by the Department.

The Bureau files, as well as the Memphis files, contain no information of a derogatory nature concerning Judge Battle.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Special Agent in Charge (SAC) Joseph Gamble of the Birmingham Office telephonically advised that he received a telephone call from Robert Wood, owner of the Aeromarine Supply Company, Birmingham, Alabama, to the effect that his son, Donald Wood, and other employees of the company have been receiving threatening telephone calls. It is noted that James Earl Ray purchased the rifle from Donald Wood of the Aeromarine Supply Company on March 29-30, 1968. To be specific, the call that Donald Wood received from an unknown individual was to the effect that he would not live to testify in the James Earl Ray case. The employees received telephone calls along the line that they wanted to know if they sold sawed-off shotguns and told them they had better start to sell them.

SAC Gamble stated that he has taken no action on this matter and due to the importance of this case, he would like the Bureau's views.

EX-100 REC-35 44-38861-5038

Mr. Stephen J. Pollak, Assistant Attorney General, Civil Rights Division, was apprised of the threatening telephone calls received, and he was advised that it has not as yet been determined if Federal process will be dismissed, we are alerting the Birmingham authorities of the threats made. In view of the Tennessee authorities' prosecution of subject Ray on State charges, we are notifying Mr. Phil M. Canale, Jr., State Attorney General, Shelby County, Tennessee, of these telephone calls.

After learning of this information, Mr. Pollak 12 1968 advised that he did not desire any further action, however, he did desire that our Birmingham Office apprise the U. S.

Mr. Vinson stated he would appreciate being informed of what sort of bank transaction was represented by this document.

The personal effects, including this slip, are presently in possession of the Shelby County Sheriff's Office, Memphis, Tennessee. Re Charlotte teletypes to Bureau dated 7/24/68 and 7/31/68; and Bureau airtel to Charlotte dated 7/29/68.

There is being furnished the Laboratory herewith a plastic container bearing the words "Code-A-Phone," which contains a tape recording of voices of individuals who contacted "The Hot Line" column of the "Greensboro Record" newspaper. According to Mr. DAVE ALEXANDER, City Editor of that newspaper, this tape contains the recorded message of an unidentified male who called the newspaper on 7/23/68 and indicated that he knew JAMES EARL RAY was innocent because RAY was in Greensboro, N. C. at the time of the assassination of MARTIN LUTHER KING.

The Bureau in referenced airtel instructed the Charlotte Office to obtain this tape and submit it to the FBI Laboratory inasmuch as the Laboratory may be able to use this tape in a voice comparison matter at a later date.

At this time no specific request is being made of the Laboratory. The decision as to what action should be taken is being left to the Bureau and Memphis. For the information of the Bureau and Laboratory, the tape being sent as an enclosure is played back on a "Code-A-Phone," Model 770, manufactured by Ford Industries, Incorporated, Portland, Oregon.

This case involves the murder of Martin Luther King, Jr.

Attached is Xerox copy of Memphis airtel dated 7/31/68 relating to investigation to identify two individuals, [redacted] and [redacted] or [redacted] who checked into William Len Hotel, Memphis, Tennessee, at 2:38 p.m. on 4/4/68 and checked out at approximately 12:10 a.m. on 4/5/68. The circumstances surrounding their departure in Memphis shortly after the murder of King has warranted our investigation to identify these individuals since there is always the possibility that they may have been involved in the murder of King. Our investigation to date has been negative and the conclusion of Memphis is that both of these individuals were "running from something." There is also attached a memorandum from Mr. Rosen to Mr. DeLoach indicating that in view of the possibility that [redacted] and [redacted] may have been implicated as co-conspirators in the King slaying, that the fingerprints developed on hotel registration cards relating to them be compared with fingerprints of white Bureau fugitives between the ages of 28 and 35.

EX-103 REC-39 44-38861-5048

In order to assist in the identification of [redacted] and [redacted] or [redacted] it is suggested that consideration be given to contacting informants in the Klan and white hate groups since there is a possibility that these informants may be able to identify known militant members of the Klan or white hate groups who were not in their normal location on the day of and the day after King's murder. There is a very meager physical description for both individuals and if consideration is given to requesting a check of logical racial informants it is suggested that a review be made of the Memphis report relating to our investigation of these individuals.

This is the case involving the murder of Martin Luther King, Jr. This memorandum is in specific reference to the investigation conducted at William Len Hotel in Memphis, Tennessee, regarding suspects [redacted] and [redacted]

As a result of checking various hotels and motels in Memphis, Tennessee, regarding suspects in this matter, it was determined that an individual by the name of [redacted] and another by the name of [redacted] registered at the William Len Hotel in Memphis on April 4, 1968. On April 5, 1968, they made a hasty departure from the hotel taking a taxicab to the Memphis Airport. Investigation strongly indicates that these two individuals departed Memphis by Delta Airlines Flight No. 157, nonstop to Houston, Texas, on April 5, 1968, using the names of [redacted] and [redacted]

This matter has been thoroughly checked with negative results in order to determine the true identity of these individuals. It appears that those two individuals may have been in Memphis for the possibility of committing some illegal activity or there as possible fugitives "cooling off" and departed immediately because of the pressure of law enforcement on the King assassination.

Memphis Division submitted the hotel registration cards concerning [redacted] and [redacted] and six unidentified latent fingerprints were developed from the card of [redacted] and five unidentified latent fingerprints were developed from the card of [redacted]

RECOMMENDATION:

Since all other logical investigation has been conducted in an effort to identify these individuals without success, and in view of the possibility they may have been implicated as co-conspirators in the King slaying, it is recommended, if feasible, that the latent fingerprints developed on the hotel registration cards be compared with those of white Bureau fugitives between the ages of 20 and 35. It is noted that the best available information indicates that [redacted] and [redacted] are described as white males between the ages of 20 and 35.

Re William Len Hotel, Memphis, Tenn., phase of investigation.

Enclosed herewith is one Xerox copy each of an investigative insert reflecting investigation conducted by SA [redacted] at Memphis, Tenn., and an FD-302 dated 4/7/68 reflecting interview of Miss EDITH BRUNER, Clerk, William Len Hotel.

[redacted] San Francisco, California, and [redacted] of [redacted] Kansas City, checked into the William Len Hotel, Memphis, Tenn., at 2:38 p.m. on 4/4/68 and checked out at approximately 12:10 a.m. on 4/5/68. [redacted] and [redacted] were immediately transported to the Memphis Metropolitan Airport via Yellow Cab.

Two individuals believed to be identical with [redacted] and [redacted] based on the Memphis PD investigation and time element concerning flights leaving Metropolitan Airport, furnished Delta Airlines personnel at Metropolitan Airport names of [redacted] and [redacted] no addresses, departed Memphis via Delta Airlines flight # 157 nonstop to Houston, Texas, at 1:57 a.m., 4/5/68 with a scheduled arrival time, Houston, at 2:50 a.m. same date. Tickets for the flight were purchased just prior to departure time and since no reservations

were made, these names were merely added to the passenger manifest and no addresses were obtained. Efforts to locate this manifest to date have been negative.

Investigation conducted by Kansas City and San Francisco Divisions determined that the addresses furnished by [redacted] and [redacted] at the William Len Hotel were nonexistent. These Divisions as well as Houston and Memphis have been unable to identify [redacted], or [redacted] through contact with airline personnel, transportation drivers, motel and hotel clerks, credit and criminal checks, and through a review of street and telephone directories in the pertinent cities involved.

The FBI Laboratory developed six latent fingerprints of value on Q349 which was the William Len Hotel registration card of [redacted] and five latent fingerprints of value were developed on Q350 which was the registration card for [redacted]

The FBI Identification Division developed [redacted] FBI # [redacted] as a suspect possibly identical with [redacted] who registered at the William Len Hotel. The Latent Fingerprint Section of the FBI, Identification Division, has advised that the latent prints developed on Q349 and Q350 are not identical with the fingerprints of [redacted] FBI # [redacted] The FBI Laboratory has also advised that the handwriting appearing on Q349 and Q350 is not identical with the handwriting of [redacted] FBI # [redacted]

The William Len Hotel personnel advised that this [redacted] is not identical with [redacted] or [redacted] who registered at the hotel on 4/4/68. [redacted] FBI # [redacted], was interviewed by a BuAgent on 6/12/68 at St. Louis, Mo., and denied being in Memphis or ever flying via commercial airlines. Driver for the Yellow Cab Company transporting [redacted] and [redacted] to Metropolitan Airport, Memphis, advised that a photograph of [redacted] FBI # [redacted] is definitely not identical with either of the two individuals that he transported to the Metropolitan Airport, Memphis, in the early a.m. of 4/5/68.

The Yellow Cab Company driver, William Len Hotel employees, and Delta Airlines employees advise that JAMES EARL RAY is definitely not identical with the two individuals that they had dealings with in Memphis on 4/4-5/68.

Although it is agreed that [redacted] and [redacted] departed the Memphis area in a somewhat suspicious manner on 4/5/68, many visitors and residents, immediately after KING was killed, departed the Memphis area by any means of transportation available due to the real existence of fear of the riot as a result of KING's killing. The Memphis Division conducted investigation regarding numerou persons who left the area after KING's killing and [redacted] and [redacted] were merely two individuals of the large number of individuals who were under investigation as suspects prior to the identification of ERIC STARVO GALT at the Rebel Motel, Memphis, and subsequent identification of JAMES EARL RAY as being identical with ERIC STARVO GALT.

Due to the manner in which [redacted] and [redacted] departed the Memphis area and the lack of luggage at the time of their arrival and departure, it is believed that [redacted] and [redacted] were "running from something," possibly law enforcement and/or were in the city of Memphis for some type of illegal activity.

Since [redacted] and [redacted] furnished nonexistent addresses in San Francisco and Kansas City, Kansas, and it is believed that they actually changed names while in Memphis, it is not believed that any of the names used in Memphis by these individuals would be their true identities.

In view of the above, no further investigation is being conducted or directed by the Memphis Division concerning the William Len Hotel phase in this matter.

This is the case involving the murder of Martin Luther King, Jr.

[redacted] a former symbol informant was discontinued by the Bureau as he furnished unreliable information and information that could not be verified or corroborated. He recently provided information to the effect that several individuals involved in various acts of violence in Mississippi could possibly be involved in the assassination of Martin Luther King, Jr. The person allegedly furnishing information to the former informant is [redacted] who is believed to be mentally disturbed and is the mother of [redacted] who was involved in the bombing at [redacted]

Our Jackson Office has accounted for the whereabouts of these individuals enumerated by the former informant during the pertinent time. The mother of [redacted] was located and interviewed, and she refused to discuss the entire matter. She denied knowing anyone by the names as enumerated by the former informant. Miami points out that prior interviews with the son and daughter-in-law of [redacted] indicate that she has a mental problem.

This will acknowledge your memorandum of July 26, 1968, titled as above.

It may well be that Mr. Canale, the State Attorney General of Shelby County, Tennessee, will wish to examine Items 1 and 6 listed in that memorandum. I would doubt that he would have use for the other material, but would appreciate it if you would make known to him its availability.

I spoke to Mr. Canale several weeks ago, and he indicated to me that he would soon commence trial preparation. A substantial amount of the evidence which I am sure he will want to produce at trial comes about through the intensive FBI investigation into this matter, as well as FBI laboratory work. I would suggest that it might be timely to have Mr. Jensen, SAC in Memphis, contact Mr. Canale to be sure that he is aware of the scope and extent of the federal investigation and to proffer him whatever assistance he requires.

Dear Mr. Hill:

I have received your letter dated July 28, 1968, and want to assure you that the FBI did not participate in the preparation of the article by Jeremiah O'Leary which appears in the August, 1968, issue of "The Reader's Digest." Independent investigations made by news reporters do not, of course, have any connection with official investigations conducted by the FBI.

Since James Earl Ray was one of our "Ten Most Wanted Fugitives," the FBI did issue biographical and descriptive data last spring intended to aid in his apprehension. All of that information conformed to the guidelines laid down by the Attorney General and was approved by the Department of Justice.

The interest which prompted you to write me concerning this matter is indeed appreciated.

Sincerely yours,

J. Edgar Hoover

The article to which he refers deals with the identification and apprehension of James Earl Ray in the Martin Luther King murder case. O'Leary's article consists primarily of previously published material, together with information furnished by the Canadians and British to representatives of "The Reader's Digest." The article is not attributed to the FBI.

Dear Mr. Hoover:

I just finished reading an article entitled "The Greatest Manhunt in Law Enforcement History" by Jeremiah O'Leary of the Washington Star in August 1968 Readers Digest. I was appalled at the amount of evidence against the suspect that is revealed in this article. This certainly does not seem in keeping with the tight security usually practiced by your bureau. I am as anxious as any American citizen to see that the likes of this suspect are brought to a speedy justice. In view of the fact that this man has not even been brought to trial it would seem to me that this article and the information in it refering to the F.B.I. would be termed very predjudicial.

I hope you don't feel this to be a crank letter, as I am truly concerned about the article. Could you please take a moment to explain this to me?

This is in further reference to my memorandum of July 31, 1968, and my telephone conversation with Special Agent [redacted] of August 1, 1968, concerning the pending state prosecution of James Earl Ray.

I assume that SAC Jensen has had an opportunity to contact Mr. Canale, the State Attorney General of Shelby County, Tennessee, and has apprised him of the scope and extent of the federal investigation.

RE: JAMES EARL RAY;

On August 9, 1968, Mr. Bob Wood, Owner of Aeromarine Supply Company, advised the Birmingham Office of the FBI that he and his son have been receiving threatening telephone calls for the past few weeks, especially since an article appeared in the "Birmingham News" under Tom Lankford's byline wherein he indicated that Don Wood was to be the government's principal witness in the trial of James Earl Ray.

Wood stated that since the publication of this article, his son has received several telephone calls of an anonymous nature wherein the caller states, "You will not live to testify in this trial" and "You will not live to go to court."

Wood stated also that earlier this date one of his employees received an anonymous telephone call from an individual whom, she believed to be a Negro, who advised that he was a member of the "Black Pamphlets" (presumably Panthers) which was "black power". The caller stated, "You'd better stock up with sawed-off shotguns because we are going to burn you out."

Wood indicated that he did not fear for the personal safety of either his son or himself, but he did want to make these threatening calls a matter of record. He advised that he had already reported these calls to the local authorities.

Donald Woods, the salesman for the Aeromarine Supply Company, Birmingham, Alabama, who sold the rifle recovered at the scene of King's assassination, contacted our Birmingham Office to advise he has been contacted by Arthur Hanes, the attorney for James Earl Ray.

Hanes advised Woods that Ray was a "little fuzzy" on the details of the purchase of the gun and for that reason Hanes would like to interview Woods to obtain more specific information.

We have offered no advice to Woods concerning this matter; however, we did tell him that the request of Hanes would be brought to the attention of the state and Federal authorities concerned with the prosecution of Ray.

This matter was brought to the attention of Mr. Phil M. Canale, Jr., State Attorney General, Shelby County, Tennessee, and the United States Attorney in Birmingham.

SUBJECT: MURKIN

SAC Joseph Gamble of the Birmingham Office has telephonically furnished the following information.

Donald Woods, the salesman for the Aeromarine Supply Company, Birmingham, Alabama, who sold the rifle recovered at the scene of King's assassination to Ray, has been contacted by Ray's attorney, Arthur Hanes.

Hanes advised Woods that Ray was a "little fuzzy" on the details of the purchase of the gun and for that reason Hanes would like to interview Woods to obtain more specific information.

Woods contacted our Birmingham Office today to inquire as to whether he should consent to an interview with Hanes.

Birmingham furnished no advice to Woods concerning the matter but advised him that the request would be brought to the attention of the appropriate State and Federal authorities concerned with Ray's prosecution.

SAC Gamble has advised the Memphis Office of Hanes' request and instructed Memphis to bring the matter immediately to the attention of Phil M. Canale, Jr., State Attorney General, Shelby County, Tennessee, who is handling the State prosecution. Since Federal process charging Ray with violation of the Civil Rights Statute (Section 241, Title 18, U. S. Code) is outstanding in Birmingham, SAC Gamble is also bringing Hanes' request to the attention of the U. S. Attorney in Birmingham.

EX-100 REC-35 44-38861-5065

Any instructions to Woods relating to the interview requested by Hanes will be issued by State Attorney General Phil M. Canale, Jr. and/or the U. S. Attorney at Birmingham and the Birmingham Office will furnish absolutely no advice to Woods on the matter.

ACTION:

AUG 15 1968

Information relating to Hanes' request for an interview with Woods is also being brought to the attention of the Civil Rights Division of the Department.

Re Las Vegas telephone call to Memphis, 7/31/68.

On 7/31/68, RON BATISTE, City Editor's Desk, "Las Vegas Review Journal", contacted SAC HAROLD E. CAMPBELL, JR., and advised that one BILLY JOE CHEEK, aka Scott Owen Bell, had told him that CHEEK was a bodyguard for MARTIN LUTHER KING, JR. in Memphis when KING was assassinated. According to BATISTE, when BELL heard the shots, he and another bodyguard ran toward the motel where KING was staying. As they approached the area of the boarding house, a man was observed running in the street who obviously had come from the boarding house. CHEEK tackled this man, who he now identifies as JAMES EARL RAY. RAY struck CHEEK forcefully and was able to escape. CHEEK told BATISTE that the FBI and the Memphis PD have been unsuccessfully looking for him since the assassination of KING. CHEEK said the FBI wished to interview him concerning his activities that night and his involvement in the general situation.

SCOTT OWEN BELL was located at [redacted] Las Vegas, Nevada, and interviewed by SA [redacted] and SA [redacted] 44-38861-3069

seven months. He states that while in Los Angeles during April, 1968, he became involved with the Southern Christian Conference League (SCCL) and after working in the Watts area he was sent by the SCCL to Washington, D.C. as a "Tennessee Ranger" or "Tent City Ranger". As such, he was to help erect Resurrection City in Washington, D.C., and then to police same.

In late April or early May, 1968, BELL with other Rangers traveled to Atlanta then to Memphis to act as bodyguards for KING.

On April 24, 1968, BELL and "JOHNNY" LNU were relieved as guards and proceeded to a nearby bar to eat breakfast. They saw KING come onto the balcony of his hotel and saw him fall. BELL heard no shot. BELL looked at his watch and noted the time to be 10:30 AM. BELL and "JOHNNY" had started back to the hotel when a man came out of a building next door to the hotel and knocked BELL down and slugged "JOHNNY". BELL said this man was JAMES EARL RAY.

BELL carried no identification and at the beginning of interview stated he had no Selective Service registration card. Later he volunteered the fact he was registered with Selective Service System, LB#43, 1916 "G" Street, Washington, D.C.

[redacted] During the "Poor People's March" BELL said he had been arrested by WMPD, Washington, D.C., and was in jail for a time there.

[redacted] said BELL had appeared at the Las Vegas PD 7/26/68 and asked for [redacted] said BELL is known to lie and a year or so ago had written [redacted] mother and an uncle, [redacted] saying that he, SCOTT BELL, was in Belleview Hospital in New York City. At this time [redacted] and [redacted] spoke with a doctor re the possibility of having BELL committed. The doctor said there was insufficient evidence indicating that BELL should be committed.

Attorneys Seek Dismissal for Ray: Claim 'Prejudicial Publicity'

By BROWN ALAN FLYNN
Press-Scimitar Staff Writer

Attorneys for James Earl Ray, accused of slaying Dr. Martin Luther King Jr., today asked Criminal Court Judge Preston Battle to quash the indictment against Ray because of "pervasive and widespread" publicity in the case. They contend this has made it impossible for Ray to get a fair trial anywhere in the U.S.

Arthur B. Hanes Jr., who with his father will defend Ray, filed a motion to that effect with the Shelby Criminal Court Clerk.

Hanes also asked the court for access to the state's evidence against Ray.

A tentative date to hear the motions was set for Sept. 6.

The motion to dismiss the indictment cited radio and television reports, magazine stories and newspaper reports which the attorneys claim are prejudicial to Ray.

The motion concerning evidence, if granted, would open the door to pre-trial examination of all papers and evidence collected by the attorney general's office in preparation for the prosecution of Ray.

The motion listed 21 separate items which the defense attorneys seek permission to examine.

Included in the list were any firearms owned by the defendant, any automobile and objects found in it owned by Ray, records or documents pertaining to motels, hotels or rooming houses, any photos "showing the defendant or others sought in connection with the crime charged," and any penal records of Ray.

The defense also asked to see medical records in the case, passports and records of entry into the United States or other countries, military records, evidence of and tests of fingerprints of Ray, fingerprints of any other persons found during the investigation, ballistics and weapons tests, and any "expended slugs or fragments thereof."

Minutes of the Grand Jury session during which Ray was indicted, names and addresses of all witnesses, autopsy reports and copies of all statements made by Ray were also sought.

The motion to dismiss the indictment stated that reports on the case have been so widespread "that any prospective jurors will have read and or heard prejudicial matter on many occasions and will have been repeatedly exposed to published matter tending to influence public opinion in favor of defendant's guilt and tending to remove that presumption of innocence which must accompany him (Ray) to trial."

The reports "have created such widespread prejudicial publicity that the defendant has been effectively precluded from receiving a fair and impartial trial," the motion stated.

Among exhibits attached to the motion were copies of a magazine cover showing a picture of Ray and a headline, "The Man Who Killed Dr. Martin Luther King Jr."

Another was a copy of a Life Magazine story about Ray with the caption, "The Revealing Story of a Mean Kid."

A third motion filed by Hanes was a motion to dismiss an indictment of Ray on a charge of carrying a dangerous weapon.

The motion stated that Ray was extradited for trial only on a murder charge and hence could not be tried on another charge.

A Risky Business

ALTHOUGH Judge Preston Battle has followed the direction and even the words of the Supreme Court in his order concerning pre-trial publicity for James Earl Ray the propriety and status of both his order and the law on the subject are unclear.

The order, which is daily affecting many people, is based on the Supreme Court's 1966 reversal of the famous murder conviction of Sam Sheppard. In that case the high court criticized the trial judge for not preventing a deluge of wild statements and a circus-like atmosphere before and especially during the trial.

The Sheppard case was an extreme example of how not to administer justice and was conducted in an atmosphere far different from that so far in Memphis. Officials leaked wild stories, newspapers declared Sheppard all but guilty and the trial itself was conducted in uproarious surroundings.

And the Sheppard reversal more than anything else was based on exposure of the jurors to masses of prejudicial material and treatment as celebrities, something Judge Battle could prevent without his present broad order.

ALTHOUGH the Supreme Court was clear in ruling the judge did not do enough in the Sheppard case it was unclear on how far a judge can and should go.

Relevant to Judge Battle's order, the high court did emphasize the need for a free press in keeping an open judiciary. Furthermore, it said the judge could have proscribed "extrajudicial statements by any lawyer, party, witness or court official which divulged prejudicial matters" and "requested" that appropriate government officials regulate statements by their employes.

Judge Battle made his order much more sweeping, in effect banning all statements, even information on the "treatment, acts and attitude of the defendant." He also extended it to all employes in the criminal court building, all law enforcement officers and all employes of lawyers in the case. He has, in short, partially abridged the free speech of a large number of people.

How far a judge may go in such rulings as they begin to conflict with free speech and vital public information has yet to be decided by the Supreme Court, though it is to be hoped the high court will continue its strong emphasis on these basic constitutional rights.

Trial courts ultimately will have to recognize they do not have a blank check in controlling public statements and that there are grave risks in orders such as Judge Battle's, which silently frighten scores of minor officials from revealing information which may be harmless or even something press and public have a substantial and functional right to know. Cutting off the pre-trial part of justice from the public eye is a very risky business.

As is often the case in our judicial

system two valid interests, guarantee of fair trial and freedom of press and speech, conflict and the line between them must be drawn with great care.

We wholeheartedly support Judge Battle in his attempts to make the protections of the Sheppard ruling real so that both defense and prosecution can have their honest day in court and we again urge proper restraint by all parties involved. But we must be frightened by the scope, nebulousness and dangers of the particular order Judge Battle wrote.

The task of the law and of judges in this case is not easy and no one should want a lot of wild statements floating around before and during the trial. But when courts edge toward limiting free speech and press they should show a judicial meticulousness and sensitivity to basic rights somewhat lacking in Judge Battle's order.

Court Will Get Hide, Seek Game

Hanes Will File Motion To Gain Access To State Witnesses

By CHARLES EDMUNDSON

An eight-week-old legal game of hide-and-seek between defense and prosecution in the case of James Earl Ray, charged with the murder of Dr. Martin Luther King Jr., will be carried into Criminal Court this morning.

One of Ray's attorneys, Arthur J. Hanes Jr. of Birmingham, said he will file motions this morning to give him access to state witnesses.

Mr. Hanes' father, chief counsel for Ray, said one of his representatives has been refused an opportunity to talk to Charles Quitman Stephens. held under $10,000 bond in the Shelby County Jail as a material witness in the case.

He said he has found other state witnesses unwilling to talk to him because of Judge W. Preston Battle's order restricting publicity.

Judge Battle's order says, "Nothing in this order shall prohibit any witness from discussing any matter in connection with the case with any of the attorneys representing the defendant or the state or any representative of such attorneys."

In spite of this, it was learned, the defense has found most state witnesses, such as Miss Christine Kelley, clerk in the Rebel Motel on Lamar, where Ray is supposed to have spent the night before the murder, unwilling to talk.

Asst. Atty. Gen. James C. Beasley, who will help prosecute Ray, said protocol provides that attorneys on either side may see witnesses on the other.

"But it is up to each witness whether and how much he wants to tell. The attorney general's office often has great difficulty in finding witnesses it wants to see. Once found, they may refuse to talk until placed on the witness stand."

Ray's indictment folder in the Criminal Court Clerk's office shows the names of 14 state witnesses who have been served with the anti-publicity order.

Judge Battle said no hearing will be held today on the defense motions.

"The law allows an interval of five days before a hearing. There may be no hearing at all. It may be the state will concede Mr. Hanes' right to talk to the witnesses."

If Mr. Hanes wins this point and witnesses still refuse to talk to him, he indicated he will come back with a new motion to deal with the situation.

In this matter, both DWYER and CANALE requested assistance of the FBI in conducting investigation of the Memphis Police Department.

Since my arrival in the Memphis Division approximately a year ago, there has been no information brought to my attention that could in any way be considered a reflection on CANALE, DWYER or BEASLEY. This office has enjoyed a good working relationship with the State Attorney General's Office here in Memphis.

This is the case involving the murder of Martin Luther King, Jr.

Attached is a proposed circular letter to be distributed to all laundry and dry cleaning establishments in the states of, Illinois, Missouri, and Indiana.

We have been endeavoring to ascertain the source of subject's funds since he escaped from the Missouri State Penitentiary on 4/23/67. The Bank of Alton, Illinois, was robbed on 7/13/67, by two unknown subjects wearing stocking masks and approximately $27,000 was obtained. One of the unknown subjects meets the general description of subject Ray. Subject Ray and one John Gawron cased this bank in 1959, [redacted]

Springfield recovered articles of clothing as evidence from bank robbery in which laundry marks appear on two items of clothing. Although it is not positively known that these articles of clothing are those of the two unknown subjects, they were recovered about a week after the robbery and approximate description of articles of clothing worn by the robbers.

Springfield has requested that a circular letter be prepared and distributed throughout several states to laundry and dry cleaning establishments in an effort to identify the perpetrators of this unsolved bank robbery through laundry marks appearing on the articles of clothing. Springfield has made arrangements for the franked circular letter to be addressed in their areas by the stenographic pool of each respective office to appropriate dry cleaning and laundry establishments. There are 4,300 establishments involved. The cost of postage would be $258, the cost of printing would be $30, the cost of stenographic time would

be $57, bringing the total cost to $345. Postage and printing costs were obtained from the Administrative Division, and costs for stenographic time of respective divisions obtained from Springfield.

RECOMMENDATIONS:

(1) That this proposed circular letter be approved.

(2) That the Mechanical Section prepare 4,400 copies of the attached circular letter; which should be folded, franked, and sealed. When completed, 1,800 copies should be forwarded to the Chicago Office, 1,800 copies forwarded to the Indianapolis Office, and 700 copies be forwarded to the St. Louis Office. Fifty copies should be forwarded to the Springfield Division, the office of origin in the bank robbery case, and 50 copies forwarded to Memphis, the office of origin in the Murkin case. It is requested that the attached photograph be utilized on the circular letter.

(3) Attached for approval is an appropriate airtel to Chicago, Indianapolis, St. Louis, Springfield, and Memphis advising that a circular letter is being approved.

On 8/2/68 the Honorable PHIL M. CANALE, District Attorney General, Memphis, Tenn., advised SA [redacted] that he does not see any need for the physical presence in Memphis of the 1966 Mustang abandoned by JAMES EARL RAY in Atlanta, Ga.; however, he desires that this automobile not be disposed of until completion of the murder trial of RAY scheduled to commence in Memphis on 11/12/68.

He stated that under state law the defense counsel is afforded an opportunity to examine any potential evidence and in this particular instance would be given an opportunity to examine this automobile if he so desires. Mr. CANALE stated, however, that since this automobile is the property of JAMES EARL RAY he would offer no objections if Mr. ARTHUR B. HANES, RAY's attorney, initiates any action to have this automobile turned over to HANES.

STATE OF TENNESSEE VS. JAMES EARL RAY Alias Eric Starvo Galt, Alias John Willard, Alias Harvey Lowmeyer, Alias Harvey Lowmyer.	NO. 16645 Murder First Degree NO. 16819 Carrying Dangerour Weapon

O R D E R

In this cause, the Court having heretofore appointed a committee of eight members of the Bar to act as amici curiae and said committee having this day filed a report that there is probable cause to believe that this Court's Order of July 18, 1968 as amended July 23, 1968, has been violated by certain individuals in certain circumstances, to-wit:

(1) Certain statements attributed to Arthur B. Hanes, Esq., to the effect that the shooting of Doctor Martin Luther King, Jr. involves a Communist conspiracy, to the effect that his client's rights were being trampled in Jail, and to the effect that himself, his family and servants are being threatened by "them", as quoted in the Memphis Press Scimitar of Saturday, July 27, 1968, and the Commercial Appeal of Sunday, July 28, 1968;

(2) Certain statements in Memphis Press Scimitar of July 27, 1968, attributed to William Morris, Sheriff of Shelby County, Tennessee, concerning the cost and expenses for the security of the prisoner and the treatment of the prisoner, and the prisoner's demeanor and attitude while in confinement.

(3) Certain statements appearing in the Memphis Press Scimitar of Saturday, July 27, 1968, attributed to Russell X. Thompson, Esq. concerning his opinion as to the guilt or innocence of the defendant,

and said report further pointing out that to the extent that Ramsey Clark, Attorney General of the United States is a "Law Enforcement Officer" or "a lawyer participating in this case" through his staff, assistants, office associates, investigators or employees under his supervision, the statements attributed to him and the United States Department of Justice as referred to in the Commercial

of July 28, 1968 are in probable violation of the principles set out in Sheppard vs. Maxwell, 384 U.S. 333, 16 L.Ed. 2d 600, 86 S. Ct. 1507 (1966), to the effect that there was no evidence of a conspiracy in the shooting of Doctor Martin Luther King, Jr.

The Court, in the interest of preserving the constitutional rights of all concerned and protecting the orderly preparation and progress of the trial, reserves further inquiry and disposition of each and all of the above instances until a later date.

And whereas it is the desire of the Court to avoid any possible misunderstanding of its orders heretofore made, said orders of July 18 and July 23 respectively are herewith supplemented as follows:

All lawyers participating in this case, their assistants, associates, staff members, investigators and employees under their supervision and control, County Medical Examiner, Jury Commissioners, Criminal Court Clerk, County Sheriff, Police Officials and other law enforcement officers, employees of this Court and all other persons employed in the "Criminal Courts Buildings", their associates, deputies, assistants, staff members and personnel under their supervision and control, are forbidden to take part in interviews or press conferences for publicity and are enjoined from making extra-judicial statements about this case which involve: (1) the personal belief of the Declarant as to the guilt or innocence of the accused; (2) the plans of the Declarant relating to the preparation or conduct of the trial, the theory, techniques and strategy of the Declarant in the preparation and trial of the case; (3) the jurors or potential jurors who may serve; (4) the comment of the Declarant about the merits of the case and about any evidence which may be presented; (5) the credibility of or information concerning any known or intended witnesses or the treatment, acts and attitude of the defendant, and are further enjoined from making any and all other statements which may be prejudicial to a fair trial by an impartial jury in this case, whether specified herein or not.

All persons or entities subject to this Order who feel aggrieved by anything herein contained are hereby admonished that any such grievances or complaints should be judicially presented.

The Court recognizes the wide and pervasive publicity which has been and will be an inevitable incident of this trial. The Court further recognizes that there are many individuals who are beyond the jurisdiction of this Court, but who may be interested in the outcome of this trial, and whose statements may have been violative of this Order had the Court jurisdiction over such parties. As to such persons, the Court urges self-imposed compliance with this Order in the interests of a fair trial to the defendant and to the State of Tennessee.

In accordance therewith the Court orders a certified copy of this Order to be sent by the Clerk of this Court to all persons named herein or subject hereto, and all newspapers of general circulation, radio and television stations within the jurisdiction of this Court.

Re Birmingham airtel 8/12/68.

Mr. JACQUES DE LANGRE, [redacted] Los Angeles, California, was interviewed on 8/19/68 and advised that the name ERIC GALT was unfamiliar to him. He reviewed his records and advised that an address card with the name ERIC GALT, 2608 Highland Avenue, Birmingham, Alabama, was contained therein. No legend appeared on the card, but he stated he felt, because of the color of the card, the inquiry was made at least six months ago.

He stated that GALT probably made inquiry of their concern from an advertisement in "Modern Photography", "National Professional Photography", "Popular Photography" or "PSA Journal", as his firm advertises in these magazines. He stated that the Mortensen Texture Screens are darkroom aids. He felt that a person interested in this type of equipment would be one who was either a professional photographer or had his own darkroom setup.

He stated that records of his firm contain no indications of any additional correspondence with ERIC GALT.

This is in response to your memorandum of August 5, 1968, concerning the question whether the federal complaint against James Earl Ray should be dismissed.

I have discussed this entire matter with Assistant Attorney General Vinson who dealt with the British authorities concerning the extradition. He has no objection to allowing the federal complaint to remain outstanding under these circumstances.

In reply to your inquiry as to the circumstances under which federal prosecution would be pursued, we would want to review the facts after the conspiracy investigation has been completed; if the evidence and the outcome of the State proceedings were such that federal prosecution seemed desirable, we would consider taking steps to try to obtain the necessary waiver from the British government.

The enclosures refer to investigation conducted relative to referenced matter as it appeared to refer to captioned matter.

The Bureau's attention is directed to the fact the FCC does not have an office in the Memphis area; however, an official of the Memphis PD did contact a representative of the FCC at Atlanta, Ga., to report this incident. No inquiry has been received by the Memphis PD or this office from FCC relative to this referenced incident and therefore it appears FCC is not interested in a CB radio transmission of this type.

Concerning the possibility of interviewing other individuals contacted by the Memphis PD during its investigation of this matter, it is pointed out no attempt was made to interview these individuals due to the investigation conducted by the Memphis PD and due to the lack of evidence indicating anyone other than EDWARD LE MASTER MONTEDONICO, JR., was responsible for this radio transmission.

EDWARD LE MASTER MONTEDONICO, JR., was interviewed as indicated on the enclosed FD 302. He indicated during the interview that he had a great deal of experience in CB radio transmissions and in the operation of these units. He commented several times that anyone with a knowledge of CB radios could disguise their voice and transmission so as to go on broadcasting without being identified. He also said that there is no way for anyone, including FCC, to identify the sender of a transmission such as the one mentioned above unless the guilty individual made the admission that he or she was the individual that made the broadcast.

It is also noted that others during this investigation expressed the same opinion that it is impossible to identify the individual making a broadcast of this type unless the guilty person admitted doing same.

It was determined also that there are numerous individuals in the Memphis area operating CB radios illegally and/or without being properly licensed. It was further determined that numerous individuals broadcast using "skip" identification, which is illegal,but which is known only to the sender and

receiver. There are also numerous licensed CB radio operators in the Memphis area and it was suggested that there are possibly an equal number that are not licensed and, therefore, it would be virtually impossible to interview each and every individual either having a CB unit or having access to one.

Various individuals commented during this investigation that no one gets too excited about illegal broadcasts since the FCC generally levies a fine of up to $50 and possibly lifting the license for 3 to 6 months if a person is guilty according to the FCC of making a broadcast of this type. Therefore, no one does much about these illegal transmissions since the punishment is this light. It was expressed that the greatest fear of CB operators is the bad name they receive when incidents of this nature are made public.

In light of the above, UACB no further investigation is being conducted concerning referenced matter.

RE: ALLEGED CHASE OF WHITE MUSTANG,
EVENING OF APRIL 4, 1968
(HOAX REPORT BY UNKNOWN PERSON
WITH CITIZENS BAND RADIO)

The following investigation was conducted by SA [redacted] at Memphis, Tennessee, on the dates indicated:

On the evening of April 4, 1968, after there had been traffic on the Police Department radio in Memphis with regard to a white Mustang reportedly seen leaving the scene of the shooting of Dr. KING, there was additional traffic on the police radio concerning an alleged incident involving an unknown citizens band (CB) radio operator who reported that he was chasing a white Mustang occupied by three white males, this unknown operator never identifying himself but continuing to broadcast up to a point where he claimed that the chase had reached a point north of Raleigh, Tennessee, a suburb of Memphis.

On April 6, 1968, Inspector N. E. ZACHARY, Homicide Bureau, Memphis Police Department, furnished the following information with regard to this incident:

Inspector ZACHARY secured a tape recording of the radio dispatches made following the murder of Dr. KING on April 4, 1968, and listened to the radio traffic, which included dispatches with regard to a chase allegedly made by an unknown person of a white Mustang occupied by three white males, all of which information was based upon reports made by an unknown person broadcasting on a CB radio. He stated that in listening to this tape recording, the first traffic received on the police radio was at 6:33 p.m. The police dispatcher received traffic from Police Car No. 160, which Inspector ZACHARY determined was manned by Lieutenant RUFUS BRADSHAW. In substance, Lieutenant BRADSHAW was transmitting to the dispatcher information which he was receiving from one individual who had a CB radio in his car, which individual in turn was receiving transmissions from some unknown individual transmitting on a CB radio.

44-38861-5094

Inspector ZACHARY advised that on April 4, 1968, while the transmissions in question were being made from the unknown CB operator, Lieutenant SAM T. McCACHREN, Homicide Bureau, Memphis Police Department,

ENCLOSURE

received a telephone call from an individual who identified himself as ED CHAUNCEY, telephone number [redacted] who reported that he was monitoring his CB radio and overheard an unknown operator in a mobile unit who claimed that he was chasing a white Mustang. Mr. CHAUNCEY at this time advised Lieutenant McCACHREN that he (CHAUNCEY) was in contact with another CB operator known to him, namely BILL AUSTEIN, and that the three CB operators, namely the unknown operator, AUSTEIN, and CHAUNCEY, were in contact with each other, and Mr. CHAUNCEY would supply all information he received to the Police Department to assist them with regard to a chase in which the unknown operator claimed to be involved. Thereafter, on April 6, 1968, Lieutenant J. D. MUSIC talked by telephone again with both Mr. ED CHAUNCEY at the above telephone number and with Mr. AUSTEIN, both of them at that time furnishing substantially the same information as to what had occurred with regard to these transmissions by an unknown CB operator.

Inspector ZACHARY advised that Lieutenant RUFUS BRADSHAW, Car No. 160, had been contacted on April 6, 1968, at which time Lieutenant BRADSHAW had stated that Mr. WILLIAM HUBBARD AUSTEIN, age 22, of [redacted] an employee of [redacted], had flagged down Lieutenant BRADSHAW at Jackson and Hollywood on the evening of April 4, 1968, and called Lieutenant BRADSHAW's attention to a broadcast being received on the CB radio in Mr. AUSTEIN's automobile. Lieutenant BRADSHAW, in turn, dispatched to the police dispatcher the nature of the information being received on Channel 17 of the CB radio. Lieutenant BRADSHAW listened to the CB radio in Mr. AUSTEIN's car and heard several different CB operators talking on Channel 17.

In substance, an unknown CB operator was giving reports as to his chase of a white Mustang occupied by three white males. Other operators, including Mr. AUSTEIN, were attempting to communicate with this unknown operator, attempting to get him to identify himself, and informing him that they would contact the Police Department in order to assist this

unknown operator. The unknown operator, who claimed he was chasing the Mustang, never identified himself. Lieutenant BRADSHAW dispatched police cars to the areas in which the unknown CB operator claimed to be traveling, and none of the units dispatched saw any activity such as that described by the unknown CB operator. Lieutenant BRADSHAW was of the definite opinion, after the unknown person making these reports had finally left the air, that the entire CB broadcast by this person was a complete hoax.

Inspector ZACHARY advised, after listening to the police dispatcher's tape recording, and after talking to Lieutenant BRADSHAW, that there were a number of factors to indicate that the above-mentioned broadcast on CB Channel 17 by the unknown person was a complete hoax. He stated that the final proof that this matter was a complete hoax was based upon communication between the Police Department and the Shelby County Sheriff's Office at the time the broadcast was in progress. After the unknown operator reported his position as proceeding east on Jackson Avenue toward Raleigh, Tennessee, the Police Department immediately contacted the Shelby County Sheriff's Office to alert that department, which had the responsibility for policing Raleigh, Tennessee, which is located outside the city limits of Memphis. During the time that this broadcast was being made, and after the unknown CB operator reported his position at the main intersection at a stop light in Raleigh, Tennessee, (Jackson Avenue and Stage Road), where the unknown operator claimed the Mustang had run the stop light at an excessive rate of speed, the Shelby County Sheriff's Office advised the Memphis Police Department that this information was false, since the Shelby County Sheriff's Office had two units of its men stationed at this intersection, and no such incident had occurred and no such vehicles as those described by the unknown operator had passed through that intersection.

Inspector ZACHARY advised that as a result of a separate inquiry made by the Police Department concerning this hoax report, he had determined that there had been no contacts whatever between any unit of the Memphis Police Department and the vehicles described by the unknown person on the CB radio. Inspector ZACHARY advised that at one point the unknown

CB operator, in response to an inquiry from another CB operator, identified his own automobile as a 1966 blue Pontiac. Inspector ZACHARY pointed out that if there had been a high speed chase of a white Mustang by a 1966 blue Pontiac, then this would have attracted attention of numerous persons, and no one, other than the unknown CB radio operator, reported any such chase.

Inspector ZACHARY advised that he contemplated some additional inquiry regarding this matter in an effort to identify the person who made this hoax report, but insofar as the investigation of the murderer of Dr. KING was concerned, he was certain that the chase reported by the unknown operator did not occur.

On April 10, 1968, Lieutenant J. D. HAMBY, Homicide Bureau, Memphis Police Department, advised that he had interviewed in detail Mr. WILLIAM HERBERT AUSTEIN, male white, age 22, of [redacted] home telephone number [redacted] an employee of [redacted], and at this time Mr. AUSTEIN furnished to him the following account of the above-mentioned incident:

Mr. AUSTEIN is a licensed CB operator, having call letters KOM-8637, who has both a mobile unit and a base station, the base station being located at his home at [redacted] in Memphis. Mr. AUSTEIN furnished to Lieutenant HAMBY the following information concerning an incident which occurred on the afternoon of April 4, 1968:

He was at Zayre's Department Store on Poplar Avenue in Memphis until approximately 5:55 p.m., when he left that store and drove to Carlton's Esso Service Center on the corner of Madison and Bellevue. As he arrived at that service station, he heard the news on a commercial radio broadcast concerning the shooting of Dr. MARTIN LUTHER KING. After being at this service station about five minutes, he drove to his apartment at [redacted] As nearly as he can recall, he then left his apartment around 6:12 p.m., en route to Steamfitters Local 614 on Jackson Avenue near Gragg School. En route to this location, while he was traveling east on Jackson

in the vicinity of Springdale, and at approximately 6:30 p.m., he was monitoring CB Channel 17 when he heard a mobile unit request another mobile unit to call the Police Department by "land line" (telephone). A base station answered the caller, telling the caller that the base station would call the police, the base station inquiring as to the nature of the call that he should make. About this time, due to static, the original caller and the base station were unable to communicate. At this same time, AUSTEIN noticed that the original caller who was requesting police assistance was very close to Mr. AUSTEIN's position, because there was a very high reading on the signal strength meter on the CB radio in Mr. AUSTEIN's car. Mr. AUSTEIN therefore broke into the conversation between the original caller and the base station, telling the caller that he (Mr. AUSTEIN) was very close to him, that Mr. AUSTEIN had just spotted a police car and would relay the caller's message to the police.

At this point, the original caller stated that he was chasing a white Mustang east on Summer Avenue and that the occupants of the Mustang were responsible for Dr. KING's murder. Mr. AUSTEIN immediately flagged down the police car and thereafter talked with the Lieutenant who was in this police car at Loeb's Barbeque at the intersection of Jackson and Hollywood. The Lieutenant requested Mr. AUSTEIN to communicate again with the unknown CB operator to determine that person's present location. Mr. AUSTEIN called to this mobile unit by saying, "Mobile that is chasing the white Mustang, what is your present 10-20?" (The signal 10-20 means location.) The original caller replied that he was approaching Highland on Summer Avenue at a high rate of speed. Mr. AUSTEIN relayed this information to the Police Lieutenant, who in turn relayed this information to the police dispatcher at central police headquarters.

The Lieutenant told Mr. AUSTEIN to keep talking to the unknown caller so that the police could be continuously informed as to his direction and location in order that the police could intercept the automobile allegedly being chased. Mr. AUSTEIN lost contact with the mobile unit briefly, but after calling him several times, he finally re-established contact with him.

Mr. AUSTEIN inquired of the unknown caller as to the description of the car that the unknown caller was driving so that the police would be able to easily identify the two vehicles when the police did intercept them. The unknown caller responded that he was driving a 1966 blue Pontiac and that as of that time the white Mustang was exceeding 75 miles per hour, and at the same time stating that the Mustang had turned north off Summer Avenue, the caller giving the name of the street on which this turn was made, but Mr. AUSTEIN not recalling the name of the street as of the time of this interview on April 10, 1968.

At this time there was some confusion as to the direction that the Mustang and Pontiac were allegedly taking. This confusion was due in part to the fact that some CB base station had broken into the transmissions and Mr. AUSTEIN could not hear the transmissions being made by the unknown mobile unit.

The next transmission that Mr. AUSTEIN could understand from the unknown mobile unit was to the effect that this unit had turned north and was approaching Raleigh (a suburb northeast of Memphis) on Jackson Avenue. Shortly after the unknown operator stated that he was approaching Raleigh, that same operator stated that he had just passed Stage Road or Austin Peay Highway and that he was being fired upon by the occupants of the white Mustang. The unknown caller also stated that his speed at that time was in excess of 100 miles per hour. Mr. AUSTEIN asked the unknown operator to secure the license number of the Mustang, to which the unknown operator replied that he was afraid to get that close because several shots had already been fired at him.

On the last transmission of the unknown operator, Mr. AUSTEIN stated that this unknown operator stated that he had just passed "the Millington exit" and the Mustang was gaining on him even though he had the Pontiac "flat out." (Mr. AUSTEIN understood that the unknown operator was indicating that he was driving as fast as the Pontiac would go.)

Mr. AUSTEIN called this unknown operator several other times but received no response. He also

heard other CB operators join in, attempting to contact this unknown operator, requesting the unknown operator to give his call letters and his location but he heard no other responses and no other transmissions from this unknown operator.

Mr. AUSTEIN stated that at the time of the above-mentioned transmission by the unknown person in a mobile CB unit, he did not recognize the voice of that person. He stated that he understands there are more than 3,500 licensed CB operators in Memphis and possibly that many more who are unlicensed. He stated that whereas at first he thought the unknown operator was reporting a factual situation and actually needed police assistance, there is no doubt whatever in his mind but that the entire transmission was a complete hoax. He stated as the transmissions of the unknown operator continued, he observed that there was not sufficient time for the two vehicles to travel from one point where the operator claimed to be, to some other point identified by the unknown operator a short time later.

He also observed that during the last several transmissions of the unknown operator, there was no change in the signal strength indicated on the "S-Meter" in Mr. AUSTEIN's car, whereas if the unknown person calling had actually been traveling east at a high rate of speed as he claimed to be doing, then the signal strength would have become increasingly weaker. He stated it was his judgment that the unknown person making these calls had actually parked at the time the last few transmissions were made.

Also, when the unknown operator reported that he had turned north off Summer Avenue, his signal strength was very weak, and a short time later when the unknown operator was reporting that he was turning north on Jackson Avenue, his signal strength became noticeably stronger.

Mr. AUSTEIN explained that what he referred to as an "S-Meter" is an instrument on a CB radio which indicates the relative strength of an incoming signal from another unit. He pointed out that when he first heard

the broadcast of the unknown caller who was asking for police assistance, the S-Meter in his car was registering as strong as it can register, indicating to him that the caller may have been as close as 150 feet from his location and not more than two blocks away. He stated at the time of the last transmission of the unknown caller, the S-Meter reading was 15 and would indicate to him that the caller was an estimated two miles away.

Mr. AUSTEIN pointed out that the unknown caller is undoubtedly familiar with the northeastern section of Memphis, through which he claimed to be passing, but he did observe that the unknown caller had reported that the unknown caller turned "north on Jackson," whereas most Memphians familiar with that section of Memphis would indicate that they turned east on Jackson. Jackson Avenue is generally regarded as an east-west street, although at the point where Jackson Avenue approaches the town of Raleigh, Tennessee, the general direction is southwest to northeast.

As to the possible identity of the unknown caller, Mr. AUSTEIN furnished the following information to Lieutenant HAMBY:

He stated that he does not know the identity of the caller, but due to some events which have occurred since that transmission, he wanted to furnish the following information which might possibly assist in identifying the unknown caller:

This information related to a white male whose last name is [redacted] who is employed by [redacted] as [redacted] and who belongs to the same Union to which Mr. AUSTEIN belongs, namely Steamfitters Local No. 614, 3754 Jackson Avenue, near the Gragg School, the location of this Union being near the town of Raleigh, Tennessee, through which the unknown caller claimed to have passed after approaching Raleigh, Tennessee, on Jackson Avenue. Mr. AUSTEIN furnished the following information to Lieutenant HAMBY concerning [redacted]

ME 44-1987
FLJ:wp
9

[redacted] has a CB radio. His car is a 1966 blue Ford. [redacted] had reason to be in the general area covered by the transmissions mentioned above, since [redacted] and others were supposed to be at a meeting at 3754 Jackson Avenue at Steamfitters Local 614 at 7:00 p.m. Since Mr. AUSTEIN knows that [redacted] has a CB antenna located on a trunk mount, [redacted] CB signals will be directional. That is, when [redacted] is transmitting, his signal will be stronger in one direction than in another direction, the strongest signal being to the front of the vehicle, the weakest signals being to either side, and the signal to the rear of the vehicle being of moderate strength.

Mr. AUSTEIN went on to state that if the unknown caller were traveling east and then turned north, the unknown caller's signals would have dropped because of the directional properties of the trunk-mount antenna. Mr. AUSTEIN noticed that when the unknown caller reported that he was turning north off Summer Avenue, the signal dropped to the point where Mr. AUSTEIN had difficulty hearing the transmissions.

When Mr. AUSTEIN arrived at the Union Hall, he was questioned by [redacted] as to why he was late. Mr. AUSTEIN explained to him what had occurred in the presence of other persons at the Union meeting. [redacted] mentioned above, was one of those present. [redacted] indicated a displeasure over the fact that Mr. AUSTEIN had attempted to assist the police in locating the murderer of Dr. KING. [redacted] at this time made the statement, "Were you the one that I heard in that mess on Channel 17?" Mr. AUSTEIN told [redacted] that he (AUSTEIN) was the operator attempting to relay information to the police. [redacted] made a remark to the effect that if AUSTEIN had "any sense at all," he should have helped the white Mustang to escape. [redacted] went on to make other remarks indicating that AUSTEIN should not have assisted the police to catch a man who had performed a public service [redacted] indicating by his remarks that he thought that the person who killed Dr. KING had done a public service).

AUSTEIN did not see [redacted] again for some 45 minutes, when the entire group was dismissed early because of the curfew which had been imposed. As those present left the meeting, AUSTEIN told [redacted] to call him on the CB radio when both were in their cars, because AUSTEIN wanted to see how his unit sounded. He added that this is a common practice among CB operators. Shortly thereafter [redacted] did call AUSTEIN, and when [redacted] started to talking on the CB radio, AUSTEIN associated [redacted] voice with the voice he had heard earlier from the unknown person who made the hoax transmissions as outlined above.

During this interview, Mr. AUSTEIN identified one of the other CB operators who attempted to assist the unknown caller and Mr. AUSTEIN as Mr. ED CHAUNCEY, Mr. CHAUNCEY having contacted the Police Department by telephone at the time the transmissions were being made by the unknown CB operator. He stated that Mr. CHAUNCEY also attempted to assist in getting the identity of the unknown caller and the location of the vehicles as the unknown caller was transmitting and claiming to be chasing the Mustang.

Mr. AUSTEIN also advised during this interview with Lieutenant HAMBY that he had previously assisted the Police Department in September 1966 when he chased a suspicious person who was later apprehended by the Police Department based upon the information which he relayed to the Police Department.

Inspector N. E. ZACHARY, Homicide Squad, Memphis Police Department, Memphis, Tennessee, advised his squad has done as much investigation as possible concerning a citizens band (CB) radio transmission on April 4, 1968, that appears to be a hoax. He commented this broadcast concerned the CB transmission at about 6:30 P.M. on April 4, 1968, by an individual allegedly in a 1966 blue Pontiac that was chasing a white Mustang east and north on Jackson Avenue, Memphis, Tennessee, at a high rate of speed. Inspector ZACHARY said that according to this transmission, the 2 cars were traveling at 95 miles an hour through the intersection of Stage Road and Austin Peay Highway (extension of Jackson Avenue) in Raleigh, a suburb of Memphis, and shortly thereafter it was alleged, according to the radio transmission that the white Mustang was shooting at the blue Pontiac. Inspector ZACHARY advised the Shelby County Sheriff's Office had two patrol cars at this intersection at the time of the alleged chase and they did not observe any cars pass this intersection at a high rate of speed.

Inspector ZACHARY advised their investigation indicates one [redacted] age 17, son of [redacted] Memphis, Tennessee, may possibly have made the above mentioned CB radio transmission. He said when [redacted] was contacted, he did not specifically indicate he would not cooperate but commented if anyone knew anything about CB radios, it would be impossible to catch anyone making an illegal broadcast.

Inspector ZACHARY advised, therefore, no further investigation has been conducted by his squad due to the lack of specific information that [redacted] made the transmission and due to [redacted] apparent lack of cooperation.

[redacted] was further advised that investigation conducted in this matter indicates the type of equipment used in this transmission is the same type of CB equipment operated by his son, [redacted] He was further advised that information developed during the investigation indicated the transmission did not come from a mobile unit but rather came from a stationary unit and came from the direction of his residence. He was also advised it was specifically indicated it was his son that made the above mentioned CB radio transmission. It was pointed out to [redacted] that inasmuch as it is believed his son is 17 years of age, he was being contacted prior to contact of his son.

[redacted], Memphis, Tennessee, voluntarily appeared at the Memphis Office of the FBI. [redacted] was advised of the identities of the interviewing Agents and the nature of the inquiry, which concerned a citizens band (CB) radio transmission during the evening of April 4, 1968, relaying information of a Pontiac automobile following a white Mustang that was alleged to have been involved in the shooting of MARTIN LUTHER KING, JR., on that date. [redacted] was furnished a "Voluntary Appearance: Advice of Rights" form by SA [redacted] after reading this form signed same and stated he would gladly discuss this matter to the best of his ability.

[redacted] stated during the evening of April 4, 1968, he was working on a term paper for school that was due the next day. He said he was in his room but was not listening to his CB unit or any other radio, nor did he have any radio turned on. He commented he has his CB radio and his "ham" radio in his room as well as a police monitor and a regular commercial radio. He said his firstknowledge of MARTIN LUTHER KING, JR., being shot came from his mother who some few minutes after the shooting called up to him in his room and rold him what she had heard on the radio. He said he believes he then turned on the police monitor to hear the events as they transpired. [redacted] stated shortly after his mother told him about the shooting a friend (whose name he did not choose to reveal) called him on the telephone and told him about the shooting and then mentioned the CB transmission. He said since he believes he had the police monitor turned on he naturally did not turn on the CB unit.

[redacted] advised he has read the local newspapers' account of the CB transmission but again commented he did not hear this particular transmission.

[redacted] was advised considerable investigation has been conducted to establish the identity of the individual or individuals that caused this CB transmission to be made. It was pointed out to [redacted] that it has been suggested he is the individual who made this transmission in question.

[redacted] after swallowing hard and with a break in his voice said he did not make the CB radio transmission in question and after wiping a tear that had welled up in his eye added he does not know or have any idea who made that transmission. He said he could not understand why anyone would accuse him of this act. He said that whoever accused him of this does not know what they are talking about.

[redacted] said that he did not think there were many CB operators in Memphis who had knowledge of these units that would be knowledgeable enough to pinpoint anyone making a CB transmission of this type. He went on to add that anyone with knowledge of CB radios could disguise their voices and cause distortions in the transmission so as to be unable to be identified. He said anyone with any knowledge of CB radios and transmissions of this type knows no one can positively identify the source of the transmission unless the guilty person admitted it.

[redacted] reluctantly but voluntarily mentioned that he heard from a friend who was a patient in the Methodist Hospital on April 4, 1968, that he had his CB unit in the hospital room and heard the above mentioned CB transmission. He reluctantly added that [redacted] Memphis, Tennessee, a friend of his father, was visiting in the hospital and heard the above mentioned CB radio transmission but had no idea who did the broadcasting.

SUPPLEMENT # 85 RE: C. B. Incident (Citizen's Band Radio)
DR. MARTIN LUTHER KING, JR., MC 39
HOMICIDE #3367
THURSDAY, APRIL 4, 1968, at 6:00 p.m.

REPORTED BY: LT. J. B. HAMM Date: April 13, 1968

On April 10, 1968 I was detailed with FBI agent [redacted], and our assignment was to follow up on and check out certain people that were present at Jim's Grill, 415 S. Main, in the afternoon of April 4, 1968 prior to the shooting. We spent the morning attempting to locate these people, and at 1:20 p.m., Agent [redacted] was contacted by radio and told to call his office. When he returned to the car, he stated that we were to go to the Cadaveca Shopping Center on Winchester, and we would find a male white parked in front of Walgreen's Drug Store, and he was described as being 5'7" tall, 140 lbs., 42 years old, wearing a red striped short-sleeved sports shirt, and wearing khaki pants. He would be in a 1962 Ford Fairlane painted beige. He had information with reference to an article that he saw in the newspaper April 10, 1968 in regard to a Citizen's Band Radio.

We arrived at 1:35 p.m., and saw the above described car parked in front of Walgreen's Drug Store at 3217 Winchester with the above described male white sitting in the car. As we drove up, he appeared to be very nervous and stared straight ahead and did not look at us, although it was obvious he had seen us. We pulled approximately three cars away from him and parked, and in a few minutes he got out of his car and walked over and got into the rear seat. He said the reason that he was being so careful was that he was a union member, having been employed for Eastern Airlines, but was now on a disability pension, and since the sanitation strike and the different unions' participation in it, he was afraid that someone would see him and misunderstand his intentions. He stated that his name was [redacted]. He said that [redacted] him and stated that a man named [redacted] who lives at [redacted] called her approximately 6:30 to 7:00 p.m. on the night of April 4, 1968 and seemed to be elated over the fact that Martin Luther King had been murdered, and made numerous comments about it, and she told him, "What am I supposed to do? Clap my hands?" And she hung up on him. He further stated that his aunt did not know about the murder of King because she did not have a radio or TV.

After he read the article in the morning paper on April 10, 1968 with reference to a police officer allegedly having chased a car and then denying it, and that a C. B. radio operator was also involved, he remembered that [redacted] was a C. B. operator and he might have been the party referred to in the newspaper.

[redacted] was of the opinion that the C. B. operator was driving a white Mustang with a C. B. radio in it, and that the C. B. operator was responsible for the murder of King.

We proceeded to [redacted] and found that the house is situated on the north side of the street, with a C. B. antenna attached to the rear of the house. This antenna is commonly called CLR-2. It was noticed that the house seemed to be locked up, and there was no car in the driveway.

At this time [redacted] not sure whether or not a C. B. operator driving a Mustang was not involved, and as we were waiting for [redacted] to return home, we checked in the neighborhood and at 3:00 p.m. we talked with [redacted] phone [redacted] as we noticed a C. B. antenna on the south side of her home. Upon talking with [redacted] she stated that her son, [redacted] did own a 23 channel C. B. radio, but that she was sure he was not listening to the radio on April 4, 1968, as he very rarely ever turned it on any more, as the newness had worn off and he had other interests now. About this time her son, [redacted] came into the house and he also related that he had not listened to his C. B. radio for sometime, also he was watching television with his parents on the night King was murdered, and this was verified by [redacted].

We again checked the residence of [redacted] on [redacted] and there was still no one at home. We decided to check a little further into the C. B. incident, as neither myself or Agent [redacted] was too familiar with the entire incident. I contacted [redacted] by phone, as I knew that she and her husband were avid C. B. fans and had owned a C. B. radio for a number of years. It is also known that her son, [redacted], who is a [redacted] and her daughter, [redacted] also owned C. B. radios. In talking with [redacted] she related that she did not hear the conversation that had taken place on the C. B. radio April 4, 1968, and had not heard anyone mention it on the radio since that time. She said to check with

her son, [redacted] or her daughter, [redacted] and her husband, [redacted] and they might be able to shed some light on this incident.

At 3:30 p.m., April 10, 1968, we went to [redacted] where we were admitted by [redacted] She stated that they do have a 23 channel C.B. radio and that they stand by on channel 13, but on occasions will go to another channel to call and talk with a friend. She said that on April 4, 1968 between 6:00 and 7:00 p.m., she was monitoring channel 13, as there was a lot of activity because of the death of Martin Luther King, and she would occasionally change to another channel to see if any additional information could be learned. She was contacted by [redacted] who was listening to her police monitor radio, as well as her CB radio, and during the conversation [redacted] had told her about a car that was being chased by a mobile Citizen Band radio operator, and that this was taking place on channel 17. She said that she hung up immediately and turned her CB radio over to channel 17, but by this time the chase was apparently all over with, as she did not hear any of it. As a matter of fact, the channel was very quiet. There was no one talking. She further stated that she then contacted her brother, who is a [redacted] and he told her that he had been on channel 17 listening to the CB mobile unit chasing the white Mustang that was supposed to have been driven by the killer of Martin Luther King, but due to the fact that another CB unit that was close to his house was talking on another channel, and was bleeding over onto his channel, he was unable to read all of the transmissions from the mobile unit following the Mustang.

At this time the husband of [redacted] came home from work and in questioning him, he stated about the same thing that [redacted] stated, with the exception that he had received two phone calls at different times from a male white who identified himself as [redacted] and that he represented a national magazine from New York and wanted to know if he had been monitoring channel 17 the night or evening that Martin Luther King had been killed, as he wanted to talk with someone who had heard the chase of the CB mobile and the Mustang. He also told [redacted] that he was a local photographer on an assignment with a national magazine. [redacted] stated that he told him that he did not hear the chase, and that if he had he would give his information to the police department.

[redacted] further stated that [redacted] had also received several calls from this same man, seeking information pertaining to the incident on channel 17. It was also learned that an employee of [redacted] was thinking about, or rather had gone to a lawyer for advice because of an incident with this same photographer--reporter, as he had gone onto [redacted] private property and attempted to get into [redacted] automobile to take photographs of his car. [redacted] owns a Mustang, but it is not white [redacted] was checked out by the Homicide Bureau, as his name had come up in the investigation, and the investigation proved that he could not have been at the scene of the crime, as his alibis checked out.)

I then contacted [redacted] in the [redacted] and he stated that on April 4, 1968 that he was at home and was listening to a portable police monitor radio, and that after hearing of the shooting of King he was reasonably sure that there would be trouble and that he would be called to duty. While listening to the police monitor, he heard the chase of the CB mobile unit and the Mustang from the police dispatcher, so he got on his CB radio and began going from channel to channel until he reached channel 17, and he heard part of the chase. However, due to a neighbor who is also a CB operator and was on another channel and was bleeding over on him, he was unable to read enough of the transmissions to understand what was going on.

Agent [redacted] and myself returned to Headquarters (Police) where we were just in time to get in on the beginning of a staff meeting conducted by Inspector H. E. Zachary and Captain Cochran. During this staff meeting additional information was learned pertaining to this CB incident, and also learned that Lt. J. L. Harrison, who is acting as Coordinator in the office on the King case, had several Memos that had been called in by citizens pertaining to this incident, as well as a letter from Lt. R. W. Bradshaw, who was car 160 on April 4, 1968.

After the staff meeting, a male white came into the office (Homicide) and stated that his name was William Herbert Austein, and that he was the CB operator who was assisting Lt. Bradshaw on April 4, 1968 at Hollywood and Jackson. He was asked to wait while I read the memos and letters that Lt. Harrison had in regard to the CB incident, and found that in the letter written by Lt. Bradshaw on April 6, 1968 he gave the name of Austein

and related that on Thursday, April 4, 1968, at approximately 6:40 p.m., he was traveling north on Hollywood just south of Jackson Ave. when a 1967 Chevrolet Chevelle convertible, white over red, 1968 Tennessee license A5-5124, blew the horn and waved him to the parking lot of Loeb's Laundry at Jackson & Hollywood. This male white, who later identified himself as William Hubbard Austein, M/ 22, of [redacted] had in his automobile a Citizen's Band radio and at this time he was talking to some unknown male subject and requested that he relay information that was received by him from another male white in a blue Pontiac which was following a white Mustang east on Summer from Highland at a high rate of speed. [redacted] stated that the Pontiac's speed varied from 75 to 90 miles per hour. On different occasions Bradshaw could hear this other car talking, stating he was still following this white Mustang east on Summer from Waring, and at this time a high noise consisting of static on the radio kept him from understanding the conversation between these two automobiles.

Bradshaw further stated that upon receiving the information from Austein that a white Mustang was being followed east on Summer from Highland. He associated this white Mustang with an automobile that was seen going north on Main St. near the area of where Martin Luther King was murdered. This information was given to the Dispatcher, and the Dispatcher began to dispatch police cars toward Summer Ave. Cars 42 and 36 were asked to pull south, and car 44 and other cars to pull north. After several minutes, this white Mustang was supposed to be turning north on Mendenhall from Summer. After a slight delay, it was west on Macon, then north on Wells Station. The next legible communication I heard from the blue Pontiac, he said he was going north on Jackson towards the city limits. The Dispatcher had earlier placed a call with the sheriff's office for them to copy this information. At Jackson & Stage Rd. the blue Pontiac stated that this white Mustang went through the red light doing 95 miles per hour, still going north on Austin Peay. To the best of his knowledge, he heard the Dispatcher advise that a sheriff's car was supposed to be at Jackson & Stage Rd. and that they did not see a car come through this intersection at that rate of speed, or fitting that description.

Lt. Bradshaw further relates, that as these cars were supposed to be continuing north on Austin Peay, the level of noise on the Citizen's Band radio became so intense that Austein could not hear the blue Pontiac talking, and asked for other Citizen's Band operators to relay this information to him so that he could pass it on to the police that were with him, as this subject should be checked. At this point Bradshaw relates that he heard an unknown male subject come on the radio and said, "Let him go, as this may be the subject that shot Martin Luther King." Several times during the chase Bradshaw related that he asked Austein to contact the blue Pontiac and get a license number, but it appeared that the Pontiac could not close the distance between him and the Mustang so that he could get a license number. Some place between Raleigh and the road that leads to the Memphis Naval Air Station, the Mustang was supposed to be speeding 95 miles per hour, and stuck a gun out the window, shooting backwards at the blue Pontiac which was following.

Bradshaw related that the last information received from the blue Pontiac was that the location was Austin Peay Highway, and the road leading to the Naval Air Station.

William Austein stated to Bradshaw that the legal output on his Citizen's Band radio is supposed to be 5 watts, but that he is running 60 watts, which is illegal, but not enforced. While still at Jackson & Hollywood, Austein stated that the information received from another Citizen's Band operator revealed that the blue Pontiac signal was getting stronger instead of getting weaker, which would indicate that instead of going away, he should be coming towards him. Bradshaw further related that he could not get the information from Austein as to who the other male white was that stated his signals were getting stronger instead of weaker. Austein further stated that he has helped the police on several occasions by getting information on DWI's, Reckless Drivers, etc., and that he felt this information should be a matter of record with the police.

A copy of Lt. Bradshaw's letter is hereto attached and self-explanatory.

In Memo No. 39 submitted by Lt. J. D. Music in reference to telephone information regarding CB operator following white Mustang, Lt. Music reported that on Thursday, April 4, 1968 that Lt. McCachren received a phone call from a male white who identified himself as E. L. Chancey, ph. 276-0643. Chancey stated to McCachren that he was monitoring his radio and overheard another CB operator call for someone to make a phone call for him. Chancey answered his call, but had difficulty reading his transmission and asked for someone to relay the message for him. Bill Austein, another CB operator, answered Chancey's request. Between the three CB operators, Austein, Chancey and the unknown operator (Carroll--- Satchfield) a conversation that consisted of the direction of a white Mustang and a blue

'66 Pontiac and certain events that took place. The unknown operator in the blue Pontiac, reported to Austein and Chancey that he was south on Parkway, then east on Sumner behind this Mustang at a high rate of speed. This unknown operator at various times during the chase would report his position to Austein, who in turn would relay this information to Chancey. The chase continued east on Sumner to Graham, then north on Graham, eventually ending up on Jackson Ave. The chase then continued east on Jackson and the unknown operator's last reported position was somewhere on Austin Peay highway north of the Raleigh city limits.

Lt. Music contacted Mr. Chancey by phone April 6, 1968 and he stated basically the same story as he had reported to McCachren on April 4, 1968. He added that he had no idea who this unknown CB operator was that was chasing the white Mustang, did not recognize his voice, and could not say that he had heard him before. He reported that the unknown operator at no time used any kind type of call sign to identify himself. Mr. Chancey stated a number of times during the chase involving this unknown operator, various Citizen's Band operators tried to get this operator to identify himself, with negative results. Mr. Chancey also furnished Lt. Music with Bill Austein's home phone number, 276-0986, so that he might call him for an interview.

Lt. Music's report further states that on April 6, 1968 that he contacted Austein and he reported xxx that he was at Jackson and University with his mobile CB radio on and had heard an unknown CBer report that he was north on Parkway, then east on Sumner, following a white Mustang occupied by three male whites at a high rate of speed. Austein stated that it was 6:30 p.m. when he heard the call, and various times this unknown operator would report his position, east on Sumner to Graham, then north on Graham, somehow reaching Jackson, then east on Jackson through Raleigh, and the operator was last heard from on Austin Peay highway. The last transmission made by this unknown operator was that one of the three male whites in this Mustang had fired a shot or two at his automobile, knocking his windshield out. Austein stated that he was eastbound and during the chase he flagged a squad car down at Jackson & Hollywood, had this squad car stand by while they talked with this unknown operator. He told this unknown operator that he was now with the Police Department; however, no response in regard to needing the police was given by this operator. The unknown operator continued to report his position, but did not ask to send the police. When the unknown operator reported that his windshield had been knocked out, it was offered by Austein to send the police, but the operator would not respond to where he was. Austein was of the opinion that this unknown operator was building a hoax and was not doing as he was reporting over the air. He further added that numerous times base stations powerful enough to transmit anywhere in Shelby Co. tried to assist this unknown operator; however, this operator would say everything but where he was at that time. The unknown operator continued to report a changing position and after the chase/ allegedly ended, no one heard from this unknown operator again. Austein stated he did not recognize the voice, and had no idea who he might be. He further reported that at no time did the unknown operator use any type of call letters so that he might be identified. A copy of Memo No. 39 is hereto attached and self-explanatory.

After reading the above letter and memo, I interviewed William Hubert Austein, M/ 22, residence [redacted] employed by [redacted] He stated that he was a licensed CB operator and that his FCC call letters were KDM-8637. He further stated that he owns a base station (home unit) and a mobile unit, and that his base station is located at [redacted]

He related that on April 4, 1968 at 5:00 p.m. he was at home and that he left there at approximately 5:40 p.m. He stated that he drove in his car that has a CB mobile unit in it, from his apartment to Zayre's on Poplar. He remained there until approximately 5:55 p.m. He then drove from Zayre's to Carlton's Esso Service Center on the corner of Madison & Bellevue. As he arrived at the service station, the announcement had just been made on the commercial radio station that Martin Luther King had been shot. He was there for approximately five minutes, and returned to his apartment. He left his apartment at approximately 6:12 p.m. to travel to the Steamfitter's Local No. 614 on Jackson Ave. near Douglas School. While enroute out Jackson, eastbound, and as he had just passed Springdale & Jackson, which was approximately 6:30 p.m., and was monitoring on channel 17 on xxx a CB radio, he heard a request from another mobile unit for a land line (phone) to the police department. This call was answered by a base station, who replied that he would immediately call the police and inquired of the nature of the call.

Austein further stated that at this time, because of the skip (radio interference due to atmospheric conditions) they were unable to maintain contact with each other. The mobile unit that was calling for help was evidently very close to his location because he was

putting a high reading on the signal strength meter on his CB radio. He stated that he told this mobile that he was close to him and had just spotted a police car and would relay his message to the policeman.

He further stated that the unknown mobile CB operator was chasing a white Mustang east on Summer and that the occupants of the Mustang were responsible for King's murder. He said he noticed the police car to pull in beside him in the parking lot of Loeb's Bar-B-Q at the intersection of Jackson & Hollywood. He told the police lieutenant who was driving the car that he was talking to a person on the radio who claimed he was following King's murderer. The lieutenant told him to call this person again to determine his present location. He called to this mobile unit by saying, "Mobile that is chasing the white Mustang, what is your present 10-20? (location)." He replied that he was approaching Highland on Summer Ave. at a high rate of speed. He related this information to the police lieutenant, who relayed this to his dispatcher. The lieutenant told him to keep talking to the man so that we would be continuously informed as to location and direction of movement. At this time he stated that he lost contact for a few seconds.

After calling him several times, he was finally able to read his transmission. He asked him what type of car he was driving so that the police would easily identify him when they saw him. He replied that he was driving a 1966 blue Pontiac and that the white Mustang was at that time exceeding 75 miles per hour, and that they had just turned north off from Summer Ave., and gave the name of the street that he could not recall at present.

He further stated that at this time there was some confusion as to his direction from this point because another CB base station tried to break and doubled with the mobile unit.

The next transmission that he could read from the mobile unit stated that he had turned north and that he was approaching Raleigh on Jackson Ave. Every transmission that he was able to read, he had immediately relayed to the lieutenant in the police car beside him.

Shortly after stating that he was approaching & Raleigh, he stated that he had just passed Stage Rd. on Austin Peay Highway and that he was being fired upon by the occupants in the white Mustang. He said his speed at this time was in excess of 100 miles per hour.

He further stated that he asked him if it was possible for him to get the license number of the Mustang. He replied that he was afraid to get that close because several shots had already been fired at him. On his last transmission he stated they had just passed the Millington exit, and the Mustang was gaining on him even though he had the Pontiac "flat out."

He further stated that he called him several more times, and when he was unable to raise him, another station started calling him, requesting his call letters and his location. He said as far as he knew, there were no other transmissions from the mobile unit at this time.

He further stated that he did not know the identity of the CB operator in the mobile unit but it was noticed that he was hesitant in denying the identity of the other operator. He stated that there was approximately 3,000 CB operators in Memphis and possibly that many more that are unlicensed.

He related that there was no doubt in his mind that this alleged chase by the CB mobile operator was a hoax. He gave as his reason for believing this, as several things, one being that there was not sufficient time for this person to travel the distance that he had stated, also the last two or three transmissions that this person made showed no change of signal strength on his S-meter, as would have been the case if he had been moving away from him. This indicated to him that the unit must have stopped moving, and that his signal strength indicated to him that he could not have been as far away as he claimed. Further, the time that he stated that he had turned north off from Summer Ave., his signal strength was very weak, and the short time thereafter, at approximately the time he reported that he was turning north off from Jackson Ave., his signal strength became higher. (Note: It has been learned from talking with Carroll Hatchfield, radio and TV repairman, and considered an expert in the field of Citizen's Band and ham operators, that due to the fact that Austein was sitting side by side with the police squad car, that every time the squad car would make a transmission, this would cause Austein's CB radio to do as he has indicated above. Further, that the mere fact that human beings were moving about his car, this would also cause his S-meter to fluctuate, as has been indicated by Austein, plus the fact that on this date the skip (radio interference) condition was bad.)

Austein was asked to explain what he meant by S-meter, and he stated that an S-meter on a CB radio indicates the relative strength of an incoming signal from another unit. He said

that he had a transisterized Lafayette 325, 23-channel radio, with a Hustler antenna mounted on the left rear fender of his car. (Note: It is a habit of all CBers that have S-meters on their radios to check this constantly while receiving transmission, as it is a habit among CBers to ask one or another what reading they are putting on the S-meter.)

He was asked if he checked his S-meter when he first heard the call for assistance, and he stated that he did, and that it was registering almost as high as it possibly could, which is a 30, and this indicated to him that the unit must be very close to him, anywhere from 150 ft. to approximately two blocks at the most. He said that after the last transmission was made by the unknown mobile, he noted his S-meter again and received a reading of over 15, and the modulation was strong and clear, which indicated to him that the unit was no more than two miles away.

He further related that during the chase, and observing his S-meter, he was of the opinion that the mobile chasing the Mustang was in the northeast section of Memphis and that he was familiar with that part of the town, and especially when he stated that he was northbound on Jackson Ave., as very few people, other than those who had lived or live in that area, as most people refer to it (Jackson Ave.) as being east and west.

As stated previously when questioning Austein as to the possible identity of the person responsible for this hoax, he appeared to be hesitant and showed an indication that he at least had a suspicion as to who this unknown CB operator was. After explaining to Mr. Austein the seriousness of the offense committed by the unknown CB operator, plus the fact that this incident would give CBers a black eye as far as the general public was concerned, he finally stated that he did have a person in mind that could may have caused this incident, but that he only knew his last name and where he was employed. He reluctantly stated that this person's name was [redacted] employed by [redacted] as an [redacted] and that he belonged to Steamfitter's Local No. 614 at 3754 Jackson Ave., which is right beside Gregg School, the same one that he belonged to. He further stated that [redacted] has a Citizen's Band radio in his car, the same type as his, and that his car is a blue 1966 Ford. He had a reason for being in this general area at approximately the time the transmissions were made, because he was going to the Steamfitter's Local 614, at 3754 Jackson Ave. and was due there by 7:00 p.m. Further, because his CB antenna is on a trunk mount on his car, which would make his signals directional, in other words, when he transmits, the signal will be stronger in one direction than in any other direction. The antenna is mounted in the center of the rear deck on an adapter that fastens into the front crack of the trunk lid. This will cause him to throw his strongest signal straightforward; his weakest signal will be to either side of the car, and his signal to the rear will be of only moderate strength.

He further stated that if [redacted] had been traveling eastward, or east on Sumner, and turned left on or north, his signal would have dropped because of the directional properties of the antenna. When the man who claimed he was chasing the Mustang stated that he was turning left (or north) off Sumner Ave., his signal strength did drop to the point that he had difficulty copying some of his transmissions. The last two or three transmissions that the man made, his signal strength remained constant or steady. According to the broadcast he was making, which was going east out of town and away from him, his signal strength should have been weak and dropping quickly, but instead, remained constant and strong. He stated his S-meter indicated 15 or over, which indicated that he could not have been more than possibly two miles from him, and sitting still.

He stated that after he left the lieutenant at Hollywood & Jackson, he proceeded east on Jackson to the Steamfitter's local building at 754 Jackson. When he arrived, he saw [redacted] car parked facing west near the Steamfitter's building. He had already gone inside.

When he arrived, he was questioned by [redacted] as to why he was late. He told him in the presence of several other apprentices, [redacted] included, that he had been relaying information from a car that claimed that he was chasing King's murderer, and that he could not leave the police officer until he lost the mobile unit signal. He said that at this time [redacted] became very angry at him for attempting to help the police and locate King's murderer. He said [redacted] was standing very close to him, also appeared to be very angry at him, as were several other apprentices who had overheard the conversation. [redacted] said to him, "Were you the one that I heard in that mess on channel 17?" He told [redacted] that he was the one attempting to relay the information to the police. [redacted] stated that if he had any sense at all, he would have helped the white Mustang escape. Austein told him that he had to live with his conscience and that if he had it to do over again, he would be forced to do anything he could to aid in the man's capture.

Austein then stated that [redacted] then made several derogatory remarks to the effect that he was stupid for helping the police catch the man who had performed a public service. [redacted] and several other apprentices also made similar remarks.

Austein stated that he did not see [redacted] again until approximately 45 minutes later, when they were dismissed early because of the curfew that had been called. As he and [redacted] were leaving the building, he called to [redacted] and told him that after he got into his car and turned on his radio to call him on the radio, as he wanted to see how his mobile sounded. He stated that this is a common practice among CBers. As they talked, he began a vague association with his voice and another that he had heard but could not place immediately. He stated that it was the next day before he realized that he had associated [redacted] voice with the man who claimed he was chasing the white Mustang.

He further stated that from Hollywood & Jackson where he was transmitting and receiving information from the CBer that was chasing the white Mustang to the Steamfitter's union hall at 3754 Jackson is approximately two miles, and that the unit in [redacted] would put about 15 on his S-meter, which was the reading that he was getting from the mobile unit. He stated that as far as he knew, [redacted] had never lived in that area, but he was not sure, and further, that he believed that [redacted] had a compass mounted on his dashboard and if [redacted] was the guilty party and was referred to his compass from the position that he was parked, the compass would have indicated north.

He stated that he regretted that this incident ever occurred, as the CBers in Memphis have had an excellent reputation with both the police department and the citizens as they were always "Johnny on the spot" in an emergency, and he is afraid that since this incident has occurred, that law enforcement agencies would be reluctant to depend on CBers in the future. He indicated that he was just as interested as I in finding the party responsible for perpetrating this hoax. He assured me that he would cooperate in apprehending the party responsible for this hoax, but did ask, since he was not absolutely sure, that I not mention his name to [redacted] if and when we talked with him.

A written statement was given by William Herbert Austein, the text of which has previously been stated. A copy of this statement will accompany this report.

It is to be noted that the time element involved in this chase, so far as the Police Department is concerned, or when the Police Department became involved, was from 6:36 p.m. to 6:49 p.m., a time lapse of thirteen minutes.

On Thursday, April 11, 1968, at 12:30 p.m., FBI agent [redacted] came to the Homicide Office, and I brought him up on what had transpired since I last saw him, and it was agreed that [redacted] who I had learned to be [redacted] M/ 25, [redacted] ph. [redacted] employed [redacted] and was working on the [redacted] at [redacted] should be questioned at this time. We proceeded in [redacted] 61 cruiser to [redacted] where we searched the area, thinking that he would park his car in that vicinity, as where he was working was only a short distance away. When we could not locate his car, we then proceeded to the [redacted] which is under construction at [redacted] where we talked with [redacted] who is a bookkeeper for [redacted] the builders of the [redacted] and he stated that [redacted] was working on the twelfth floor, and that he would send for him. In several minutes [redacted] walked into the bookkeeper's office where we were waiting, and upon observing him, we noted that he was approximately 6'1" or 6'2", well built, with black hair, and when he walked into the office he said in an arrogant manner, "Who wants to see me?" It is to be noted at this time that we had found his car parked in the lower basement of this building and it was a 1966 or '67 light blue two-door hardtop Ford Galaxy 500, with Tennessee license [redacted] with the doors locked. We also noticed a base-loaded antenna mounted in the center of the car on the trunk. On looking inside of the car, we saw a 23 channel, transistorized Lafayette CB radio. We asked [redacted] to accompany us to his car, after identifying ourselves, and when we got to his car, we asked if this was his car, and he stated very arrogantly that it was. He then said, "What's this all about?" We told him that we were investigating an incident involving a CBer, and he said, "Well, I haven't done anything." He again asked for our credentials. He asked, before answering any questions, should he have an attorney, and if he was under arrest.

He was advised that he was not under arrest, that we were investigating a matter pertaining to a CBer and his name had been mentioned. It was at this time it was noticed that [redacted] outwardly appeared to be very calm, self-assured, but on close observation, it was noticed that the area around his mouth had turned white, and beads of perspiration were forming on his forehead. He was again advised that he was not under arrest, and we asked for his cooperation in clearing up an accusation that had been made against him, and asked him to accompany us to police headquarters.

He agreed to accompany us but asked for permission to go back on the twelfth floor to get some of his belongings, to which we agreed. On his return, we then proceeded to headquarters.

Due to another pressing matter, Agent [redacted] did not accompany us to the Homicide Bureau, where he was taken and interviewed.

On Thursday, April 11, 1968, at 1:15 p.m., [redacted] was interviewed and he stated that his step-father, [redacted] who had been married to his mother approximately ten years, residence, [redacted] was a CBer, and had FCC license [redacted] and that he monitors channel 11, and has been a CBer several years. He stated that he, personally, did not have a license to operate a CB radio, but he uses his father's call number instead.

He stated that he was born [redacted] and that his father was [redacted] who died in 1963, and that his mother was [redacted] and that she had married his step-father when he was in the tenth grade. They moved to Memphis from [redacted] when he was three or four months old, and he was raised in Memphis and finished high school at Central High. He said the only time that he has ever been out of Memphis was after he had finished high school, he worked in Helena, Arkansas for [redacted] store and for a placed called [redacted]

While in Helena, Arkansas, he met and married his first wife, [redacted] and lived with her from 1962 to 1965 when they were divorced. No children were born to them. He came back to Memphis where he met and married his second wife on June 18, 1966, [redacted] and that they had no children.

[redacted] denied that he had ever been arrested before, but admitted having received traffic tickets, and had been involved in one traffic accident, but had not received any type of citation for the past two years.

He stated that he belonged to United Association (UA) Union for the past five years and that he belonged to Local No. 614 Steamfitters' Union in Memphis. He said his average salary for forty hours per week is $136.80.

He further stated that he got interested in the Citizen's Band radio through his step-father, and bought his first unit, which was a mobile unit, this past Christmas, and installed it in his car right away. He said that he had not applied for his CB license, that he was using his father's call letters, but referring to it as a mobile, which he says is legal. He said that his step-father owns a Courier Royal 23 channel CB radio and that he uses it on base and mobile, and also owns a couple of walkie talkies. He stated that he does not have the facilities at his home to put his mobile unit on base and that he uses this radio for a hobby, for emergencies such as when he goes on trips. He stated that he had had his radio checked, and that it puts out three and one-half watts. He denied having an additional unit that would boost his total output of wattage.

He stated that on Thursday, April 4, 1968, he left home at 7:30 a.m., arrived at work at 7:40 a.m. He worked all day, getting off at 4:15 p.m., leaving [redacted] at 4:25 p.m. He went to Ellenburg's parking lot on N. Second, next door to the Goodwill Industries Store. He then walked up to the 100 N. Main Bldg., went to the sixteenth floor, where he picked up his wife, who works for [redacted] They left there at 4:50 p.m., went back to Goodwill Industries, where they picked up a next-door neighbor, [redacted] They then left for home at 5:00 p.m., arriving at home at 5:15 p.m., and remained there until 6:20 p.m. He stated that he had to attend school at the Steam-fitters' local No. 614, on Jackson Ave., and at 6:20 p.m., he left out the door of his home, and a boy downstairs who he thinks lives in Apartment 5, saw him leave.

He further stated that [redacted] who owns the apartment building, drove up in a green pickup truck, and they stood there talking, when his wife came out the door and said that she had been looking at TV on channel 3, and that they had just announced that somebody had shot Martin Luther King.

He stated that [redacted] his wife, and the boy that lives downstairs, discussed this shooting a few minutes, and he left going to school, as he had to be there at 7:00 p.m. He stated that he attends school, generally at Tech H.S., on Tuesdays and Thursdays of each week, but on this particular night it would be held at the Union Hall. He stated after leaving the house he went east on Vance to Linden, east on Linden to Cleveland, north on Cleveland to Union, east on Union to Union Extended, then to Walnut Grove Rd., continuing east on Walnut Grove Rd. to Holmes, north on Holmes to Broad, east on Broad to National, north on National to Jackson, east on Jackson to the Union hall, which is just across the viaduct at National Cemetery. When he arrived at the Union hall, he pulled onto the parking lot and parked his car facing east on Jackson. He stated that this was on the west side of the Union hall. He then got out of the car and went to a friend's car, [redacted] and saw [redacted] and [redacted] who is his instructor. He stated that they talked about the shooting of Martin Luther King and then went into the building. He estimated the time of his arrival at the Union hall between 6:45 and 6:50 p.m.

[redacted] further stated that he turned on his CB radio when he left the house, and was monitoring channel 11. He said that the first time he heard anything about a white Mustang, he was on National Ave. by a fruitstand on National ave. between Summer and Jackson. He further stated that all you could hear on the radio (CB) was about somebody shooting Martin Luther King. He denied knowing on what exact channel he heard it on, as he was channel-hopping (from one station to another). When he first heard about the white Mustang when he was on National, all he heard was/ 75/ that he heard somebody say something about police chasing a Mustang. He said he could not remember anything said, as there was so much being said about the assassination. (Note: It is common knowledge that when an emergency exists on the CB band, and when a CBer finds out what channel this emergency exists on, their first instinct is to go to that channel and stand by and listen.

He said that he was on Union Ave. at approximately Belvedere when he first heard on his CB radio about the shooting of Martin Luther King.

He then stated, "Man, you got me scared to death. I think I need a lawyer. Can I call my mother?" He was given the opportunity to call his mother, as he was not under arrest, but was unable to reach her because the line was busy. He was again told that

he was not under arrest, and that he was free to go at any time, but someone had made an accusation that he could be the party responsible for this CB incident, and if he was innocent, that I should have the benefit of all his knowledge of this incident and people that could give him an alibi.

He then stated that he was innocent, that he could not have been the person responsible, simply because he did not do it. He further stated that he knew of one CBer named Herbert Ahstein who works with him and was in the vicinity of where this incident took place, and that he had overheard him at the Union meeting on the night that King was murdered telling someone something about a blue Pontiac chasing a white Mustang. [redacted]

At the time of this writing none of his alibis have been checked because of additional information received that needed checking immediately, but his alibis will be checked and submitted on another supplement.

On Thursday, April 11, 1968, the Homicide Office received a copy of a letter written by Lt. J. T. Marbry, addressed to Inspector G. P. Hines dated April 11, 1968, in reference to information concerning Citizen's Band radio conversation. Attached to this letter was a handwritten statement from Mr. Carroll Satchfield, [redacted] MS 49, ph. [redacted] business address, [redacted] Carroll's TV Service.

Lt. Marbry reported that on April 10, 1968, he contacted radio engineer Green at Armour Station to determine if the CB call letters believed to be KDM6410, heard on channel 17, relating to the chase between the Pontiac and Mustang on the day of King's assassination could be identified. Green advised him that this call number was not familiar to him, and that they were unknown. He suggested that Marbry contact Russ Mellen, CB Center, 1027 E. Brooks, ph. 396-6666, which has a CB directory containing this information. Green further suggested that he contact Mr. Carroll Satchfield, [redacted] ph. [redacted] concerning information about this CB conversation.

Lt. Marbry contacted Mrs. Russ Mellen, who stated that the last CB directory they have was issued for the year 1966, and only went through the call letters KDM3128. She said, to her knowledge, there was no CB directory for Tennessee printed for the years 1967 and 1968.

On April 10, 1968, at 10:30 a.m., Lt. Marbry went to Carroll's TV Service, 196 S. Cooper, where he talked with Mr. Carroll Satchfield.

Mr. Satchfield said that he is a CB and Ham operator, using the ham call letters, W4OTJ, and the CB call letters KDM3614. He stated that his wife, son, and Harold "Andy" Anderson and himself were in the shop area of his firm when they first heard a call for assistance on channel 17. Lt. Marbry then had Mr. Satchfield to write a statement, which was also attached to this report and will be outlined later.

Mr. Satchfield further stated to Lt. Marbry that when he first heard of the stories by the news media, he did not recognize them to be the same conversations that he overheard on channel 17 on his CB radio on April 4, 1968. He stated that he was tired of hearing the rumors about this conversation, and thought that he could possibly straighten it out.

Mr. Satchfield said that there were five channels assigned by the FCC, channels 9 through 14, which are for intercommunication between stations of other call letters, and the balance of these channels, 23 in all, are supposed to be for business firms to use. He stated that they have experienced considerable horseplay by younger people using unauthorized channels.

Lt. Marbry further stated that Mr. Satchfield said that he had a young person in mind who could possibly be responsible for this communication, but he dare not mention it because this person has been in his shop, and his parents are his friends. He said that this young person was very sharp, and was capable of carrying on this type of conversation, and has done something of this nature previously, but not this serious.

Lt. Marbry further wrote that Mr. Satchfield impressed him as being very serious-minded about CB communications, and did not appreciate the misuse by others. He said that he would consider Mr. Satchfield to be a reliable person, based on his conversation with him. A copy of his letter will accompany this report.

The handwritten statement that was attached to Lt. Marbry's letter given by Mr. Carroll Satchfield on April 11, 1968 at 10:40 a.m. pertaining to the CB incident on April 4, 1968 at 6:30 p.m., in this statement he states:

"I was working in my shop monitoring the CB Channels when we heard a call on Channel 17 asking for assistance for anybody to call the P.D. - #1, they said they were in pursuit of a white Mustang out of town license plates occupied by 3 MM's going east on Sumner from Fwy at a high rate of speed. At this time we took field strength measurements of sta. asking for assistance. Our field strength measurement was 8.6-modulation, deviation was 92.6 (approx) which means this sta had high level modulation. #1 I am in pursuit of the car that killed Dr. King. About that time someone (#2) broke in and said we have a patrol car in sight - near the Alamo Plaza. Now we have stopped the patrol car. Now give us the exact location. We will designate the pursuing unit as #1 - the citizen radio car and police unit as #2 and KDE3614 as #3. No one gave any call letters or signs. At that time #1 gave the location Highland & Sumner - high rate of speed. #1 next said car turning north on Graham from Sumner. #3 called in asking #1 for more specifics about license numbers. #1 repeated he was blocked at the redlight and could not get close enough - could only tell it was out of town plates. At this time #3 Sta noticed that there had been no change in carrier level and no change of modulation deviation and this is where I began to suspect that Unit #1 had a fixed location (either fixed mobile or base location - not in motion). #3 unit asked for next location. #1 unit said going north on Jackson thru Raleigh doing 110 MPH. That is where I knew then that the #1 unit in contact had to be in a fixed location. #3 called for location to #1 - #1 replied, we are heading north on Austin Pasy Hwy and I (#1) am still 110 MPH - about this time #1 hollered I am being shot at - repeated twice - by shotgun and I will have to stay back. #3 Sta called and asked for opr sta license & Identification of opr of #1 unit. #1 unit replied - oh no because of general situation I don't have to give my name and call - and said he was now passing Old Millington airbase still in pur pursuit at 110. #3 sta requested same information - sta license number and name of opr. with no reply. Repeated same one other time. The last contact with unit #1 - unit #3 took the same field strength readings and modulation deviation readings and they were the same as the first transmission - 8.6 and approx. 92.6, indicating the same sta #1 was either fixed mobile or base in the vicinity of High Point Terrace. During this time it sounded as if 4 other stations asked if they could assist. After my third request for ID and no response I made the remark - "Boys you won't hear anymore from that(#1)station because he has not changed his location since he started and his carrier level has remained the same and his modulation has not changed. I also made remarks to the effect that it was a hoax or plot and person should be prosecuted. I did not know at this time that Dr. King was murdered.

"I believe it was 10 min. one way or the other of 6:30 p.m. when I first heard the call for assistance. I believe I have heard this voice in person before but not over the radio and do not know this person's name. I believe this person to be a MM between 14 and 19 yrs. of age.

"#1 unit said he was in a blue 55 Pontiac - I believe this was said when he was at Sumner and Highland. The

"There were no transmissions stating that this blue Pontiac was being chased by the Mustang. There was no mention of any accidents and no one being hit by shotgun pellets.

"While this was going on, #2 unit (not identified) was supposed to have been giving general information to a patrol car on Sumner Ave. - neither car being identified. I believe I asked for the patrol cars number but due to confusion of other stations breaking in, I did not receive the message.

"After I made the statement about the well rounded plot or hoax, the band just dropped dead.

"Other stations could have made transmissions that were not heard by me due to location. As far as I know, I am the only station that identified themself. I did hear some Calif stations break in wanting to know if King was killed but we did not answer because we did not know ourselves at this time that this was true.

"I believe the whole episode only took 10-15 minutes at the most."

The above statement was signed by Mr. Carroll Satchfield, and copy is attached to this report.

On April 11, 1968, at 6:00 p.m., Mr. Satchfield was contacted for an interview. He stated that the following day, Apr. 12, 1968, would be better for an interview, and we set up an appointment for 12:00 noon.

After talking with Mr. Satchfield, to arrange an appointment with him, I was given a Departmental Communication No. 137 by Lt. J. L. Harrison and it states that Lt. B. J. Johnson received a telephone call from Mr. Robert McCarty, MW, of [redacted] ph. [redacted] bus. ph., [redacted] at 12 8:20 a.m., April 11, 1968. Lt. Johnson reported that Mr. McCarty had stated that he would like to verify the fact that the broadcast had occurred as reported in the paper, and that after the news of the Martin Luther King death, he went to his CB radio and shortly after he turned it on, he heard someone say, that he was with a police car and would relay information to him. He also recalled hearing someone say that he was in a car chasing a Mustang north on Jackson, and someone else broke in and stated that Jackson runs east and west. Shortly after that, the auto that was following the Mustang, reported that he was being shot at. Later, he reported that three men got out of the car on the Naval Base at Millington.

After receiving this memo, I contacted Mr. McCarty at home and made an appointment with him for 4:00 p.m. this date.

At 4:00 p.m., April 12, 1968, I went to the home of Mr. Robert H. McCarty, [redacted] ph. [redacted] and he stated that he was an architect by trade and that he has a hobby of listening to a Hallicraft radio receiver that picks up shortwaves, and just about any other type of broadcast, including Citizen's Band radio. He stated that he had been listening to the news on the television on April 4, 1968 and decided to see what was on his Hallicraft radio and began tuning up and down the band, when he came to a spot and heard something about police cars and a CB mobile chasing a car, and it sounded interesting, so he stopped. His radio is tunable, and as the CBers were talking, he managed to tune his radio in on their conversation to a point that everyone that was talking was coming in loud and clear, with the exception of the mobile unit that was chasing the white Mustang. He stated that when this unit would come on the air, his transmissions were hard to read, as he would seem to fade out and never did have much volume. He stated to me the same as he had stated to Lt. Johnson with reference to what he had overheard, and said that if there was anything that he could do to assist further in this investigation, he would be glad to do so. He was asked if he thought he could identify the voice of the CBer that was following the white Mustang, and he said he did not know, but he would attempt to if requested. (Note: Mr. McCarty had been talked to previously by me, and he had indicated that he heard all of the other CB stations plainly, with the exception of the unit chasing the Mustang) As his radio was tunable, and it did not have an indication or marking to show what channel of the Citizen's Band radio that he was monitoring, I called Mr. Satchfield and he got on his CB radio and talked until Mr. McCarty had zeroed his radio in on channel 17. He was asked to leave it at that position, as we would be checking people in that location in an effort to learn the identity of the unknown CBer.

After talking with Mr. McCarty, I interviewed Mr. Carroll Satchfield, MW 49, of 196 S. Cooper, owner of Carroll's TV Service, 196 S. Cooper. In talking with him it was learned that he had been and still is a ham operator and a CBer. He stated that he has been fooling with radios for twenty-six years, and that he was one of the first in Memphis to get a CB radio, and has been working on them ever since. It is known by me, personally, that Mr. Satchfield has the reputation of being one of the best CB radio mechanics in Memphis.

Mr. Satchfield further stated that on April 4, 1968 sometime around 6:30 p.m., he cannot be sure of the exact time, he switched his CB radio from one channel to channel 17, and as soon as he turned onto channel 17 he heard a CB unit asking for any station that was listening at the time to call the police department and inform them that he was in pursuit of the white Mustang that was responsible for the shooting of King. He also stated that he was east on Sumner at Parkway. He had heard a minute or two earlier something about a shot being fired at King, but did not know that he had been hit.

To quote Mr. Satchfield exactly as he said it during the interview, he stated, "When I first intercepted this call, I heard this mobile unit-(it was at Sumner and E. Parkway) (Note: While talking with Mr. Satchfield, he is referring to a city map of Memphis, and to clarify the different units, he has marked himself as being #3, the unit on Tanglewood as #2, and #1 as being at Jackson & Hollywood, and the unit chasing the white Mustang as No. 4.) He further stated, " We intercepted the call here at E. Parkway and Sumner. #4 was asking for any station at that time to call the police department and tell them he was in pursuit of the white Mustang that was responsible for the shooting of King. At that time we (his wife and son, and an employee, Andy Anderson) had heard a minute or two earlier something being fired at King. It happened so quick, the time seemed to be around 6:30 p.m., we really didn't look at the time. Then I called out from my station #3 to unit #4 which was in pursuit to let him know that someone had copied him. I came back real quick because

I wanted to keep in contact with the mobile unit number 4. I called any station on the air, that could call the police department, and tell them that they (number 4 and the white mustang) was heading east on Sumner Avenue. Now this station right here answered, evidently turned out to be this fellow right here, number 2 station. He came back to me and he stated that he was on the telephone calling the police. I asked this fellow in number 4 his location again, and at the same particular time, I called out if there were any mobile units on Sumner, or any other place near by that could pull over a police car, at almost the very instant, after I completed my broadcast, unit number one came back and said he had a police car in sight, but he did not tell me the location. I thought he was near Alamo Plaza, but apparently he wasn't , I later found out that he was at Hollywood and Jackson."

To further quote Mr. Satchfield, he stated " at that particular time, I looked at the meter on my radio and it was reading 8.6, which indicated to me that it was a heck of a strong station. It was strong, clear, like you had a D104 mike with a pre-amp. (note; a D104 mike is a brand name for a desk mike used to broadcast with, and is considered the best, A pre-amp is a supplement added to the radio, to increase the power output or modulation) The number 4 unit would not say anything, unless he was asked a specific question, and then he would give an answer. When this number 4 unit got to Sumner and Highland, I told Andy Anderson that something's wrong here, because the signal strength on the number 4 unit was constant clear, no noise what so ever. If this had been a mobile unit, and was going east on Sumner Avenue, his signal strength would become less, and there would be noise from the mobile unit. I continued to call this number 4 unit to get his different locations and from the locations that he was giving me, and the time element that it took him to go from one point to another point, just could not be, he was moving too fast."

I asked Mr. Satchfield to describe what the voice of number four sounded like, and he stated "it sounded like some real smart, exceptionally high-Q child, that had been hearing the Broderick Crawford TV program and several other parrol type programs and was just brillant enough at that age, to concock something of this nature, not with a formular, but just routine matter, his voice was young, it was a shallow voice, high-pitched, youthful sounding voice, it didn't have any power behind it, like a older man would have, the frequency of his voice, was quite on the ghih side, like a child from the age of 15 to 18 years old, with his voice just on the verge of changing. The studio, or room, in which he was operating from was just as dead silent, as if he was completely sealed off from everything else. There wasnt any music, no sound of other people in the room, no sound of a police moniter, just as clear as if he were broadcasting in the room by himself. There was no detection of noise from his signal what-so-ever."

He was asked that if a man had a halicraft receiver with no transmitter, and the party listening to the halicarft radio, could hear the mobile unit at Hollywood and Jackson, could hear his station which is at Union and Cooper and the third station at Tanglewood and Southern, but was unable to have a clear copy on the mobile that was chasing the mustang at all times, could he explain that? He stated that it was possible that the station that claimed to be the mobile chasing the white mustang, was so close to the halicraft receiver, that it was overloading the halicraft radio, causing too much poder in-put, which would distort the halicraft receiver.

After talking with Mr. Satchfield, I contacted Mr. Green at Armour Radio Station, and after discussing this matter with him and bringing him up to date in what I had found out in reference to the halicraft receiver and the possibility that the CB Unit could be so close to it, that it overloaded the halicrafter receiver, he stated that this could and does happen and also stated that the CB unit would bleed over onto televisions, in some cases, completely cutting the audio and also onto regular AM, Stero, High-Fi and Amplifiers used by guitarists and so forth.

After receiving the above information, I took a city map of Memphis and outlined the area around the halicrafter receiver, bounded on the west by North Highland on the north by Sumner Avenue, on the east by Graham, and on the south by Walnut Grove Rd. I then took a ruler and using the scale of miles on the city map, I measured from the halicraft receiver to Hollywood and Jackson, where the mobile, CB, unit with car 160, and found that it was 2 and ½ miles. From the halicrafter receiver to union and Cooper, three miles, and from the halicraft receiver to Souther and Tanglewood, 3 and ½ miles. At each one of the above locations was a CB Unit broadcasting to the mobile unit behind the mustang, and the halicrafter receiver was picking them up loud and clear.

I made a systematic check of the area that has been previously outlined, checking each street and each time I found a CB antennae I checked with the neighbors and asked each one if they had problems with the CBer interferring with their television, radios and so forth. There was a total of nine units in this area and as I have been previously told, by Mr. Satchfield, that no one had a right to check these radios except the Federal Communications Commission, I noted their locations, the type of antennaes and did not bother to interview them.

While checking this area, a young male white, whom I later learned to be Mike Paul G. Welting 14, [redacted] approached me and asked if I wasn't a detective, and I told him yes. During our conversation, I told him that I was checking on the CB units in the neighborhood, and he then told me that he had a CB radio and pointed out his house. I had already noted this address, and had checked with the neighbors to see if they had had any interference from it, and found that no one had experienced any difficulty as a result of a broadcast made by this unit. In the course of our conversation, he invited me into the house, where I found that he had six channels, but did not have channel 17, which was the channel in which the broadcast was made in reference to the CBer chasing a white mustang. While talking with Mike his father came in from work, and in the course of conversation they both stated that there was one particular radio station (CBer) in the neighborhood that drowns out all the other units, because his station is so powerful. He stated that this unit was located on Highland Park Place near High Point Terrace.

I had previously noted the address and antennae on Highland Park Place, and had checked with the neighbors and found that this station had come over their telephone and television on occassion, but none of them recalled anything unusual on April 4, 1968. I proceeded to this location, [redacted] and on checking found no one at home. The next door neighbor said that these people were out of town and would return home on Sunday Afternoon.

On Sunday, April 14, 1968 I contacted the residence at [redacted], and talked with [redacted] by phone, [redacted] and asked if she had a young son, who used the CB radio at her home. She stated that she did, but that he would not be home until late in the evening. I asked if it would be possible to make an appointment with her and her son on Monday, April 15, 1968 in the AM, and this she agreed to do.

On Monday, April 15, 1968 at 9:30 AM, I went to [redacted] where I found [redacted] at home. After explaining to her that we were checking all of the CB radios in Memphis, and that this was the last one in this neighborhood to check, I needed to talk with her son. She said that her son, [redacted], had to go to school and would be home after 3:00 PM.

She then invited me into [redacted] room to check his radio stating that she knew nothing of the radio, and that maybe if I looked I could get the information that I needed without waiting for [redacted] to come home. I found that the parents of [redacted] had converted the attic into a room for [redacted] and it contained the usual bedroom furniture along with a ham radio set, and a CB radio set. She said that [redacted] had been fooling with radios since he was 14 years old and that he was now 17 years old and went on to complain about the expense of the hobby. She told me to go ahead and turn the radio on and check it all I wanted to, and this I did. I found that this radio contained 23 channels and had a D104 mike. It is also to be noted at this time, that this room is in an attic completely away from the other part of the house. After letting the CB radio warm up, I contacted Mr. Satchfield by phone, to check out this radio to see if it had the same reading on his meter as he previously stated and in checking his radio out, we found that he had a reading of 8.0.

After checking this radio, I made an appointment with Mr. Satchfield and Mr. McCarty the owner of the helicraft receiver, for 4:00 PM, April 15, 1968 and we would attempt to get [redacted] to get on Channell 17 and talk so that we might recognize his voice.

On April 15, 1968 at 3:15 PM, I received a telephone from [redacted] and during this conversation with him, he did not specifically indicate that he would not cooperate by broadcasting on Chanel 17, but he did state that if anyone knew anything about CB's radios they should know that it would be impossible to catch anyone making an illegal broadcast if they wanted to avoid being caught. He stated that the voice could be changed, the power output could be changed, that several things could be done to the CB radio to change up the power output. He agreed to broadcast, but thought it was ridiculus. Due to the fact that [redacted] had made the above statement and since he had been a CBer for three years, [redacted] radio operator and the fact that his mother had previously stated that he works on his own radio, It was decided not to conduct this test, however, Mr. Satchfield agreed to listen to his radio and if he ever hear the voice that he hear d the night of the chase he would immediately turn his tape recorder on, which he keeps near his unit, and notify this office.

On April 12, 1968 Insp. H. E. Zachary contacted the Federal Communications Commission in Atlanta, Georgia and talked with a Mr. Klein and requested that the FCC make an investigation into this matter in Memphis. Mr. Kline told Mr. Zachary that he would have to talk to his boss, and would return his call. As of this date, Mr. Kline has not returned the call to Inspecotr Zachary.

A city map of Memphis outlining the alledged route that the CB Mobile Unit was following the white Mustang, also outlining the different stations that were talking to the Mobile Unit, the halicraft receiver and the suspect's location is hereby attached in this report to aid and assist in better understanding the chase and why Eddie Montedonico is suppected.

The investigation pertaining to the CB radio is still open, however no further checks have been made of radio units, because after talking to experts in the field of electronics and radio, they all agree that the only way possible to pin down the person responsible for making this broadcast would be for someone to recognize the voice or come forward and admit it. As of this date, May 3, 1968, no one has come forward stating that they recognize the voice.

Reference is made to prior communications in the captioned matter, the most recent one being dated June 19, 1968.

[redacted], son of the owner of [redacted], Orlando, Florida, furnished the following information on August 12, 1968:

[redacted] recently had his Florida driver's license revoked because he had been involved in an accident some months ago in North Carolina. [redacted] had to terminate his employment with the company as a color TV technician because he was unable to drive a car and his services were not needed on a full time basis in the shop. Because he was unable to do his job in Florida, he went to California to seek employment. At that time, he was not drinking and he was perfectly normal. He had just returned from a trip to North Carolina, where he had gotten his 1965 Buick automobile back from an automobile repair garage.

On Saturday, August 10, 1968, Mr. [redacted] had received a long distance telephone call from a manager of a motel in Long Beach, California. He could not recall the manager's name or the identity of the establishment which he represented. The manager inquired as to whether he should cash a check for [redacted] in the amount of about $200.00 and he refused to recommend cashing the check. He could not recall the name of the bank on which the check was drawn and he said he did not speak with [redacted] at the time, but he believed he was standing nearby during the telephone call.

ENCLOSURE

[redacted]

Mr. [redacted] said that he had no further information concerning Farrell at this time.

On August 12, 1968 [redacted] wife of [redacted] furnished the following information:

[redacted] had his driver's license revoked for five years by the State of Florida because he had hit a bridge with his 1965 Buick in or near Fayetteville, North Carolina, or Clinton, North Carolina, during his last escapade. He had been charged with driving while intoxicated. [redacted] said that he had paid for the damages to the bridge, but his license was still revoked last week. [redacted] said that her husband tried to obtain bench work as a TV technician in the Orlando, Florida, area, but he was unsuccessful, since he had no driver's license and he could not travel throughout the city to do his work. She advised that he left Orlando on Monday, August 5, 1968, for California, in order to seek employment.

On Thursday, August 9, 1968, he called in the middle of the night, saying that he was in Los Angeles, California, working for an aircraft plant and making good money. He did not mention the name of his employer or the location of the aircraft plant. He told his wife that he wanted her and the family to fly out in the near future when he would send money.

On Saturday, August 11, 1968, [redacted] called about 8:00 P.M., saying he was in Los Angeles, California. He remarked to the effect that he had been out of the country and he had just gotten back, therefore, he had not gotten a permanent address. He did not state where he could be reached or the name of his employer. He did not say where he had gone while he was out of the country. [redacted] said she is bitter because her husband had run up about a $1,000.00 debt on his American Express Credit Card during his last escapade and he still has this card. She said that she wanted him to show good faith by supporting her and their child before she would decide whether or not to go to California. [redacted] said that she was not certain whether or not [redacted] had been drinking, but she was unable to detect that he was under the influence of alcohol from the sound of his voice on the two occasions on which he made calls. She said that if he does

[redacted]

not help support their child, she will change her telephone number to an unlisted telephone number in the near future to avoid getting telephone calls from her husband in the middle of the night. She explained that she has to go to work very early each day. She said that she did not believe [redacted] story about being out of the country and that he had possibly utilized the story to cover up for a period during which he had been drunk. She said that she could not believe but very little of any statements that [redacted] made to her and she, therefore, does not question him when he calls her. She said that she has no information as to her husband's exact whereabouts, the identity of his employer, or any of the details or location of the foreign trip that he allegedly made. She said that she did not believe him because he did not previously have a passport and he had not had time to obtain a passport before allegedly going out of the country. She said that she is waiting to see if he shows good faith by sending money for her and their child's support or whether he will go on another escapade and go deeper into financial trouble.

On August 12, 1968, Mrs. Mary Smith, Orange County Drivers License Office, Orlando, Florida, furnished the following information:

[redacted] was issued chauffeur's license number H94422 on April 8, 1968. It was ordered revoked for five years by the Department of Public Safety, State of Florida, Tallahassee, Florida, for driving while intoxicated on the third offense within a ten-year period. It became effective May 27, 1968, but the order was not received and executed in Orlando, Florida, until August 6, 1968. The revocation resulted from [redacted] being convicted of driving while under the influence of intoxicants in the State of North Carolina. One of his other suspensions of his driver's license was from August 18, 1967, until February 29, 1968, because he forfeited bond in the State of South Carolina, on a charge of driving while under the influence of intoxicants.

The following investigation was conducted by SA [redacted]

AT BISBEE, ARIZONA

On August 16, 1968, [redacted] Bisbee, advised that during the early part of April, 1968, he was in the Cochise County Welfare Office in Bisbee and noticed a poster of JAMES EARL RAY. A few days later, possibly April 6 or 7, 1968, [redacted] was standing in front of the Hotel Golden on Main Street, Bisbee, when a man approached and asked him where he could find a place to stay for a short period of time. [redacted] suggested the Hotel Golden would provide him a room for less than $10.00 per week. The stranger left and walked into the hotel and a short while later returned to ask [redacted] where he could buy some groceries. [redacted] said that after the stranger approached him the second time, he never saw him again.

A couple of days following the above described incidents, it occurred to [redacted] that the stranger possessed a certain likeness to the poster of JAMES EARL RAY in the Cochise County Welfare Department. He reported the description of the stranger, along with his impression that he thought this stranger to be JAMES EARL RAY, to Chief of Police ARTHUR KENT, Bisbee Police Department.

[redacted] furnished the following description of the individual:

Race	White
Sex	Male
Nationality	American
Height	6'
Weight	175 pounds
Hair	Dark in color, medium length, combed back
Eyes	Color unknown; wore glasses
Build	Slender

The vehicle which this individual was driving was light blue or off-white in color, recent model, of

unknown manufacture, bearing red license plates with white figures.

[redacted] said he could very easily have made an error in establishing the identity of the stranger as JAMES EARL RAY inasmuch as there was a period of days between the time he had first seen the poster of RAY and when he had been approached by the unknown individual. [redacted] stated that he thought that he would direct a letter to the District Attorney General PHIL CANATE, Washington, D. C., in order to clarify the matter in his own mind.

On August 16, 1968, Chief of Police ARTHUR KENT, Bisbee Police Department, advised that he had been notified by [redacted] that the latter had observed someone thought to have fit the description of JAMES EARL RAY. KENT advised that [redacted] is a [redacted] at the [redacted], is married, and has one daughter, [redacted]. He said [redacted] has contacted his office in the past and has been of assistance in providing the Police Department with various information concerning criminal activities in the Bisbee area.

KENT said that [redacted] first contacted his department concerning this matter shortly following the assassination of Dr. MARTIN LUTHER KING. When [redacted] told him the stranger was occupying a room at the Hotel Goldon, KENT stated he had a surveillance placed on the suspect immediately. He advised he had given instructions to his men on the surveillance to pick him up on the slightest infraction of the law in order that the suspect could be photographed and fingerprinted. The surveillance failed to accomplish this purpose, although complaints were received from the waitresses at the Bisbee Lunch that the suspect had an evil way of looking at the girls employed there.

Hotel records at the Hotel Golden revealed the suspect's name to be [redacted] and he had provided his previous address as Tucson, Arizona.

KENT advised that [redacted] stayed at the hotel for a period of about ten days and later rented a

run-down home at [redacted] in Bisbee. [redacted] stayed at that home until the end of April. KENT said that during April, [redacted] stayed in the Bisbee area and never developed any male or female associates. No one saw him leave the Bisbee area and he left with his rent paid.

KENT stated that after he and his police force first saw [redacted] he discounted the possibility of his being JAMES EARL RAY, inasmuch as he did not fit the description given for RAY on the wanted posters. He said the only reason the Police Department continued the surveillance on [redacted] was because he looked like a potential trouble-maker and that it appeared he may have had perverse sexual motives. He stated that he has not seen [redacted] in the Bisbee area since that time.

This is the case involving the murder of Martin Luther King, Jr.

SYNOPSIS:

A radio transmission was made at 6:33 p.m., April 4, 1968, (date of assassination of King) by an unidentified individual on a citizens band radio stating he was in a vehicle pursuing the assailants in a Mustang responsible for the murder of King. Messages from the individual relayed through police radio and no police officers ever observed the chase of the vehicle. Extensive investigation conducted by Memphis Police Department and FBI in Memphis. Federal Communications Commission, Washington, D. C., states it is impossible to identify sender of transmission unless the sender identifies himself by name or call letters. Recommend no further investigation.

RECOMMENDATION:

In view of the extensive investigation conducted by the Memphis Police Department and our own independent investigation which fails to identify the person responsible for making the broadcast, and in view of the fact that a ranking official of the Memphis Police Department is of the firm opinion that this matter has no basis in fact and has no bearing on the assassination, it is recommended that no further investigation be conducted.

EX-100 REC 35

AUG 23 1968

BACKGROUND:

Martin Luther King, Jr., was assassinated in Memphis, Tennessee, at approximately 6:01 p.m. (Memphis time), April 4, 1968. As a result of this, police officers from the Memphis Police Department and officers of the

Shelby County Sheriff's Office were positioned at numerous points within the city and county. At approximately 6:33 p.m., April 4, 1968, an individual approached one Lieutenant Bradshaw and stated that he had been listening to traffic on Channel 17 of his citizens band radio and the traffic was to the effect that an individual was presently involved in the chase of a white Mustang automobile; the automobile containing individuals responsible for the assassination of King. Lieutenant Bradshaw, at this point, provided this information by radio to the dispatcher at the Memphis Police Department and he in turn relayed this information to various units of the Memphis Police Department and the Shelby County Sheriff's Office in order to pinpoint the location of the alleged chase and for officers to intercept this chase to effect any possible apprehension. It is noted at this point that the information which came over the citizens band radio is not recorded on police tape, the only traffic being contained on the police radio tape is that of Lieutenant Bradshaw relating information and the orders given out by the dispatcher.

In brief, the individual making the transmission over the citizens band radio stated he was in a blue Pontiac chasing the individuals in the Mustang at the rate of from 75 miles per hour to 100 miles per hour and the individuals from the Mustang were shooting at thim. He could not get close enough to obtain the license plate data on the Mustang. He kept giving out information as to his location and direction of travel. The chase, according to the person making the braodcast on the citizens band, came to a climax as the individuals in the Mustang got away.

It is noted that numerous discrepancies exist in this entire situation being that the individual making the transmission never identified himself, his locations as given out by him were manned by officers and the officers never observed any such chase taking place or vehicles as described by this individual. The time of 6:33 was over thirty minutes from the assassination which would not lend credence to the chase, and the directional equipment observed by another individual indicates that the information was coming from a base station rather than from a mobile unit.

Memo Rosen to DeLoach
RE: MURKIN

Inspector N. A. Zachary (National Academy) has personally listened to the Memphis Police Department tapes, as well as conducted interviews with individuals involved, including officers and possible witness, and Inspector Zachary advised that it is his confirmed opinion that the entire matter has no basis in fact and has no bearing on the assassination.

We have interviewed several individuals who could possibly have made this citizens broadcast. [redacted], age 18, of Memphis, Tennessee, considered to be most likely suspect by the Memphis Police Department and us, advised that there are thousands of licensed citizens band operators in Memphis as well as thousands of operators who are not licensed. He also told us there is no way for anyone, including the Federal Communications Commission, to identify the sender of a transmission such as that one unless the individual who made the transmission said that he was the individual who made the broadcast. He, of course, denied making such a broadcast.

Mr. M. Bolkoff, Chief of Investigations, Federal Communications Commission Headquarters, Washington, D. C., advised it is impossible to identify the sender of a transmission unless the sender identifies himself by name or by call letters.

It is noted that the father of [redacted] advised us his son does operate a citizens band radio and his son was home during the time the broadcast was made. It is further noted that [redacted] resides in the general area from which the broadcast was believed to have emanated and he operates a citizens band base station.

The Memphis Police Department, who made an extremely extensive investigation concerning this, is of the confirmed opinion that every possible minute aspect of this has been thoroughly investigated and checked out; and they feel that no further investigation is warranted. We have thoroughly reviewed this report with the Memphis Division independently with that of Memphis Police Department and our Memphis Office recommends that no further investigation be conducted. Memphis will, of course, make a thorough and complete investigation if any further complaints or information are received regarding this broadcast or any such allegations.

...ct of exemptions. However, if you expect to owe ... tax for the year than will be withheld if you claim ...mption to which you are entitled, you may increase the ...ding by claiming a smaller number of exemptions or you may ...r into an agreement with your employer to have additional amounts withheld. This is especially important if you have more than one employer, or if both husband and wife are employed.

2. CHANGES IN EXEMPTIONS.—You may file a new certificate at any time if the number of your exemptions INCREASES.

You must file a new certificate within 10 days if the number of exemptions previously claimed by you DECREASES for any of the following reasons:

(a) Your wife (or husband) for whom you have been claiming exemption is divorced or legally separated, or claims her (or his) own exemption on a separate certificate.

(b) The support of a dependent for whom you claimed exemption is taken over by someone else, so that you no longer expect to furnish more than half the support for the year.

(c) You find that a dependent for whom you claimed exemption will receive $600 or more of income of his own during the year (except your child who is a student or who is under 19 years of age).

OTHER DECREASES in exemption, such as the death of a wife or a dependent, do not affect your withholding until the next year, but require the filing of a new certificate by December 1 of the year in which they occur.

3. DEPENDENTS.—To qualify as your dependent (line 4 on other side), a person (a) must receive more than one-half of his or her support from you for the year, and (b) must have less than $600 gross income during the year (except your child who is a student or who is under 19 years of age), and (c) must not be claimed as an exemption by such person's husband or wife, and (d) must be a citizen or resident of the United States or a resident of Canada, Mexico, the Republic of Panama or the Canal Zone (this does not apply to an alien child legally adopted by and living with a United States citizen abroad), and (e) must (1) have your home as his principal residence and be a member of your household for the entire year, or (2) be related to you as follows:

Your son or daughter (including legally adopted children), grandchild, stepson, stepdaughter, son-in-law, or daughter-in-law;
Your father, mother, grandparent, stepfather, stepmother, father-in-law, or mother-in-law;
Your brother, sister, stepbrother, stepsister, half brother, half sister, brother-in-law, or sister-in-law;
Your uncle, aunt, nephew, or niece (but only if related by blood).

For further information consult your local District Director of Internal Revenue or your employer.

4. PENALTIES.—Penalties are imposed for willfully supplying false information or willful failure to supply information which would reduce the withholding exemption.

Key Witness In Ray Case Walks Free After Ruling

By CHARLES EDMUNDSON

Charles Q. Stephens, 57-year-old key witness in the coming trial of the man charged with killing Dr. Martin Luther King Jr., walked free from the Shelby County Jail yesterday after a Circuit Court judge ruled his imprisonment as a "material witness" was illegal.

Judge William W. O'Hearn held that Mr. Stephens' imprisonment for the past 30 days was without legal justification and ordered his instant release.

"Can you imprison a man because he is the victim of circumstances?" Judge O'Hearn asked. "Mr. Stephens promises to cooperate as a state witness. He has not violated the statutes. He cannot be imprisoned on conjectures as to what he might do."

Mr. Stephens is supposed to have seen a man identifiable as James Earl Ray, charged with Dr. King's murder, run from the second floor of a South Main Street rooming house from which the fatal shot was fired April 4.

Asst. Atty. Gen. James C. Beasley told the court the prosecution has no other witness who "can testify to the same material facts."

Mr. Beasley said Mr. Stephens was placed in jail "to keep him from being disposed of—to speak plainly." However, Police Chief Henry Lux said a three-shift bodyguard detailed to guard the witness in the Shelby County Jail would be discontinued. "We haven't the men to supply a bodyguard for Stephens," Chief Lux said.

Mr. Stephens was freed on a writ of habeas corpus. During the hearing Judge O'Hearn observed, "It would be naive not to consider that something could happen to him (if he is released)."

[illegible] Memphis office of the FBI replied, "No comment," when asked if Mr. Stephens will be given a bodyguard, which he said he is willing to accept. He had a bodyguard outside the jail from July 5 to July 22.

On July 22 Criminal Court Judge W. Preston Battle, who will preside at Ray's trial, ordered Mr. Stephens held in default of a $10,000 material witness bond. Until 3:30 p.m. yesterday he had been held in an air conditioned private room on the fifth floor of the Shelby County Jail.

It was the first of several pretrial orders issued by Judge Battle to be tested in another court.

Jay Fred Friedman, one of Mr. Stephens' attorneys, quoted his client as saying, "I'm going underground — out of circulation. Last time I opened my mouth they put me in jail. This time I'm going to keep my mouth shut."

Mr. Friedman said Mr. Stephens, a former heavy machinery operator drawing a partial disability pension of $112 from the Veterans Administration, will remain in Shelby County as ordered by Judge O'Hearn and will be on hand to testify when the Ray trial opens Nov. 12.

Mr. Stephens testified he agreed to "take a room" at the jail upon being assured he could leave occasionally under

police protection and could have visitors. He said he had been allowed no visitors except his two attorneys.

Harvey L. Gipson, co-counsel for Mr. Stephens, objected that his client had been allowed fewer visitors than accused criminals and convicts.

Mr. Stephens who has a drinking problem, appeared in excellent health. He appeared 10 to 20 pounds heavier than when he went on jail fare.

He wore a blue, grey and white-checked sport shirt, gray slacks and soft - finished loafers.

—Order Frees Key Witness—

A confinement of 40 days that began voluntarily and ended with Charles Quitman Stephens (right) a prisoner was over yesterday when the man who has been identified as a key witness in the death of Dr. Martin Luther King Jr. left the Shelby County Criminal Courts Building with Harvey L. Gipson, one of his attorneys. A writ of habeas corpus ordering the release was granted by Circuit Court Judge William O'Hearn.

'Lead' Claimed In King Slaying

Arthur J. Hanes, defense lawyer in the King murder trial, told The Press-Scimitar he received a letter this morning that is "one of the best leads yet in the case."

Hanes quoted the writer as saying: "I would have contacted you sooner, but I'm in public work. I can't stick my neck out too far."

Hanes said in Birmingham, his home, that he received the letter there yesterday, and it was postmarked Memphis.

"I want to develop the truth of this thing," Hanes said, though he confirmed that he believes the lead in favor of his client, James Earl Ray, who is held in the Shelby County jail on a charge of killing Dr. Martin Luther King Jr.

The writer was anonymous, but asked Hanes phone number and exact address — phone (205) 324-8536 at Room 617 Frank Nelson Bldg., Birmingham.

The lawyer declined to reveal the lead, saying the evidence must wait for the trial.

"It directly bears on the case," he said.

This is the case involving the murder of Martin Luther King, Jr.

Special Agent in Charge Robert Jensen of our Memphis Division received a subpoena duces tecum on August 20, 1968, requesting his appearance in court at Shelby County, Memphis, Tennessee on August 21, 1968, and to bring with him documents pertaining to Charles Quitman Stephens. Stephens, a witness in this case, lived in a rooming house at which Ray stayed on April 4, 1968.

The matter in court relates to writ of habeas corpus in order that Stephens, who is being held by the state as a material witness, might be released from incarceration.

This matter has been discussed with the Department, and they advised they are sending to SAC Jensen a telegram to the effect that he is to appear in court as directed, he is not to take any documents with him, he is not to answer any questions concerning investigation conducted regarding the assassination of King, and if necessary advise the court he is under specific instructions of the Attorney General and cite Departmental Orders. The Department also advised a representative of the United States Attorney's Office in Memphis will be in court.

Mr. DON WOOD, Aeromarine Supply Company, Birmingham, telephonically contacted Special Agent [redacted] and furnished the following information:

WOOD stated that at approximately 5:15 or 5:30 p.m., on August 12, 1968, ARTHUR HANES, Attorney, appeared at the Aeromarine Supply Company and requested to speak with him. WOOD advised that he was busy and when he had completed his sale, he spoke with Mr. HANES, who made small talk for a few minutes and then said "DON, my man is so shook up, he can't remember exactly what time he was in this store on that Friday and Saturday afternoon. The primary function of this branch of the bank is to change foreign currency into English currency for travelers arriving in England.

The date stamp on the slip indicates the date of the transaction, which in this case is 5/17/68, the day RAY arrived in England from Lisbon. [redacted] was a parole violator in case in which Phoenix was origin. He had previously made telephonic contact with [redacted] of the Phoenix Office and made arrangements to surrender himself to agent [redacted] at St. Louis on August 5, 1968.

On the morning of August 5, 1968, [redacted] called the St. Louis Office from the Municipal Airport at St. Louis stating he had just arrived by plane from Tampa, Florida, and desired to surrender to the FBI. He was subsequently taken in custody by [redacted] and [redacted] and upon interview furnished the following information:

[redacted] has remarried and his wife, who is pregnant, is living and working in Tampa, Florida. [redacted] has been working as a salesman for a book company which he declined to name and stated he has been doing very well financially. Until around the first of December [redacted] was living and working in the Atlanta, Georgia, area. Around the first or second of December, 1967, as he was leaving the Federal Building in Atlanta after having made his regular contact with his probation officer, he was hailed on the steps of the Federal Building by an individual, unknown to him. This person asked if he was [redacted] and when he replied in the affirmative, this individual stated he had a message for him from [redacted] understood [redacted] to be [redacted] who had advised him while they were fellow inmates at Leavenworth Penitentiary, Leavenworth, Kansas, that $100,000 had been offered by the White Knights of the Ku Klux Klan of Mississippi to be paid to anyone who would kill MARTIN LUTHER KING.

The person accosting [redacted] on the steps of the Atlanta Federal Building then stated that apparently somebody had done some talking and [redacted] assumed he made reference to information that he had furnished to the FBI in Sherman, Texas, in April, 1967. Before any more conversation transpired, the individual who had transported [redacted] to the Federal Building called to him from across the street and the unknown individual immediately walked away from him. It was [redacted] assumption that this person thought the individual calling him might be an FBI agent or police officer and did not desire that his identity be learned.

ENCLOSURE

[redacted] described the individual accosting him as white male, age 30-35, 5'10", 165-170 pounds, blond hair, cut medium short, and slightly wavy. He stated he was extremely well dressed in obviously expensive clothes.

[redacted] went on to state the more he thought about this incident, the more alarmed he became and left the vicinity of Atlanta shortly thereafter and obtained other employment. The only other incident which served to arouse his suspicion were telephone calls made for him to his place of employment in which the individual calling declined to reveal his identity. [redacted] stated he considered relating above facts to his parole officer at Atlanta but resolved against it since he did not trust his parole officer too much and was afraid his parole might be revoked automatically. He also considered contacting the FBI Office in Atlanta but decided against this also. According to [redacted] he felt uncomfortable and worried in the Atlanta area in view of the information he had furnished in connection with the bounty on MARTIN LUTHER KING and the fact that the Ku Klux Klan was reportedly strong in that area. He stated it was his understanding that the Deputy United States Marshal, name unknown to him, who went to work about the time he started reporting to his parole officer at Atlanta was supposed to be a member of the Ku Klux Klan.

With reference to information furnished him by [redacted] while at Leavenworth Penitentiary, [redacted] stated that in one conversation, [redacted] told him that if, after his arrival at Atlanta, he could find out MARTIN LUTHER KING's travel route and itinerary, he could earn $100,000 for himself.

Since May, 1968, daily intensive investigation has been conducted concerning the robbery of the Bank of Alton on 7/13/67 with a view to determining if JAMES EARL RAY was a participant and used his share of the loot to finance his subsequent travel and activity.

A summary of investigation conducted is as follows:

1. Clothing recovered after the robbery of the Bank of Alton as well as hair samples were compared at the FBI Laboratory with evidence recovered in the MURKIN case. The laboratory reported that the hair samples in the two matters were not identical.

2. Canvass of rooming houses, apartments, hotels, and motels including display of photographs of JAMES EARL RAY and associates was conducted without effecting an identification.

3. Photographs of RAY and his associates were displayed to witnesses at the Bank of Alton without effecting identification.

4. Neighborhood investigation in the vicinity of the Bank of Alton and on 4th Street in the

vicinity where clothing and the shotgun were recovered was intensified and photographs displayed. No identification was made as the result of this investigation.

5. Laundry and dry cleaning establishments in the Greater Alton area were canvassed. Laundry and dry cleaning symbols not positively identified and photos of RAY and his associates were unfamiliar to persons contacted.

6. Informants, particularly [redacted] and [redacted] have been given definite assignments in connection with this matter. Information developed by them has tended to indicate earlier suspects [redacted] were involved in the bank robbery and that RAY was definitely not involved. [redacted] stated he personally knows RAY and believes he would have known if RAY had been in the Alton area subsequent to April, 1967.

7. Area police departments have contacted informants and have been unable to come up with any information to indicate either that RAY took part in the bank robbery or was in the Alton area subsequent to April, 1967.

8. Parole officers [redacted] and [redacted] contacted parolees and probationers assigned to them and were unable to develop any information suggesting that RAY had been in the Alton area subsequent to April, 1967.

9. [redacted] Alton Evening Telegraph, was confidentially contacted on several occasions during the course of this investigation and he advised that sources of the newspaper and public call-ins have been monitored since the MURKIN case broke, however, because of the great deal of publicity attached to JAMES EARL RAY and the Alton area, additional emphasis was placed o[redacted]

developing information concerning RAY. [redacted] stated that sources of the paper and public call-ins developed no information to indicate that RAY had returned to Alton after his escape from the Missouri State Penitentiary.

10. Review of public records in Alton and at the county seat of Madison County in Edwardsville, Illinois, were made against the name JAMES EARL RAY and all known aliases without developing any positive information.

UACB since investigation has failed to date to link JAMES EARL RAY with the robbery of the Bank of Alton, Springfield will discontinue submission of the daily teletype. In its stead, weekly summary airtels will be submitted and continued emphasis will be placed on this matter.

Guard Ordered For Witness

Memphis Police Providing Full-Time Protection For Charles Q. Stephens

By CHARLES EDMUNDSON

At the request of Atty. Gen. Phil M. Canale, Police Chief Henry Lux yesterday ordered a round-the-clock bodyguard for Charles Q. Stephens, expected to be a key witness in the trial of James Earl Ray, charged with fatally shooting Dr. Martin Luther King Jr.

"In spite of a critical shortage of personnel we are providing security to the best of our ability for Mr. Stephens," Chief Lux said.

"We point out, however, that we have no legal authority to influence the movements of Mr. Stephens to enhance his security. This was adjudged in Circuit Court yesterday (in a habeas corpus order issued by Judge William W. O'Hearn). Stephens was held in Shelby County Jail from July 22 until last Wednesday when Judge O'Hearn ordered him released.

"We further emphasize that maximum security for an individual who moves about at will is at best less than dependable."

Chief Lux said that at any time Mr. Stephens, who is known to have a drinking problem, decides to move outside the Memphis city limits, where the police have no jurisdiction, police security will cease.

"Our past experience taught us," Chief Lux said, "that security for Mr. Stephens was difficult and posed problems, as evidenced by our support of an attempt at court action to hold him in order to provide maximum security. This, in our opinion, was the only way we could provide maximum security.

"We also point out that the security we are providing necessitates diverting men from the investigation and suppression of crime, for which they are sorely needed in this area."

Mr. Stephens was a resident of the South Memphis rooming house from which the shot that killed Dr. King is said to have been fired April 4. Mr. Stephens told police he saw a man leaving a second floor communal bathroom seconds after the shot was fired.

RE: HOWARD PHILLIP ETHRIDGE
INFORMATION CONCERNING

On August 18, 1968, [redacted] inmate, Whitman County Jail, Colfax, Washington, stated that on August 13, 1968, he was hitchhiking from Walla Walla, Washington, to Coeur d'Alene, Idaho. [redacted] stated that he was picked up by two girls outside Walla Walla, Washington. He stated that near Colfax, Washington, he produced a gun and threatened the two girls. [redacted] stated that he told the girls that he had killed two policemen and wounded other men and that he had also participated in the assassination of Kennedy and the killing of Martin Luther King. [redacted] stated that he made this comment only as a means of scaring the two girls. He stated that he has never harmed anyone and is definitely not capable of killing anyone. He stated that he has no knowledge of the assassination of Kennedy and Martin Luther King other than what he has seen in newspapers. [redacted] stated that he thought that by making such a statement it would frighten the girls into cooperating with his demands and that he made the statement for no other purpose.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

With reference to the dissemination to the Department of investigative reports in this case, such reports fall into two categories: a) reports containing information of evidentiary value pertinent to the prosecution of the Federal violation involved; and b) reports containing the results of the extensive fugitive investigation conducted to locate and apprehend the subject, James Earl Ray.

All reports pertinent to the prosecution of the Federal violation involved, and in which the Department has a legitimate interest, have been disseminated promptly to the Department and there has been absolutely no delay in doing so.

The remaining reports contain the results of our extensive fugitive investigation to locate and apprehend Ray. Copies of these reports were not disseminated to the Department since they relate solely to the fugitive aspects of the case, and contain no evidentiary material or information of value to the Department in the discharge of its prosecutive function relative to the Federal charge involved.

There are twenty such reports involving approximately 2,000 pages. They contain background data and results of extensive interviews and/or other investigation conducted to locate Ray. Although they do not relate to the prosecution aspect of the case, they will none the less be furnished to the Department in accordance with Mr. Pollak's specific request.

EX-109 REC-21 - 3 Pt 1 - 5115

In this connection, by letter dated July 12, 1968, received at the Bureau July 15, 1968, Assistant Attorney General Fred M. Vinson, Jr. of the Criminal Division requested we review the records of the Missouri State Penitentiary pertaining to Ray, and summarize references to Ray's family background; education; physical, medical and psychiatric examinations and disciplinary proceedings. dentially came to our attention before Vinson's memorandum was written that British prison authorities had asked Vinson for information of this type in connection with their responsibility to maintain Ray's custody and the extradition proceedings.)

We had, of course, reviewed such records in the initial phase of the fugitive aspect of the investigation, and the results had been set forth in the fugitive reports dated May 15, 1968, and June 14, 1968, submitted by our Kansas City Office. Copies of these reports, which contained in full the information requested by Vinson in his letter, were furnished to him on July 19, 1968. Since the Attorney General had requested that information relating to the case be furnished to both Vinson and Assistant Attorney General Stephen J. Pollak of the Civil Rights Division, copies of the pertinent reports were also furnished to Pollak.

It should be noted Vinson did not furnish Pollak a copy of his (Vinson's) July 12, 1968, letter to the Bureau and consequently Pollak is apparently completely unaware the pertinent Kansas City reports were furnished to him and Vinson in answer to Vinson's specific request. This is another typical example in the Department of the left hand not knowing what the right hand is doing and explains why Pollak has gone off half cocked in erroneously accusing us of delay in disseminating the reports in question.

As a further example of this lack of coordination between Pollak and Vinson as relates to this case, it is noted that after Ray was turned over to state authorities in Tennessee we inquired of Vinson by letter whether the Federal process against Ray should be dismissed since the extradition order did not cite the Federal Civil Rights charges and it was our understanding that Ray could not, therefore, be prosecuted on Federal charges. A copy of our letter was furnished to Pollak.

Vinson in reply advised us that he felt the Federal process should be dismissed; however, Pollak, apparently unaware of Vinson's position, subsequently advised us that he felt the process should not be dismissed pending disposition of the state murder charges against Ray. It was necessary for us by memorandum to point out the discrepancy in the two views and request clarification in the matter.

This case involves the murder of Martin Luther King, Jr. [redacted] furnished us information on June 2, 1967, based upon rumor he heard, of a $100,000 bounty placed on King's head. Investigation failed to verify this. After the slaying of King, leads were set out to interview [redacted] to determine if he had learned of any more information concerning such an offer. It was determined [redacted] was declared a Federal Fugitive parole violator on April 2, 1968. He turned himself in to Agents in St. Louis on 8/5/68, and furnished no additional information regarding the $100,000 bounty. [redacted] advised a probation officer he violated parole because of information he possessed concerning King bounty. Special Investigative Division submitting letterhead memorandum to U. S. ACTION:

For your information. You will be advised of pertinent developments.

EX-100 REC 43 44-38861-5123

DETAILS:

This is the case involving the murder of Martin Luther King, Jr.

15 AUG 29 1968

We have been, in the past, investigating every complaint and allegation of a conspiracy nature regarding the murder of Martin Luther King, Jr. We have had several instances where persons incarcerated at various times advised that King had a bounty of $100,000 placed on his head. We, of course, are continuing to thoroughly check out every allegation of this nature.

On June 2, 1967, [redacted] advised our Dallas Office that while incarcerated at Leavenworth Penitentiary, he heard rumors that $100,000 had been offered by

RE: MURKIN

the White Knights of the Ku Klux Klan of Mississippi to anyone who would kill Martin Luther King, Jr. Subsequent investigation never uncovered any information which would, in any way, verify the $100,000 offer. However, after the slaying of King, leads were set out to interview [redacted] to determine if he had learned of any more information concerning such an offer.

It was determined that [redacted] was declared a Federal fugitive parole violator on April 2, 1968. On July 31, 1968, [redacted] telephonically contacted [redacted] of the Phoenix Office, and arrangements were made for [redacted] to surrender himself to [redacted] at St. Louis on August 5, 1968. At this time [redacted] planned to stop in St. Louis on that date en route to an In-Service class at the Bureau beginning August 12, 1968. St. Louis was instructed to interview [redacted] should he surrender as planned.

[redacted] turned himself in to Agents at St. Louis on August 5, 1968, and stated his decision to do this was prompted partly by fear for his safety after having furnished information to the FBI concerning the alleged offer mentioned and partly by his desire to "get things straightened out" since he is now married and his wife is pregnant. [redacted] said he had received no new information concerning the alleged offer for the killing of Martin Luther King, Jr., since interviewed by Dallas Agents on June 2, 1967.

This matter has been coordinated with the Special Investigative Division in view of his fugitive status. The Special Investigative Division directed a communication to St. Louis to the effect that an official of the United States Board of Parole advised that they received information from the Probation Officer in St. Louis to the effect that [redacted] is claiming he absconded and violated parole because he possesses information concerning the Martin Luther King, Jr., assassination and fears for his life.

The Special Investigative Division requested the St. Louis Division to furnish the results of the interview of [redacted] They then intend to submit an LHM/to the United States Board of Parole. letterhead memorandum

She stated she was en route New York City, New York, from Memphis, Tennessee, where she had been visiting relatives. She related while in Memphis she had received thirdhand information to the effect that James Earl Ray was not the individual who killed Dr. Martin Luther King, Jr. [redacted] advised that the person who did kill Dr. King, according to information she received, was the brother of an individual who owned a sporting goods store near the place of the murder.

She stated Ray was in the rooming house across from Dr. King's motel to shoot Dr. King in the event the other individual did not. In addition, [redacted] advised that the landlady of the rooming house where Ray was allegedly seen is a [redacted] who reportedly grew up with Ray in Missouri.

[redacted] further advised that rumors were being circulated in Memphis to the effect that [redacted] had received $2,000 from persons unknown to testify in court that she did not recognize Ray.

Submitted herewith for information and assistance of the Bureau is a press clipping which appeared in the "Memphis Commercial Appeal" on the morning of 8-18-68. This article indicates that WILLIAM BRADFORD HUIE has obtained book and movie rights for an account from handwritten notes of JAMES EARL RAY regarding the Dr. KING murder.

On 8-18-68, Sheriff WILLIAM N. MORRIS JR [redacted] advised SAC, Memphis, of certain information that had come to his attention in connection with JAMES EARL RAY. Sheriff [redacted] showed SAC a MORRIS copy of a questionnaire prepared by WILLIAM BRADFORD HUIE, intended for subject RAY. The initial paragraph of this questionnaire indicated that JAMES EARL RAY had furnished information to [redacted] regarding an employment at the Indian Trail Restaurant for an approximate period of two months. This restaurant located in Winnetka, Illinois. The tenor of the material indicated that RAY had had this employment in Winnetka, Illinois, shortly after his escape from the Missouri Prison on 4/23/68. In addition, the introductory paragraph also indicated that RAY had left prison, gone to Chicago, Illinois, and thereafter to Toronto, Canada.

This questionnaire was a new item, and Sheriff MORRIS [redacted] advised that Attorney General PHIL M. CANALE was cognizant of this information. Sheriff [redacted] advised that WILLIAM BRADFORD HUIE had told him that he had paid HANES to represent RAY so that he could get the story from RAY first hand. Sheriff MORRIS [redacted]

was of the opinion that the information which appeared in the initial paragraph of the questionnaire was information which Attorney HANES had delivered to HUIE. This may well place this type material in the nature of privileged information.

In addition, Sheriff [redacted] advised that JAMES EARL RAY is a little more at ease with the guards at the present time than he was during his earlier incarceration. In fact, Sheriff [redacted] stated that JAMES EARL RAY had informed the guards that he was most embarrassed when he had been arrested for jay-walking in Toronto. RAY told the guards that he and two buddies had been arrested at the same time for jay-walking. No date or time given by RAY for this arrest in Toronto.

The reported employment in Winnetka, Illinois, shortly after RAY's escape from Missouri State Pen, appears to be new information. It is not felt that verification of this employment would add anything to the investigation of the murder of Dr. KING, per se. It is felt that inquiry by the Bureau at this time for the verification of this employment might only add material to WILLIAM BRADFORD HUIE's ultimate story. Memphis at this time recommends that no investigation by the Bureau be conducted to verify this employment.
